OKALOOSA-WALTON JUNIOR COLLEGE

"An Equal Access/Equal Opportunity Institution"
FEE SCHEDULE (PER SEMESTER)

COLLEGE-CREDIT PROGRAMS

(Revised - Effective July 1, 1983)

Application Fees ........................................... $ 5.00
   Required for all applicants seeking admission to college-credit
   courses for the first time. This is a one-time charge and is not
   refundable.
Registration for Florida-Resident Students per semester credit hour ............. 18.00
Tuition for Non-Florida-Resident Students per semester credit hour .............. 38.00
Laboratory and Special Tuition Fees ........................................... *
Returned Check Charge ........................................... 5.00
Credit by Examination Testing Fee (per semester hour) ................................ 8.50
Special Service Charges (lock and locker rentals, etc.) .......................... At Cost

COST SUMMARY -- COLLEGE CREDIT PROGRAMS

The range of basic charges for a typical full-time, college-credit student, per semester,
registered for 16 semester hours:

<table>
<thead>
<tr>
<th></th>
<th>Florida Resident</th>
<th>Non-Florida Resident</th>
</tr>
</thead>
<tbody>
<tr>
<td>Fees</td>
<td>$303.00</td>
<td>$623.00</td>
</tr>
<tr>
<td>Books and Supplies</td>
<td>125.00</td>
<td>125.00</td>
</tr>
</tbody>
</table>

Food, housing, and travel costs depend upon the student's habits and circumstances of
residence.

NON-COLLEGE-CREDIT PROGRAMS

(Revised - Effective July 1, 1983)

Fees will be based on length of course, instructional costs, and costs of special equip-
ment. Costs of special avocational and recreational courses and programs offered by
the College for which State funding is not available or permissible must be assumed by
the student participant and will be collected at the time of registration. Students will be
informed of such costs during course planning and registration periods.

Registration Fee (per course) ........................................... $3.00/ C.E.U. (minimum $6.00)**
Laboratory and Special Tuition Fees ........................................... *
Returned Check Charge ........................................... 5.00
Special Service Charge (lock and locker rentals, etc.) .......................... At Cost
GED Test
   Total Test Battery ........................................... 14.50
   Individual Test Re-Takes ........................................... 3.00

COST SUMMARY -- NON-COLLEGE-CREDIT PROGRAMS

Costs vary widely ($6.00 to $200.00) because of differences in costs of materials in
various types of programs. Each prospective student is encouraged to check with the
Comptroller’s Office to determine the estimated costs of the program or course he/she
wishes to enter. Representative types of costs follow, many courses costing only
registration fee, books and supplies (totaling less than $15.00):

<table>
<thead>
<tr>
<th></th>
<th>Non-Occupational</th>
<th>Occupational</th>
</tr>
</thead>
<tbody>
<tr>
<td>Minimum Registration Fee (per course)</td>
<td>$6.00</td>
<td>$6.00</td>
</tr>
<tr>
<td>Books, supplies and tools</td>
<td>$10.00-40.00</td>
<td>$25.00-60.00</td>
</tr>
<tr>
<td>Laboratory and Special Tuition Fees</td>
<td></td>
<td>**</td>
</tr>
</tbody>
</table>

*Laboratory and Special Tuition Fees are to cover unique costs related to any given course. The amount of the fee
is determined course-by-course based on costs for each course. A schedule of such fees for each semester is on file in the
Comptroller’s Office and will be available during registration.

**The minimum cost per course is $6.00 plus laboratory and special tuition fees whenever applicable, except: (1) in
the following approved programs or locations - Adult Basic Education courses, specified courses offered at Eglin and
Hurrihurt Air Force Base during assigned duty hours for military personnel and base employees sponsored by the
cognizant education or civilian personnel officer, or in courses in which complimentary instructional services or
equivalent program costs are provided by appropriate persons, agencies or organizations; or (2) when specifically
waived (in full or in part) by the Board of Trustees upon recommendation by the President.

POINT OF VIEW

Okaloosa-Walton Junior College is committed to the belief that provision of opportunities for continuing study is the most desirable approach to fulfillment of the aspirations of the citizens of Northwest Florida. This age of accelerated change, of rapid occupational obsolescence, and of man's intensified search for meaning in his life demands such a commitment. Consequently, every effort of the College draws its strength and structure from its determination to assist in making continuing study a reality for students of all ages.

COLLEGE LEVEL ACADEMIC SKILLS TEST

The State of Florida has developed a test of college-level communication and computation skills. The test is called the College Level Academic Skills Test (CLAST).

The CLAST is designed to test the communication and computation skills that are judged by state university and community college faculty to be generally associated with successful performance and progression through the baccalaureate level. The test is required by Florida statutes and rules of the State Board of Education.

The CLAST is administered toward the end of the sophomore year to community college students who are completing Associate of Arts degree programs and to community college students who are completing Associate of Science degree programs and are seeking admission to upper division programs in state universities in Florida, as well as university students who are completing their sophomore year. Students who do not take the test will not be awarded the Associate of Arts degree, nor will they be admitted to upper division status in state universities in Florida. The CLAST requirements also apply to students transferring to state universities in Florida from private colleges in Florida and from out-of-state colleges.

Effective for any term beginning after August 1, 1984, the State Board of Education will establish minimum CLAST score standards for the award of the Associate of Arts degree and for admission to upper division status in state universities in Florida. Prior to August, 1984, the use of CLAST scores is limited to student counseling and to curriculum improvement.

The OWJC Counseling Office located in the Teaching/Learning Support Center, extension 293, can tell you how and when to apply to take the CLAST. The Counseling Office can provide you with a list of CLAST skills and can tell you where the communication and computation skills are taught in the curriculum.

The CLAST test will be given during 1983-84 on October 1, 1983; March 10, 1984; and June 2, 1984.

GENERAL INFORMATION

OBJECTIVES

1. To provide a harmonious educational environment which may enhance the learning experience of each and every participant in each specific offering and activity of the College.

2. To provide two years of college study which is directly applicable to degrees at the baccalaureate level.

3. To provide two years of college study which will prepare individuals for those positions in industry, commerce, and the service occupations which require such preparation as a condition of or preference in employment.

4. To provide specialized occupational courses and programs which focus directly upon effective continuing gainful employment.

5. To provide adult general education programs which may lead to a State of Florida High School Diploma, to special certificates, to particular personal satisfactions, or to new educational and occupational opportunities.

6. To provide a learning and working environment which emphasizes the presence of equal, non-discriminatory opportunities for participation in programs and services to persons who need special assistance in attaining awareness, entry and success in experiences available at the College.

7. To provide services of personnel and use of facilities of the College, as may be suitable, to benefit appropriate needs and interests of its two-county community.

8. To provide stimulation and assistance in facilitating enrichment of the cultural climate of its two-county community.

HISTORY

Nineteen years of service and outstanding accomplishments is, in brief, the history of OKALOOSA-WALTON JUNIOR COLLEGE! From the earliest days of its activation OWJC has been in operation as the Community Junior College and the designated Area Vocational School of the Okaloosa-Walton Junior College District. In this combined role, OWJC is an educational complex which serves those persons legally out of grades 1-12 in both on-campus and off-campus locations. The College has in this nineteen years served over 151,000 persons; has ranked HIGHEST IN THE STATE FOR TEN CONSECUTIVE YEARS in success of students transferring to senior institutions; and has received many acknowledgments and recognitions, including a citation by the President of the United States of America in 1972.
Approval of the founding and initial funding of the College took place on April 16, 1963, by action of the State Legislature. In prompt succession the initial Advisory Committee, now the District Board of Trustees, was appointed (December, 1963); the first President employed (February 15, 1964); the College named (March 3, 1964); its temporary location established (April 3, 1964); its faculty employed (August 17, 1964); and its first classes begun on a beautiful morning (August 24, 1964) on the quaint temporary campus in Valparaiso, Florida.

The temporary site of approximately twelve acres was centered around Perrine Park in Valparaiso. The Twin Cities of Niceville and Valparaiso, Florida, contributed the initial conversion of the parks and buildings, which comprised the former center of the picturesque town of Valparaiso into a collegiate campus. At the time of its opening session August, 1964, the campus consisted of seven buildings. As of the fall of 1968, the facilities had increased to twenty-three buildings to accommodate the broader range of programs and the greatly expanded student enrollment.

The permanent site of the main campus, located at the northern boundary of Niceville between State Road 85 and State Road 285 in a beautiful wooded area, was designated on November 24, 1965. Transfer of 264 acres of land from the Eglin Air Force Reservation was made in January, 1966, to Okaloosa-Walton Junior College.

The ceremony marking the dedication of the permanent site was held April 10, 1969, with Congressman Bob Sikes and artist Emil Holzhauer as the principal honored guests. The dedication ceremonies included establishment of the Robert L.F. Sikes Honorary Faculty Chair in Government, of the Emil Holzhauer Honorary Faculty Chair in Arts, and the acceptance of the Emil Holzhauer Collection for perpetual archives under the care of the OWJC Library.

The philosophy which undergirded the planning of the College's 264-acre permanent facility, as summarized by OWJC President J.E. McCracken, states "We envision...through our program, a movement that will enable an individual to experience all aspects of our great heritage—from arts to sciences; from chemical creativity to technical productivity; from contemplation of primeval origins to consideration of ultimate destinies."

FACILITIES

The main campus of Okaloosa-Walton Junior College, occupied in January of 1969, has been cited as an outstanding example of a much-needed return to human dimensions in collegiate environments. The warm, inviting profiles of the buildings and their setting confirm a central commitment of the College—"No one a stranger; a stranger to no one."

The campus presently includes the following permanent facilities for housing its programs and services:

The Administration Building houses the executive and administrative offices of the College, including instructional services, student services, alumni affairs, community services, operational support services, information services, student publications, and financial services.

Within the Business Education Building are located business administration, secretarial science, word processing, and mid-management instructional programs.

The Computer Services Building houses the computer operations, the math lab, faculty offices, and classrooms.
The "Heavy Shops" Industrial-Technical Building houses classrooms and shops for programs in automotive body repair and painting, automotive mechanics, and welding.

The "Light Shops" Industrial-Technical Building contains the laboratories for instruction in electronics; air conditioning, heating and refrigeration; and drafting and design.

The Teaching/Learning Support Center, the largest structure on campus houses a library collection of more than 69,000 books, 608 periodicals, more than 5,700 recordings, 5,000 microforms, in addition to numerous cassette tapes and an extensive slide and software collection of about 30,000 titles. The Conference Room houses a rare books collection and college archives. The RAIRS (remote access information retrieval system) with capability of ninety-four program sources and ninety-seven audio stations is administered from the Audio-Visual Department of the Library. Faculty offices, classrooms and the Graphics-Printing Technology laboratories are located on the first floor mezzanines. The "Equal Opportunity" Laboratory, Counselor's offices, The Career Information Center, study carrels, and the Periodical-Reserve Books Department of the LRC are located on the upper mezzanines.

The Maintenance Building constitutes a central facility for maintenance, custodial, grounds personnel, and operations.

Building M houses special industry services programing.

The Physical Education Facility and Auditorium Complex is a multi-purpose facility used to house all indoor physical education activities and indoor sports events, as well as convocations, theatrical productions, and the Lyceum programs. The complex also contains offices, lecture-classroom and storage facilities for both physical education and EMT programs. Extensive new outdoor facilities provide for outdoor activity education programs and for intramural and extramural sports participation.

The Science Building is comprised of classrooms and laboratory facilities for programs in biology, physics, physical science, chemistry, and for the criminal justice and corrections training center.

The Home Economics Building houses classrooms and laboratories for programs in home economics.

The College Mall houses student activities, food services, the bookstore, lounges, meeting rooms, recreation areas, and instructional programs in music and art.

The Utilities Building houses the air conditioning and heating equipment for the entire campus. All utility supply lines are located underground.

The Okaloosa-Walton Junior College Chautauqua Neighborhood Center, located in DeFuniak Springs, is a special multi-purpose community service facility which was constructed through a HUD grant matched by funds donated by individuals, organizations, and governmental units of Walton County and its municipalities. The OWJC Chautauqua Neighborhood Center serves, principally, those persons from Walton County who are physically, economically, educationally, or otherwise disadvantaged through coordination with numerous organizations and agencies. The College offers numerous non-credit programs and a number of credit courses at the "CNC."

In addition to its permanent facilities, the College functions in many off-campus locations -- churches, schools, community facilities--to bring services and programs closer to diverse clientele whose opportunities to come to the permanent facilities may limit feasible services.
CAMPUS LIFE

The atmosphere on this college campus is determined by the blend of a dedicated College staff interacting with a talented, ambitious, determined, and stimulating student body. From this environment comes an unforgettable chain of memorable experiences for both College personnel and students. Every student and member of the College organization finds appreciation for each person's own nature and for the unique contributions each person makes in building and enriching our college.

Students find outlets for their particular talents through College publications, campus government, sports, interest groups, and the many other student activities that complement the central function and purpose of the College—the program of current and continuing studies.

The students and personnel of the College in each academic year are the primary determiners of campus life and of the atmosphere at OWJC in terms of the patterns they maintain and enrich for the campus—an opportunity and a responsibility.

EVENING PROGRAMS

Courses offered during the late afternoons and evenings are the same as equivalent day courses and are taught whenever possible by the full-time faculty of the day program or, as becomes necessary, by part-time instructors of equivalent preparation and competence.

Students enrolling part-time in evening or day courses are subject to the same general rules as pertain to full-time students. At such time as the credit program part-time student attains 12 credit hours, his/her record is subject at that time, and each succeeding 12 semester hour block thereafter, to analysis both for honors and for assessment of substandard academic performance.

A student enrolled in the evening program is, normally, limited to a maximum of 12 credit hours per semester or its equivalent in non-credit courses. If the student is working full time, the class load normally is recommended to be 8 credit hours or less (or its equivalent in non-credit contact hours). Any exceptions are made by the Dean of Instruction.

YEAR-ROUND OPPORTUNITY

The programs of continuing study at the College vary considerably in their timing. Enrichment programs, workshops, institutes, and numerous community service and certificate programs are offered on demand as sufficient requests occur and for whatever periods of time may be warranted in terms of the nature of the offerings. Special programs are announced as they are developed and the public is especially INVITED TO REQUEST SHORT OR EXTENDED OFFERINGS in areas of need or interest.

SERVICEMEN'S OPPORTUNITY COLLEGE

OWJC is designated a Servicemen's Opportunity College and has a commitment to qualified active-duty military personnel through its military assistance contracts. Such personnel ordinarily are processed for courses with the College through their respective base educational services offices with College liaison effected by the Director of Educational Services for Military Personnel.
COMPOSITION OF STUDENT BODY

Okaloosa-Walton Junior College is a co-educational institution serving annually approximately 13,274 students of all ages who are legally out of grades 1-12 (by virtue of graduation, age, or circumstances).

ACCREDITATION

Accreditation by the Florida State Department of Education was granted when the College opened in the Fall of 1964. Effective in December, 1965, the College attained its full accreditation status in the Southern Association of Colleges and Schools with the most recent Reaffirmation of full accreditation by the Association being in December, 1981.

EQUAL RIGHTS

PROTECTION OF PRIVACY

Directory Information. The following categories of personal information are designated by the College as "Directory Information" and may be disclosed at the discretion of College officials.

Category I Name, race, sex, city and county of residence (but not street address).

Category II Dates of attendance, academic class, major field of study, awards, honors (includes President’s and Dean’s list), degree(s) conferred (including dates), and previous institutions attended.

Category III Past and present participation in officially recognized sports and student organizations and activities, and physical characteristics (height, weight) of athletes.

Under the provisions of the Family Rights to Privacy Act of 1974, students have the right to withhold the disclosure of any or all of the categories of Directory Information listed above. You may exercise your right to withhold this kind of information listed above. You may exercise your right to withhold this kind of information by picking up a DIRECTION TO WITHHOLD DISCLOSURE OF DIRECTORY INFORMATION form from the office of the Dean of Student Services. This form must be completed and turned in to the Dean of Student Services by the end of late registration for each semester or term if your desire to withhold Directory Information is to be recognized. Also, a form for non-disclosure must be submitted each academic semester or term.

Except as required for use by the President in the discharge of his official responsibilities as prescribed by laws, rules of the State Board of Education and Board policies, the designated custodian of student records may release information from these records to others only upon authorization in writing from the student or upon order of a court of competent jurisdiction.
ADMISSIONS
GENERAL INFORMATION

It is desired that all District residents legally out of grades K-12 who can benefit from the varied programs of educational and community services offered by the College be admitted into appropriate experiences at OWJC. However, the right to deny admission to the College or to any program for the categories of applicants designated in the section titled "Controlled Admissions" (p.13) is reserved.

Each applicant desiring either full-time or part-time enrolment in courses or programs offered by Okaloosa-Walton Junior College must obtain from and return to the Admissions Office the appropriate admissions forms. Upon receipt and review of all required, completed admission forms, each applicant will be notified of his/her acceptance or non-acceptance for admission.

It is expected that all required admissions forms and supportive documents will be submitted to the College in sufficient time to allow for processing and notification of admissions status prior to registration. However, in those unusual cases where this procedure is not feasible, applicants may be conditionally enrolled as provided on page 12, except for dual enrolment, early admission, and foreign student applicants. An applicant whose circumstances are sufficiently unique that they cannot be accommodated by the designated admissions policies and procedures specified in the catalog may request special consideration for admission through a formal petition presented to the Admissions Counselor. Registration for applicants admitted in this category normally will be authorized on a space available basis.

Any decision with regard to admissibility on the part of the Admissions Counselor may be appealed to the Admissions Committee. A decision of the Admissions Committee may in turn be appealed to the President.

FALSIFICATION OR FAILURE TO FURNISH CORRECT REQUESTED INFORMATION ON ANY ADMISSIONS PAPERS WILL SUBJECT THE APPLICANT TO DENIAL OF ADMISSION OR TO IMMEDIATE DISMISSAL FROM THE COLLEGE.

COLLEGE-CREDIT
ADMISSION REQUIREMENTS

College-credit programs at Okaloosa-Walton Junior College include the Associate of Arts Degree Programs, the Associate of Science Degree Programs, the Associate of Applied Science Degree Programs, the Occupational Certificate Programs, and individual credit course enrolments.

Each applicant for admission to college-credit programs or courses at OWJC must submit with his/her completed application a $5.00 non-refundable application fee. In addition, a properly executed Residency Affidavit must be submitted by applicants who claim Florida residency for enrolment fee assessment purposes.
First-Time-in-College Applicants (i.e., new students, applicants without prior college work) are responsible for submitting a completed, full set of application forms and related documents. In addition, one of the following types of documentation must be provided, as appropriate:

1. An official record of high school work which documents graduation (these forms must be mailed directly to the Admissions Office by the high school which the applicant last attended), or

2. A high school equivalency diploma from a state department of education, or

3. Evidence of qualification for provisional enrolment as a non-high-school graduate by virtue of age or by award of a certificate of attendance from a public high school (see page 9, “Provisional Enrolment”).

Applicants With Prior College Work (i.e., transfer students or returning college students) are responsible for submitting completed, full sets of application forms and related documents. In addition, they must provide official transcripts covering all course work attempted at all colleges and universities previously attended. (These transcripts must be mailed directly to the Office of Admissions from the respective institutions. Hand-carried documents will not be accepted.)

Transfer students with substandard records, if admitted, shall be placed on Academic Probation with their permanent record stamped “Admitted on Academic Probation.”

Transfer students admitted to this institution with a cumulative grade point average such as to be on Academic Probation by OWJC standards can be admitted on Academic Probation and will be subject to the rules on Academic Probation (see page 41).

Transfer applicants whose academic records, by OWJC standards, would have placed them in a status of suspension will not normally be considered for admission until at least one semester has elapsed since enrolment at the last institution attended, and the individual shall be subject to the Okaloosa-Walton Junior College policy relative to suspension (see pages 45-46).

NON-COLLEGE-CREDIT ADMISSION REQUIREMENTS

Non-college-credit programs at Okaloosa-Walton Junior College include Adult Basic Education (ABE), General Education Review, GED Test Preparation Program, individual general education and occupational courses, and self-supporting enrichment courses. Applicants for admission to Non-College-Credit Programs at OWJC must submit the appropriate application materials and meet the specific admission requirements for the particular program they desire to enter as follows:

Adult Basic Education [ABE]

The purpose of this program is to lead to the completion of elementary studies, including basic reading, writing and mathematics. ABE classes are designed for adults who have special needs for developing skills in reading, writing, arithmetic, and other subjects related to gainful employment, or the attainment of more advanced vocational and/or academic skills. Applicants must be legally out of grades K-12.
GED Test Preparation Program [High School & General Education Review]

The GED Test Preparation Program is designed for adults who desire to prepare themselves to take the GED Test to qualify for a Florida High School Diploma. To qualify for admission to this program, the applicant must be legally out of grades K-12. An applicant who does not meet this requirement may file a petition with the Admissions Counselor for consideration for admission if the applicant has a claim to a unique, documented hardship.

High School Released-Time Program

As the Area Vocational School for the Okaloosa-Walton Junior College District, the College makes appropriate facilities available to selected high school students on a limited basis for pursuit of certain vocational studies requiring special laboratory and shop facilities and equipment. High school students in this program remain enrolled in their own high school and have transferred to their high school record those units earned while studying in the OWJC Area Vocational School program. Selection of participants for the program is accomplished jointly by the students, their parents or guardian, the principal of the high school, and the Dean of Instructional Programs of the College within space and resource capabilities of the College. The decision of the Dean of Instructional Programs is binding with regard to eligibility and space availability.

Non-College-Credit General Education Courses

From time to time, persons desire to take non-college-credit courses for personal enrichment, for job improvement, or for other reasons which are equivalent in content to courses in the college-credit programs. Applicants who seek to enrol in such non-college-credit courses may not desire or be able to provide the documents required for admission as a college-credit student. The following requirements apply:

1. Applicants must be legally out of grades K-12.

2. For advanced or specialized non-college-credit courses, applicants must obtain the written authorization of the instructor before enrolment in those particular courses.

Non-College-Credit Occupational Courses

Applicants for enrolment in Non-College-Credit Occupational Courses must be high school graduates or be legally out of grades K-12 and over sixteen (16) years of age, except for residents of Okaloosa County who must be over nineteen (19) years of age to be eligible for such courses.

Enrichment Programs

Enrichment programs are those non-credit courses, workshops, institutes, and programs offered to special interest groups on a totally self-supporting basis. Since each of these programs is unique unto itself, criteria for admission to each such special program or class will be determined by the nature of the program or class, and these criteria will be published and made available to the general public and interested persons as each such program is developed and announced. Enrolees in these programs are obligated to provide such documents as may be required by the nature of the course or program prior to registration for the course.
PROVISIONAL ENROLMENT

An applicant who is legally out of grades K-12 but who lacks a high school diploma or a Florida high school diploma or its equivalency from another state or has in some other manner not met the standard admissions requirements for the Associate of Science, Associate of Applied Science or Occupational Certificate programs may be granted permission at the discretion of the Admissions Counselor to enrol on a provisional basis in any of these three programs. The student will continue in this category (provided he/she is in good standing) until such time as the standard requirements for entry into college-credit-programs are met—or upon completion of a minimum of sixteen (16) or more semester hours of occupational skills courses with an overall grade point average of 2.0 or higher—at which time unqualified admission to the AS, AAS, and certificate programs shall be granted upon request.

Applicants enrolled on a provisional basis are encouraged to prepare themselves for and to take the GED Examination. High School Review classes, General Education Review classes, an Equal Access/Equal Opportunity Learning Laboratory, tutoring, and a mathematics laboratory are provided to assist the individual in preparing for the GED tests.

Persons who seek to enrol in Associate of Arts programs are NOT eligible for provisional enrolment, since a high school diploma (or Florida high school diploma) is required for admission to AA programs. Persons who lack a high school diploma but who seek to pursue an AA program should consult, promptly, with the Admissions Counselor about eligibility for "Conditional Enrolment."

DUAL ENROLMENT PROGRAM FOR HIGH SCHOOL SENIORS

Florida Statutes provide that "senior high school students who lack three credits or less be allowed to attend as a high school day that portion of the day necessary to earn needed credits."

In accordance with this statute, the College offers the following plan for dual enrolment in programs offered by the College. Criteria to be applied for those seniors who would be simultaneously enrolled at the College and in their own high schools are outlined below:

1. The high school principal must verify current enrolment in his/her high school and the fact that completion of 12 units required for graduation has been/or will be achieved as of the start of the 12th grade.

2. Candidates for dual enrolment must be high school seniors whose grades averaged 2.5 ("B-") or higher in grades 9 through 11.

3. A dual enrolment student may enrol at the College for a maximum of seven(7) semester hours of college-credit work or fifteen (15) contact hours per week of non-college-credit work each semester.

4. All dual enrolment students are subject to compliance with all rules and regulations of the College and to maintenance of a "C" average or better. Unsatisfactory academic performance at the College or failure to comply with College rules and policies will result in the withdrawal of the student from the program. Enrolment at the College should in no way jeopardize completion of regular high school work.
5. The student's academic work at the College will be validated only upon his/her graduation from high school whether or not enrolment at the College is continued.

6. Any student participating in this program will be required to sign a statement that he/she understands that the college credits earned while he/she was simultaneously enrolled in high school are not necessarily transferable to any college in Florida or elsewhere in the United States until after their validation by the College Registrar. (See item 5 above.)

7. All candidates for participation in this program must petition for admission to the College and have their admission fully approved at least one month in advance of the regular registration period for the particular semester in which attendance is desired. Admission is subject to space availability and eligibility as set forth in the above paragraphs.

**Early Enrolment Program for Superior Students**

Okaloosa-Walton Junior College will admit a limited number of highly-qualified applicants after completion of their junior year in an accredited high school. To be considered for early admission an applicant must rank in the top 10% of his/her class, score at the 75th percentile or higher on an accepted college entrance examination, have the unqualified consent of his/her parents, and present the favorable recommendation of his/her principal. Approval of the Admissions Counselor based on a personal interview is also required before a final decision can be made. All admission requirements must be met at least one month prior to the regular registration period for the semester/term in which the applicant expects to enter. Applicants who are accepted will be placed in appropriate courses for which they are qualified.

**Enrolment of Non-Florida Residents**

Applications from out-of-state residents should be submitted at least 30 days prior to registration for the semester in which enrolment is desired. Out-of-state applications will be subject to review by the Admissions Counselor relative to availability of space and such other considerations as deemed appropriate by the Admissions Committee. Should this review affect the application negatively, the Admissions Counselor shall recommend to the Dean of Student Services such disposition of the application as may be deemed appropriate. The action of the Dean of Student Services on such recommendations shall be binding.

**Enrolment of Foreign Students**

As a community junior college, the first priority of the College is, by Board policy, to provide educational services for students in the district served. Upon fulfillment of services needed to satisfy this priority, out-of-state and foreign students are welcomed to attend OWJC. Accordingly, the following criteria are established for selective admission of foreign students to OWJC:

1. The number of applicants accepted from a particular foreign country may be limited to provide a representative cross section of cultures on the campus.

2. All required transcripts (translated into English), test results, and other required documents must be on file in the Admissions Office four months prior to the opening date of the semester for which the student is applying.
3. Foreign students must have documented sufficient proficiency in speaking, reading and writing English to enable them to benefit from instruction at the college level; therefore a foreign student shall be eligible to enrol only in non-college-credit developmental/remedial English and reading courses until this requirement is met. Such proficiency is to be established through the Test of English as a Foreign Language (TOEFL). (The required score on TOEFL for admittance to OWJC is 525. The test is administered periodically at authorized TOEFL testing centers in the U.S. and abroad.)

4. Foreign student applicants must provide evidence of academic achievement equivalent to a U.S. high school education with a "C" average or better or shall have graduated in the upper one third of their school class.

5. Foreign student applicants must present documented evidence (certified through a U.S. Consulate) that they have the financial resources to defray all anticipated costs during their attendance at the College. (The estimated annual costs are approximately $6,740: Tuition, $1,296; lab fees, $75; books and supplies, $360; room and board, $3,500; clothing, $850; and miscellaneous, $660.)

6. Foreign student applicants must certify that they intend to attend the College on a full-time basis and that no employment (on or off-campus) is expected to be required for them to meet expenses.

7. Each foreign student application must have a sponsor of U.S. citizenship residing in the College District. The sponsor must provide a letter certifying the extent of responsibility he/she will assume for the applicant, including arrangements for housing and a recognized hospitalization insurance program.

8. Foreign students must, in cooperation with their sponsor, make their own housing arrangements and show documentation of this prior to enrolment. (The College is not responsible for providing housing for any student.)

9. Foreign student applicants must be in good physical and mental health as certified by a licensed physician and validated by an Office of the U.S. Consulate. Immunizations must be current and properly recorded, and an X-ray report submitted which indicates that the applicant is free from communicable disease.

10. Foreign students must be familiar with applicable regulations of the U.S. Immigration and Naturalization Service and must assume responsibility for complying with these regulations.

11. Foreign students admitted to the U.S. on student visas are classified as non-Florida residents and may not be reclassified during their enrolment at the College while in an F-1 (foreign student) status.

Enrolment of Special Students

*College Graduates.* A student who already has a degree from a regionally accredited two-year or four-year college or university and does not intend to pursue a degree program at OWJC may submit, from the institution involved, evidence of the award of that degree in lieu of transcripts from all institutions attended. A valid Teacher's Certificate which indicates possession of a bachelor's degree or higher is acceptable as evidence of award of a degree.
Transient Students. An interim-study student (i.e., a transient student who seeks enrolment for one semester or term only as part of his/her pursuit of a degree at another institution) must submit: (1) a letter of good standing (academically and disciplinarily) from an appropriate official of the transferring institution, and (2) written approval by appropriate authority of the course(s) for which enrolment is sought at this campus as part of his/her on-going program at that institution. These documents must be accompanied by an official transcript from the transferring institution, along with a full listing of all institutions of higher education previously attended by the applicant.

Conditional Enrolment

In the event that an applicant’s completed application has been received but all required admissions forms and related documents have not been received and processed by the Admissions Office prior to his/her first registration, the applicant may, upon executing a “Conditional Enrolment Agreement,” be granted permission at the discretion of the Admissions Counselor to enrol for courses on a conditional basis.

One of the opportunities available to high school seniors about to graduate is concurrent enrolment at OWJC for the Summer Semester/Term I. Under this specialized conditional enrolment program, graduating high school seniors may enrol in courses at the College during the month of May of the year they are scheduled to graduate from high school.

An applicant who is permitted to attend in a “Conditional Enrolment” status will be entitled to register for a maximum of one (1) semester or term to allow for the receipt and acceptance by the Admissions Office of all required admission forms and related documents, during which time any course credit “earned” will not be recorded or released until all outstanding forms and documents have been received. Registration will normally be permitted only on the last day of regular registration on a space available basis.

Any conditions attached to an enrolment will have to be satisfied before the end of the semester or term for which an applicant is conditionally enrolled in order to be admitted to the College in full; otherwise, no grades or transcripts will be released for any courses in which the applicant is enrolled, and the applicant will not be permitted to register for any subsequent semesters or terms until such time as all admission requirements are met. Should any data received cause the applicant to be inadmissible, resultant actions taken will be without regard to the prior “Conditional Enrolment” status or presence of the student on campus during that particular period.
CONTROLLED ADMISSIONS*

The College reserves the right to deny admission to the College or to any program on the basis of such circumstances as lack of classroom space and facilities or such other conditions as may limit enrolment. In addition, the following categories of applicants are denied routine admission to the College:

1. Any applicant who has been in violation** of Federal or State law or respective county or municipal ordinances within the twelve-month period preceding the date of application; or who is, as of the date of application, on probation or parole.

2. Any applicant under separation (i.e., suspended or dismissed) from OWJC or any other previously attended educational institution for non-academic reasons.

3. Any applicant who does not meet the requirements for entry into the specific program he/she plans to enter.

Such students as are particularly identified in categories 1-3 above shall be considered for admission to OWJC only upon submission of written petition to the Admissions Committee. Persons in these categories should apply for admission no later than two (2) weeks prior to the start of any given semester. Admissions Committee recommendations for favorable action on such petitions are subject to approval/disapproval by the President of the College or his designated representative.

---

*Applicable to all enrollees (college-credit, non-college-credit, full-time, part-time) at Okaloosa-Walton Junior College.

**A violation will be deemed to have occurred upon the entry of a guilty or no contest (nolo contendere) plea or upon a jury or judge's verdict of guilty.
FINANCE

A student shall not have completed registration until all fees have been paid in full. Accordingly, students will not be admitted to classes until all fees have been paid. No faculty or staff member of the College, with the exception of the Comptroller or the President of the College, has the authority to defer fee payments. A deferment, if granted, must be in writing; and no deferment of fees (except signed veteran fee deferments) may extend beyond the last day for payment of fees provided in the College calendar.

Financial Assistance

All inquiries concerning financial aid should be directed to the Student Financial Aid Officer.

Residence Classification

For the purpose of assessing tuition, college-credit students are classified as Florida residents or as non-Florida residents. This classification is made by the Comptroller of the College according to Florida Statutes, State Board of Education Regulations, and District Board of Trustees Policies relative to residency in relation to school attendance. (Detailed copies of these Regulations are available in the Comptroller's Office and are binding in decisions on matters of residency classification.)

The student’s “residency classification” is determined at the time of his/her first registration and may not thereafter be changed except by ruling of the Comptroller in terms of bona fide change of legal residence on the part of the student if over 18 years of age or of the parents if the student is a minor.

Active-duty military personnel (including dependent members of their immediate families holding current, valid ID cards) stationed in the State of Florida are classified as residents of Florida.

A fee of $10.00 will be charged against the account of any student who misrepresents his/her place of legal residence--this charge being in addition to the correction of the actual fee charged itself.

Military Assistance

Active-duty military personnel who enrol in college-credit programs through the education offices at their respective bases are eligible for financial assistance (up to 90% of registration fees) through the Military Assistance Agreements which OWJC has in effect with both Eglin and Hurlburt.

Veteran's Benefits and Assistance [See pages 43 and 44]

Refund Policy—College-Credit and Non-College-Credit Courses

No refunds are automatic. It is the responsibility of the student to complete the proper withdrawal or drop and add forms obtained from the Registrar’s Office and to present them to the Comptroller’s Office for processing of authorized refunds. The following guidelines apply with regard to refunds:
Refund Policy for Non-Credit Courses:

1. If a student presents the proper forms for withdrawal from a non-college-credit class on or before the scheduled deadline for registering for that class, all fees paid to that date for that class will be refunded.

2. If a student alters his/her schedule by submitting proper drop and add requests on or before the scheduled deadline for registering for said non-college-credit class or classes, fees will be recomputed on the basis of the revised schedule and additional fees will be collected or a refund of the difference in fees involved will be made as appropriate.

3. No refunds will be made, nor financial credit granted, after the scheduled deadline for registering for any given class.

4. All fees paid for a specific course will be refunded, upon request, for classes cancelled by the College, or when it is determined that an OWJC error is the singular cause of the need for a refund.

Refund Policy for College-Credit Courses:

1. Application fees are not refundable.

2. If a student presents the proper forms for withdrawal from a college-credit class on or before the scheduled deadline for registering for said class, fees paid to that date for that class will be refunded.

3. If a student alters his/her schedule by submitting proper drop and add requests on or before the scheduled deadline for registering for said class or classes, fees will be recomputed on the basis of the revised schedule and additional fees will be collected or the difference in fees involved will be refunded as appropriate.

4. No refunds will be made, nor financial credit granted, after the scheduled deadline for registering for any given class.

5. Any and all refunds to active-duty military personnel currently under Military Tuition Assistance shall be accomplished in accordance with prevailing pertinent military assistance agreements.

6. All fees paid for a specific course will be refunded, upon request, for classes cancelled by the College or when it is determined that an OWJC error is the singular cause of the need for a refund.

Refund Policy for Enrichment, Avocational, or any other Self-Supporting Courses:

1. If the student presents the proper forms for a withdrawal from an enrichment, avocational, or any other self-supporting course prior to the scheduled date of the first class meeting for said course, all fees paid to that date for that course will be refunded.

2. If a student alters his/her schedule by submitting proper drop and add requests prior to the scheduled date of the first class meeting for said class or classes, fees will be recomputed on the basis of the revised schedule, and additional fees will be collected or a refund of the difference in fees involved will be made as appropriate.
3. No refunds will be made, nor financial credit granted, after the scheduled date of the first class meeting for any given class.

4. All fees paid will be refunded, upon request, for courses cancelled by the College, or when it is determined that an OWJC error is the singular cause of the need for a refund.

Dishonored Check Policy

If a check is issued by a student (or a student's parent, guardian, spouse or any other persons on behalf of a student) for a student's financial obligation and the check is not honored by the bank on which it is drawn, the matter will be handled as follows:

1. The maker of the check will be notified by telephone and/or certified mail that a check has not been honored by their bank and a five dollar ($5.00) charge to the student's account is applied.

2. If a check for fees plus the $5.00 charge is not made good by a student attempting to register for full-term courses by the 28th day after the opening day of classes after having been notified by certified mail, his/her registration will be cancelled.

3. If a check plus the $5.00 charge is not made good by a student attempting to make payment of a V.A. deferment of fees, loan for fees, and/or fees for a non-full-term course within 14 days (but not to exceed the length of the course) of being advised by certified letter, his/her registration will be cancelled.

4. If a check plus the $5.00 charge is not made good by a student attempting to make payment for books, supplies, fines, penalties or any other form of financial obligation within 14 days of being advised by certified letter, his/her registration will be subject to cancellation.

5. Any consideration of any possible reinstatement after such cancellation of enrolment shall be given only after full payment and upon petition to the Appeals Review Committee through the Comptroller's Office.

6. If a student habitually issues bad checks, the student (or his/her parents or legal guardian(s) if he/she is a minor) will be subject to disciplinary and/or legal action even though each check is made good.

7. Pursuant to Florida law, the College is authorized to and may chose to forward any dishonored check and any other available information relating to its default to the State Attorney for criminal prosecution.
Fines, Penalties and Indebtedness

A student's failure to comply with the policies, rules and regulations concerning checks, parking, library privileges, and other pertinent regulations will be penalized by fines. Vehicular violation fines and penalties are published in the "Parking and Traffic Regulations Booklet." Grades, transcripts, diplomas, certificates, and any other official representations from the College will be withheld until all fines, penalties and other forms of indebtedness to the College have been paid in full. Students indebted to the College will not be permitted to re-register until all debts to the College are paid in full. (See also, Dishonored Check Policy, page 16 of the Catalog.)

Fee Changes

Fees are subject to change prior to any given enrollment period.
FEE SCHEDULE (PER SEMESTER)

COLLEGE-CREDIT PROGRAMS

Application Fees .................................................. $ 5.00
  Required for all applicants seeking admission to college-credit
courses for the first time. This is a one-time charge and is not
refundable.
Registration for Florida-Resident Students per semester credit hour .......... 17.00
Tuition for Non-Florida-Resident Students per semester credit hour .......... 36.00
Laboratory and Special Tuition Fees .................................. *
Returned Check Charge .............................................. 5.00
Credit by Examination Testing Fee (per semester hour) ............... 8.50
Special Service Charges (lock and locker rentals, etc.) .................. At Cost

*Laboratory and Special Tuition Fees are to cover unique costs related to any given course. The amount of the fee is
determined course-by-course based on costs for each course. A schedule of such fees for each semester is on file in the
Comptroller’s Office and will be available during registration.

COST SUMMARY – COLLEGE CREDIT PROGRAMS

The range of basic charges for a typical full-time, college-credit student, per semester,
registered for 16 semester hours:

<table>
<thead>
<tr>
<th></th>
<th>Florida Resident</th>
<th>Non-Florida Resident</th>
</tr>
</thead>
<tbody>
<tr>
<td>Fees</td>
<td>$287.00</td>
<td>$591.00</td>
</tr>
<tr>
<td>Books and Supplies</td>
<td>125.00</td>
<td>125.00</td>
</tr>
</tbody>
</table>

Food, housing, and travel costs depend upon the student’s habits and circumstances of
residence.
NON-COLLEGE-CREDIT PROGRAMS

Fees will be based on length of course, instructional costs, and costs of special equipment. Costs of special avocational and recreational courses and programs offered by the College for which State funding is not available or permissible must be assumed by the student participant and will be collected at the time of registration. Students will be informed of such costs during course planning and registration periods.

Registration Fee (per course) ........................................ $2.25/ C.E.U. (minimum $5.00)**
Laboratory and Special Tuition Fees ......................................................... 5.00
Returned Check Charge ........................................................................ 5.00
Special Service Charge (lock and locker rentals, etc.) .......................... At Cost
GED Test
Total Test Battery .................................................................................. 14.50
Individual Test Re-Takes ........................................................................ 3.00

COST SUMMARY -- NON-COLLEGE-CREDIT PROGRAMS

Costs vary widely ($5.00 to $200.00) because of differences in costs of materials in various types of programs. Each prospective student is encouraged to check with the Comptroller's Office to determine the estimated costs of the program or course he/she wishes to enter. Representative types of costs follow; many courses costing only registration fee, books and supplies (totaling less than $15.00):

<table>
<thead>
<tr>
<th></th>
<th>Non-Occupational</th>
<th>Occupational</th>
</tr>
</thead>
<tbody>
<tr>
<td>Minimum Registration Fee (per course)</td>
<td>$5.00</td>
<td>$5.00</td>
</tr>
<tr>
<td>Books, supplies and tools</td>
<td>$10.00-40.00</td>
<td>$25.00-60.00</td>
</tr>
<tr>
<td>Laboratory and Special Tuition Fees</td>
<td>**</td>
<td>**</td>
</tr>
</tbody>
</table>

*Laboratory and Special Tuition Fees are to cover unique costs related to any given course. The amount of the fee is determined course-by-course based on costs for each course. A schedule of such fees for each semester is on file in the Comptroller's Office and will be available during registration.

**The minimum cost per course is $5.00 plus laboratory and special tuition fees whenever applicable, except: (1) in the following approved programs or locations - Adult Basic Education courses, specified courses offered at Eglin and Hurlburt Air Force Base during assigned duty hours for military personnel and base employees sponsored by the cognizant education or civilian personnel officer, or in courses in which complimentary instructional services or equivalent program costs are provided by appropriate persons, agencies or organizations; or (2) when specifically waived (in full or in part) by the Board of Trustees upon recommendation by the President.
Special Senior Citizen Enrolment Fee Waiver Program

Senior citizens* who are residents of the State of Florida who wish to enrol in a class with a waiver of the registration fees for classes which are funded under the community College program fund may do so on a "space available" basis during the designated period which immediately follows the last date of the late registration period upon completing the following actions:

1. Contact the Admissions Office of the College in order to secure and submit the proper forms for special class enrolment, admissions, and registration.

2. Secure confirmation from the Department Chair (or his/her designee) that the person meets the essential prerequisites and any other selective admissions criteria for entering the course(s) desired.

3. Secure from the Comptroller approval of the application fee and registration fee waiver request.

4. Pay any laboratory fees for specialized materials and supplies to be used or consumed in the course(s).

Please note, also, the following specific stipulations:

1. No student who has registered for such course(s) prior to the end of the late registration period shall be eligible to enrol under the special Senior Citizen Fee Waiver Program, since the initial registration will have committed a space in the class not thereby available to other persons seeking to enrol.

2. Students enrolling in courses under the provisions of this special program on a college-credit basis are responsible for all course requirements and will receive grades as do all other students.

3. Students enrolling specifically on an "Audit Status" basis will be subject to the audit student requirements as stated in the official College catalog.

4. This special program does not alter the existing provisions for assistance to indigent persons seeking to enrol at the College. Such persons should contact either the Comptroller of the College or the Director of Student Financial Aid.

---

*As defined by Florida Statutes and FAC Rules.
**The number of spaces available in a class is established prior to registration periods and is on file in the Offices of the Dean of Instruction and of the Registrar. These established maximum "available spaces" shall govern the determination of any spaces yet remaining to be made available for the Special Senior Citizen Enrolment Fee Waiver Program at the end of the late registration period.
Florida Statutes and State Board of Education Rules specify that the results of selected standardized tests be utilized for admissions counseling of all students entering college-credit programs to measure the achievement of college-level communication and computation competencies. OWJC has selected the American College Testing Program's Assessment Test (ACT) as the instrument to help fulfill this requirement. Accordingly, all students entering associate degree programs should endeavor to (a) have ACT test scores on file with OWJC prior to enrolling, or (b) take the ACT on one of the College's scheduled testing dates prior to registering for classes. (The ACT is not an entrance examination, but it is a requirement for admission to the College for the reason given above. While arrangements can ordinarily be made to take the ACT on campus before enrolling at OWJC, it is recommended that aspiring college students take the ACT during their senior year in high school prior to applying for admission to college. In this way, test results can be on hand and attention given to the special needs of incoming students before they arrive on campus.)

ENTRY-LEVEL TESTING

The procedures for implementing the Florida Statutes and State Board of Education Rules stipulating that appropriate tests be administered upon entry into the freshman year for the purpose of guidance and placement are as follow:

1. The ACT shall be used in the initial placement of students in mathematics, English, and reading courses.

2. Any student who enters an associate degree program at OWJC with twelve (12) or more semester hours credit already earned (or is registering for a class load that will bring his/her total to 12 hours) is obligated to have complied with one of the following requirements:

   a. Provide to the College Admissions Counselor official scores from the ACT;

      1. Scores may be submitted from prior testing, OR
      2. The test shall be taken, promptly, at OWJC or any other approved ACT Test Center; OR

   b. Provide official documentation of prior attainment of an Associate of Arts or higher degree from an accredited institution of higher education; OR

   c. Provide official documentation that the essential academic skills Communication and Computation course and grade obligations, as defined under the AA Degree General Education requirements, have already been met; OR

   d. Provide an affidavit attesting that no degree is being sought at OWJC and that the College shall be advised, immediately, should there be any change to a "degree pursuit" objective; OR
e. Provide evidence of other unique or special circumstances (e.g., transient student, etc.) to be considered for approval by the President or his designee.

3. A student may not take a mathematics or English course which is higher than the level that is indicated by the placement test results. Students without ACT scores desiring to take mathematics or communication courses may enrol only in Basic Algebra (MAT 1024) or Developmental Mathematics (MAT 1002), and English I (ENC 1001).

4. The ACT placement scores for mathematics, English, and reading courses shall be those given in the following table:

<table>
<thead>
<tr>
<th>Mathematics</th>
<th>English</th>
</tr>
</thead>
<tbody>
<tr>
<td><strong>Score (State)</strong></td>
<td><strong>Percentile Course</strong></td>
</tr>
<tr>
<td>28 and above</td>
<td>92 Considered for Calculus determined by Dept.</td>
</tr>
<tr>
<td>16 and above</td>
<td>43— MAT 1033 Intermediate Algebra or higher based on prior math experience as determined by Dept.</td>
</tr>
<tr>
<td>0-15</td>
<td>0-39 MAT 1024 Basic Algebra*</td>
</tr>
</tbody>
</table>

*Basic Algebra teachers may recommend transfer of students to XXX 2690 General Education Review within the first two weeks of classes based on determination that they lack elementary arithmetic skills. This action will constitute a prerequisite or corequisite for further pursuit of Basic Algebra or subsequent math courses.

5. ACT scores from other test centers will be accepted. The test is administered in various test centers on national test dates established by ACT. Okaloosa-Walton Junior College will administer the ACT residually on campus at frequent intervals in addition to national test dates throughout the year. The student will bear the cost of the test.
STUDENT SERVICES

The objectives of Student Services are to maximize and reinforce the individual student's formal and informal learning experiences and to assist the student through effective guidance and counseling to realize his or her capabilities and potential.

ACADEMIC ASSISTANCE

_Counseling and academic advisement services_ are provided by the counselors and faculty, respectively. Each student is assigned to a faculty advisor who provides close personal attention and professional consultation. Experienced college counselors are available to provide specialized counseling assistance. Counselors are located in the Administration Building, the Teaching/Learning Support Center, and the College Mall. Students are given assistance with problems which may be of an academic, vocational, social, or financial nature; and a placement service for full-time or part-time off-campus work is provided. The combined efforts of the faculty and counseling staff are intended to ensure for each student those opportunities necessary for maximum growth.

_The Equal Opportunity Learning Skills and Writing Laboratory_ provides valuable services to students of all abilities who wish to improve their proficiency in writing, reading, study, and subject matter areas. Participation in this program is arranged by the student, his/her faculty advisor or a counselor. Participation is voluntary; however, a counselor or faculty member's recommendation to participate should be seriously considered.

_The Tutorial Program_, an extension of the Equal Opportunity Learning Skills and Writing Laboratory and an extension of classroom and individual study, is one of the methods by which the College honors its commitment to provide quality education for its students, especially those seeking to overcome learning disabilities due to cultural, ethnic, and socio-economic background differences. Students who need additional instruction in a specific subject area are tutored by superior students who are proficient in the subject. The benefits of the tutoring program are two-fold: (1) the student who needs help is given the opportunity to attend scheduled tutorial sessions where he/she may correct his/her particular deficiencies by concentrated study; and (2) the superior student becomes, through the tutoring he/she provides, more articulate and acquires a greater depth in the subject matter in which he/she is already proficient.

In order to ensure maximum student motivation, participation in the tutorial program is voluntary for both tutors and tutorial students. Scheduling is arranged by the counselor who coordinates the tutorial program in cooperation with instructional personnel. Students meet with their tutors for one period one or more days each week. The program, because it is voluntary, gives the student maximum freedom of choice; which, in turn, provides maximum opportunity for students to realize their academic potential.

CAMPUS GOVERNANCE

Provisions for governmental processes at OWJC seek to ensure that all components of the College share fully in government services and opportunities, seek solutions as one body, promote the respect of the community, and direct efforts toward the goal of providing maximum opportunities for its clientele and its personnel.
Coordinating Council for Planning and Policy Development. This college-wide council involves personnel and students in recommendation and review of planning and of policies to be created, modified or repealed. Considerations of this group lead, also, to proposed legislation and to proposed modifications of State Board Regulations. Particular attention is given by this group to policies which relate to the State and local EA/EO plans.

Student Government Association. The principal governing body of the Student Government Association (SGA) is the Student Senate, which is the legislative branch of the SGA. The executive functions of the SGA reside in the elected officers. The functions and membership of the Senate and SGA officers are set forth in the Constitution of the Student Government Association.

Inter-Club Council. The Inter-Club Council serves to promote unity and cooperation among the recognized student organizations of the College. This Council is responsible for coordinating activities and competition among the various student organizations.

Committee on Student Conduct. This is an adhoc committee composed of students, faculty, and administrative personnel, established to consider facts and responsibilities in cases of alleged student misconduct and to ensure "Due Process" for the accused student.

HEALTH SERVICES

Health services are coordinated through the Office of Student Services, with emergency first-aid services available through qualified personnel. The services of a full-time registered nurse are immediately available during daytime hours. The parents or nearest relatives are notified as promptly as possible in the event of serious injury to or illness of students. Security personnel of the College provide first aid and emergency services in the evenings and on weekends.

RULES AND REGULATIONS

Rules and regulations of the College are intended solely for the safety, welfare, and common good of the College community. Rules and regulations which apply to students are set forth in the Board of Trustees Policy Handbook, the Student Handbook, the Handbook for Student Organizations, and the Statement of Student Rights and Responsibilities.

STUDENT CONDUCT

Inasmuch as each person enrolling at Okaloosa-Walton Junior College is considered to be a responsible, adult citizen, the College subscribes to the principle of student rights and responsibilities as set forth in the Statement of Student Rights and Responsibilities.

It is hoped that the general appearance and behavior of the student body will reflect favorably upon the College. Accordingly, OWJC students are expected to be committed to the common good of the College; to comply with local, State, and federal laws; and to exercise common sense, good taste (consistent with contemporary standards of the College community), and reasoned judgment in their pursuit of an education. In the event of apparent deviations from accepted standards of behavior, however, students will be referred to the Dean of Student Services for appropriate counseling, disciplinary action, or further referral.
Disciplinary Action

Departures from accepted standards of conduct on the part of students will initially be considered errors in judgment, but persistent violations will necessitate corrective action.

A student found to be in violation of federal or State law, county or municipal ordinances, or any rule or regulation of the College shall be subject to appropriate disciplinary action by the College. (It is anticipated that, as a matter of personal integrity, a student will advise the College of his violation of a federal or State law, county or municipal ordinance.)

Disciplinary action available to the College can extend to probation, suspension or expulsion.

**Disciplinary probation** requires compliance with the following restrictions and obligations:

1. Remain in full compliance with the conditions of applicable court-imposed probation/parole.

2. Conform to all College policies, rules, and regulations pertaining to student behavior as specified in the current College catalog, Student Handbook, or any other official College publication.

3. Avoid involvement in any actions or activities which could be considered disruptive to the educational process or detrimental to the health, welfare, and safety of any member of the College community.

4. Avoid participation in any student extra-curricular, organized activity.

5. Report on a scheduled basis for appropriate counseling sessions with an assigned College counselor.

6. Report on a scheduled basis to the Dean of Student Services for review of compliance with the terms of disciplinary probation.

**Disciplinary suspension** terminates a student's enrolment at OWJC for the period specified.

**Expulsion** separates a student from the College for an indefinite period, with readmission subject to the recommendation of the Admissions Committee and the approval of the President.

No student may be suspended or dismissed without the approval of the President of the College.

A student who becomes ineligible for continuation of enrolment as a result of disciplinary action may not continue his/her education through any programs, activities, or offerings of Okaloosa-Walton Junior College until such time as he/she may be readmitted.

**STUDENT PUBLICATIONS**

*Raider Review*. The campus newspaper, *Raider Review*, supplies information about College activities and provides experiences in journalism for its staff.
OKAWAJUCO. The contraction of the name of the College is the title of the campus publication, which portrays through pictures and written material in graphic and literary format the personalities and activities of the year.

STUDENT ORGANIZATIONS

The College has recognized a number of student organizations on the campus, including general and special interest groups, honor societies, service clubs, and a social fraternity and sorority. These organizations cover a wide variety of interests and activities. Membership is open to all students who qualify: race, color, creed, age, sex (except wherein gender is the fundamental basis for that organization by approved charter provisions), and national origin not being factors considered in qualification.

The following organizations and/or activities have been recognized at OWJC. Descriptive briefs of these groups may be found in the current Student Handbook:

Honor Societies
  Alpha Delta Chi
  Phi Theta Kappa

General Interest Groups
  Forensics Team
  Musical Theatre
  Outing Club
  Proscenium Playhouse
  Readers' Theatre
  Sailing Club
  Student Christian Association

Special Interest Groups
  Artist
  Baptist Campus Ministries
  Black Student Union
  College Republicans
  Chamber Choir
  Concert Band
  Concert Chorus
  Distributive Education Clubs of America (DECA)
  Delta Psi Omega
  Florida Association of Managerial Education (FAME)
  Jefferson Association
  Phi Beta Lambda Business Fraternity
  Physical Education Majors Association
  Stage Band
  Student National Education Association

Service Clubs
  Circle K
  Rotaract

Social/Fraterna lOrganizations
  Sigma Delta Phi (Men's Fraternity)
  Sigma Phi Upsilon (Women's Sorority)

Students are encouraged to affiliate with these organized groups and to participate in their activities so long as they feel that they can enjoy such participation without sacrifice of academic effort.
INTERCOLLEGIATE ATHLETICS

Organizational Membership. Okaloosa-Walton Junior College is a member of the National Junior College Athletic Association and the Florida Community College Activities Association, which is composed of all public community junior colleges in the State of Florida.

Philosophy of Athletics. Competitive sports have long been an important factor in man's history, and they play a significant role in our society today. Such programs provide entertainment for people of all ages while enabling the individual participants to excel and the community to share in the joy of victory and the anguish of defeat.

Athletic and sports programming at OWJC is responsive and attentive to participation by those students who seek and qualify for the various types and levels of competition, without regard to race, creed, color, sex, age, or national origin.

Intercollegiate Sports Participation. Varsity athletes enjoy the privilege, honor, and social distinction of representing the College in the field of athletic competition. They also benefit by the broadening experience of trips to other colleges and universities. Varsity participation on any team representing the College is open by competitive selection to all students provided they meet the eligibility requirements of the Florida Community College Activities Association and the National Junior College Athletic Association. The athletic program at Okaloosa-Walton Junior College is governed and controlled by student-faculty committees and the administration. Policies and rules for awarding financial aid are published annually, and each recipient is furnished with a copy of any agreements affecting him/her and the assistance he/she may receive.

INTRAMURAL, EXTRAMURAL, AND RECREATIONAL ACTIVITIES

Participation in sports and recreational activities contributes significantly to the development of physical, mental, emotional, and social qualities which, in themselves, distinguish the truly educated person. The intramural program provides an opportunity for all students, staff, and faculty to participate in organized athletic sports and in wholesome recreational activities. Classes, clubs, fraternities, sororities, and independent groups may form teams while individual participation is encouraged in many other activities. Flag football, volleyball, soccer, softball, and basketball are among the team sports which develop from time to time in the intramural and extramural programs. Tennis, golf, bowling, canoe racing, sailing regattas, swimming, camping, and track and field events are among the numerous activities which also have been parts of the intramural and extramural programs.

Appropriate awards are given to winning teams and players. Times, schedules, and places of meeting for activities are posted on the bulletin boards located in the Physical Education Building.

The total educational program of Okaloosa-Walton Junior College combines the goals of learning, knowledge and skills with the role of teaching people how to live enjoyably. The purpose of the OWJC Recreational Program is to provide opportunities for all students to enjoy satisfying extracurricular experiences related to their particular interests, ranging from those of competitive to those of non-competitive and recreational nature. In addition to sustaining and expanding the intramural-extramural and recreational activities already established, the scope of involvements in non-sport, non-game activities is being expanded to include more activities in such areas as forensics, music, drama and other appropriate leisure time, intramural and extramural activities as may develop in terms of student and staff interests.
FINANCIAL AID

STUDENT FINANCIAL AID

The granting of any and all scholarships, assistantships, grants-in-aid, or of other forms of financial assistance is subject to such policies as are established by the College with respect to academic eligibility, obligations to the College, the exact amount of the aid within the established limits, and such other criteria as may pertain. The money for these scholarships and assistantships come from registration fees collected or from Federal, State, or local resources.

Entering students seeking financial assistance should contact the Financial Aid Officer, who is located in the Administration Building. For new students, an application should be filed well in advance, and normally no later than the 1st of February for Fall Semester beginning students, or 60 days prior to the student’s anticipated date of enrolment. Student financial aid application forms may be obtained from an Okaloosa or Walton County secondary school, Eglin or Hurlburt OWJC Offices, or from the Financial Aid Office at OWJC.

Procedures for applying for financial aid. Students should apply for financial aid by submitting a Financial Aid Form (FFS) to the American College Testing System. The FFS may also be used to apply for the Basic Educational Opportunity Grant Program (and for the Florida Student Assistance Grant), if applicable. The FFS may be obtained from a high school guidance office or by writing to the Office of Student Financial Aid. Students should specify "0745" as the code number for Okaloosa-Walton Junior College in the appropriate section of the FFS.

A student must reapply for financial aid each academic year. However, aid usually continues at the same level each year, unless a student’s resources or his or her expected parents’ contribution changes. All enrolled students receiving aid automatically receive information about applying for renewal awards. Other enrolled students should request applications by January 1.

College Costs. The typical costs for attending Okaloosa-Walton Junior College on 12 semester hours per semester hour are:

<table>
<thead>
<tr>
<th>Cost</th>
<th>Florida Resident</th>
<th>Non-Florida Resident</th>
</tr>
</thead>
<tbody>
<tr>
<td>Tuition and Fees</td>
<td>$204*</td>
<td>$432</td>
</tr>
<tr>
<td>Lunches</td>
<td>$164</td>
<td>$164</td>
</tr>
<tr>
<td>Books</td>
<td>$122</td>
<td>$122</td>
</tr>
</tbody>
</table>

In addition, allowance should be added to these figures for room and board when applicable, personal expenses, medical insurance, transportation, and supplies.

Dependent students (living at home) usually have parental-support, reducing direct educational costs. Married students are allowed $750 additional for each child. Refer to College catalog for those course/programs which involve special fees.

*Based on 12 semester hours at $17.00 per semester hour.
Purpose of financial aid program. In addition to its own funds, Okaloosa-Walton Junior College participates in most federal programs including the Pell Grant. Residents of Florida are also eligible to receive state grants.

Students applying for financial aid are considered for all programs for which they are eligible. The amount of financial aid awarded is generally a combination of grant and employment, and is based on the financial need of the student. Need is determined by subtracting the resources of the student and his or her parents' contribution from the total student expenses. The parents' contribution is estimated on the basis of the amount of their income and assets as well as a consideration of taxes, unusual expenses, and other liabilities of the family. An independent, objective, nationally recognized method of analysis developed by the American College Testing System is used to evaluate the family's financial circumstances. All financial aid awards to students are determined by the Okaloosa-Walton Junior College's Office of Student Financial Aid.

Transfer Students. Those students who transfer to OWJC from another college or university are required to complete a Financial Aid Transcript, whether they received aid or not, and forward it to the prior institution(s) attended for endorsement and return it to OWJC. No assistance can be awarded until the Financial Aid Transcript is received by OWJC.

</tr>
</tbody>
</table>

WITH AT LEAST THIS GRADE POINT AVERAGE

| | 1.50 | 1.70 | 1.80 | 1.90 | 2.00 |

IN ORDER TO BE MAKING SATISFACTORY PROGRESS.

Students must complete the number of credits for which aid was given as a full-time student taking 12 or more hours respectively. If the minimum satisfactory progress is not met, the student is terminated from aid.

At OWJC this means students who withdraw completely, or who are academically suspended, will eliminate themselves from further financial assistance until they have returned to satisfactory progress.

Readmitted students will be expected to complete one semester or term satisfactorily without the benefit of any financial aid. However, once a student does return to satisfactory progress and is otherwise eligible by Federal/State regulations, his financial aid may be restored.
Students who are academically suspended from another college or university and who transfer to OWJC must meet the academic progress definition during their first semester or term before they can become eligible for College Work-Study or a General Student Loan.

**Scholarships.** A scholarship is defined as "Financial assistance granted to an individual student on the basis of financial need, including emergency circumstances, or in recognition of a particular accomplishment, honor, special skill or public service to the College."

1. **Honors Scholarships:** Beginning with high school graduates of June, 1983, a four-semester registration fee scholarship up to a maximum of $200 per semester may be awarded to an honors student selected by the principal or his designee from the top 5%, academically, of the graduating seniors in each of the nine public high schools in Okaloosa and Walton Counties. No more than nine new honors scholarships may be offered in any given year. Any recipient who fails to maintain at least a 2.0 grade-point average in each semester of the four-semester scholarship period will have his/her scholarship cancelled at that time.

2. **Regional Science & Engineering Convention Scholarship:** One each one-semester scholarship for full fees (not to exceed $275 per semester, per award) may be made to the respective Senior Division Grand Award Winner in Biological Sciences and to the Senior Division Grand Award Winner in Physical Sciences in the Regional Science and Engineering Convention, provided he/she elects to attend Okaloosa-Walton Junior College directly following graduation from high school with full admission completed and with enrollment actually initiated at OWJC within a maximum of a two-calendar-year-period following receipt of the award.

3. **Presidential Scholarships:** These are nonrecurring scholarships granted by authority of the President, or his designee, from non-appropriated resource funds, including but not limited to the President's Scholarship Fund, the General Student Scholarship Fund and any other such scholarship funds.

4. **Florida Academic Scholarships Fund:** A four-semester tuition and registration fees scholarship for each high school graduate that obtained a 3.5 grade-point average on a 4.0 scale, or equivalent, in high school academic subjects and has scored 1200 or above on the combined verbal and quantitative parts of the scholastic Aptitude Test of the College Testing Program.

5. **Donor-designated Scholarships:** A number of scholarships are available on the basis of the various criteria established by the respective donors. The active list of Donor Scholarships for 1983-84 include:

- Air Force Association
- Alatex
- American Business Women's Association
  - Bayshore Chapter
  - Fort Walton Beach Chapter
  - Spanish Trail Chapter
- American Legion Post #221, Mayo Music Scholarship
- Business and Professional Women's Club

6. **Seminole and Miccosukee Indian Scholarship.** The Florida Seminole and Miccosukee Indians are eligible to compete on the basis of financial need and examination. There are eight scholarships for the entire State of Florida having a value of $2000 per academic year. Write Student Financial Aid, Department of Education, Tallahassee, Florida 32301 or Bureau of Indian Affairs Agency, Hollywood, Florida 33024.

7. **Florida Scholarships for Children of Deceased or Disabled Veterans.** This scholarship is for children of deceased or 100% disabled veterans whose parent entered the armed forces from the State of Florida, or officially classified as POW or MIA. Scholarships are awarded in the amount of tuition and fees per academic year and may be renewed. Contact the Financial Aid Office in the Administration Building.

8. **Confederate Memorial Scholarships.** Lineal descendants of Confederate soldiers or sailors are eligible on the basis of competitive examinations. Awards are $150 per academic year. Write Student Financial Aid, Department of Education, Tallahassee, Florida 32301.
Work-Study, Activity Workers and Student Trainees. Four programs are available which enable students to earn needed funds through work assignments on campus:

1. **The College Work-Study Program.** Authorized under Title IV of the Higher Education Act of 1965, as amended, to aid students from low-income families who need jobs to help pay for their college expenses. Students may work up to fifteen hours weekly while attending classes full time. During the summer or other vacation periods when students do not have classes, they may work full-time (forty hours per week) under this program. To work under this program a student must have on file an ACT Needs Analysis, show academic or creative promise, be enrolled or accepted for enrollment as a full-time student, and be maintaining satisfactory progress in the course of study he/she is pursuing. The student’s eligibility depends upon his/her need for employment to defray college expenses, with preference to applicants from low-income families. The pay is at an hourly wage rate.

2. **The Vocational Work Study Program.** Designed to provide part-time employment to eligible vocational students to assist them in entering into or remaining in school. A student must have on file an ACT Needs Analysis to be considered for the work opportunity. Compensation for students is based on up to 20 hours of work weekly while attending classes fulltime. The pay is at an approved hourly wage rate for such program participants.

3. **Student Activity Workers.** Upon recommendation of the Dean of Student Services and the approval of the President, student activity workers may be retained to perform contracted services in connection with implementing specific student activities (e.g., lighting, sound, photo lab workers) at a rate not to exceed $255 per 16-week semester or $200 per 12-week semester. Such persons shall normally be full-time students and be obligated to 10-15 hours of work per week on the average, being available for accomplishing the specific tasks needed for implementing the activities for which retained.

4. **Food Service Trainee.** Each Commercial Food Service Trainee shall be eligible for a contracted services commitment up to a maximum of $75 per semester in each 6-hour Commercial Food Service laboratory course for which he/she is enrolled in pursuit of an Associate Degree or Certificate in Commercial Foods. Each Food Service Trainee shall be obligated to be in a work training assignment in the food service area for the total number of contact hours per week specified for the laboratory portion of each course and shall be entitled to one specified meal per day. The Commercial Foods Manager shall notify the Comptroller at the end of each semester as to the portion of the contracted services fulfilled by each trainee.

**Student Assistants.** Student Assistants shall be paid on a contracted services basis not to exceed $255 per semester for a student enrolling for 15-semester hours or more and not less than $200 for a student enrolling in 12-semester hours in a given semester provided that the contract for the given student is totally fulfilled. The Comptroller, upon recommendation of the Director of Financial Aid, shall prorate payment to Student Assistants whose number of semester hours of enrollment falls between 12 and 15 semester hours in a given semester.
A maximum of 40 one-semester student assistantships may be granted to full-time students who are residents of the Okaloosa-Walton Junior College District upon joint recommendation of a department chair or of an organizational unit head and of the Financial Aid Committee. Each appointment shall be subject to approval by the President or his designee. No more than 50 percent of the resultant number of these assistantships shall be available in the Fall Semester, 40 percent in the Winter Semester, and 10 percent in the Summer Semester, except by special recommendation of the Financial Aid Committee and subsequent approval by the President or his designee.

Each student assistant shall work 10 hours per week under the supervision of a departmental chair or an administrator to whom he/she is assigned. Schedule(s) of duties and completion of time sheets shall be required. A student who falls below a cumulative 2.0 grade-point average is not eligible for a student assistantship nor for continuance of a student assistantship.

Grants. Grants are “gift aid” made available to students based on financial need. This type of aid does not have to be repaid. In order to apply for a grant to attend OWJC all students must complete a Family Financial Statement, which is used to determine the student’s need, and a Student Data Form to attend Okaloosa-Walton Junior College.

1. Pell Grant. The Pell Grant (continuation of the Basic Education Opportunity Grant) is a federal program which makes funds available to students enrolled at approved colleges, community colleges, junior colleges, universities, vocational-technical institutions, hospital schools of nursing, and other approved institutions. Grants cover undergraduate study and are intended to be the foundation of the student’s financial award.

Amount: Pell Grants for the 1983-84 academic year (July 1-June 30) will range from $200-$963 (at OWJC) depending on a student’s eligibility as determined by a standard formula.

Eligibility: A student is eligible for a grant if:

(1) the student has met the general eligibility requirements;
(2) the student is determined to have financial need based on the Pell Grant formula (this formula uses the information provided on your Family Financial Statement to produce an eligibility index number. This number is considered, along with the total cost of attending OWJC, to determine the actual amount of the grant. Generally, the lower the index number the higher the grant); and
(3) the student is an undergraduate student who has not previously received a baccalaureate degree.

2. Florida Student Assistance Grant Program. Full-time students may qualify who are U.S. citizens and who have resided in Florida for 24 consecutive months immediately preceding the beginning of the academic year for which application is made. Applicants must be enrolled or accepted for enrollment as full-time undergraduate students in an eligible institution in Florida. The maximum grant is $520 per academic year. Student Assistance Grants are awarded for one academic year. The award and the amount of the grant is based on financial need. The ACT Needs Analysis of FFS should be submitted for analysis by the 1st of February each academic year.
3. *Supplemental Education Opportunity Grant (S.E.O.G.)*. These grants are for students who have financial need (as determined by the Financial Aid Officer) and who would not be financially able to attend college without a Supplemental Education Opportunity Grant. Contact the OWJC Financial Aid Office. A student applying should have an ACT Needs Analysis or FFS on file in the Financial Aid Office.

*Loans.* A number of loan programs are available to students in need.

1. Short-term student loans are available for fees during registration periods. A beginning freshman may be considered for such a loan when he/she has been fully accepted for enrolment. A student may normally borrow partial funds to cover registration, tuition fees, or books each semester, which are to be repaid in three installments or before early registration for the next semester.

The following organizations and persons have provided the College with funds which are presently being utilized for these short-term student loans:

   (1)  Alpha Delta Chi Loan Fund  
   (2)  John B. Arnold Loan Fund  
   (3)  Ethel Hopkins Bartell Memorial Loan Fund  
   (4)  Jack Bartell Memorial Loan Fund  
   (5)  Eglin Officers Wives Club - Emergency Loan Fund  
   (6)  Niceville-Valparaiso Rotary Club Loan Fund  
   (7)  Mildred Plew Meigs Memorial Scholarship Loan Fund  
   (8)  Francis M. Stone Loan Fund  
   (9)  Okaloosa-Walton Junior College Women’s Club - Scholarship Loan Fund  
   (10) Okaloosa-Walton Junior College General Student Loan Fund  
   (11) Valparaiso-Niceville Civitan Club Loan Fund  
   (12) National Organization for Women

2. *OWJC General Student Loans.* Full-time students who are U.S. citizens and have been Florida residents for the preceding 12 months and are classified as an advanced freshman may apply for these loans provided they have a demonstrated financial need as determined by a recognized method of needs analysis. Loans may be used only for expenses incurred for tuition, fees, and on books up to a maximum of $150 per semester. Repayment is submitted to the Comptroller in equal payments before early registration of each semester or termination of full-time attendance, whichever occurs first.

*Veterans Benefits.* The Federal government has programs which provide some financial assistance for veterans and their dependents. These programs are described briefly on pages 43 & 44. Assistance and information may be obtained from the OWJC campus Registrar’s Office or the Veterans Administration, Regional Office, P.O. Box 1437, St. Petersburg, Florida 33731.
Registration

Students are expected to register on the day designated in the College calendar (specific registration times are published in schedule of classes for each term), except for those specially scheduled courses for which a student may register at special announced registration periods. The following categories of students may be required to register on the last day of regular registration: transfer students with substandard records, special admission students, and conditional enrolment students.

Each new applicant must be admitted to the College or must have executed a Conditional Enrolment Affidavit (see page 10) before being permitted to register for any course. Furthermore, as indicated under “Testing and Counseling” all students entering a college-credit program are required to take the ACT for counseling purposes. All prospective students should arrange to take the ACT on a nationally scheduled testing date; but if this is not feasible, OWJC will administer the tests each semester during registration periods. Details regarding local testing may be attained by contacting the Office of Student Services and referring to the pertinent section of the published class schedules each semester.

Currently enrolled or previously enrolled students must be eligible for continuance as of their last semester of enrolment in order to be permitted to register.

Registration is not complete until fees are paid, and all fees MUST be paid at the time of registration. NOTE: Registration forms will not be held by any College office pending late payment; however, any student in need of financial assistance may direct inquiries to the Financial Aid Office.

Registration should be completed during the regularly scheduled registration period, in person if possible, for each semester or enrolment period.

All classes are subject to cancellation at the close of regular registration if the necessary minimum number of students, as judged by the Dean of Instructional Programs, have not enrolled by that date. Full refund of tuition will be made to students enrolled in such cancelled classes upon completion of a withdrawal form.

During the Fall and Spring Semesters, just prior to final examinations, currently enrolled students are given the opportunity to pre-register for the next semester. By registering early, students are more nearly assured of suitable schedules for the subsequent semester.

Full-time and Part-time Status

A student of Okaloosa-Walton Junior College is considered to be fulltime or parttime according to the course load at the time of registration; the designation will not be changed after the close of registration. A student enrolled for 12 or more semester hours, or 24 or more contact hours per week, is considered to be a full-time student.
Audit Status

Students registering in a college-credit course on a "not-for-credit" basis will be considered as audit students and their records will be marked accordingly. An "X" grade will be placed on the permanent record, and no hours attempted or quality points will be recorded. Occupational courses cannot be taken on an audit basis.

Examinations for audit students are not required; however, audit students are expected to attend classes on the same basis as credit students and to meet all the requirements of the course with the exception of examinations. Excessive absences for audit students are treated the same as for credit students—the instructor may recommend to the Dean of Instruction that the student be dropped from the class with a grade of "W."

Fees are the same for both credit and audit students.

Students may register for a class on an "Audit" basis or change to "Audit" status at any time during the regular registration period prior to the date stated in the College calendar as the last day for dropping classes. "Audit" students must meet admission requirements as college-credit students.

Audit students may not change to credit status following the expiration of the Change of Schedule period specified in the College calendar.

Change of Schedule

After the period of registration, changes in courses or sections may be made during the time specified in the College calendar. For such changes, however, the student will be required to pick up "Drop and Add" forms from the Registrar's Office. When the completed forms are submitted to the Registrar's Office and to the Comptroller's Office along with payment of the service charges (see "Refund Policies", p. 15) for each course added or dropped, the revised schedule will become effective.

Class Attendance

Students are expected to attend all of their scheduled classes. The effect of absences upon grades is determined by the instructor who may recommend to the Dean of Instruction a withdrawal grade whenever absences become excessive. Arranging to makeup work missed because of legitimate class absence is the responsibility of the student in cooperation with the instructor(s).

Attendance is recorded by the instructor who will report immediately to the Registrar's Office each student who has accumulated three consecutive day class absences or two (2) consecutive evening absences from class or three absences in a given month. Further, each time a student has been tardy three times in a class, it will count as one absence. Each set of such consecutive absences will be reported. Veterans are subject to the same attendance requirements as all other students (see p. 44).

Examinations and Grades

Final examinations are held at the end of each semester and must be taken at the scheduled time. If a student is absent from a final examination because of illness or other approved reasons, a late examination will be given. Before taking such an examination, the student must obtain written permission from the instructor concerned and from the Dean of Instruction.
Letter grades will be assigned as follows: A-Excellent; B-Good; C-Average; D-Passing; F-Failing; I-Incomplete; S-Satisfactory; U- Unsatisfactory; N-No Grade (non-punitive); and X-Audit.

Grade points per semester hour are as follows: A-4; B-3; C-2; D-1; and F-0. Grades of "I-Incomplete" will change to "F-Failing" at the end of the next semester following the issuance of the grade if work is not made up during that period of time. The "I" will carry "0" grade points until it is made up. "S's," "U's," "N's," and "X's" carry neither grade points nor credits (STD 1000 COMPASS carries "S" and "U" grades). No grades or transcripts will be released to or for students with incomplete records or outstanding fees, loans, or fines.

Incomplete ("I") Grades

A grade of "I" may be given as a semester grade by an instructor when a student is unable to complete the required work during the semester enrolled because of clearly documented extenuating circumstances and only if the student concerned has a reasonable chance of obtaining a passing grade when the work is completed. Furthermore, the instructor files with the department chair and with the student concerned an outline of the work that must be completed together with an estimate of the student's grade standing for work already completed during the semester. Work for the removal of the "I" must be completed prior to the END OF THE FINAL EXAMINATION PERIOD in the semester immediately following the issuance of the grade and will revert to a grade of "F" on the official transcript if not removed by that time. A grade of "I" shall not be given as a mid-term progress grade.

Non-Punitive ("N") Grades

"N" Grades may be awarded for modular-type courses only. For those courses in which college credits may be earned, the "N" will only be awarded at the end of the term in which a student could not complete the modular requirements necessary to earn a "standard" letter grade.

An "I" grade may be awarded if, by mutual agreement between student and instructor, the student understands and assumes the responsibility for completing all modules by the end of the next term (mandatory completion time for "I" grades).

If a student has not completed a course in which he/she received an "N" grade by the end of the second semester of enrollment in that course, he/she can receive no more than a grade of "C" for that course in any subsequent semester. Re-enrollment and payment of all necessary fees is required in order to be eligible in a subsequent semester to earn a letter grade and the appropriate credits in a course in which an "N" has been awarded.

At the present time, only the following courses are approved for granting of "N" grades: ENC 1001 English, and XXX 2699 General Education Review.

Satisfactory/Unsatisfactory ("S" and "U") Grades

"S" and "U" grades are approved for Adult Basic Education, General Education Review, High School Review, Driver Rehabilitation, Community Instruction Service courses, enrichment courses, criminal identification, requalification test for intoxica
tion, breathalyzer equipment maintenance, Law Enforcement Institutes, Police Radar Operator, and COMPASS.
Senior Citizen Enrolment—For Florida Residents Only. Authorized by and subject to future action of the Florida Legislature.

Senior Citizens (age 60 or over) who wish to enrol in a class with a waiver of the registration fees may do so on a space available basis during the specified days which immediately follow the last date of late registration period. Registration will be held at the Registrar's Office on campus.

PLEASE NOTE: Information regarding available classes under this program cannot be determined prior to the end of Late Registration. Also, students who have registered for courses prior to the end of the late registration period are not eligible to enrol for the same classes under the special Senior Citizen Fee Waiver program since the initial registration will have committed a space in the class not thereby available to other persons seeking to enrol.

Withdrawals

1. Before the end of the tenth week of the Fall and Spring Semesters, the seventh week for the Summer Semester, and the fourth week for Terms I and II, but after the change of schedule period indicated in the College calendar, a grade of "W" (with zero hours attempted) will be entered on the student's permanent record card for a properly executed withdrawal through the Registrar’s Office.

2. After the end of the tenth week for the Fall and Spring Semesters, the seventh week for the Summer Semester, and the fourth week for Term I and II, NO WITHDRAWALS will be permitted. If the student feels a grade of "W" is appropriate in his/her case, he/she will be responsible for validation of the specific extenuating circumstances and for filing a petition with the Registrar for referral to the Dean of Instruction for appropriate action.

A STUDENT WITHDRAWING FROM THE COLLEGE OR DROPPING ANY COURSE FOR WHICH REGISTERED MUST FILE AN OFFICIAL DROP SLIP IN THE OFFICE OF THE REGISTRAR AND THE COMPTROLLER'S OFFICE TO AVOID RECEIVING AN AUTOMATIC GRADE OF "F" IN THE COURSE(S) CONCERNED. (SEE THE ABOVE FOR WITHDRAWAL WITHOUT "F" GRADES.)

CREDIT BY ALTERNATIVE MEANS

Student may earn a maximum of 45 college credits through a combination of non-traditional sources as listed below:

Advanced Placement Credits: Okaloosa-Walton Junior College participates in the Advanced Placement Program conducted by the College Entrance Examination Board, which provides 13 college-level, advanced placement examinations. OWJC allows a maximum of 15 semester hours credit for scores of 3, 4 and 5, and allows advanced placement without credit for scores of 2 upon recommendation of the department concerned.

Advanced Placement Tests may be taken at participating high schools or centers; however, a qualified student may make a request and pay the required fees to the College Entrance Examination Board, Educational Testing Service, Princeton, New Jersey, to make arrangements to have the test or tests sent to and administered by the Psychometrician at OWJC. Information bulletins are available from the Educational Testing Service upon request.
CLEP General Examination: Students may earn up to 30 semester hours of credit by passing the College-Level General Examinations at the National 50th percentile or better based upon the combined Male/Female Sophomore Norms. Students may not attempt credit by examination if they have earned six or more semester credits with a grade of "C" or better in courses whose content includes materials similar to the materials to be covered in the test. This rule also applies to courses taken at the upper level in a senior university as well as the junior college level courses. If a student has earned fewer than six semester credits in such courses they will be awarded the difference between the number of semester hours earned and the six semester hours. Students must take the 90-minute examinations and the English portion requires the written essay be taken in order for credit to be awarded.

CLEP CREDITS FOR MATHEMATICS AND ENGLISH AS OF FALL 1982: CLEP credits awarded Fall Semester 1982 or later and based on general and subject examinations in English and humanities will be accepted as elective credit. This elective credit can be used toward fulfillment of the English and humanities requirements at OWJC when the student satisfies the 6000 word writing requirement mandated for English and humanities courses by State Board Rule 6A-10.30. The student can satisfy this rule by enrolling in ENG 1001 Research Papers, 1 semester hour (one enrollment for each 3 semester hours awarded in English and humanities); a grade of "C" or higher must be earned in each enrollment of the Research Papers courses to satisfy the general education writing requirement. This course may be repeated as needed to fulfill the total writing requirement.

In mathematics, students will be able to receive credit for Intermediate Algebra through the general examination. For College Algebra or higher, credits are awarded on the basis of subject examination only.

Comprehensive Examination for Credit in Designated Courses: Students who are admitted to the College may be granted credit in designated courses based on knowledge or ability as measured by an examination in the area in which credit is being sought. Designated courses that can be completed through a Comprehensive Examination are on file in the Office of the Dean of Instruction.

To be eligible for credit by Comprehensive Course Examination the student must:

1. Be admitted to OWJC.

2. Complete necessary request for Comprehensive Course Examination form, securing the signature of the appropriate Department Chair (and setting date for examination) and the Dean of Instruction.

3. After Item 2, present form to Comptroller's office and pay examination fee (one-half of registration fee for course, excluding lab fee) returning form after payment of fee to Dean of Instruction office. Examination or testing fee may be paid anytime after the end of the semester. (Deadline date for payment of examination or testing fee is published in semester schedule each semester.)

4. Complete examination on date scheduled. Examination date must be before date two weeks following deadline for application or mid-point in semester (Deadline date for examination and payment of fee for comprehensive examination credit is published in semester schedule each semester).

5. Pay fee equal to the registration fee for the course (excluding the lab fee) minus the testing fee, if a grade of A, B, or C is made on the course examination and credit is wanted. This fee must be paid before the deadline for payment of fees for Comprehensive Examination Credit. (Deadline date is published in semester schedule each semester).
Comprehensive Course Examinations will be administered by the Department Chair or his/her representative. A Comprehensive Course Examination in a particular course may not be taken more than one time for a designated course.

Credit awarded by Comprehensive Course Examination will become part of a student’s permanent record and will be posted to the student’s transcript with the appropriate grade if all fees are paid within deadlines stated.

No more than 45 semester hours of non-traditional credit may be earned through this means or any combination of sources [i.e., CLEP, military experience, etc.].

Correspondence Course Credits: Up to 9 semester hours of credit for correspondence and/or extension courses may be transferred from an accredited college or university as listed in the current issue of the “American Association of Collegiate Registrars and Admission Officers Bulletin.” These hours may be included, but not in addition to, the credits available through the Servicemen’s Opportunity College Program.

Occupational Competency Testing: Students with extensive on-the-job work experience and/or other non-certified training may receive 30 semester hours credit at OWJC upon successful completion of occupational competency examinations as administered by the Occupational Testing Center at the University of South Florida, Tampa. Such credits will be awarded in all curricula where OWJC offers A.S. and A.A.S. Degrees, contingent upon the person completing the remaining credits AT OKALOOSA-WALTON JUNIOR COLLEGE which are required for program completion.

The A.S. Degree at OWJC requires 38 semester hours in a specialization, and the A.A.S. Degree requires 48 semester hours in a specialization. The 30 semester hours that may be received through testing may not apply toward the last 8 hours for the A.S. and last 18 hours for the A.A.S. normally taken by students enrolling for all courses in their program at OWJC. Students requesting credit through competency testing will prepare a program planning form in cooperation with the appropriate department chair to select the general education courses and the final occupational credits required for the degree (64 semester hours, total).

Who may apply:
Persons who are currently employed as industrial-technical instructors, students who are pursuing fulfillment of their first 64 semester hours of college-level studies leading toward an industrial-technical teacher education degree in the State University System, and persons who desire State Certification as an instructor in industrial-technical education.

How to apply:
Applications should be submitted directly to the Occupational Testing Center, University of South Florida, FAO 226, Tampa, FL 33620. Forms, test dates, location, fees and other information should be requested from USF at the above address or call long distance (813/974-2100).

How to receive credit:
Request the USF Testing Center to send a report of the competency exams direct to the Registrar at OWJC; apply for admission to OWJC if not already enrolled; request an advisor to complete a program planning form which will specify the advanced courses required for completing the A.S. or A.A.S. Degree; enroll for and complete the specified courses with a “C” or higher grade average (minimum 2.0 GPA); and apply for graduation. NOTE: Competency credits will not be fulfilled until the application for graduation has been submitted and approved.
CLEP Subject Examinations: Students may earn college credits in the Subject Examinations listed below provided they have not completed a college-level course with a "C" or better which is higher than or equivalent to the subject matter examination they plan to take.

Subject Examinations
  Accounting, Introduction
  American Education, History of
  American Government
  American History
  American Literature
  * Biology
    Business Law, Introduction
    Business Management, Introduction to
    Calculus w/Elementary Functions
    Chemistry, General
    College Algebra
  * College Composition (w/Essay)
    Computer Programming Elem Fortran IV
    Educational Psychology
    Macro Economics, Introductory
    Micro Economics, Introductory
    Micro and Macro Economics, Introductory
    Human Growth and Development
    Marketing, Introductory and Money and Banking
    Microbiology
    Psychology, General
    Sociology, Introductory
    Statistics
    Trigonometry
    Western Civilization

  College French
  Second Semester
  Fourth Semester

  College German
  Second Semester
  Fourth Semester

  College Spanish
  Second Semester
  Fourth Semester

Students attempting to earn credit by examination should contact the Office of the Registrar to first determine their eligibility for credit in accordance with FAC Rule 6A-10.24. All credit awarded will be posted on the student record.

Some institutions do not award credit for CLEP Examinations. It is the student's responsibility to contact any institution to which he/she expects to transfer in order to determine if that institution will accept for transfer the CLEP credits earned.

*Students may not receive credits for both Biology or English Composition on the Subject Examination and credit in the same areas in the General Examination.
Servicemen's Opportunity College (Active-Duty Personnel): Okaloosa-Walton Junior College subscribes to the principles of the Servicemen's Opportunity College concept and has established flexible policies including credits and/or course waivers based on CLEP, DANTES/USAFI, CASE Guide, and "challenge" examinations geared to the needs of active-duty service persons (maximum 45 credit hours.) Active duty personnel stationed at Eglin Air Force Base and Hurlburt Field should consult with Okaloosa-Walton Junior College's Director of Educational Services for Military Personnel directly, or through their Education Officer, for complete details regarding the Servicemen's Opportunity College Program.

Transfer Credits: Course work with a grade of "C" or above from an accredited college or university will be accepted. A grade of "D" from properly accredited institutions of higher education will be accepted only on a provisional basis contingent upon the attainment of an academic record at Okaloosa-Walton Junior College which compensates for the grade-point deficiency involved. The acceptability of college courses for transfer credit at Okaloosa-Walton Junior College shall be at the discretion of the Registrar in conjunction with the chairman of the department involved.

CREDITS FOR ARMED SERVICES SCHOOLS AND MILITARY TRAINING: Credits resulting from classroom-type instruction (i.e., excluding on-the-job training and correspondence-type courses) at U.S. Air Force Schools will be evaluated as stated on the official transcripts issued by the Community College of the Air Force. Credits for occupational, vocational-technical courses will apply only toward an A.S. Degree, A.A.S. Degree, or Occupational Certificate. Credits for classroom instruction from military schools other than the U.S. Air Force (U.S. Army, U.S. Coast Guard, U.S. Marine Corps, and U.S. Navy) will be evaluated by the OWJC Registrar according to the ACE Guide. DANTES/USAFI credits will be evaluated by the OWJC Registrar according to the DANTES Guide.

TRANSFERRING TO A SENIOR INSTITUTION

Those students who expect to transfer to a senior institution from Okaloosa-Walton Junior College may obtain programming assistance by consulting a faculty advisor. Faculty advisors and counselors, available to all students, will gladly assist in planning and coordinating college programs to facilitate smooth transfers to a senior institution.

It is desirable, in the opinion of our staff, that students planning to transfer to a senior institution plan their programs so that the transfer to the senior institution may occur at the beginning of the school year (normally in the fall). Curricula are generally offered in sequence and better articulation in a student's program may be achieved if efforts are made to complete the entire two-year program before transferring. Students majoring in highly specialized programs should seek programming assistance well in advance of actual transfer.

VETERANS' EDUCATIONAL BENEFITS

The College is certified for training by the State Approving Agency under the various veterans' training laws, veterans planning to enrol at OWJC should consult with the Veterans Affairs Office well in advance of registering. The veteran must complete a special form (available in the Veterans Affairs Office) which is required by the Veterans Administration for initial certification and, thereupon, assume responsibility for all fees from his/her own resources or out of monies paid to the individual by the Veterans Administration.
Veterans are normally expected to pay all fees at registration. Since even the "advanced payment" first check is sometimes delayed, it is advisable that the veteran be prepared to meet all expenses until that check is received. Veterans attending the College under Public Law 894 (disabled veterans) who have approval from the Veterans Administration will have registration fees paid directly to the College by the Federal Government.

For V.A. purposes, training time is usually computed as follows:
12 or more semester hours ........................................................................ Full-time
9-11 semester hours ................................................................................. 3/4-time
6-8 semester hours .................................................................................. 1/2-time

For the Summer Semester and Terms I and II, training time is computed differently: The V.A. determines credits for summer course work each year and notifies the College accordingly. Veterans are advised to contact the Coordinator of Veterans Affairs in the Registrar's Office before registering for Summer Semester and Summer Term classes, to determine training status.

Any student-veteran who is absent three consecutive class sessions or school days without pre-notifying the Coordinator of Veterans Affairs (and confirming that notice in writing) will be interrupted from training for pay purposes, and the Veterans Administration will be notified. The veteran who has been interrupted from training for pay purposes will have to request enrolment recertification thru the Coordinator of Veterans Affairs in order to request that V.A. payments to him/her be resumed.

A veteran who wishes to receive V.A. benefits should notify the OWJC Coordinator of Veterans Affairs prior to registration in order to expedite the subsistence allowance. Veterans, widows of veterans, and war orphans desiring information about benefits, requirements, and registration procedures should contact the Coordinator of Veterans Affairs in the Registrar's Office.

VETERANS FEE DEFERMENT POLICY

Any eligible veteran or other person who wishes to pursue an approved program of education or training, (within the meaning of Chapter 34 or 35, Title 38, United States Code) at Okaloosa-Walton Junior College and who meets the conditions stated in 240.052(4) (a) shall in his/her first term of enrolment in any given calendar year be granted upon his/her request a sixty (60) day deferment for full payment of his/her fees from the beginning of the first day at regular registration provided that the period of deferment shall not exceed ten (10) days less than the number of days of the term for which eligible persons are registered.

Deferment of payment of fees for eligible persons, above, in any enrolment period subsequent to the first one in any calendar year is not authorized, except that an eligible person (as defined above) who can document a substantial, unique financial hardship may petition the Financial Aid Office to seek special consideration for a sixty (60) day deferment which must have the approval of the Financial Aid Officer, the Veterans Affairs Counselor, and the Comptroller before being committed or granted.

Under no circumstances shall any person be allowed to enrol or re-enrol at OWJC who has failed to pay any prior fee deferment—within the meaning of FS 240.052(4) (a)—at OWJC or at any other university or community college in the States.
ACADEMIC STANDING

Each program of the College has appropriate standards ranging from recognition of excellence to discontinuance for inadequate progress toward the respective program goals. These standards apply both to full-time and part-time college-credit students. (Alternative non-credit programming and adult education opportunities are available for persons who do not choose to continue in degree or credit certificate programs.) For those who enrol as part-time college-credit students (less than twelve (12) semester hours) the cumulative grade-point average will not be computed for honors or substandard academic performance until the student has attempted a minimum of twelve (12) semester hours.

Superior Scholastic Performance. When the quality of a student’s work is superior, the College is pleased to honor such work through recognition of his/her accomplishments as follows:

President’s List. Full-time students who make a grade-point average of 3.80-4.00 in any given semester are placed on the President’s List for that term.

Dean’s List. Full-time students who make a grade-point average of 3.50-3.79 are placed on the Dean’s List for that term.

Honors and High Honors. At the time of graduation, a student’s total academic record is reviewed to determine High Honors (3.80-4.00) and Honors (3.50-3.79). For students to graduate with this distinction, they must have earned 24 or more hours of credit at OWJC and must have attained these same standards on all work done at OWJC as well as any cumulative academic work from prior institutions of higher education.

Good Standing. A student is considered in good standing academically so long as he/she maintains the appropriate cumulative grade point average (GPA) specified in the following schedule of satisfactory academic progress and while on academic probation. Students on academic suspension are not considered to be in good standing:

<table>
<thead>
<tr>
<th>Credit Hours Attempted</th>
<th>Minimum Required GPA</th>
</tr>
</thead>
<tbody>
<tr>
<td>12</td>
<td>1.50</td>
</tr>
<tr>
<td>24</td>
<td>1.70</td>
</tr>
<tr>
<td>36</td>
<td>1.80</td>
</tr>
<tr>
<td>48</td>
<td>1.90</td>
</tr>
<tr>
<td>60 or over</td>
<td>2.00</td>
</tr>
</tbody>
</table>

Substandard Academic Performance. When the quality of a student’s work is substandard, the College is obligated to initiate restrictions relative to further studies in order to apprise that student of the serious nature of his/her academic status. For these reasons, the following regulations pertain with respect to academic probation or suspension:

Academic Probation. Any student who fails to maintain the appropriate grade-point average specified in the schedule listed above under “Good Standing” shall be placed on Academic Probation. This requirement is based on the fact that a student, in order to graduate from this College, must attain a cumulative grade-point average of not less than 2.0 (“C”) on all college-level work attempted—including all work at Okaloosa-Walton Junior College and the total of work at OWJC plus work from any previously attended institutions of higher education which is transferred in. All work at previous institutions of higher education will be counted, not just selected courses. Consequently, the College feels the necessity of apprising students of any shortages of grade points with respect to these standards. The record of any student who fails to meet these standards shall be stamped, “Academic Probation.”
IT IS STRONGLY RECOMMENDED THAT A STUDENT ON ACADEMIC PROBATION CONTACT HIS/HER FACULTY ADVISOR OR A COUNSELOR WITH REGARD TO ENROLLING IN DEVELOPMENTAL, COMPENSATORY, OR SPECIFIED NON-CREDIT COURSES IN ORDER TO CORRECT AREAS OF DEFICIENCY.

To be removed from academic probation, a student must increase his/her cumulative grade-point average for all work attempted to at least the level specified in the Schedule of Satisfactory Academic Progress.

**Academic Suspension.** A student who has been on academic probation two consecutive semesters shall be considered to be making unsatisfactory progress and will be suspended for a minimum of one semester. For the student whose record necessitates academic suspension the entry “Academic Suspension for a Minimum of one Semester” shall be stamped on his/her permanent record.

Any full-time student (or part-time student who has accumulated 12 credits) who fails all of his/her courses in his/her academic work shall be suspended for a minimum of one semester.

**IT IS STRONGLY RECOMMENDED THAT A STUDENT PETITION FOR ENROLLMENT IN CERTAIN AUTHORIZED DEVELOPMENTAL, COMPENSATORY, OR SPECIFIED NON-CREDIT COURSES DURING THE SEMESTER OF SUSPENSION IN ORDER TO STRENGTHEN THE AREAS OF DEFICIENCY. ALSO, SUCH STUDENTS SHOULD SEEK COUNSELING ASSISTANCE REGARDING THE APPROPRIATENESS OF THEIR OBJECTIVES.**

**Readmission.** To be re-admitted to Okaloosa-Walton Junior College following academic suspension, it is necessary for a standard re-admission form to be submitted to the Admissions Counselor. (The form for this purpose is available in the Admissions Office and at the OWJC Eglin and Hurlburt Offices.) Approval of such requests, is routine after one semester, or quarter out of college unless there are conditions other than academic status involved. Students re-entering after suspension will be placed on academic probation and will be subject to the rules pertaining to substandard academic performance.

**Academic History Forgiveness policy.** Should a student whose credits are ten or more years old desire to seek relief from the effect of those grades upon that person's current record at OWJC, petition for such relief may be made through the Office of the Registrar. Should favorable action be taken, the grade will continue on the face of the permanent record, but relief will be in not counting such grade and hours in grade-point computations. The action of the College upon such a petition shall be final. No credit passed or failed that is ten (10) or more years old will be counted if such relief is granted. Knowledge from such courses may, however, be a sound basis for seeking contemporary credit through comprehensive examinations.
Repeated Courses.** A course in which a grade of "N," "D," or "F" has been earned may be repeated for credit. Only the credit from the most recent attempt at these courses will be used in the computation of the final grade point average (GPA). A student may not repeat a course for credit in which a grade of "C" or better was earned; he or she will be automatically disenrolled as soon as it is detected and will be given a grade of "W." (Exceptions to this repeat policy are Independent Study, Tutorial, and certain music courses as indicated in course descriptions.)

Students should be aware that the repeating of a course results in an adjusted grade-point average* and that such an adjustment may not be accepted by some private colleges in this State or some colleges and universities outside of the State of Florida. Repeated courses are honored by State universities in Florida upon completion of the A.A. Degree.

*NOTE: GPA's are NOT changed for courses repeated after a student receives an AA Degree (Per Articulation Agreement).

**NOTE: Students on V.A. Benefits should be aware that the Veterans Administration WILL NOT PAY for a repeated course in which a grade of "D" or better has been earned.

REQUIREMENTS FOR GRADUATION

General requirements for graduation from Okaloosa-Walton Junior College must be met by all students seeking a degree without regard to the degree to be granted. Final responsibility for meeting the requirements for graduation rests with the student. It is the student's responsibility to make sure that all requirements for graduation have been met; if the student is in doubt about course requirements, the academic advisor should be contacted before each registration.

I. Students must have a total of 64 semester hours for graduation, including a minimum of 40 semester hours of General Education courses for the Associate of Arts Degree; 26 semester hours of General Education courses for the Associate of Science Degree; or 16 semester hours of General Education courses for the Associate of Applied Science Degree. The remaining hours in each program may be taken in any one of the prescribed programs or in a planned program approved in writing by the Dean of Instruction.
2. Pursuant to Florida statutes and FAC Rules, each student seeking an associate degree must demonstrate mastery of certain minimum academic skills. Therefore, each semester all persons applying for a degree will have an opportunity to take the statewide standardized test as used in all public colleges and universities. Refresher courses are offered both prior to and subsequent to the testing dates for the benefit of students who may wish to review the essential communications and computational skills.

3. Each graduate must be in attendance during the semester in which the degree is earned and must have earned from Okaloosa-Walton Junior College no less than 15 semester credit hours. If a student leaves the College and later applies for a degree he/she must have met the degree requirements at the time of his/her last OWJC enrollment and must have earned 15 semester hours of OWJC credit. Exceptions to these stipulations may be granted only by special written request submitted to the Registrar and approved by the Dean of Instructional Programs.

4. A grade-point average of not less than 2.0 ("C") must be attained on the cumulative total of all work attempted at OWJC or by transfer. The minimum grade-point average for all course work attempted at OWJC must be 2.0 ("C"). Any credits accepted for transfer to this institution shall be "C" work or better, or shall be provisional (in the case of "D" grades from a properly accredited institution of higher education) upon attainment of an academic record at Okaloosa-Walton Junior College which compensates for the grade-point deficiency involved.

5. Qualification for graduation with Honors or High Honors shall be computed on the total of all degree work attempted whether at OWJC or by transfer. A student shall graduate with Honors or High Honors, however, only if the degree work done at OWJC qualifies for Honors or High Honors in its own right, also.

6. Four (4) semester hours of Physical Education activity credit are required for graduation. All regularly enrolled students seeking an A.A. or A.S. degree should enroll in at least one activity course each semester until the four semester hour requirement is met.

Students who are exempt from participation in physical education activity courses must make up the four semester credit hours by taking non-activity physical education courses.

Exemptions are as follows:

a. Physical Disability: A student with a restrictive physical disability must receive a written statement from a physician. The medical statement must then be submitted to the Physical Education Department Chair for departmental approval. If approval is granted, the medical statement and waiver are submitted to the Dean of Instructional Programs for final approval. These students must make up the 4 semester hours by taking non-activity Physical Education courses.

b. Age: Students who have reached their thirtieth birthday are not required to enrol in Physical Education activity courses but must make up the 4 semester hours by taking non-activity Physical Education courses.
c. Evidence of Extreme Hardship: Students completing requirements by attending evening classes only and/or part-time day students having difficulty in scheduling and/or meeting the requirements must work directly with the Physical Education Chair for a solution to the problem preferably during the first semester of enrollment.

Non-activity courses which meet graduation requirements for persons who are exempt from Physical Education activity courses are as follows:

HES 1400 - First Aid
HES 1000 - Personal and Community Health
HES 2170 - Holistic Health
LEI 2330C - Camp Counseling
LEI 1000 - Introduction to Recreation
PET 1000 - Introduction to Physical Education
EMS 1065 - CPR

6. Students should check with their faculty advisor during their next to last semester to ensure that all graduation requirements will be met by the end of the next semester.

7. Students must make formal application for graduation and if seeking an A.A. Degree, apply for the College Level Academic Skills Test on the proper forms furnished by the Registrar and must meet the deadlines designated in the College calendar which appears in the College catalog. Participation in graduation exercises is expected of all graduates.
PROGRAMS

Okaloosa-Walton Junior College offers three basic degrees which students may pursue for the purpose of completing specific goals. In addition, the College offers occupational certificates and other educational and community services in an attempt to provide total educational opportunities for the community.

The Associate of Arts Degree provides for full-credit transfer to other institutions for the purpose of satisfying the requirements for a baccalaureate degree.

The Associate of Science Degree provides the student with college-credit curricula not specifically designed for transfer but designed to prepare persons for employment or advancement in a specific occupational area. Certain public senior institutions in Florida and in other states do accept Associate of Science Degree students with full credit for transfer.

The Associate of Applied Science Degree provides the student with college-credit curricula not designed for transfer but designed to provide occupational skills required for employment and mid-management experiences for advancement. Certain public senior institutions in Florida do accept Associate of Applied Science Degree students for transfer.

Occupational Certificate Curricula provide students with one year of occupational skill training for employment and for mid-management experiences.

Continuing Education courses provide individuals with an opportunity to increase their occupational efficiency through individual courses or to become more effective in the use of their leisure time. Continuing Education Units (CEU's)* are earned by persons completing these experiences. These CEU's allow individuals to accumulate, update and transfer their records of continuing education as evidence of progress made in fulfilling personal improvement goals.

Associate of Arts Degree Program Requirements

Basic Associate of Arts curricula are offered for those students planning to transfer to a four-year institution for the last two years of their bachelor's degree program. SIXTY-FOUR (64) HOURS REQUIRED FOR GRADUATION.

Courses in Residence. (Credit hours taken at Okaloosa-Walton Junior College.) Minimum requirement of courses taken in residence for an Associate of Arts degree at Okaloosa-Walton Junior College is 15 semester hours of credit immediately preceding graduation.

General Education. The general education program for the Associate of Arts degree at Okaloosa-Walton Junior College embraces a minimum of 40 semester hours of academic credit in the areas of communications, humanities, social sciences, mathematics, sciences, and physical education as follows:

*The number of "CEU’s" granted for a course equals 10 percent of the contact hours of participation in an organized continuing education experience under responsible sponsorship, capable direction, and qualified instruction.
FAC Rules mandate completion of the following actions by all Associate of Arts students prior to receipt of an Associate of Arts degree:

1. **TAKING OF THE COLLEGE LEVEL ACADEMIC SKILLS TEST (CLAST).** This will be administered on October 1, 1983 for students expecting to graduate at the end of Fall Semester 1983; on March 10, 1984 for students expecting to graduate at the end of Spring Semester 1984; and on June 2, 1984 for students expecting to graduate at the end of Summer Semester 1984.

2. **TWELVE (12) SEMESTER HOURS WITHIN SPECIFIED COURSES** which require at least six thousand (6,000) words of written work per course. This requirement is met by passing with a "C" or better grade twelve (12) hours of required English and humanities selected from the courses** listed in bold face print under General Education Requirements for the Associate of Arts Degree.*

3. **SIX (6) SEMESTER HOURS OF MATHEMATICS courses** at the level of college algebra or higher. This requirement is met by passing with a "C" or better grade the six (6) hours of required mathematics listed under General Education Requirements for the Associate of Arts Degree.*

**GENERAL EDUCATION REQUIREMENTS**

**ASSOCIATE OF ARTS DEGREE**

[40-Semester-Hour Minimum]

*If a student believes he/she already possesses the knowledge to be gained from taking any of the above courses, he/she is invited to refer to the information on Comprehensive Examination and other non-traditional options on page 49 as an accelerated means for meeting this requirement.

**Communications and humanities courses listed on this page meet the 6000 word writing assignment as required by FAC Rule 6A-10.30. Transfer credits earned at another institution in Fall 1982 or later in these courses (minimum grade of "C") must be accompanied by an affidavit (or one must be provided before credit will be granted) attesting to the total words written in each course; if less than 6000 words per course, the transfer credits will be awarded contingent upon successful completion of the balance of the required work through enrollment in ENG 1001 Research Papers, 1 semester hour credit, up to 6000 word writing assignment per credit with a minimum grade of "C." The Research Papers course may be repeated as needed to fulfill the writing requirements of FAC Rule 6A-10.30.

***Mathematics courses listed on this page meet the mathematics requirements for FAC Rule 6A-10.30, and credits earned in the Fall Semester of 1982 or later at OWJC or by transfer shall be based on a minimum grade of "C."
In addition to the required 40 semester hours of General Education, each student must complete an additional 24 hours in a specialization as listed in this section. Other areas of emphasis may be developed under the guidance of a faculty advisor or counselor and approved by the Dean of instruction. NOTE: Some areas of emphasis specify more than 24 semester hours—students should consult their faculty advisor or counselor to select the appropriate courses in the specialized field that will fulfill the 64 hours requirement for graduation.

**General Education Electives.** Students who complete the minimum General Education sequence with less than 40 semester hours will have to complete sufficient additional hours from courses listed above or from the following to reach the 40 semester hours requirement. In some specializations, specific general education courses are designated which are not listed elsewhere—these are unique exceptions.

- ECO 2013 Economics I
- ECO 2023 Economics II
- ENC 1001 English I
- LIT 1201 Approach to Literature
- LIT 2164 Contemporary Literature
- SPC 1600 Speech
- CHM 2210C Organic Chemistry I
- OCE 1005 Introduction to Oceanography
- MET 1010 Atmospheric Science

**MATH—Any college-credit Math Department courses except:**
- MAT 2905 Tutorial
- MAT 2949 Directed Work Study
- MAT 1002 Developmental Math
- MAT 1024 Basic Algebra
- MGF 1114 Contemporary Math

**BIOLOGY—Any college-credit Biology Department course except:**
- BSC 2946 Directed Work Study
- XXX 8299 Tutorial

**CUSTOM DESIGNED ASSOCIATE OF ARTS DEGREE PROGRAM**

Specialized custom programs designed to permit planning of individually developed curricula to satisfy the first two-year requirements of specialized four-year degree programs.

Students seeking a specialized, custom designed program may request approval by the Dean of Instruction and Department Chairman of any of the following disciplines of a specially designed sequence which, with the General Education sequence, will meet degree requirements: Biological Science; Business; Communications; Humanities and the Arts; Mathematics; Physical Education; Physical Science; and Social Science.
OWJC/UWF Science and Technology Program. In cooperation with the University of West Florida, OWJC offers a specialized program designed to prepare students for careers in engineering-related, scientific, and technological fields and leads to a bachelor of science degree in one of the three respective options which follow:

1. Industrial Technology (Engineering Oriented)  
   Industrial Ed.  
2. Physical Electronics (Applied Physics)  
   Physical Science  
3. Systems Science (Business and Scientific Options)  
   Business Ed.

Participants who have had no previous college experience will complete their first sixty-four (64) semester hours of course work at OWJC where they will satisfy their general education requirements and obtain a firm foundation in the mathematics and physical sciences needed and required for their chosen specialization. The last sixty (60) semester hours will be taken with UWF in completing the upper-level course work.

**Associate of Arts Degree for all Options:**

Communications Skills ....................6  
ENC 1101/1102

Humanities ...............................6  
HUM 1020 or ART 1000 or HUM 1200 or MUH 1001; MUL 2111 and MUL 1212, ARH 2050-ARH 2051 or PHI 2010 or REL 2300 or LIT 1201 or LIT 2164, THE 2000

Social Science ............................6  
AMH 2010/2020 or WOH 1012/1022 or POS 1041/1042 or AMH 1041 or POT 1002, and WOH 2240 or INR 2002 or PSY 2012 or SOC 2000

Mathematics ..............................18  
MAC 1411, MAC 1412, MAC 1413, MAP 2302, and MAS 2103

Biological Science .......................4

Associate of Science Degree Program Requirements

Associate of Science Degree programs provide for specialization in technical, business, semi-professional, and supervisory education. Okaloosa-Walton Junior College within its objective of continuing study has developed programs for such studies based on the assumption that self-contained curricula will best equip each student who selects one of the programs to pursue fulfillment of his/her role as a productive citizen. Programs include study and practical applications, both on the job and in the laboratory. SIXTY-FOUR (64) HOURS REQUIRED FOR GRADUATION.

Courses in Residence. (Credit hours taken at Okaloosa-Walton Junior College.) Minimum requirement of courses taken in residence for an Associate of Science Degree at Okaloosa-Walton Junior College is 15 semester hours of credit immediately preceding graduation.

General Education. The general education program for the Associate of Science Degree at Okaloosa-Walton Junior College embraces a minimum of 26 semester hours of academic credit in the areas of communications, humanities, social science, mathematics, science, and physical education, as follows:
ASSOCIATE OF SCIENCE DEGREE
PROGRAM REQUIREMENTS

NOTE***  NOTE***  NOTE***  NOTE***  NOTE***

FAC Rules require that all students receiving an Associate of Science Degree and planning to transfer to a State university shall take the College Level Academic Skills Test. This will be administered on October 1, 1983 for students expecting to graduate at the end of Fall Semester 1983; will be administered on March 10, 1984 for students expecting to graduate at the end of Spring Semester 1984; and will be administered on June 2, 1984 for students expecting to graduate at the end of Summer Semester 1984.

</table>

Specialization. In order to complete requirements for graduation, each student must have earned at least 64 semester hours of credit, with a minimum of 26 in the general education sequence and an approximate total of 38 in a specialization.

*Maximum to be included in the 64 hours required for the degree.

Self-contained curricula are offered by the departments for those students seeking to prepare themselves for entry-level positions in a career field upon completion of the Associate of Science Degree.

Students desiring to complete an Associate of Science Degree may in consultation with a faculty advisor select one of the following specializations.

CHD 2560 Orientation to CDA Credential           1
CHD 2561 CDA Portfolio Building I               1
CHD 2562 CDA Portfolio Building II              1
CHD 2563 CDA Portfolio Building III             1

*Students must see an advisor to select the basic and elective courses for the degree total of 64 semester hours.

INDUSTRIAL EDUCATION DEPARTMENT

AREA OF EMPHASIS: Air Conditioning, Refrigeration and Heating Technology*

General Education courses selected from those listed for AS Degree on page 72.

Specialization Courses                      Sem. Hrs.
ETM 1610C Principles of Air Conditioning, Heating and Refrigeration  6
ETM 1650C Electrical Theory                   6
ETM 1700C Principles of Gas, Electrical, and Solar Heating          6
ACT 2110 Electrical Controls for Air Conditioning and Refrigeration 6
ACT 2740 Commercial Air Conditioning/Refrigeration                  6

Select one of the following courses:
ETD 1701C Drafting I (HVAC)                     6
AER 2171 Automotive Air Conditioning            6
ETM 1616C Air Conditioning, Heating and Refrigeration 6

Select one of the following courses:
BCN 2610 Construction Estimating                3
MTB 1364 Metric Measurement                     3
ENC 1315 Technical Report Writing               3

*Students must see an advisor to select the basic and elective courses for the degree total of 64 semester hours.
AREA OF EMPHASIS: Drafting and Design Technology**
General Education courses selected from those listed for AS Degree on page 72.

Specialization Courses (38 hours required)  Sem. Hrs.
ETD 1701C  Drafting I  6
ETD 1702C  Drafting II  6
ETD 1703C  Drafting III  6
ETD 1704C  Drafting IV  6
ARC 2121C  Architectural Drafting  6
ETE 1318  Industrial Processes  3
MTB 1364  Metric Measurement  3
BCN 2610  Construction Estimating  3
EGN 1130  Descriptive Geometry  3
ETD 1713  Machine Drafting  3
EGN 1120C  Engineering Graphics  3
ETD 2731C  Structural Drafting  3
ETD 1305  Computer/Systems Drafting  3

*Gen. Ed. Math must include Intermediate Algebra or higher.
**Students must see an advisor to select the basic and elective courses for the degree total of 64 semester hours.

AREA OF EMPHASIS: Electronics*
General Education courses selected from those listed for AS Degree on page 72.

Specific General Education Courses:  Sem. Hrs.
ENC 1101  English Communications I  3
ENC 1102  English Communications II  3
HUM 1020  Humanities I (or other Humanities Gen. Ed. courses)  3
MAC 1104  College Algebra  3
PHY 1053C  Physics I  4
PHY 1054C  Physics II  4

Specialization Courses
ETE 1010C  Electronics Technology 1 - D.C.  6
ETE 1020C  Electronics Technology 2 - A.C.  6
ETE 1140C  Electronics Technology 3 - Devices  6
ETE 1161C  Electronics Technology 4 - Circuits  6
ETE 2601C  Electronics Technology 5 - Computers  6
ETE 2442C  Electronics Technology 6 - Microwaves  6

*Students must see an advisor to select the basic and elective courses for the degree total of 64 semester hours.

NOTE: Students must see a Law Enforcement Advisor to select the elective courses and to develop a plan for completing the degree total of 64 semester hours.
Associate of Applied Science Degree
Program Requirements

Associate of Applied Science Degree Programs provide for skill training in industrial, technical, business, and child care. Additional training is provided each student in mid-management areas to better prepare himself/herself for advancement or a supervisory position.

Course in Residence. (Credit hours taken at Okaloosa-Walton Junior College.) Minimum requirement of courses taken in residence for an Associate of Applied Science Degree at Okaloosa-Walton Junior College is 15 semester hours of credit. SIXTY-FOUR (64) HOURS REQUIRED FOR GRADUATION.

General Education. The general education requirements for the Associate of Applied Science Degree at Okaloosa-Walton Junior College embraces a minimum of 16 semester hours of academic credit to be selected from four of the five following areas, subject to approval of the department chairman.

NOTE*** NOTE*** NOTE*** NOTE*** NOTE***
FAC Rules require that all students receiving an Associate of Applied Science Degree who plan to transfer to a State university shall take the College Level Academic Skills Test. This will be administered on October 1, 1983 for students expecting to graduate at the end of Fall Semester 1983; will be administered on March 10, 1984 for students expecting to graduate at the end of Spring Semester 1984; and will be administered on June 2, 1984 for students expecting to graduate at the end of Summer Semester 1984.

</table>

Specialization. In order to complete requirements for graduation, each student must have earned at least 64 semester hours of credit with a minimum of 16 in the general education sequence and an approximate total of 48 in a specialization.

The student is to plan his/her specialized program in consultation with a departmental advisor.

Self-contained curricula are offered by the departments for those students seeking to prepare themselves for entry-level positions in a career field upon completion of the Associate of Applied Science Degree.

Students desiring to complete an Associate of Applied Science Degree may, in consultation with a faculty advisor, select one of the following specializations.

OCCUPATIONAL ELECTIVES FOR THE AAS PROGRAM IN INDUSTRIAL EDUCATION

Occupational Electives. The following courses would be common to any of the AAS Degree programs listed below as occupational electives:

<table>
<thead>
<tr>
<th>ACC 2001</th>
<th>Accounting I</th>
<th>MAR 2101</th>
<th>Salesmanship</th>
</tr>
</thead>
<tbody>
<tr>
<td>BUL 2111</td>
<td>Business Law I</td>
<td>MAR 2302</td>
<td>Introduction to Advertising</td>
</tr>
<tr>
<td>EGN 1120C</td>
<td>Engineering Graphics</td>
<td>MTB 1103</td>
<td>Business Math</td>
</tr>
<tr>
<td>ENC 1210</td>
<td>Technical Report Writing</td>
<td>ETI 1703</td>
<td>Shop Safety</td>
</tr>
<tr>
<td>GEB 1011</td>
<td>Introduction to Business</td>
<td>*SES 1100</td>
<td>Typewriting I</td>
</tr>
<tr>
<td>MAN 2000</td>
<td>Management</td>
<td>SES 2335</td>
<td>Business Communications</td>
</tr>
<tr>
<td>MAN 2100</td>
<td>Human Relations</td>
<td>HES 1400</td>
<td>First Aid</td>
</tr>
<tr>
<td>MTB 1364</td>
<td>Metric Measurement</td>
<td></td>
<td></td>
</tr>
</tbody>
</table>

Other courses by programs which might serve as occupational electives for the following Industrial-Technical AAS Degree are:

**Auto Body:** Beginning course(s) in Air Conditioning, Welding, Electronics Technology, Auto Mechanics programs, and/or ETE 1318-Industrial Processes, ETG 2530-Strength of Materials.

**Air Conditioning:** Beginning course(s) in Drafting, Welding, Electronics Technology, Auto Mechanics programs, and AER 2171.

**Auto Mechanics:** Beginning course(s) in Auto Body, Welding, Electronics Technology, Air Conditioning, and/or ETE 1318-Industrial Processes, ETG 2530-Strength of Materials.

**Commercial Foods:** HFT 2010 Hotel-Motel Management I, HFT 2250 Hotel-Motel Management II, FSS 1246 Commercial Baking, and HES 1400 First Aid.

**Industrial Drafting & Design:** COP 2110-FORTRAN Programming, COP 2170-Basic Language Programming, CRM 1020-Basic Concepts of Data Processing, EGN 1130C-Descriptive Geometry, ETE 1010C-Electronics I, ETE 1020C-Electronics 2, ETC 2321L-Surveying I, ETG 2530-Strength of Materials, ETE 2506-Applied Mechanics: Statics, and ETD 2614C-Electronic Drafting and Fabrication.

**Industrial Electronics:** COP 2110-FORTRAN Programming, COP 2170-Basic Language Programming, CRM 1020-Basic Concepts of Data Processing, ETD 2614C-Electronic Drafting and Fabrication, and ETD 1701C-Drafting I.

**Welding Mechanics:** Beginning course(s) in Auto Body, Air Conditioning, Auto Mechanics, Electronics Technology and/or EGN 1130C-Descriptive Geometry, ETD 1701C-Drafting I, ETD 1702C-Drafting II, ETG 2530-Strength of Materials, and ETG 2506-Applied Mechanics: Statics.

Other courses may be approved upon written recommendation to the Dean of Instruction by the department advisor.

*Required for Graphics/Printing students.
OCCUPATIONAL CERTIFICATE PROGRAMS

Certificates are issued for completion of one year of skill training (30 to 36 semester hours) in the following programs.

Admission requirements are the same as those for the Associate of Applied Science.

Each graduate must be in attendance at OWJC during his/her last term. A grade-point average of not less than "C" must be obtained on the accumulative total of all courses which are attempted that are required for a specific occupational certificate. Further, the minimum grade-point average for all required occupational certificate course work attempted at OWJC must be 2.0 ("C").

Students must make formal application for certificates on the proper form furnished by the Registrar.

Students desiring information or wishing to enter one of the certificate programs are to see the Department Chair of the department which has the program.

Appropriate course substitutions may be made by the Dean of Instruction, upon written recommendation by the Department Chair.

*NOTE—These programs are NOT approved for veterans training.

CONTINUING EDUCATION

ADULT BASIC EDUCATION

Individualized instruction leading to a mastery of the basic skills needed by adults to function in today's complex society. Persons completing this program can usually pass the General Educational Development Test (GED), if they elect to take the exam at their expense.

GENERAL EDUCATION DEVELOPMENT [GED] AND ADULT HIGH SCHOOL DIPLOMA

Course work for high school units and to prepare individuals for the GED Test are available. Persons passing the GED Test as well as those who earn sufficient credits by class attendance and pass the State exam, are awarded a high school diploma by the State of Florida.

Selected continuing education courses meeting 45 contact hours earn 4.5 continuing education units and may also earn 1/2 unit applicable toward a high school diploma. A program of study for adult high school students will be developed, upon request, by an OWJC counselor/advisor that specifies the appropriate academic and elective high school units.

VOCATIONAL UPGRADING

Course work to prepare individuals for advancement or upgrading in their occupations is available.

ENRICHMENT COURSES

Enrichment or avocational courses are available to provide individuals an opportunity to become more effective in the utilization of their leisure time. These courses are self-supporting and are offered as needed.
FLORIDA'S STATEWIDE COURSE NUMBERING SYSTEM

The course numbers appearing in the catalog are part of a statewide system of prefixes and numbers developed for use by all public postsecondary and participating private institutions in Florida. One of the major purposes of this system is to make transferring easier by identifying courses which are equivalent, no matter where they are taught in the state. All courses designated as equivalent will carry the same prefix and last three digits.

The classifying and numbering of courses was done by community college and university faculty members in each academic discipline. Their work was reviewed by faculty members in all of Florida’s postsecondary institutions who made suggestions and criticisms to be incorporated into the system.

The course numbering system is, by law, descriptive and not prescriptive. It in no way limits or controls what courses may be offered or how they are taught. It does not affect course titles or descriptions at individual schools. It seeks only to describe what is being offered in postsecondary education in Florida in a manner that is intelligible and useful to students, faculty, and other interested users of the system.

The course numbering system was developed so that equivalent courses could be accepted for transfer without misunderstanding. Each public institution is to accept for transfer credit any course which carries the same prefix and last three digits as a course at the receiving institution. For example, if a student has taken SOC 000 at a community college, he cannot be required to repeat SOC 000 at the school to which he transfers. Further, credit for any course or its equivalent, as judged by the appropriate faculty task force and published in the course numbering system, which can be used by a native student to satisfy degree requirements at a state university can also be used for that purpose by a transfer student regardless of where the credit was earned.

It should be noted that a receiving institution is not precluded from using non-equivalent courses for satisfying certain requirements.

General Rule for Course Equivalencies

All undergraduate courses bearing the same alpha prefix and last three numbers (and alpha suffix, if present) have been agreed upon to be equivalent. For example, an introductory course in sociology is offered in over 40 postsecondary institutions in Florida. Since these courses are considered to be equivalent, each one will carry the designator SOC 000.

First Digit

The first digit of the course number is assigned by the institution, generally to indicate the year it is offered; i.e., “1” indicates freshman year, “2” indicates sophomore year. In the sociology example mentioned above, one school which offers the course in the freshman year will number it SOC 1000; a school offering the same course in the sophomore year will number it SOC 2000. The variance in first numbers does not affect the equivalency. If the prefix and last three digits are the same, the courses are substantively equivalent.
Titles

Each institution will retain its own title for each of its courses. The sociology courses mentioned are titled at different schools as "Introductory Sociology," "General Sociology," and "Principles of Sociology." The title does not affect the equivalency. The courses all carry the same prefix and last three digits; that is what identifies them as equivalent.

Lab Indicators

Some courses will carry an alpha suffix indicating a lab. The alpha suffixes "L" and "C" are used as follows to indicate laboratories:

"L" means either (a) a course, the content of which is entirely laboratory or (b) the laboratory component of a lecture-lab sequence in which the lab is offered at a different time/place from the lecture course.

"C" means a combined lecture-lab course in which the lab is offered in conjunction with the lecture at the same time/place.

Examples: Marine Biology OCB 013 (lecture only)
Marine Biology OCB 013L (lab only)
Marine Biology OCB 013C (lecture & lab combined) with lab

Therefore, OCB 013C is equivalent to OCB 013 plus OCB 013L.

Equivalency of Sequences

In certain cases, sequences of courses in a given discipline are equivalent rather than the individual courses which make up these sequences. (For example, MAC 132, 133, 134). In these cases the subject matter topics may not be taught in the same sequence, course by course, in several institutions; however, upon completion of the full sequence at any of the several institutions, students have completed substantively equivalent content. These sequences are clearly identified in the Course Equivalency Profiles.

Explanation of Prefixes and Numbers

Prefixes and numbers in the course numbering system are not chosen at random; they are designed to describe course content in an organized fashion within a classification system developed for each subject matter area.

Generally, each of the major classifications in a discipline is represented by a three-alpha prefix. In some cases, one three-alpha prefix has been sufficient for the entire discipline. A discipline may use as many prefixes as necessary to accommodate its major classifications. The logic of the system allows it to be infinitely expandable with minimal disruption to existing numbers.

History, for example, has seven prefixes: AFH, African History; AMH, American History; ASH, Asian History; EUH, European History; HIS, History-General; LAH, Latin American History; and WOH, World History. All history courses in the state will carry one of these prefixes.
A more specific example is AMH 3421.

A M H 3 4 2 1

Early Florida History

Broad Area of American History; part of discipline of History

Junior level offering (at this particular institution)

In Taxonomy for AMH 400 series indicates "Areas in American History"

Last digit in this case refers to group of equated courses dealing with "Early History of Florida"

In Taxonomy for AMH this digit indicates courses in "History of Florida"

(Local titles are used for each particular course. The last three numbers are used to indicate equivalency.)

The number of prefixes is a function of the extent of the subclassifications of the given subject matter area.

When this work began there were 920 alpha prefixes in existence; with the new system there are now 370. As in most states, there existed no uniformity in Florida's prefixes as indicated by the example below:

<table>
<thead>
<tr>
<th>Discipline</th>
<th>Before</th>
<th>After</th>
</tr>
</thead>
<tbody>
<tr>
<td>History</td>
<td>20</td>
<td>7</td>
</tr>
<tr>
<td>Sociology</td>
<td>24</td>
<td>3</td>
</tr>
<tr>
<td>Philosophy</td>
<td>23</td>
<td>4</td>
</tr>
<tr>
<td>Religion</td>
<td>27</td>
<td>1</td>
</tr>
<tr>
<td>Mathematics</td>
<td>50</td>
<td>10</td>
</tr>
<tr>
<td>English</td>
<td>39</td>
<td>6</td>
</tr>
<tr>
<td>Nutrition</td>
<td>38</td>
<td>4</td>
</tr>
</tbody>
</table>

Although it is true that a student majoring at one of the 38 participating institutions may have had only one alpha prefix for his major (e.g., HY-History) and now he will have seven, all prefixes in the same subject matter areas will be the same throughout these institutions.

A complete inventory of taxonomic listings, equivalent and unique courses, has been made available to each academic department of every institution in the state. Students, through their logic advisors, should use this information in designing programs which will transfer smoothly.
Exceptions to the Rule for Equivalencies

The following are exceptions to the general rule for course equivalencies:

A. All graduate level courses (except those which the faculty and their reviewing colleagues have determined to be substantively equivalent with undergraduate courses) are not automatically transferable.

B. All numbers which have a second digit of "9" (Ex.: ART 2905) are "place keeper" numbers for such courses as directed independent study, thesis hours, etc. Courses with 900 numbers must be evaluated individually and are not automatically transferable.

C. All internships, practicums, clinical experiences and study abroad courses, whatever numbers they carry, are not automatically transferable.

D. Performance or studio courses in art, dance, theatre, and music are not automatically transferable but must be evaluated individually.

Authority For Acceptance of Equivalent Courses

The following amendment to Section 6A-10.24(7) of the Articulation Agreement was approved by the Community Colleges Council on Instructional Affairs, the Presidents Council, the Division of Community Colleges, the State University System Council of Vice Presidents for Academic Affairs, the Council of Presidents and the Board of Regents. It was adopted by the State Board of Education on March 7, 1978: "... Students who earn credit in a course determined by the appropriate faculty task force to be equivalent and which is published in the statewide course numbering system, and who later transfers to another institution within the system can transfer and use the credit in that course at the receiving institution for the same purpose as that course can be used by native students who complete the course at the receiving institution."

COURSE DESCRIPTIONS

The courses which are offered by Okaloosa-Walton Junior College are listed below in alphabetical and numerical order.

Since various courses are dependent upon mastery of certain competencies, or prerequisites, admission to any course is subject to approval by the respective department chair.

ACC 2001  Accounting I, 3 semester hours, 45 lec. [Fall, Spring, Summer]
Principles of sole proprietorship. Use of journals, ledgers, trial balance, preparation of work sheets, balance sheets profit and loss statements, controlling accounts and subsidiary ledgers. Voucher systems, partnerships, corporation accounting, practice sets and problems required.

ACC 2021  Accounting II, 3 semester hours, 45 lec. [Fall, Spring, Summer]
Partnership formation and liquidation, corporate stocks and capital equity transactions, financing with long-term liabilities, branch and departmentalization, funds flow and financial position statements, consolidation: pooling and purchasing, and analyzing interpreting statements. Prerequisite: ACC 2001.

ACC 2022  Managerial Accounting, 3 semester hours, 45 lec. [Offered as needed]
The basic principles of accounting techniques for the preparation of Internal reports related to the management of the firm and the interpretation of financial data useful in the decision-making process within the economic framework of the firm. Prerequisites: Accounting I and Accounting II.

ACC 2509  Tax Accounting, 3 semester hours, 45 lec. [Offered as needed]
Determining income of individuals, partnerships and corporations for income tax purposes; interpretations of Internal Revenue Code, related regulations, and tax advisory services; payroll tax return of business firms. Prerequisite: ACC 2001/2021 or permission of the instructor.

ACT 2110  Electrical Controls for Air Conditioning and Refrigeration, 6 semester hours, 75 lec., 105 lab. [Offered as needed]
A course designed to prepare the student to diagnose and correct malfunctioning which may occur in air conditioning and refrigeration units. Prerequisite: ETM 1650C.

ACT 2740  Commercial Refrigeration and Air Conditioning, 6 semester hours, 75 lec., 105 lab. [Offered as needed]
A course designed to prepare the student to become familiar with commercial refrigeration and air conditioning systems, to properly size, install and/or service these systems and components. Prerequisites: ETM 1610C and ETM 1650C.
AER 1000  Shop Familiarization, 3 semester hours, 15 lec., 75 lab. [Offered as needed]
Shop safety; first aid; use and care of hand tools and shop equipment.
Study of shop layouts and shop procedures.

AER 1100  Automotive Charging Systems, 3 semester hours, 15 lec., 75 lab.
[Offered as needed]
In-depth study of automotive charging systems. Includes practical experience.

AER 1101  Electrical Accessory Circuits, 3 semester hours, 15 lec., 75 lab. [Offered as needed]
Study of automotive accessories to include horns, switches, indicating devices, headlights, wipers, radios, directional signals and blowers.

AER 1105  Electrical Fundamentals and Cranking Systems, 3 semester hours, 15 lec., 75 lab. [Offered as needed]
Study of electrical fundamentals as pertains to the automobile. In-depth study of automobile cranking systems. Includes practical experience.

AER 1110  General Engines, 3 semester hours, 15 lec., 75 lab. [Offered as needed]
In-depth study of engine fundamentals as related to construction and operation of internal-combustion engines used in modern automobiles.

AER 1120  Auto Suspension, Steering, & Brakes, 6 semester hours, 30 lec., 150 lab. [Offered as needed]
A course in the fundamentals of diagnosing and repairing automotive malfunctions in the area of suspension, steering, and brakes. Includes lecture, demonstration, practical application activities and performance tests.

AER 1132  Power Train, 3 semester hours, 15 lec., 75 lab. [Offered as needed]
Study and practical experience covering the clutch, standard transmission, automatic transmission, drive line, and differential.

AER 1142  Fuel, Lub and Cooling Systems, 6 semester hours, 30 lec., 150 lab.
[Offered as needed]
A course in the fundamentals of diagnosing and repairing automotive malfunctions in automotive fuel, lubrication, and cooling systems. Includes lecture, demonstrations, practical application activities, and performance testing.

AER 1150  Ignition Systems, 3 semester hours, 15 lec., 75 lab. [Offered as needed]
In-depth study of theory and function of automotive ignition systems. Instruction in operation of modern diagnostic equipment used in engine tune-up. Includes practical experience.

AER 1180  Cooling and Lubrication Systems, 3 semester hours, 15 lec., 75 lab. [Offered as needed]
In-depth study and practical experience relating to cooling and lubrication systems in use in today's automobiles.

AER 1211  Body Repair I, 6 semester hours, 30 lec., 150 lab [Offered as needed]
Auto body construction, basic hand and power tools, damage assessment, shop safety and procedures, human relationships. Metal straightening, shrinking sheetmetal, filling dents, pull rods, welding and cutting.
AER 1212  Body Repair II, 6 semester hours, 30 lec., 150 lab. [Offered as needed]
Auto body construction, basic hand and power tools, damage assessment, shop safety and procedures, human relationships. Straightening panels, replacing fenders and panels, repairing fiberglass bodies, auto body maintenance, replacing windshields. Prerequisite: AER 1211 or permission of the instructor.

AER 1213  Body Repair III, 6 semester hours, 30 lec., 150 lab. [Offered as needed]
Auto body construction, basic hand and power tools, damage assessment, shop safety and procedures, human relationships. Aligning hoods and deck lids, adjusting doors, door hardware, interior trim and weatherstrip lower seats and windows. Prerequisite: AER 1212 or permission of instructor.

AER 1214  Body Repair IV, 6 semester hours, 30 lec., 150 lab. [Offered as needed]
Auto body construction, basic hand and power tools, damage assessment, shop safety and procedures, human relationships. Frame and unitized body straightening, cutting and welding, wheel alignment. Prerequisite: AER 1213 or permission of the instructor.

AER 1221  Body Refinishing I, 6 semester hours, 30 lec., 150 lab. [Offered as needed]
Auto body construction, basic hand and power tools, damage assessment, shop safety and procedures, human relationships. Surface preparation for painting, metal straightening, filling dents, sanding, masking. Prerequisite: AER 1211 or permission of the instructor.

AER 1222  Body Refinishing II, 6 semester hours, 30 lec., 150 lab. [Offered as needed]
Auto Body construction, basic hand and power tools, damage assessment, shop safety and procedures, human relationships. Preparing paint, matching colors, spray painting equipment, how to spray paint.

AER 1777  Diesel Repair I, 3 semester hours, 15 lec., 75 lab. [Offered as needed]
A course intended for students who wish to develop basic skills in the area of diesel repair. Includes use of shop tools and safety procedures; fundamentals of diesels; diesel components and subsystems; operation, testing, maintenance, and service procedures.

AER 1779  Diesel Repair II, 3 semester hours, 15 lec., 75 lab. [Offered as needed]
An advanced course in diesel repair involving diagnosis and repair of major diesel systems, use of specialized tools, use of advanced diagnostic equipment and techniques, and examination of parts for functionality and wear. Prerequisite: AER 1777.

AER 2103  Automotive Electrical Systems, 6 semester hours, 30 lec., 150 lab. [Offered as needed]
A course in the fundamentals of diagnosing and repairing malfunctions to automotive electrical systems. Includes lecture, demonstrations, practical application activities, and performance testing.

AER 2112  Automotive Engines, 6 semester hours, 30 lec., 150 lab. [Offered as needed]
A course in the fundamentals of diagnostics and repairing automotive malfunctions in the area of automotive engines. Includes lecture, demonstrations, practical application activities, and performance testing.

</table>
ART 1701C  Sculpture I, 3 semester hours, 60 lab., 15 lec. [Offered as needed]
An introductory course in the technical and aesthetic considerations of creating sculptural forms. Includes a wide range of possible materials and expressions, those used in the past and those being used currently, in both the reductive and additive methods. Students will be expected to solve problems in several different media that best expresses their particular sensibilities.

ART 1702C  Sculpture II, 3 semester hours, 15 lec., 60 lab. [Offered as needed]
A course in the creation of ceramic sculptural forms. Includes a wide range of possibilities in the use of ceramic materials to produce non-utilitarian forms. (It is expected that the student have a basic knowledge of clay and glazes as a prerequisite). Prerequisites: ART 1100C Ceramics I or permission of the instructor.

ART 2510C  Painting I, 3 semester hours, 60 lab., 15 lec. [Offered as needed]
Problems of constructing a composition in color. The academic method of painting and student experimentation. Prerequisite: ART 1301C or permission of the instructor.

ART 2520C  Painting II, 3 semester hours, 60 lab., 15 lec. [Offered as needed]
Technique is stressed as an end result of approach to subject matter, development of abstraction through the use of theory. Prerequisite: ART 2510C or permission of the instructor.

BAN 1110  Principles of Bank Operations, 3 semester hours, 45 lec. [Offered as needed]
This course presents the fundamentals of bank functions in a descriptive fashion so that the beginning banker may acquire a broad (and operational) perspective. The descriptive orientation is intentional.

BAN 2240  Instalment Credit, 3 semester hours, 45 lec. [Offered as needed]
In this course, the techniques of instalment lending are presented concisely. Emphasis is placed on establishing the credit, obtaining and checking information, servicing the loan, and collecting the amounts due. Each phase of a bank's instalment credit operation is carefully scrutinized. Other topics discussed are inventory financing, special loan programs, business development and advertising, and the public relations aspect of instalment lending.

BAN 2900  Directed Study-Banking 1 semester hour, 30 lab. [Offered as needed]
A directed study designed to enable the student interested in banking to pursue an in-depth study of a specialized area of banking.

BCH 2033C  Elementary Biochemistry, 4 semester hours, 45 lec., 30 lab. [Offered as needed]
The course is designed for students of health sciences, biology and related areas to acquire a basic understanding of the fundamental concepts of organic and biological chemistry.

BCN 2610  Construction Estimating, 3 semester hours, 30 lec., 30 lab. [Offered as needed]
A basic course in estimating as it relates to industry in general. Covers related references, estimating methods, take-off organization and presentation, material take-off, and actual estimating projects relating to specific industrial fields. Prerequisite: Must have completed at least the basic course in Drafting, Masonry, Air Conditioning and Refrigeration, or Welding or have equivalent work experience or the permission of the instructor.
BOT 1010C  Botany, 4 semester hours, 45 lec., 30 lab. [Fall, Spring, Summer]
A course designed to introduce the student to the biological principles of the plant kingdom with emphasis on the flowering plants.

BOT 2011C  Advanced Botany, 4 semester hours, 30 lec., 60 lab. [Offered as needed]
A survey of the algae and fungi with emphasis on the structure, reproductive processes, and phylogenetic relationships of the principal groups. Related fields of physiology, ecology, genetics, and taxonomy are frequently called upon to interpret the more dynamic aspects of plant form. Prerequisite: General Botany.

BSC 1905  Independent Study-Biology, 1 semester hour [Fall, Spring, Summer]
A course designed to (1) allow a student to complete part of a course taken elsewhere and thereby complete general education requirements, (2) to go deeper into special areas of interest. Permission of department chair.

BSC 2905  Tutorial Biology, 1 semester hour [Fall, Spring, Summer]
An experience in individual depth study in which one student prepares for and engages in tutoring another for two class periods a week.

BSC 2946  Directed Work Study—Biology, 1 semester hour, 90 lab. [Fall, Spring, Summer]
Directed experience in instructional, laboratory and/or materials assistance in a designated biology area. Entry by permission of department chair only.

BUL 2111  Business Law I, 3 semester hours, 45 lec. [Fall, Spring, Summer]
Introductory course in business law with objective of presenting the law underlying business transactions. Course includes the study of the Law of Contracts, the Law of Bailments, and the law of sales based on the UNIFORM COMMERCIAL CODE. Recommended for all business students.

BUL 2112  Business Law II, 3 semester hours, 45 lec. [Fall, Spring, Summer]

CCJ 1000  Crime and Delinquency, 3 semester hours, 45 lec. [Spring]
A study of the nature and causes of crime and delinquency; the development of delinquent and criminal behavior; specific behavioral problems of addicts, compulsive and habitual offenders and juvenile offenders.

CCJ 1020  Introduction to Criminal Justice, 3 semester hours, 45 lec. [Fall, Spring]
An introduction to the philosophical and historical background of law enforcement and the administration of criminal justice. Organization and jurisdiction of local, state, and federal law enforcement agencies. Court and Criminal procedures. Career opportunities in Criminal Justice field.
CCJ 1192  Crisis Intervention, 3 semester hours, 45 lec. [Offered as needed]
A study of the nature and causes of human stress in crisis situations involving criminal justice practitioners to include law enforcement, judicial and correctional personnel: definitions, recognition and assessment, general calming techniques, intervention; safety, abnormal behavior and suicide, role playing, causes of psychological and physiological stress agents inherent in the duties of criminal justice practitioners and countermeasures to anxiety and stress reduction. Permission of the instructor needed.

CCJ 1210  Criminal Law, 3 semester hours, 45 lec. [Fall, Spring, Summer]
Fundamentals of Criminal Law to include historical background and development, jurisdiction, the criminal act and responsibility. Classification and analysis of Florida statutes.

CCJ 1270  Criminal Procedure, 3 semester hours, 45 lec. [Fall, Spring, Summer]

CCJ 1400  Police Organization and Administration, 3 semester hours, 45 lec. [Offered as needed]
Principles of organization and administration in law enforcement; fundamentals of police planning: budget analysis, recruitment, training, and assignments; disciplinary problems and methods of control; cooperation with other agencies; public relations; records and inspection.

CCJ 1500  Juvenile Delinquency, 3 semester hours, 45 lec. [Offered as needed]
A study of the nature and causes of juvenile delinquency, the development of the delinquent and criminal behavior, specific criminal justice subsystem (law enforcement, judicial, corrections) problems dealing with juvenile delinquents from initial contact through final disposition and treatment.

CCJ 1935  Criminal Justice Seminar, 3 semester hours, 45 lec. [Offered as needed]
Exploration, development and discussion of contemporary problems, in the Criminal Justice System.

CCJ 1941  Internship—Police Science, 3 semester hours [Offered as needed]
On-the-job training in the Associate of Science/Associate of Applied Science degree program in which the student is enrolled. The student is under the supervision at work of a qualified supervisor. The supervisor will rate the student’s performance, knowledge, comprehension, dependability, initiative, cooperativeness, and total performance. A project paper or approved project will be submitted by the student three weeks prior to the close of the semester. May be repeated four times for a total of 12 semester hours. Prerequisite: Must be enrolled in at least one other course in the respective degree program.

CJT 2341  Police Procedures and Techniques, 3 semester hours, 45 lec., [Offered as needed]
A basic course in police procedure development encompassing arrest procedures, searching techniques, vehicle searches, prisoner control and transportation and personal safety, rescue and aid. (Formerly CCJ 2230)
CCJ 2300  Penology and Corrections, 3 semester hours, 45 lec. [Fall]  Theories of punishment and incarceration; the organization of correction programs and institutions, principles of probation and parole, role of parole and probation officers, legal implications; problems of rehabilitation.

CCJ 2905  Independent Study—Criminal Justice, 1 semester hour, 45 lab. [Fall, Spring]  Directed study and individual projects designed to meet the student's interests in a specialized area of Criminal Justice for which present course availability is limited. Prerequisite: Permission of the instructor.

CHD 1220  Child Growth and Development I, 3 semester hours, 45 lec. [Fall]  Growth and development of the child from conception through age five, including the physical, social, emotional and mental development of the young child, influence of environment, principles and theories of development.

CHD 1230  Child Growth and Development II, 3 semester hours, 45 lec. [Spring]  Study of the physical, emotional, social, and intellectual growth and development of the school age child (6 through 12 years) up to preadolescence. Includes dynamics of behavior, child guidance and needs of exceptional children.

CHD 1430  Observing and Recording Child Behavior, 3 semester, 30 lec., 45 lab [Fall]  Designed to increase objectivity and proficiency in observing and interpreting children's behavior; in addition, to increase awareness of normative patterns of children from birth through five years of age.

CHD 2322  Programs for Young Children, 3 semester hours, 45 lec. [Spring]  Study of principles and practices of programs for young children; current research in early childhood education, role of the teacher, and selection and use of equipment and materials for groups of young children.

CHD 2332  Curriculum for Young Children II, 4 semester hours, 15 lec., 90 lab. [Spring and as needed]  Study of and development of effective skills and techniques used in program planning and use of creative media for young children.

CHD 2334  Curriculum for Young Children III, 4 semester hours, 15 lec., 135 lab. [Spring and as needed]  Study of the principles, methods, and materials used to assist young children acquire basic skills to use language effectively and competently; evaluation and development of appropriate teaching materials to use with young children.

CHD 2337  Curriculum for Young Children IV, 4 semester hours, 15 lec., 135 lab. [Spring and as needed]  Study of the basic concepts, methods, and materials of mathematics, science, and social studies appropriate to the education of young children; identification of the role of staff members in the center for the education of young children; and overview of parent education.
CHD 2432  Curriculum for Young Children I, 3 semester hours, 15 lec., 90 lab. [Fall, Summer]
Study of the techniques of using language arts, science, art, social studies, music, mathematics, and physical activities with young children. Participation in Child Development Education Center.

CHD 2433  Child Development Seminar, 3 semester hours, 45 lec. [Spring and as needed]
Weekly seminar to critique performance and plan effective intern experience. Prerequisite: CHD 2332, 2334, or 2337 or permission of the instructor.

CHD 2560  Orientation to CDA Credential, 1 semester hour, 15 lec., 5 lab. [Offered as needed]
A course including orientation to the Child Development Associate credentialing process; preassessment by means of written evaluation, skill test and observation of student's performance with young children; and development of student assessment plan.

CHD 2561  Portfolio Building I, 1 semester hour, 45 lec., 5 lab. [Offered as needed]
An introductory course in portfolio building including requirements of a CDA portfolio and alternative formats. Focuses on developing autobiographical sketches and documenting competencies relating to setting up and maintaining a safe and healthy learning environment (CDA Competency #1).

CHD 2562  Portfolio Building II, 1 semester hour, 15 lec., 30 lab. [Offered as needed]
A course focusing on portfolio building with emphasis on advancing physical and intellectual competency (CDA competency #2) and building a positive self concept and individual strength (CDA competency #3).

CHD 2563  Portfolio Building III, 1 semester hour, 30 lec., 45 lab. [Offered as needed]
A course focusing on portfolio building with emphasis on organizing and sustaining positive functioning of children and adults in a group learning environment (CDA competency #4); bringing about optional coordination of home and center childrearing practices and expectations (CDA competency #5); and carrying out supplementary responsibilities related to the children's programs (CDA competency #6).

CHM 1020  Chemical Science, 4 semester hours, 60 lec. [Fall, Spring, Summer]
Fundamental principles and theories of the dual nature of physical existence, matter and energy; atomic theory; periodicity of elements; dependence of properties on structure; kineticmolecular theory; the nature of chemical bonding; and the collision theory of reactions. Meets graduation requirements for programs other than science and mathematics.

CHM 1045C College Chemistry I, 4 semester hours, 45 lec., 45 lab. [Fall, Spring, Summer]
Quantitative approach to modern theoretical and physical chemistry, with appropriate development of laboratory techniques. Logical treatment of experimental data leading to understanding of (1) particulate, electrical nature of matter and bonding, (2) periodicity of properties of the elements, and (3) relationships of properties to structure. For science majors, pre-medical, pre-engineering students and others who have acceptable backgrounds in chemistry and math.
CHM 1046C  College Chemistry II, 4 semester hours, 45 lec., 45 lab. [Fall, Spring, Summer]
Continuation of CHM 1045C: Solutions, chemical equilibrium and qualitative analysis. Electrochemistry, radiation chemistry and hydrocarbons.

CHM 2210C  Organic Chemistry I, 4 semester hours, 45 lec., 45 lab. [Offered as needed]
Hydrocarbons, stereochemistry, molecular structure, and reaction mechanisms. Prerequisites: Chm 1045C and 1046C or permission of the instructor.

CHM 2211C  Organic Chemistry II, 4 semester hours, 45 lec., 45 lab. [Offered as needed]
Functional groups, IR, NMR, and mass spectroscopy theory. Prerequisite: CHM 2210C.

CJD 1200  Law Officer Skills, 2 semester hours, 15 lec., 30 lab. [Offered as needed]
A skills development course designed to upgrade the auxiliary and/or inservice police officer in the areas of driver improvement, arrest techniques, stress reduction, medical emergencies and use of firearms. A Florida Standards Salary incentive course.

CJD 1250  Interviews and Interrogations, 3 semester hours, 45 lec. [Offered as needed]
An advanced course designed to cover the techniques, methods, principles, and issues of interviewing and interrogations. Course meets Florida Police Standards Salary Incentive Requirements.

CJD 1420  Correctional Law, 3 semester hours, 45 lec. [Offered as needed]
A course in practical law for correctional personnel. Study includes law regulating use of force, civil rights of prisoners, constitutional law, legal service, disciplinary proceedings, parole, and current case law.

CJD 1460  Correctional Operations, 3 semester hours, 45 lec. [Offered as needed]
Responsibilities, powers, and duties of the correctional officer; correctional administration; physical security; facility services; intake, classification and release procedures; special programs; human skills; understanding and responding to inmate behavior and correctional proficiency skills.

CJD 1501  Law Enforcement Instructor Techniques, 3 semester hours, 45 lec. [Offered as needed]
A basic course in instructional principles designed to equip the law enforcement specialist with techniques of classroom and field training methods.

CJD 2310  Supervisor/Police, 5 semester hours, 80 lec. [Offered as needed]
A career development course for full time police officers designed to train the line supervisor.

CJT 1120  Crime Scene Procedures, 3 semester hours, 45 lec. [Offered as needed]
Course emphasizes preliminary investigation techniques, crime scene protection, recording, processing, collection and preservation of evidence, fingerprint technology and legal aspects of evidence.
CJT 1310 Basic Firearms, 1 semester hour, 30 lab. [Offered as needed]
Legal provisions and restrictions on the use of firearms and other police
equipment. Range firing of weapons emphasizing delivearge, point, and
defense shooting. Prerequisite: Open to criminal justice majors or with
permission of instructor.

CJT 1311 Advanced Firearms, 1 semester hour, 30 lab. [Offered as needed]
Instruction and practice in the advanced techniques of selected
firearms. Students will fire the National Police Firearms Combat
Course. Prerequisite: Completion of the Basic Firearms Courses and
permission of instructor.

CJT 2100 Criminal Investigation, 3 semester hours, 45 lec. [Offered as needed]
Fundamentals of investigation; duties and responsibilities of the detective’
interrogation techniques; search and techniques of protecting the
crime scene; collection and preservation of evidence; modus operandi
systems; scientific aids and other sources of information; court preparation
and case follow-up.

CJT 2140 Introduction to Criminalistics, 3 semester hours, 45 lec. [Fall, Spring]
The scientific aspects of investigation and crime scene technology, crime
laboratory functions, ballistics, dactyloscopy and latent print develop-
ment, scientific methods of criminal identification. Prerequisite: Per-
mission of instructor.

CJT 2220 Law Enforcement Photography, 3 semester hours [Offered as needed]
A basic course in police photography techniques to include
photographic principles, illumination, composition, identification,
fingerprint, crime scene, traffic accident, courtroom technician
darkroom and film processing, enlarging, printing and field applica-
tion. By permission of instructor. Prerequisite: CJT 2100 or XXX 6851
or CJT 2340.

CJT 2340 Police Operations, 3 semester hours, 45 lec. [Fall, Spring]
Responsibilities, powers, and duties of the uniformed patrolman; patrol
techniques and procedures; field interrogation and note-taking;
mechanics of arrest and search; handling of the mentally ill; transporta-
tion of prisoners; elements of property protection; fundamental of com-
community relations; mob and riot control, traffic enforcement programs
and techniques.

CJT 2410 Traffic, 3 semester hours, 33 lec. [Offered as needed]
A basic course in traffic fundamentals to include enforcement of the
State of Florida Uniform Traffic Law, accident investigation techniques
and control and regulation of traffic. Safe driving techniques will also
be covered.

CJY 2430 Traffic Accident Investigation, 3 semester hours, 45 lec. [Offered as
needed]
Traffic law and arrest procedures, traffic accident reports, accident
reconstruction, traffic accident investigation, homicide and hit and run
investigation, interviews and interrogations.

CLP 1002 Personal Adjustment, 3 semester hours, 45 lec. [Fall, Spring, Summer]
Psychology of adjustment, application of psychological theory for pro-
blem solving and better mental health. An examination of psychological
defense mechanisms and adaptive behavior.
CNM 1001  Computer Mathematics, 3 semester hours, 45 lec. [Fall, Spring]
An overview mathematics course designed for the student planning to enter the computer field. Includes a study of number systems, basic algebraic techniques, algebraic functions, trigonometric functions, logarithmic functions, simultaneous linear equations, and elementary matrix algebra. Prerequisite: Two years high school Algebra with good grades or beginning College Algebra.

COA 2100  Consumer Education, 3 semester hours, 45 lec. [Offered as needed]
A study of the role of the consumer and consumer goods and services related to the home. The course will encourage wise planning and use of family resources.

COC 1020  Computer Literacy, 3 semester hours, 45 lec. [Offered as needed]
An overall view of computers and how they affect each person as well as society. Some "hands-on" experience. Recommended for non-majors.

COC 1110A  Introduction to Computer Programming, 4 semester hours, 45 lec., 45 lab. [Offered as needed]
An introduction to the BASIC (Beginner All Purpose Symbolic Instruction Code) programming language and flowcharting. Stresses the importance of logical and proper documentation of programs. Designed for students to use knowledge obtained as a tool in their chosen field.

COP 1160  RPG II Programming, 3 semester hours, 45 lec. [Offered as needed]
A survey of RPG II, Report Program Generator II, languages. Primary goal is to build knowledge of RPG II on a step-by-step basis in such a way the student will develop a full understanding of RPG II. Planning, coding, handling tables, use of arrays, and processing of files will be covered. Prerequisites: CRM 1020 and COC 1110.

COP 1170  Basic Programming for the Teacher, 1 semester hour, 15 lec. [Offered as needed]
A comprehensive coverage of the BASIC Programming Language with emphasis on different uses of the computer as a teaching aid.

COP 2110  FORTRAN Programming, 4 semester hours, 30 lec., 60 lab. [Fall, Spring]
An introduction to the computer programming language of FORTRAN. Includes general introduction to computer programming, general programming concepts, elementary problem solving and flowcharting. Involves actual problem solving by the use of the FORTRAN language on the computer. Prerequisites: CRM 1020 or permission of instructor.

COP 2120  COBOL Programming, 4 semester hours, 30 lec., 60 lab. [Fall, Spring]
A survey of an introduction to COBOL programming. Historical development, general concepts and state of the art. COBOL is introduced with emphasis on problem solving. Emphasis on methods of analyzing business problems for computer adaptation. Prerequisite: CRM 1020 or permission of instructor; COC 1110 is suggested.

CRM 1011  Keypunch, 2 semester hours, 15 lec., 30 lab. [Offered as needed]
Development of correct techniques, learning keyboard and development of manual skills.
CRM 1020  Basic Concepts of Data Processing, 3 semester hours, 45 lec. [Fall, Spring, Summer]
A beginning course in computers designed for both the data processing major as well as those students who need a general understanding of the modern computer. A broad overview of digital computers including history of computers, number systems, punched card processing, storage concepts, coding systems, and input/output systems.

CRW 2000  Creative Writing, 3 semester hours, 45 lec. [Offered as needed]
-Creativity in prose, poetry, and drama. All students creations are submitted to publisher’s market. (Formerly CRW 2020)

CRW 2002  Creative Writing II, 3 semester hours, 45 lec. [Offered as needed]
The student compares a major literary work in one of the following genres: prose, poetry, or drama. The student submits his/her manuscript to a publisher. Prerequisite: a beginning writing course, evidence of substantial publication, or departmental permission.

CTE 1310  Clothing Selection and Construction I, 3 semester hours, 15 lec., 60 lab. [Fall and Offered as needed]
A basic course in clothing construction stressing judgment in the selection and use of commercial patterns, development of skill and understanding of construction techniques and fitting. A consideration of art principles as related to clothing.

CTE 1743  Clothing Selection and Construction II, 3 semester hours, 15 lec., 60 lab. [Spring and Offered as needed]
Advanced problems and techniques of clothing construction and alterations. Prerequisite: CTE 1310 or permission of the instructor.

CTE 2350  Tailoring, 3 semester hours, 15 lec., 60 lab. [Spring and as needed]
Tailoring principles and techniques of constructing, fitting and selecting tailored garments. Prerequisite: CTE 1310, CTE 1743.

DAA 1340  Folk Dance, 1 semester hour, 30 lab. [Offered as needed]
Instruction and participation in various Folk Dances.

DEP 2004  Human Growth and Development, 3 semester hours, 45 lec. [Fall, Spring, Summer]
A research-oriented course in human development, covering the life span of the human being from conception to death. Special emphasis placed upon the interrelationships of the stages of development of the normal person.

DIE 1430  Controlling Personal Weight, 1 semester hour [Offered as needed]
A basic course in weight control using behavior modification techniques to change eating habits, as well as nutritional and exercise practices so that desired weight is acquired and maintained. (Self-Supporting).

ECO 2013  Economics I, 3 semester hours, 45 lec. [Fall, or as needed]
Macroeconomics. Basic concepts and principles, national income accounting; fiscal and monetary policy and application, growth economics. Will satisfy General Education elective.
ECO 2023  Economics II, 3 semester hours, 45 lec. [Spring, or as needed]

EDF 1005  Introduction to Education, 3 semester hours, 45 lec. [Fall, Spring, Summer]
Orientation to the profession of teaching and an overview of education in a democratic society. Opportunities to observe activities in local schools. Visits and lectures by resource personnel.

EDP 2002  Educational Psychology, 3 semester hours, 45 lec. [Fall, Spring, Summer]
Significant aspects of the growth and development of children and youth, including physical, social, and intellectual developments as they affect behavior patterns. Psychology as applied in improving the learning process.

EEX 2010  Introduction to Exceptional Children, 3 semester hours, 45 lec. [Offered as needed]
Study of incidence, nature, etiology and services available in connection with exceptional children including: hearing and speech problems; learning disabilities, mental retardation, blind, physically handicapped, gifted, emotional conflicts, also parents of exceptional children. Prerequisites: PSY 2012 or permission of the instructor.

EGN 1120C  Engineering Graphics, 3 semester hours, 30 lec., 30 lab. [Fall, Summer]
Use of instruments, lettering practice; geometric construction; multi-view projection and conventions, auxiliary views, section views, axonometric and oblique projections, rotation, and methods of reproduction.

EGN 1130C  Descriptive Geometry, 3 semester hours, 30 lec., 30 lab. [Offered as needed]
Basic principles of orthographic projection, auxiliary views and rotation as they apply to points, lines and planes in space; addition of coplanar and non-co-planar vectors; intersections and developments; and selected abstract and practical problems.

EMS 1065C  Cardiopulmonary Resuscitation, 1 semester hour, 10 lec., 5 lab. [Offered as needed]
To train the lay-public in the essentials of prudent heart living. To give each trainee a background knowledge of the physiology of the cardiopulmonary system. To train each trainee in the motor skills involved in the application of CPR in the field and to clear obstructed airways. (Formerly 1121C)

EMS 1119C  Emergency Medical Technology, 5 semester hours, 45 lec., 45 lab. [Offered as needed]
Emergency Medical Technology is the first course of training for a career in emergency medical services. The course covers all techniques of emergency medical care considered within the responsibilities of emergency medical technicians as well as operation aspects of the profession. Emergency Medical Technology is a 90 contact hour credit course, 40 additional hours in hospital observation/participation is required. Prerequisite: First Aid and CPR or permission of the instructor. (Formerly EMT 1102C)
EMS 1341C  EMT II: Extrication, 4 semester hours, 45 lab., 45 lec. [Offered as needed]
This course is designed to teach the EMT's the principles of extrication from vehicles and electrified areas, to rapidly assess injuries, to move the victim and use of emergency wreckers on the scene. Prerequisite: EMT I-Certified plus 6 months field experience. (Formerly EMT 1161C)

EMS 1231C  Fundamentals of Emergency Care, 5 semester hours, 60 lec., 45 lab. [Offered as needed]
An overview of the role of the Paramedic, community medical emergency services and supportive agencies, Florida law and principles of jurisprudence, sterilization and asepsis, administration of medications, anesthesiology, vital signs, patient rapport and physical assessment, intravenous therapy and minor surgical assisting procedures. A study of the primary causes, diagnosis and treatment modalities in the emergency care of mothers and children, related pharmacology and supportive procedures. Prerequisite: 1. High School Biology or Chemistry or CHM 1020 or permission of instructor and medical director; 2. EMS 1119C, certification as an EMT-I. (Formerly EMT 1188C)

EMS 1232C  Medical and Surgical Emergencies I, 5 semester hours, 60 lec., 45 lab. [Offered as needed]
An investigation of the causes, Dx and Rx modalities of trauma in the adult patient, psychiatric disorders, metabolic disorders normal-abnormal heart conditions, C.N.S. disorders, EKG application and practice, arrhythmias and related pharmacology. Specific region injuries, including the eyes, face, neck and abdomen. Identification and management of diabetic emergencies, anaphylactic reactions, genitourinary problems and medical emergencies of the geriatric patient. Prerequisite: EMS 1231C, Certification as an EMT I or permission of instructor or Medical Director. (Formerly EMT 1201C)

EMS 1233C  Medical and Surgical Emergencies II, 5 semester hours, 60 lec., 45 lab [Offered as needed]
Advanced techniques of cardiopulmonary care and pathophysiology including continued use of EKG and telemetry, CPR and defibrillation and therapeutics related pharmacology. A&P of respiratory system, musculoskeletal system including management of Fx's, dislocations, sprains, and strains, and also including splinting and immobilization techniques. Protocols and procedures for transferring information to supervising physician, use of radio communications and EKG transmissions. Prerequisite: EMS 1233C. (Formerly EMT 1203C)

ENC 1001  English I, 3 semester hours, 45 lab or lec. [Fall, Spring, Summer]
Study and skill in English grammar, punctuation, syntax, style, and spelling. A modular course requiring successful completion of each section for course completion. (Formerly ENC 1013)

ENC 1101  English Communications I, 3 semester hours, 45 lec. [Fall, Spring, Summer]
Interpretive reading of essays. Instruction and intense practice in expository and argumentative writing. Prerequisite: A score in the 40th percentile or above on a standardized test measuring communications/verbal achievement. (Formerly ENC 1103)
ENC 1102  English Communications II, 3 semester hours, 45 lec. [Fall, Spring, Summer]
Interpretive and critical reading of fiction (novel, novella, short-story),
drama, poetry. Practice in the writing of descriptive and narrative
discourse. Special practice in writing the library research term paper.
Prerequisite: ENC 1103. (Formerly ENC 1136)

ENG 2905  Independent Study-Literature, 1 semester hour [Offered as needed]
A critical study and analysis of a specific literary figure or era. Offered
and directed to meet the needs of students interested in such a specializ-
ed area. By permission of department chair only.

ENG 1001  Research Papers, 1 semester hour, 60 lab. [Fall, Spring, Summer]
A learn-by-doing course in the methods of conducting library research
and writing a documented paper. Students will work in the library on
self-selected subjects under the supervision and guidance of the instruc-
tor in a tutorial relationship. For successful completion, each student
will write a paper documented with footnotes and bibliography in ac-
cordance with a standard system. (Formerly ENC 1251)

ENC 1210  Technical Report Writing, 3 semester hours, 45 lec. [Offered as needed]
The fundamentals of report writing, mechanics and style with practice
in preparing various common types of reports. Prerequisite: ENC 1013
or ENC 1103. (Formerly ENC 1315)

ENC 2940  Directed Work Study-Communications, 1 semester hour [Fall, Spring,
Summer]
Directed experience in instructional, laboratory and/or materials
assistance in a designated Communication area. Entry by permission of
department chair only.

ENC 2941  Tutorial-Communications, 1 semester hour, 30 lab. [Fall, Spring, Sum-
mer]
An experience in individual depth study in which one student prepares
for and engages in tutoring another for two class periods per week.

ENL 2011  English Literature I, 3 semester hours, 45 lec. [Offered as needed]
A study of English literature from the Old English period (Beowulf) 449
through the Age of Reason (Johnson) 1709. With emphasis upon
foreign writers who notably influenced English literature with an
awareness of the influence of English writers upon the cultural and in-
tellectual heritage of the Western World. (Formerly ENL 2030)

ENL 2020  English Literature II, 3 semester hours, 45 lec. [Offered as needed]
A study of English literature from 1709 to present. With emphasis upon
foreign writers who notably influenced English literature and with an
awareness of the influence of English writers upon the cultural and in-
tellectual heritage of the Western World. (Formerly ENL 2040)

ETD 1304  Intro Computer Drafting, 1 semester hour, 15 lec. [Offered as needed]
A course designed to help drafting students develop knowledge and
skills in the area of computer aided drafting. The course will include
general background information on computer drafting theory as well as
presentations on state-of-the-art computer drafting hardware.
ETD 1305  Computer/Systems Drafting Theory, 3 semester hours, 45 lec. [Offered as needed]
A course designed to help students develop knowledge and skills in the areas of computer aided drafting and systems drafting. Topics covered include: an introduction to computer aided drafting; computer aided drafting terminology; computer drafting hardware, software, and users; computer drafting applications; scissors drafting; reprographics; pin-registered overlay drafting; and team drafting. Prerequisite: ETD 1701C or EGN 1120C.

ETD 1306  PCB Drafting, 3 semester hours, 15 lec., 60 lab. [Offered as needed]
A course to teach students principles of printed circuit board design, layout, and tape-on. Topics covered include: schematics logic, single side boards, multilayer boards, art-masters, fabrication drawings, and silkscreen masters. Prerequisites: EGN 1120C, ETD 1701, or permission of instructor.

ETD 1701C  Drafting I, 6 semester hours, 30 lec., 120 lab. [Offered as needed]
The course of a sequence of four in a drafting certificate, AS and AAS programs. Includes basic use of instruments, freehand lettering, geometric construction, orthographic projection, auxiliary views, sections and conventions, screw threads, dimensioning, and reproduction of drawings.

ETD 1702C  Drafting II, 6 semester hours, 30 lec., 120 lab. [Offered as needed]
The second course (one of four) in a drafting certificate, AS and AAS programs. Including related mathematics, tolerance and precision dimensioning per mil standards, pictorial drawings, use of catalogs and handbooks, and descriptive geometry. Prerequisite: ETD 1701C.

ETD 1703C  Drafting III, 6 semester hours, 30 lec., 120 lab. [Offered as needed]
A course in the fundamentals of Mechanical and Machine Drafting. Topics covered include: Geometric dimensioning and True positional tolerancing; threads, nuts, bolts, screws, gears, cams and springs, drafting standards, and preparation of working drawings. Prerequisites: Drafting I, ETD 1701C.

ETD 1704C  Drafting IV, 6 semester hours, 30 lec., 120 lab. [Offered as needed]
A course in the fundamentals of electronics drafting covering such topics as: electronics symbols, Schematic diagrams, connection diagrams, block and logic diagrams, PC board drawings, chassis drawings, and pictorial drawings. Prerequisites: Drafting I, ETD 1701C.

ETD 1713C  Machine Design Drafting, 3 semester hours, 30 lec., 30 lab. [Offered as needed]
An advanced drafting course covering the fundamentals of geometric dimensioning and tolerancing and basic machine, tool, and gauge design. (i.e., general tolerancing, symbols and terms, datums, modifiers, geometric characteristics, true position, metrics) Prerequisite: 7187 and 7188.

ETD 2011  Industrial Print Reading, 1 semester hour. [Offered as needed]
The beginning level aspects of reading industrial prints such as drawing notes, title blocks, revision blocks, legends, schedules, multiviews, and parts list.
ETD 2614C  Electronic Drafting and Fabrication, 1 semester hour, 30 lab. [Spring]
Presentation of drafting practices, component identification, electronic packaging, diagrams, tools, soldering principles, wire preparation and harness assembly, terminal connections, hardware and mechanical assembly. Includes breadboarding, layout, generating parts and wire lists of a system. Prerequisite: ETE 1111C or departmental approval.

ETD 2705C  Advanced Drafting and Design: Mechanical, 2 semester hours, 90 lab. [Fall, Spring]
Mechanical and machine design, schematics and symbols, advanced dimensions and tolerances with emphasis on finished working drawings including details, sub-assemblies, assemblies, and parts list. Prerequisite: ETE 1318 or ARC 1120C.

ETD 2731C  Structural Drafting, 3 semester hours, 15 lec., 60 lab. [Offered as needed]
A course in the fundamentals of structural drafting including: an overview of structural drafting, prestressed concrete drafting, structural steel drafting, and poured-on-site concrete drafting.

ETD 2732  Construction Drafting, 6 semester hours, 30 lec., 60 lab. [Offered as needed]
A course to prepare students to develop shop drawings for large construction projects. Topics covered include: steel, precast concrete, prestressed concrete, poured-in-place concrete, and heavy timber construction projects. Prerequisites: EGN 1120C or ETD 1701C or permission of the instructor.

ETD 2905  Independent Study-Drafting, 1 semester hour [Fall, Spring, Summer]
Practical treatment of special geometry, graphics, and design. Emphasis on individual work projects utilizing such graphical techniques as orthographic projection, perspective drawing, auxiliary views, topographic drawing, and graphing. Prerequisite: EGN 1120C or ARC 1120C, or permission of instructor.

ETE 1010C  Electronics Technology I-DC, 6 semester hours, 45 lec., 135 lab. [Offered as needed]
Introductory course to electronics. Includes theory of matter, OHM’s law, series circuits, parallel circuits, series-parallel circuits, direct current, meters, Kirchhoff’s laws, superposition, Thévenin’s theorem, Mor- ton’s theorem, batteries, magnetism, electromagnetic induction, alternating voltage and current. Proper and proficient utilization of test equipment is stressed.

ETE 1020C  Electronics Technology II-AC, 6 semester hours, 45 lec., 135 lab. [Offered as needed]
Continuation of Electronics Technology I. Includes inductive circuits, capacitive circuits, alternating-current circuits, complex number, resonance, filters, transformers, alternating voltage and current, inductive reactance, inductance, capacitance. Proper and proficient utilization of test equipment is stressed. Prerequisite: ETE 1010C or permission of department chair.
ETE 1140C  Electronics Technology III-Devices, 6 semester hours, 45 lec., 135 lab.  
[Offered as needed]  
An analysis of active devices. Familiarization with basic diodes, transistor and tube theory. Study includes devices such as vidicons, cathode-ray tubes, klystrons, magnetrons, silicon controlled rectifiers, field effect transistors, operational amplifiers and triode tubes. Proper and proficient utilization of test equipment is stressed. Completion of an appropriate electronic construction project is required. Prerequisite: ETE 1020C or permission of department chair.

ETE 1161C  Electronics Technology IV-Circuits, 6 semester hours, 45 lec., 135 lab.  
[Offered as needed]  
Presentation of basic circuits common to all types of equipment and systems. Includes oscillators, amplifiers, detectors, mixers, modulators, transmission lines, logic circuits (flip-flops, gates, etc.) Proper and proficient utilization of test equipment is stressed. Completion of an appropriate electronic construction project is required. Prerequisite: ETE 1140C or permission of department chair.

ETE 1318  Industrial Processes, 3 semester hours, 45 lec. [Fall]  
A study of methods, shop processes and materials as they relate to the production of machine parts, including casting, molding, welding, metal cutting and forming.

ETE 2322C  Electronics Technology VII-Industrial, 6 semester hours, 45 lec., 135 lab.  
[Offered as needed]  
Analysis of special circuits used in industry. Includes timers, light meters, strobes, geiger counters, tachometers, motor speed controls, universal motors, shunt-field, and compound wound D.C. motors, synchronous motors, servos. Completion of an appropriate electronic construction project. Proper and proficient utilization of test equipment is stressed. Prerequisite: ETE 1161C or permission of department chair.

ETE 2442C  Electronics Technology VI-Microwaves, 6 semester hours, 45 lec., 135 lab.  
[Offered as needed]  
Presentation of basic concepts of UHF and microwave generators, klystrons, magnetrons, wave guides, transmitting lines, traveling wave tubes, cavity resonators, velocity-modulating, field strength indicators, coupling methods, antennas, radar and pulse modulation. Completion of an appropriate electronics construction project. Proper and proficient utilization of test equipment is stressed. Prerequisite: ETE 1161C or permission of department chair.

ETE 2601C  Electronics Technology V-Computers, 6 semester hours, 45 lec., 135 lab.  
[Offered as needed]  
Includes binary and octal number systems, basic logic gates, flip-flops, Boolean algebra, Karnaugh mapping, binary counters, serial-parallel addition, code conversion and decoding, and compute system circuitry, such as registers, memory, input/output. Completion of an appropriate electronic construction project. Proper and proficient utilization of test equipment is stressed. Prerequisite: ETE 1161C or permission of department chair.
ETG 1941  Internship-Technical Education, 3 semester hours, 225 lab hours [Offered as needed]
On-the-job training in the Associate of Science or Associate of Applied Science degree program in which the student is enrolled. The student is under the supervision at work of a qualified supervisor. The supervisor will rate the student’s performance, knowledge, comprehension, dependability, initiative, cooperativeness, and total performance. A project paper or approved project will be submitted by the student three weeks prior to the close of the semester. May be repeated four times for a total of 12 semester hours. Corequisite: Must be enrolled in a least one other course in the respective degree program.

ETG 2905  Independent Study-Electronics, 1 semester hour [Fall, Spring, Summer]
Directed study and individual projects designed to meet the needs of students interested in a specialized area of electronics for which present course availability is limited.

ETI 2906  Tutorial—Industrial-Technical, 1 semester hour [Offered as needed]
A program which awards credit recognition to outstanding students who volunteer to assist or tutor other students having remedial and specific academic or laboratory needs in a designated subject. Student tutors are recommended by faculty teaching a designated course and are supervised through the Counseling Office.

ETI 2940  Directed Work Study—Industrial-Technical, 1 semester hour, 90 lab. [Fall, Spring, Summer]
Directed experience in instructional, laboratory and/or materials assistance in a designated industrial-technical area. Entry by permission of department chair only.

ETM 1610C  Principles of Air Conditioning, 6 semester hours, 75 lec., 105 lab. [Offered as needed]
Beginning course in air conditioning and refrigeration with emphasis on basic fundamentals, safety, measuring tools, hand and power tools, soldering and brazing, blueprints, and basic mathematics.

ETM 1616C  Air Conditioning, Heating and Refrigeration, 6 semester hours, 75 lec., 105 lab. [Offered as needed]
A continuation of air conditioning and heating practice with special emphasis on heat/load calculations, duct sizing, and psychrometric properties of air.

ETM 1650C  Electrical Theory for Air Conditioning, 6 semester hours, 75 lec., 105 lab. [Offered as needed]
A study of alternating current, electrical theories and practices as they apply to air conditioning, study of Ohm’s law, basic and advanced circuitry, switches and controls.

ETM 1700C  Principles of Gas, Electrical, and Solar heating, 6 semester hours, 75 lec., 105 lab. [Offered as needed]
A course designed to prepare the student to acquire a working knowledge of gas, electrical, and solar heating systems. Prerequisites: ETM 1610C and ETM 1650C.

FAD 1123  Adults in a Changing Society, 3 semester hours, 45 lec. [Fall, Spring, Summer]
A course focusing on personal development and traditional or non-traditional career options available to adults in today’s changing society.
FFP 1000  Introduction to Fire Science, 3 semester hours, 45 lec. [Offered as needed]
A study of the phenomena and incidents of fire; the principles of fire prevention, suppression, and protection; a review of municipal fire protection ratings and components; survey of professional fire protection career opportunities.

FFP 1100  Fire Protection, Organization and Administration, 3 semester hours, 45 lec. [Fall, Summer]
Principles of organization and administration in fire protection service; the structure and function of battalion and company as components of municipal organizations; duties and responsibilities of the company officer; a study of company personnel management and training, budgeting, records, reports, and public relations.

FFP 2200  Fundamentals of Fire Prevention, 3 semester hours, 45 lec. [Fall, Spring]
Fire prevention organization; techniques of fire prevention interpretation and application of fire code; recognition and elimination of fire hazards; fundamentals of public relations for fire service.

FFP 2240  Arson Detection and Investigation, 3 semester hours, 45 lec. [Offered as needed]
An introduction to arson laws and types of incendiary fires. Students learn methods of determining fire cause, recognizing and preserving evidence, etc. Prerequisite: Sophomore standing in Fire Science Technology or employed Firefighter, or permission of the instructor.

FFP 2300  Fire Codes and Building Construction, 3 semester hours, 45 lec. [Spring, Summer]
A study of fire codes and standards used in building and transportation; role of the State Fire Marshal; fixed fire protection devices; survey of research and standards development. Prerequisite FFP 1000 Introduction to Fire Science.

FFP 2410  Fire Fighting Tactics and Strategy I, 3 semester hours [Fall, Spring]
A study of the basic concepts involved in fire fighting; including fire behavior; fire fighting fundamentals; principles of extinguishment; the proper role for utilization of various fire companies; pre-planning fire problems. Prerequisite: FFP 1000.

FFP 2420  Fire Fighting Tactics and Strategy II, 3 semester hours [Spring, Summer]
A study of the principles utilized on fire ground for maximum man-power and equipment utilization; fire ground administration starting with a small fire, on up through major conflagrations, emphasis will be on developing thinking skills in relation to crises. Prerequisite: FFP 1000 and FFP 2410 Fire Fighting Tactics and Strategy I.

FFP 2500  Explosives and Hazardous Material, 3 semester hours [Offered as needed]
Storage, handling laws, standards, and fire fighting practices pertaining to hazardous solids, liquids, gases, and commercial explosives.

FFP 2600  Fire Apparatus, 3 semester hours [Fall, Spring]
Principles and operation of ladder trucks, pumping engines, and other specialized equipment. Includes study of basic hydraulics.
FFP 2620  Automatic Alarm and Extinguishing Systems, 3 semester hours [Spring, Summer]
A study of the types of fixed extinguishing systems, standard and special fire alarm and fire detection systems. Includes their operation, installation requirements, testing, inspection, maintenance.

FFP 2640  Fire Service Hydraulics, 3 semester hours, 30 lec., 30 lab. [Offered as needed]
A study of the physical laws relating to hydrostatics (fluids at rest) and hydrokinetics (fluids in motion). This course also provides practical experience in performing fire flow tests, pump performance tests and in calculating friction loss in various size hose. Prerequisite—7171 Fire Protection, Organization & Administration or permission of the instructor.

FIN 2230  Money and Banking, 3 semester hours, 45 lec. [Offered as needed]
This course stresses the practical aspects of money and banking and emphasizes the basic inventory theory needed by the banking student to apply knowledge acquired on the job. Historical treatment is kept to a minimum. Emphasis is also placed on such problems as economic stabilization, types of spending, the role of gold, limitations of central bank control, government fiscal policy, balance of payments, and foreign exchange. Prerequisite: ECO 2013/2023.

FRE 1100  French I, 3 lec. [Offered as needed]
Pronunciation and grammatical structures of French, with emphasis upon balanced development of all four skills—listening, speaking, reading, and writing. Students who have successfully completed two or three years of high school French should enroll in French III-IV.

FRE 1101  French II, 3 semester hours, 45 lec. [Offered Spring and Term II Summer]
Pronunciation and grammatical structures of French, with emphasis upon balanced development of all four skills—listening, speaking, reading and writing. Students who have successfully completed two or three years of high school French should enroll in French III-IV.

FRE 2200  French III, 3 semester hours, 45 lec. [Offered Fall and Summer Term I]
Intermediate level review of grammar, readings in French literature, and development of conversational and writing skills. Prerequisite: Two or three years of high school French with grade of "B" or better, or FRE 1100 and 1101 or its equivalent.

FRE 2201  French IV, 3 semester hours, 45 lec. [Offered Fall and Summer Term II]
Intermediate level review of grammar, reading in French literature, and development of conversational and writing skills. Prerequisite: two or three years of high school French with grade of "B" or better, or FRE 1100 and 1101 or its equivalent.

FRE 2420  Advanced French Grammar and Composition I, 3 semester hours, 45 lec. [Offered as needed]
Study of advanced grammatical structures and practice in composition. Prerequisite: FRE 2201 or its equivalent.

FRE 2421  Advanced French Grammar and Composition II, 3 semester hours, 45 lec. [Offered as needed]
Study of advanced grammatical structures and practice in composition. Prerequisite: FRE 2201 or its equivalent.
FRE 2560  Contemporary France I, 3 semester hours, 45 lec. [Offered as needed]
Readings and discussions of current events in France. Prerequisite: FRE 2201.

FRE 2561  Contemporary France II, 3 semester hours, 45 lec. [Offered as needed]
Readings and discussions of current events in France. Prerequisite: FRE 2201.

FRW 2100  Introduction to French Literature I, 3 semester hours, 45 lec. [Offered as needed]
The development of French literature from the beginning to the present. Prerequisite: Fre 2201 or its equivalent.

FRW 2101  Introduction to French Literature II, 3 semester hours, 45 lec. [Offered as needed]
The development of French literature from the beginning to the present. Prerequisite: FRE 2201 or its equivalent.

FSS 1202C  Beginning Food Preparation I, 6 semester hours, 45 lec., 135 lab. [Offered as needed]
The first course in the commercial foods program. Topics covered include: safe operation of food preparation equipment, beginning food preparation skills, food preparation utensils, desirable work habits, safety practices, and human relations.

FSS 1203C  Beginning Food Preparation II, 6 semester hours, 45 lec., 135 lab. [Offered as needed]
A study of basic food preparation on a small quantity basis. Topics covered include: preparation of meats, vegetables, salads, and desserts; the three basic food groups and their relationship to nutrition; vitamin and mineral content of foods and their relationship to good health.

FSS 1210  Family Meal Planning, 3 semester hours, 30 lec., 30 lab. [Offered as needed]
A basic study of foods and principles underlying meal planning, food selection, preparation and service. A consideration of the essentials of an adequate diet.

FSS 1221  Quantity Foods Preparation I, 6 semester hours, 45 lec., 135 lab. [Offered as needed]
A study of food preparation in quantity. Topics covered include: wholesale and retail cuts of meat; time and temperature factors in quantity cooking; balanced nutritional menu planning; the U.S. Department of Agriculture grading system for meats; complimenting meals with salads and baked goods.

FSS 1222  Quantity Foods Preparation II, 6 semester hours, 45 lec., 135 lab. [Offered as needed]
An advanced study of quantity food preparation. Topics covered include: progressive cooking for large groups of people; and advanced menu planning for large groups.

FSS 1246  Commercial Baking, 6 semester hours, 45 lec., 135 lab. [Offered as needed]
A study of baking practices and principles as they apply to the preparation of breads, rolls, pastries, pies, cakes, cookies, and specialty deserts.
FSS 1291  Easy Food Entertaining, 1 semester hour [Offered as needed]
Basic course in easy entertaining with food in the home, focusing on planning, and implementing the plan, including purchasing food and accessories, time organization, and basic preparation of food for guests.

FSS 1292  Using Energy Saving Appliances in Cooking, 1 semester hour, 15 lec., 5 lab. [Offered as needed]
The basic operation of the energy saving appliances and use in cooking techniques for various foods.

GEB 1011  Introduction to Business, 3 semester hours, 45 lec. [Fall, Spring, Summer]
Designed to give students a broad understanding of the nature of business and a preliminary idea of the various areas of business specialization.

GEB 1940  Internship-Business Education, 3 semester hours, 225 lab. [Offered as needed]
On-the-job training in the Associate of Science/Associate of Applied Science degree program in which the student is enrolled. The student is under the supervision at work of a qualified supervisor. The supervisor will rate the student's performance, knowledge, comprehension, dependability, initiative, cooperativeness, and total performance. A project paper or approved project will be submitted by the student three weeks prior to the close of the semester. May be repeated four times for a total of 12 semester hours.

GER 1100  German I,* 3 semester hours, 45 lec., [Offered Fall and Term I Summer]
Functional development of understanding of spoken and written German, with emphasis upon balanced development of all four skills—listening, speaking, reading, and writing. Students who have successfully completed two or three years of high school German should enroll in German III-IV.

GER 1101  German II, 3 semester hours, 45 lec. [Offered Winter and Term II Summer]
Functional development of understanding of spoken and written German, with emphasis upon balanced development of all four skills—listening, speaking, reading and writing. Students who have successfully completed two or three years of high school German should enroll in German III-IV.

GER 2200  German III, 3 semester hours, 45 lec. [Offered as needed]
Intermediate level review of grammar, readings in contemporary literature and current affairs, audiolingual practice, and development of conversational and writing skills. Prerequisite: German I-II or two years or more of high school German with a grade of B or better, or equivalent.

GER 2201  German IV, 3 semester hours, 45 lec. [Offered Spring and Term II Summer]
Intermediate level review of grammar, readings in contemporary literature and current affairs, audio-lingual practice, and development of conversational and writing skills. Prerequisite: Two or three years of high school German with grade of "B" or better, or GER 1100 and 1101 or its equivalent.
GER 2250  Readings in Scientific German, 3 semester hours, 45 lec. [Offered as needed]
Development of reading skills and vocabulary for functional use of German as a communications source in any or all sciences. Familiarization with scientific research sources and bibliographical methods in German. Prerequisite: Ger 2201 or equivalent.

GER 2420  Advanced German Grammar and Composition I, 3 semester hours, 45 lec. [Offered Fall and Term I Summer when needed]
Study of advanced grammatical structures, selected development of vocabulary and idiom, practice in oral and written composition. Prerequisite: Ger 2201 or four years of high school German.

GER 2421  Advanced German Grammar and Composition II, 3 semester hours, 45 lec. [Offered Winter or Term II Summer when needed]
Study of advanced grammatical structures, selected development of vocabulary and idiom, practice in oral and written composition. Prerequisite: GER 2201 or four years of high school German.

GER 2500  German Civilization and Culture I, 3 semester hours, 45 lec. [Offered Fall and Term I Summer when needed]
Readings in primary sources, secondary analysis, and literary reflections of events. Independent research, individual and group reports, discussions with resource persons, study with films, slides. First semester covers period of Luther to mid-19th Century. Prerequisite: GER 2201 or its equivalent.

GER 2501  German Civilization and Culture II, 3 semester hours, 45 lec. [Offered Spring and Term II Summer when needed]
Readings in primary sources, secondary analysis, and literary reflections of events. Independent research, individual and group reports, discussions with resource persons, study with films, slides, periodicals. Second semester. Bismarck to the present. Prerequisite: Ger 2201 or its equivalent.

GER 2905  Independent Study—German, 1 semester hour [Offered as needed]
Directed study designed to meet needs of students interested in specific areas of German language and literature for which the present course offerings are limited. Permission of department chair required.

GEW 2010  Introduction to German Literature I, 3 semester hours, 45 lec. [Offered Fall and Term I Summer when needed]
The development of German literature from the Middle Ages to the present: first semester to 1833. Prerequisite: GER 2201 or equivalent.

GEW 2011  Introduction to German Literature II, 3 semester hours, 45 lec. [Offered Spring or Term II Summer when needed]
The development of German Literature from the Middle Ages to the present; second semester from 1833 to the present. Prerequisite: GER 2201 or equivalent.

GLY 1000  Earth Science, 4 semester hours, 60 lec. [Fall, Spring, Summer]
Survey of processes, materials and structure of the solid earth, oceanography, meteorology, and the relation of the earth to other planets. Intended for physical science general education requirement. Practical exercises in mineral and rock identification.
GRA 1541C  Introduction to Copy Preparation, 4 semester hours, 30 lec., 60 lab. [Offered as needed]
Comprehensive overview and practical experiences relating to fundamentals, techniques, procedures and tools used in the preparation of copy for offset printing.

GRA 1542C  Advanced Copy Preparation, 4 semester hours, 30 lec., 60 lab. [Offered as needed]
Comprehensive study and practical experiences relating to more technical and advanced methods of preparing copy for offset printing. Prerequisite: SES 1100 or equivalent and GRA 1541C.

GRA 1534C  Electronic Composition, 4 semester hours, 30 lec., 60 lab [Offered as needed]
Classroom and lab experiences pertaining to the uses and applications of interactive display and markup/make-up systems utilizing software programming to generate, display, edit and compose images electronically. Prerequisites: GRA 1541C, GRA 1542C and SES 1100.

GRA 1571C  Process Camera I, 4 semester hours, 30 lec., 60 lab. [Offered as needed]
This course will provide a comprehensive study of and practical experience in the areas of: process camera work, stripping techniques, proofing methods and offset platemaking.

GRA 1573C  Process Camera II, 4 semester hours, 30 lec., 60 lab. [Offered as needed]
This course is a continuation of Process Camera I, with more advanced techniques and processes included, such as: halftone, duotones, and the use of Color-Key for proofing. Prerequisite: GRA 1571C.

GRA 1636C  Small Offset Press Operations, 4 semester hours, 30 lec., 60 lab. [Offered as needed]
Comprehensive study of, and practical experience on a small sheet-fed offset press. Course includes press make-ready, operation, adjustments, and maintenance.

GRA 1638C  Large Offset Press Operations, 4 semester hours, 30 lec., 60 lab. [Offered as needed]
Comprehensive study of, and practical experience on a large sheet-fed offset press. Course includes press make-ready, operation, adjustments, and maintenance.

GRA 1601C  Fake Color Stripping, 3 semester hours, 30 lec., 30 lab. [Offered as needed]
This course will provide comprehensive experience in the advanced stripping technique of mechanical color separation, known as “Fake Color.” Prerequisites: GRA 1571C, GRA 1573C.

GRA 1706  Printing Estimating, 3 semester hours, 45 lec. [Offered as needed]
This course will provide for a study of the many factors and problems to be considered by a Printing Estimator to arrive at a quotation for a production job.

GRA 2500C  Printing Materials and Processes, 3 semester hours, 30 lec., 30 lab. [Offered as needed]
Discussion of printing materials and processes, equipment and terminology, bindery operations, and career opportunities in the printing industry.
GRA 2602C  Process Color Stripping, 3 semester hours, 30 lec., 30 lab. [Offered as needed]
This course provides practical experience in the stripping-up and the making of proofs from four-color process separation negatives. Prerequisites: GRA 1571C, GRA 1573C, and GRA 1601C.

GRA 2635C  Offset Presswork I, 4 semester hours, 30 lec., 60 lab. [Offered as needed]
This course provides practical experience of production printing done on a small offset press and the various finishing operations that a job might require before it is completed. Prerequisite or corequisite: GRA 1636C.

GRA 2637C  Offset Presswork II, 4 semester hours, 30 lec., 60 lab. [Offered as needed]
This course provides practical experience of production printing done on a large offset press and the various finishing operations that are associated with work performed on a large press. Prerequisite or corequisite: GRA 2635C.

GRA 2905  Independent Study—Graphics/Printing, 1 semester hour, 45 lab. [Offered as needed]
Practical treatment of graphics/printing technology within the field of offset printing. Emphasis on individual work projects utilizing such areas a copy preparation, darkroom work, stripping and platemaking, press operation, and bindery operation. Prerequisite: GRA 1541C, GRA 1571C, GRA 1636C.

GRA 2949  Directed Work Study—Graphics/Printing, 1 semester hour, 90 lab. [Offered as needed]
Directed experience in instructional, laboratory and/or materials assistance in a designed graphics/printing area. Prerequisite: GRA 1541C, GRA 1571C, GRA 1636C.

HES 1000  Personal and Community Health, 3 semester hours, 45 lec. [Fall, Spring, Summer]
A systematic and comprehensive coverage of basic factual material, concepts, terminology, and important trends in major health areas of concern today.

HES 1400  First Aid, 3 semester hours, 45 lec. [Fall, Spring, Summer]
Preparation to meet emergencies that occur in the school, home or on the highway. Instruction and practice in dressing and bandaging, care of wounds, shock, bone and joint injuries, cardio-pulmonary resuscitation, transportation of the injured, oral poisoning and other medical emergencies.

HES 1403  First Aid/CPR Update, 1 semester hour, 15 lec., 15 lab. [Offered as needed]
Reviews fundamental principles and skills in first aid, CPR and accident prevention. Prerequisite: Permission of instructor.

HES 2170  Holistic Health, 3 semester hours, 45 lec. [Offered as needed]
To better prepare the student with a broader understanding that illness is fostered by certain factors that distort the human body's natural capacity for self-regulation and homeostasis.
HFT 2010  Hotel Management I, 3 semester hours, 45 lec. [Offered as needed]
History, organization problems, and opportunities in hotel-motel industries. A study of the functions of departments, promotional and personnel functions of management; current trends and developments. Includes a unit on hotel machine accounting.

HFT 2250  Hotel Management II, 3 semester hours, 45 lec. [Offered as needed]
Hotel Management II is a continuation of the study of management in the hospitality industry with emphasis on the development of a hospitality property.

HFT 2261  Restaurant Management I, 6 semester hours, 45 lec., 135 lab. [Offered as needed]
A course designed to provide the student with the general principles of production management, work scheduling and preparation supervision.

HFT 2262  Restaurant Management II, 6 semester hours, 45 lec., 135 lab. [Offered as needed]
A course designed to provide the student with the general principles of total food service management, menu planning, purchasing, inventory control, cost control and service techniques.

HHD 1321  Basic Home Decorating, 1 semester hour [Offered as needed]
Basic study of home decorating principles and techniques; analyzing decorating needs and priorities; inexpensive ideas for creating individual and inviting atmosphere in the home through buying wisely, making needed items, or using existing home furnishings.

HHD 2110  Home Planning and Furnishing, 3 semester hours, 45 lec. [Offered as needed]
A basic course in home planning, selection, use and care of equipment and furnishing for family living. Consideration of art principles in planning livable interiors, and current trends in housing.

HME 1200  Home Management I, 1 semester hour [Offered as needed]
Basic course in managing the home as related to individual and family activities; includes principles of positive interaction of family members as well as time and energy management applied to housekeeping tasks of providing and maintaining food, shelter, and clothing, and good communication for family members.

HOE 1010  Introduction to Home Economics, 3 semester hours, 45 lec. [Offered as needed]
Introduction to Home Economics as a career field of study; a consideration of history, professional opportunities, problems and current trends.

HOE 2905  Independent Study—Home Economics, 1 semester hour, 15 lec., 45 lab. [Full, Spring, Summer]
Directed study in individual projects designed to meet the needs of students interested in specialized areas of Home Economics for which present course availability is limited. Areas of study can also supplement present Home Economics courses for special emphasis of depth. Recommendation by department chair.
HOE 2906 Directed Work Study-Home Economics, 1 semester hour [Fall, Spring, Summer]
Directed experience in instructional, laboratory and/or materials assistance in a designated Home Economics area. Entry by permission of department chair only.

HOE 2907 Tutorial-Home Economics, 1 semester hour, 30 lec. [Fall, Spring, Summer]
An experience in individual depth study in which one student prepares for and engages in tutoring one or more students for 2 class periods per week. The student will assist other students having remedial and specific needs (academic or laboratory) in a designated area in Home Economics. Recommendation by department chair.

HUM 1020 Humanities-Introduction, 3 semester hours, 45 lec. [Offered as needed]
Techniques, forms, and basic evaluative tools related to music, the visual arts, poetry, drama, the dance, film, and philosophy. Art works themselves are utilized as much as possible with examples relating to Contemporary culture.

HUM 1200 Humanities-Historical Survey, 3 semester hours, 45 lec. [Offered as needed]
Some prevailing ideas about the nature of man and his relationship to his universe, especially as revealed in the arts, literature, and philosophy. NO PREREQUISITE

HUM 1905 Independent Study-Arts and Humanities, 1 semester hour [Offered as needed]
A defined independent study which is pursued under supervision of a faculty directing teacher and recorded through departmental procedures. Designed to permit a student to pursue non-scheduled academic and laboratory work which may be of a specialized or advanced nature and not available through classes or courses available on a college schedule. The student must obtain proper departmental approval prior to commencing the independent study.

HUM 2905 Directed Work Study-Art Humanities, 1 semester hour, 90 lab. [Offered as needed]
Directed experience in instructional, laboratory and/or materials assistance in a designated Arts-Humanities area.

HUM 2906 Tutorial-Arts and Humanities, 1 semester hour, 30 lab.
An experience in individual depth study in which one student prepares for and engages in tutoring another for two class periods per week.

HUN 2001 Nutrition, 3 semester hours, lec. [Offered as needed]
The role of nutrients in maintenance of physiological well-being. Application of nutrition principles to the individual and family as well as to some selected problems. Prerequisite: At least one chemistry course or permission of the instructor.

HUN 2410 Child Nutrition and Health, 3 semester hours, 30 lec., 45 lab. [Offered as needed]
Methods of meeting physical needs of young children through nutrition and good health practices. Recognition of childhood diseases and care of the handicapped child.
HUS 1400  Peer Advising, 3 semester hours, 30 lec., 30 lab [Offered as needed]
A course in techniques of peer advising focusing on communication skills, professional ethics, and knowledge of community resources for referral purposes; to be used under professional supervision in human service agencies and organizations.

INR 2002  Current World Problems, 3 semester hours, 45 lec. [Summer]
Critical world issues and immediate troubled areas against a historical, economic, and social background. The individual student develops a special area of interest to explore in-depth the principles of international relations after their introduction.

IEA 1301  Industrial Management & Supervision, 1 semester hour, 15 lec. [Offered as needed]
A course designed to prepare skilled industrial workers to be first line supervisors in their respective trade areas. Topics covered include: overview of supervision, communication, motivation, time management, resource management, and complaint handling.

IEA 1304  Industrial Purchasing, 3 semester hours, 45 lec. [Offered as needed]
A college credit course designed to help industrial workers become proficient in the purchasing process. Topics covered include: overview of the purchasing process, price/cost analysis, negotiations, inventory management, systems contracting and value analysis.

IEA 2000  Employment in Modern Industry, 3 semester hours, 45 lec. [Offered as needed]
A course to help students learn how to select a career field from within a specific occupational area that will be personally rewarding in addition to offering sound career potential; plan a feasible strategy of preparation for their chosen career; begin a career by finding, locating, and keeping a job in their chosen field; and place a career in its proper perspective relative to the student’s overall “life plan.”

INR 1065  War and Civilization, 3 semester hours, 45 lec. [Offered as needed]
A history of warfare from its earliest beginnings to the present day stressing the impact of war on the social, economic, and political structure of civilization.

LEI 1000  Introduction to Recreation, 3 semester hours, 45 lec. [Offered as needed]
The course will provide information about the nature and organization of recreational activities. Its purpose is to inform students about the preparation of recreational professionals; where they perform and the need of their services; to teach qualifications needed in their work, and the problems and challenges they will meet in the job.

LEI 2330C  Camp Counseling, 3 semester hours, 30 lec., 30 lab. [Fall, Spring]
The training of camp counselors in organized camping, including camp crafts, nature, and informal activities.

LIS 2001  Independent Study-Library, 1 semester hour, [Offered as needed]
Directed study designed to acquaint the student with the works of the various departments necessary for a well-organized library. Entry by permission of LRC Director only.

<tbody>
<tr>
<td>LIT 1100</td>
<td>Approach to Literature, 3 semester hours, 45 lec.</td>
<td>[Fall, Spring, Summer]</td>
<td>Designed to encourage students to know and appreciate something of the great literature which helps to mold their thinking and everyday living. To include, without regard to national origin, those masterpieces of the Western World which reflect their cultural and intellectual heritage.</td>
</tr>
<tr>
<td>LIT 2090</td>
<td>Contemporary Literature, 3 semester hours, 45 lec.</td>
<td>[Offered as needed]</td>
<td>Studies in modern Western drama, prose, and poetry, focusing on their comments on modern man. May be used as credit in Humanities II.</td>
</tr>
<tr>
<td>MAC 1104</td>
<td>College Algebra, 3 semester hours, 45 lec.</td>
<td>[Fall, Spring, Summer]</td>
<td>Typical first course in a pre-calculus sequence. Covers equations and inequalities, functions and relations, systems of equations and inequalities, matrices and determinants. Prerequisite: Two years of high school algebra or MAT 1033 or departmental permission.</td>
</tr>
<tr>
<td>MAC 1114</td>
<td>Trigonometry, 3 semester hours, 3 lec.</td>
<td>[Fall, Spring, Summer]</td>
<td>Typical modern trigonometry course. Prerequisite: MAC 1104 or equivalent.</td>
</tr>
<tr>
<td>MAC 1154</td>
<td>Analytic Geometry, 3 semester hours, 45 lec.</td>
<td>[Fall, Spring, Summer]</td>
<td>Typical modern analytic geometry course in two and three space. Prerequisite: Departmental Permission. May be taken concurrently with MAC 1114.</td>
</tr>
<tr>
<td>MAC 1411</td>
<td>Calculus I, 4 semester hours, 60 lec.</td>
<td>[Fall, Spring, Summer]</td>
<td>First course in a three course sequence. Covers basic concepts of differentiation and integration. Prerequisite: MAC 1104 and MAC 1114 and MAC 1154, or equivalent.</td>
</tr>
<tr>
<td>MAC 1412</td>
<td>Calculus II, 4 semester hours, 60 lec.</td>
<td>[Fall, Spring, Summer]</td>
<td>This is the second course in a normal three semester sequence. It is a continuation of MAC 1411, and provides further insight into the methods and applications of differentiation and integration. Prerequisite: Grade of “C” or better in MAC 1411.</td>
</tr>
<tr>
<td>MAC 1413</td>
<td>Calculus III, 4 semester hours, 60 lec.</td>
<td>[Fall, Spring, Summer]</td>
<td>This is the third course in a normal three semester sequence. It stresses multivariable calculus and infinite series. Prerequisite: Grade of “C” or better in MAC 1412.</td>
</tr>
<tr>
<td>MAE 1810</td>
<td>Structure of Arithmetic for Elementary Teachers, 3 semester hours, 45 lec.</td>
<td>[Fall or as needed]</td>
<td>Designed for elementary education majors in preparation for teaching contemporary elementary mathematics. Prerequisite: Departmental permission.</td>
</tr>
<tr>
<td>MAE 2816</td>
<td>Informal Geometry for Elementary Teachers, 3 semester hours, 45 lec.</td>
<td>[Spring or as needed]</td>
<td>Designed for elementary education majors in preparation for teaching modern elementary mathematics. Prerequisite: Departmental permission.</td>
</tr>

</table>
MAF 2501  The Family and Society, 3 semester hours, 45 lec. [Offered as needed]
An examination of the problems which arise out of participation in marriage, family and community situations. Designed to provide students with a basic understanding of the dynamics of family interaction, the effects upon the children, and the family's relationship to and participation in the community.

MAN 1392  Customer Services I - Post Office, 3 semester hours, 45 lec. [Offered as needed]
This course is designed to provide the student with an indepth knowledge of all services provided for postal customers. It covers customer relations, retailing postal products, and non-postal services. Special emphasis is placed on means to achieve and manage a professional window service operation. The duties of Customer Service Representatives are also reviewed.

MAN 1393  Customer Services II - Post Office, 3 semester hours, 45 lec. [Offered as needed]
This course is designed to provide a functional knowledge of mail delivery and collection systems within the Postal Service. Based on management’s approach to delivery service, the first part of the course covers the duties, responsibilities and skills needed in the carrier crafts. Two management training programs, “Methods Improvement Plan/Standard Operating Procedures” and training programs, “Methods Improvement Plan/Standard Operating Procedures” and “Route Inspections and Evaluations” are explained and emphasized throughout the course. Management of rural delivery service, along with the Fair Labor Standards Act requirements are also explained. Prerequisite: Customer Service I.

MAN 1395  Mail Processing I - Post Office, 3 semester hours, 45 lec. [Offered as needed]
This course covers the following topics; Mail classification and rates; Service Standards; postal terminology; the four functions of Mail processing; distribution systems; Mail processing objectives and responsibilities, the mail preparation operation; manual distribution; revenue protection and the bulk mail centers.

MAN 1396  Mail Processing II - Post Office, 3 semester hours, 45 lec. [Offered as needed]
This second course in mail processing covers the following topics; postal mechanization, machine distribution, human resources management in mail processing, reporting systems and data analysis, operation planning, scheduling and staffing, budgeting, and functional coordination with customer service. Prerequisite: Mail Processing I.

MAN 1809  Small Business Owners Orientation, 3 semester hours, 45 lec. [Offered as needed]
A course designed for persons beginning their own business or who want to explore business ownership. Focuses on evaluating the basic anxieties of those approaching the business world.
MAN 2000  Management, 3 semester hours, 45 lec. [Offered as needed]
Each function of management is analyzed and described in a systematic
manner. Both the distilled experience of practical managers and the find-
ings of scholars are presented. Other aspects of management are
presented such as management process and concepts analysis of the
technical knowledges and skills of managers, influences upon
managerial decision-making process, and the psychological principles
inherent in management.

MAN 2100  Human Relations, 3 semester hours, 45 lec. [Fall, Spring, Summer]
Designed to help students develop an understanding of how they may be
motivated to work together in greater harmony in all kinds of organiza-
tions. The basis of human motivation and how it is influenced by
leadership, the organization itself, and the social environment in which
the organization exists.

MAN 2394  Postal Finance I - Post Office, 3 semester hours, 45 lec. [Offered as
needed]
This course explores the areas of how postal revenue is received and
controlled. Procedures of the Board of Governors and the Postal Rate
Commission are explained, along with a review of the Postmaster
General’s Annual Report and an explanation of three major sources of
postal revenue. Other areas covered are budgeting, financial accounting
and reporting, time keeping, travel regulations; and Administrative Ser-
vices.

MAN 2397  Personnel Practices--Postal Service, 3 semester hours, 45 lec. [Offered
as needed]
This course involves the actual functions of the Personnel Office in rela-
tion to the services it provides for postal employees. Course content in-
cludes the policies and practices concerning selection, placement, train-
ing, and promotion of employees. Also covered are self-development
training programs, EEO practices, insurance and retirement benefits,
awards programs, salary schedules, and safety and health.

MAN 2398  Labor Relations - Post Office, 3 semester hours, 45 lec. [Offered as
needed]
This course presents an overview of laws and practices as related to
Labor-Management in the Postal Service. It starts with the development
of labor unions in the federal government and reviews the current
status, problems, and/or issues in the Postal Service. Emphasis is plac-
ed on the National & Local Agreements, the various bargaining units
and associations in the U.S. Postal Service, the grievance procedures,
the disciplinary action procedures, and the National Labor Relations
Board.

MAN 2399  Postal Finance II - Post Office, 3 semester hours, 45 lec. [Offered as
needed]
This course explores the areas of how postal revenue is received and
controlled. Procedures of the Board of Governors and the Postal Rate
Commission are explained, along with a review of the Postmaster
General’s Annual Report and an explanation of three major sources of
postal revenue. Other areas covered are budgeting, financial accounting
and reporting, timekeeping, travel regulations and Administrative Ser-
vices. Prerequisite: Postal Finance I.
MAN 2905  Independent Study-Business, 1 semester hour, 15 lec., 30 lab. [Fall, Spring, Summer]
Directed study and individual projects designed to meet the needs of students interested in specialized areas of business for which present course availability is limited. Areas of study can also be supplemented to present business courses for special emphasis or depth.

MAN 2940  Directed Work Study—Business, 1 semester hour, 90 lab. [Fall, Spring, Summer]
Directed experience in instructional, laboratory and/or materials assistance in a designated business area.

MAP 2302  Differential Equations, 3 semester hours, 45 lec. [Spring or as needed]
Prerequisite: grade of "C" or above in MAC 1413 Calculus III. Completion of a calculus sequence through partial derivatives, multiple integrals, and infinite series is required.

MAR 2000  Tutorial-Business, 1 semester hour [Fall, Spring, Summer]
An experience in individual depth study in which one student prepares for and engages in tutoring another for two class periods per week.

MAR 2011  Introduction to Marketing, 3 semester hours, 45 lec. [Offered as needed]
An introductory course in the field of marketing including a look at marketing as it exists in our economy today. Consideration of the market, the product, distribution channels. Special emphasis on the study of human behavior in marketing promotion.

MAR 2101  Salesmanship, 3 semester hours, 45 lec. [Offered as needed]
Selling, correct attitudes and personal attributes for dealing with the public on a business or professional basis.

MAR 2151  Retail Management, 3 semester hours, 45 lec. [Offered as needed]
Retail store management, location, buying merchandise control policies, services, pricing, expenses, profits; training and supervision of retail sales forces, administrative problems. Also includes a variety of current perspectives in retailing management.

MAR 2302  Introduction to Advertising, 3 semester hours, 45 lec. [Offered as needed]
Advertising as a marketing tool, its planning, creation, and use. A survey of copy writing, layout, and media (newspapers, magazines, radio, television, films, etc.).

MAR 2930  Marketing Seminar I, 2 semester hours, 15 lec. [Offered as needed]
One class hour per week discussing job problems. A minimum of twelve hours per week of on-the-job experience to be arranged.

MAR 2931  Marketing Seminar II, 2 semester hours, 15 lec. [Offered as needed]
One class hour per week discussing job problems and a minimum of twelve hours per week of on-the-job experience to be arranged.

MAR 2932  Marketing Seminar III, 2 semester hours, 15 lec. [Offered as needed]
One class hour per week discussing job problems and a minimum of twelve hours per week of on-the-job experience to be arranged.
MAS 2103  Linear Algebra, 3 semester hours, 45 lec. [Spring, or as needed]
Designed for mathematics and engineering majors. Prerequisite: MAC 1411 or departmental permission.

MAT 1002  Developmental Mathematics, 3 semester hours, 45 lec. [Offered as needed]
A course designed specifically to aide students who score very low on the ACT assessment test. It is designed to reinforce knowledge of operations with whole numbers and fractions. It teaches percent, ratio, proportion, and measurement. It also introduces elementary concepts in algebra. MAT 0002 is a compensatory education course and is not allowable to meet degree requirements.

MAT 1024  Basic Algebra, 3 semester hours, 45 lec. [Fall, Spring, Summer]
Basic Algebra covers numbers and sets, variables and open sentences, addition and multiplication of real numbers, solving equations, inequalities and stated problems; and operations with polynomials. Designed specifically for the student needing further preparation prior to enrollment in MAT 1033.

MAT 1033  Intermediate Algebra, 3 semester hours, 45 lec. [Fall, Spring, Summer]
Principles and techniques of pre-college algebra. Includes equations, inequalities, exponents, radicals, factorization, ration, proportion and variation, algebraic, exponential and logarithmic functions, graphs and applications.

MAT 2905  Tutorial-Mathematics, 1 semester hour [Fall, Spring, Summer]
An experience in individual depth study in which one student prepares for and engages in tutoring another for two class periods per week. Prerequisite: Departmental permission.

MAT 2940  Directed Work Study—Mathematics, 1 semester hour, 90 lab. [Fall, Spring, Summer]
Directed experience in instructional, laboratory and/or materials assistance in a designated Mathematics area. Entry by permission of department chair only.

MCB 2013C  Microbiology, 4 semester hours, 30 lec., 60 lab. [Fall, Spring, Summer]
A fundamental course in microbiology designed to fulfill the needs of pre-med., nursing and pharmacy students as well as science majors. A general survey of microbiology, the cultivation and observation of micro-organisms and their chemical and biological relationships to water, food, industrial processes and disease. Prerequisites: BOT 1010C, ZOO 1010C, and CHM 1045 (May be taken concurrently) or permission of the instructor.

MGF 1112  Contemporary Mathematics, 3 semester hours, 45 lec. [Offered as needed]
This course is designed to provide the essential mathematical skills necessary for a student entering his junior year of college. It includes arithmetic, geometry and measurement, algebra, statistics (including probability), logical reasoning, and computing technology. This course will not satisfy general education requirements in mathematics. Prerequisites: Completion of general education mathematics sequence.
MTB 1103  Business Mathematics, 3 semester hours, 45 lec. [Fall, Spring, Summer] Presents basic principles used to solve everyday business problems, including a review of basic skills and business terminology. Topics in the course include: base, rate and percentage; trade and cash discounts, wage and salary administration; insurance (fire and automobile); depreciation and business profits; distribution of corporate dividends; simple interest and bank discount and buying and selling of corporation bonds and stocks.

MTB 1364  Metric Measurement, 3 semester hours [Offered as needed] A course in metric measurement designed to give the student a rationale for metric conversion in the United States, an overview of the history of measurement, study in metric units of length, metric units of area and volume, metric units of mass, and metric units of capacity.

MTR 1100  Oxy-Fuel Welding, 6 semester hours, 45 lec., 135 lab. [Offered as needed] Shop safety precautions and the use of safety procedures and protective equipment, practical and theoretical training in the use of oxyacetylene welding and cutting equipment and accessories; training in the recognition of various materials for welding and in the selection of proper welding materials and equipment.

MTR 1112  Arc Welding I, 6 semester hours, 45 lec., 135 lab. [Offered as needed] Shop safety precautions and use of safety procedures and protective equipment, practical and theoretical training in the use of shielded arc welding equipment and accessories, and training in the recognition of various materials and in the selection of proper welding materials and equipment. Prerequisite: MTR 1100 or permission of instructor.

MTR 1050  Basic Welding, 3 semester hours, 15 lec., 45 lab. [Offered as needed] An introductory course in welding covering basic arc and basic gas welding. Shop safety precautions and use of safety procedures and protective equipment, practical and theoretical training in the use of shielded arc welding equipment and accessories, and training in the recognition of various materials and in the selection of the proper welding materials and equipment.

MTR 1151  Advanced Oxy-Fuel Welding, 6 semester hours, 45 lec., 135 lab. [Offered as needed] Shop safety precautions and the use of safety procedures and protective equipment, practical and theoretical training in the use of oxyacetylene welding and cutting equipment and accessories; training in the recognition of various materials for welding and in the selection of the proper welding materials and equipment.

MTR 1152  Tig Welding, 6 semester hours, 45 lec., 270 lab. [Offered as needed] Shop safety precautions and use of safety procedures and protective equipment, practical and theoretical training in the use of shielded arc welding equipment and accessories, and training in the recognition of various materials and in the selection of the proper welding materials and equipment. Prerequisite: Permission of instructor.

MTR 1160  Specialty Welding, 6 semester hours, 45 lec., 135 lab. [Offered as needed] Tungsten-Arc and gas-metal-arc welding. The process variations and applications of each on all common joints and positions. Prerequisite: MTR 1100, welding test and permission of instructor.
MTR 2161  Arc-Welding II, 6 semester hours, 30 lec., 150 lab. [Offered as needed]
Review of semester 1 and 2. Techniques of utilizing heat treating oven, strength testing methods, cutting angles, bevels, etc.

MUE 1450  Woodwind Techniques, 1 semester hour, 30 lec. [Offered as needed]
Designed to acquaint the potential music teacher with all the students in the woodwind section including clarinet, flute, oboe, bassoon, and saxophone and a beginning study on one instrument. May be repeated 3 times for credit.

MUE 2460  Brass Techniques, 1 semester hour, 30 lab. [Offered as needed]
Designed to acquaint the potential music teacher with all the instruments in the brass section, including trumpet, French horn, trombone, baritone and tuba and a beginning study of one brass instrument.

MUH 1001  Music for General Education, 3 semester hours, 45 lec. [Offered as needed]
Designed to develop a more intelligent understanding and appreciation of music. Brings about an awareness of music as a vital source in human life, including the advantageous utilization of leisure time and developing positive attitudes toward culture and the Fine Arts.

MUL 2111  Music Literature I, 2 semester hours, 30 lec. [Fall, or as needed]
Major periods of music history through the classical period with emphasis on style and form. May be elected with Applied Music or Music Organization to complete second 3-hour humanities requirement. Prerequisite: ability to read music.

MUL 2112  Music Literature II, 2 semester hours, 30 lec. [Winter, or as needed]
Major periods of music history from the romantic period to the present day. May be elected with Applied Music or Music Organization to complete second 3-hour humanities requirement. Prerequisite: MUL 2111.

MUN 1180  Music Organizations, OWJC Community Band, 1 semester hour, 45 lab. [Offered as needed]
Music Organizations may be repeated three times for credit.

MUN 1310  Music Organizations, OWJC Chorus, 1 semester hour, 45 lab. [Offered as needed]
Music Organizations may be repeated three times for credit.

MUN 1340  Music Organizations, OWJC Chamber Chorus, 1 semester hour, 45 lab.
Music Organizations may be repeated three times for credit.

MUN 1380  Music Organizations, OWJC Community Chorus, 1 semester hour, 45 lab. [Offered as needed]
Music Organizations may be repeated three times for credit.

MUN 1710  Music Organizations, Stage Band, 1 semester hour, 45 lab. [Offered as needed]
Music Organizations may be repeated three times for credit.

MUN 1711  Music Organizations, OWJC Community Stage Band, 1 semester hour, 45 lab. [Offered as needed]
Music Organizations may be repeated three times for credit.
MUN 2280  
Music Organizations - Band/Orchestra, 1 semester hour, 30 lab. [Offered as needed]
1. Study of standard orchestra literature, instrumental skills, and ensemble techniques; 2. May also perform with OWJC Choral and Theatre groups; 3. Unique sections will be established for band and orchestra. Prerequisites: A demonstrated ability to play one's instrument at an acceptable level of performance. Open by audition only due to limited number of players required in certain sections.

MUT 1001  
Fundamentals of Music, 3 semester hours, 45 lec. [Offered as needed]
A pre-theory course for the non-music major, or for the aspiring Elementary Education major. Included are the studies of reading clefs, rhythm, notation, scales, and doing simple keyboard and sight-singing exercises. The emphasis is on developing music reading skills.

MVB 1211-15  
Brasses, Secondary Applied, Freshman

MVB 2221-25  
Brasses, Secondary Applied, Sophomore
[Offered as needed, dependent upon availability of instructors and equipment.] 1 Semester hour
One one-half hour private lesson per week. Each number (freshman and sophomore) may be taken two times for credit on each instrument. Instruments: 1 Trumpet, 2 Horn, 3 Trombone, 4 Baritone Horn, 5 Tuba.

MVB 1311-15  
Brasses, Principal Applied, Freshman

MVB 2321-25  
Brasses, Principal Applied, Sophomore
[Offered as needed, dependent upon availability of instructors and equipment.] 2 semester hours.
Two one-half hour or 1 hour private lesson per week. Minimum of 2 hours daily practice. Jury examinations and recital participation should be expected. For music majors or by departmental approval. Each number (freshman and sophomore) may be taken two times for credit on each instrument. Instruments: 1 Trumpet, 2 Horn, 3 Trombone, 4 Baritone Horn, 5 Tuba.

MVK 1111  
Class Instrument Instruction, Piano, 1 semester hour, 30 lec. [Offered as needed]
The study of basic techniques for the beginning and continuing student. May be repeated 3 times for credit.

MVK 1211-14  
Piano, Secondary Applied, Freshman

MVK 2221-24  
Piano, Secondary Applied, Sophomore
[Offered as needed, dependent upon availability of instructors and equipment.] 1 semester hour
One one-half hour private lesson per week. Each number (freshman and sophomore) may be taken two times for credit on each instrument. Instruments: 1 Piano, 2 Harpsichord, 3 Organ, 4 Jazz Piano.

MVK 1311-14  
Piano, Principal Applied, Freshman

MVK 2321-24  
Piano, Principal Applied, Sophomore
[Offered as needed, dependent upon availability of instructors and equipment.] 2 semester hours.
Two one-half or 1 hour private lesson per week. Minimum of 2 hours daily practice. Jury examinations and recital participation should be expected. For music majors or by departmental approval. Each number (freshman and sophomore) may be taken two times for credit on each instrument. Instruments: 1 Piano, 2 Harpsichord, 3 Organ, 4 Jazz Piano.
MVP 1211  Percussion, Secondary Applied, Freshman
MVP 2221  Percussion, Secondary Applied, Sophomore
[Offered as needed, dependent upon availability of instructors and equipment.] 1 semester hour.
One one-half hour private lesson per week. Each number (freshman and sophomore) may be taken two times for credit.

MVP 1311  Percussion, Principal Applied, Freshman
MVP 2321  Percussion, Principal Applied, Sophomore
[Offered as needed, dependent upon availability of instructors and equipment.] 2 semester hours.
Two one-half hour or 1 hour private lessons per week. Minimum of 2 hours daily practice. Jury examinations and recital participation should be expected. For music majors or by departmental approval. Each number (freshman and sophomore) may be taken two times for credit.

MVS 1116  Class Instrument Instruction, Guitar, 1 semester hour, 30 lec. [Offered as needed]
The study of basic techniques for the beginning and continuing student. May be repeated 3 times for credit.

MVS 1211-18  Strings, Secondary Applied, Freshman
MVS 2221-28  Strings, Secondary Applied, Sophomore
[Offered as needed, dependent upon availability of instructors and equipment.] 1 semester hour.
One one-half hour private lesson per week. Each number (freshman and sophomore) may be taken two times for credit on each instrument. Instruments: 1 Violin, 2 Viola, 3 Cello, 4 String Bass, 5 Harp, 6 Guitar, 7 Bass Guitar, 8 Jazz Guitar.

MVS 1311-18  Strings, Principal Applied, Freshman
MVS 2321-28  Strings, Principal Applied, Sophomore
[Offered as needed, dependent upon availability of instructors and equipment.] 2 semester hours.
Two one-half hour or 1 hour private lessons per week. Minimum of 2 hours daily practice. Jury examinations and recital participation should be expected. For music majors or by departmental approval. Each number (freshman and sophomore) may be taken two times for credit on each instrument. Instruments: 1 Violin, 2 Viola, 3 Cello, 4 String Bass, 5 Harp, 6 Guitar, 7 Bass Guitar, 8 Jazz Guitar.

MVV 1111  Class Instrument Instruction, Voice, 1 semester hour, 30 lec. [Offered as needed]
The study of basic techniques for the beginning and continuing student. May be repeated 3 times for credit.

MVV 1211  Voice, Secondary Applied, Freshman
MVV 2221  Voice, Secondary Applied, Sophomore
[Offered as needed, dependent upon availability of instructors and equipment.] 1 semester hour.
One one-half hour private lesson per week. Each number (freshman and sophomore) may be taken two times for credit.
MVV 1311  Voice, Principal Applied, Freshman
MVV 2321  Voice, Principal Applied, Sophomore
[Offered as needed, dependent upon availability of instructors and equipment] 2 semester hours.
Two one-half hour or 1 hour private lessons per week. Minimum of 2 hours daily practice. Jury examinations and recital participation should be expected. For music majors or by departmental approval. Each number (freshman and sophomore) may be taken two times for credit.

MVW 1211-15 Woodwinds, Secondary Applied, Freshman
MVW 2221-25 Woodwinds, Secondary Applied, Sophomore
[Offered as needed, dependent upon availability of instructors and equipment.] 1 semester hour.
One one-half hour private lesson per week. Each number (freshman and sophomore) may be taken two times for credit on each instrument. Instruments: 1 Flute, 2 Oboe, 3 Clarinet, 4 Bassoon, 5 Saxophone.

MVW 1311-15 Woodwinds, Principal Applied, Freshman
MVW 2321-25 Woodwinds, Principal Applied, Sophomore
[Offered as needed, dependent upon availability of instructors and equipment.] 2 semester hours.
Two one-half hour or 1 hour private lesson per week. Minimum of 2 hours daily practice. Jury examinations and recital participation should be expected. For music majors or by departmental approval. Each number (freshman and sophomore) may be taken two times for credit on each instrument. Instruments: 1 Flute, 2 Oboe, 3 Clarinet, 4 Bassoon, 5 Saxophone.

OCB 2013C Introductory Marine Biology, 4 semester hours, 30 lec., 60 lab. [Offered as needed]
A study of marine and estuarine waters and their occupants. Emphasis on the conservation and the taxonomy of the biota of economic importance. Prerequisite: Zoology.

PCB 2023 Cell Biology, 4 semester hours, 45 lec., 45 lab. [Fall, Winter, Spring]
A study of the cell as the basic unit of organic structure and function with the emphasis on understanding the complexity and versatility of the cell and its activities

PCB 2063C Genetics, 4 semester hours, 45 lec., 45 lab. [Offered as needed]
Heredity, the physical basis on inheritance including the contemporary concept of the gene, and the qualitative and quantitative aspects of genetic variation. Prerequisites: APB 1150C and 1151C or the equivalents, with a grade of "C" or better or BOT 1010C or PCB 2033 or ZOO 1010C or the equivalents, with a grade of "C" or better or permission of the instructor.

PEL 1111L Beginning Bowling,* 1 semester hour, 30 lab. [Offered as needed]
The development of skills and practice in the basic fundamentals of bowling.

PEL 1121L Beginning Golf,* 1 semester hour, 30 lab. [Offered as needed]
Instruction in the fundamental techniques and the development of personal skills through participation.

PEL 1141L Beginning Archery,* 1 semester hour, 30 lab. [Offered as needed]
Instruction and practice in the basic skills necessary for full participation in an enjoyment of the sport of archery.

[Fall, Spring, Summer] Directed study and/or individual projects designed to meet the needs and interests of students in a specialized area of health, physical education and recreation, for which present course availability is limited.</td>
</tr>
</tbody>
</table>
PEL 2122L  Intermediate Golf,* 1 semester hour, 30 lab. [Offered as needed]
Designed for those students who wish to improve their knowledge of
golf and golf skills beyond the beginner's level.

PEL 2041L  Recreational Games,* 1 semester hour [Offered as needed]
Selected recreational game activities of low organization with emphasis
on problem solving through group participation. All activities are sub-
ject to staff approval.

PEL 2442L  Intermediate Racquetball,* 1 semester hour, 30 lab. [Offered as needed]
A continuation of skills learned in beginning racquetball with emphasis
on more advanced skills and techniques. Particular emphasis is placed
on the strategy of the game. Prerequisites: PEL 1441L or permission of
instructor.

PEL 2905  Directed Work Study-Physical Education, 1 semester hour, 90 lab. [Of-
fered as needed]
Directed experience in instructional, laboratory and/or materials
assistance in a designated Physical Education area. Entry by permission
of Department Chair only.

PEM 1105L  Modern Fitness,* 2 semester hours, 30 lab. [Fall, Spring]
Instruction in the concepts of and practice in exercise techniques geared
primarily toward muscle strength, endurance and flexibility.

PEM 1140C  Basic Aerobics,* 1 semester hour, 30 lab. [Offered as needed]
Instruction and participation in an aerobics program.

PEM 1141L  Aerobics I,* 2 semester hours, 60 lab. [Fall, Spring]
Introductory course in Aerobics with emphasis on diagnostic testing,
participation in a safe aerobic program, evaluation of progress, and a
study of the concepts involved.

PEM 1142L  Aerobics II,* 2 semester hours, 60 lab. [Fall, Spring]
A continuation of Aerobics I. Students will train using a point system
with appropriate evaluation of progress. Prerequisite: PEM 1141L or
Departmental approval.

PEM 1147L  Aerobic Dance I,* 1 semester hour, 90 lab. [Offered as needed.]
Instruction and participation in a physical fitness program that offers
conditioning of the figure muscles and of the cardiovascular system
during dance activities.

PEM 1301L  Track and Field,* 2 semester hours, 60 lab [Offered as needed]
Instruction, practice, and participation in track and field activities. In-
cludes instruction and participation in conducting and officiating com-
petitive meets.

PEM 1314L  Advanced Track and Field,* 1 semester hour, 30 lab [Offered as needed]
Instruction, practice, and participation in advanced cross country. The
continuous development of physical skills is of major importance in this
course. Instructor permission only. May be repeated for a maximum of
four credits.

PEM 1330  Orienteering,* 1 semester hour, 30 lab [Offered as needed]
Development of skills needed to navigate through an unknown area us-
ing a map and compass as a guide.
PEM 2013L  Tutorial: Education and Physical Education, 1 semester hour, 30 lab.  
[Fall, Spring, Summer]  
An experience in individual depth study in which one student prepares  
for and engages in tutoring another for two class periods per week.

PEM 2105L  Fitness Lab,* 1 semester hour, 30 lab.  [Offered as needed]  
Instruction and participation in an exercise program with emphasis on  
muscle endurance, strength and flexibility.

PEM 2148L  Aerobic Dance II,* 1 semester hour, 30 lab.  [Offered as needed]  
Advanced level of instruction and participation in a physical fitness pro-
gram that offers conditioning of the figure muscles and of the cardio-
vascular system through dance activities. Prerequisite: Aerobic  
Dance I.

PEN 1251L  Basic Canoeing,* 1 semester hour  [Offered Summer]  
This course is designed to develop safety and fundamental skills in the  
use of canoes.

PEO 1213L  Softball Officiating,* 2 semester hours, 15 lec., 30 lab.  [Offered as  
needed]  
Instruction in rule interpretations and the fundamental techniques re-
quired in softball officiating.

PEO 1323L  Volleyball Officiating,* 2 semester hours, 15 lec., 30 lab.  [Offered as  
needed]  
Instruction in rule interpretations and the fundamental techniques re-
quired in volleyball officiating.

PEO 1623L  Basketball Officiating,* 2 semester hours, 15 lec., 30 lab.  [Offered as  
needed]  
Instruction in rule interpretations and practice in the fundamental  
techniques required in basketball officiating.

PET 1000  Introduction to Physical Education, 3 semester hours, 45 lec.  [Fall, Spr-
ing]  
Instruction in the history, principles and basic concepts and founda-
tions of the total physical education program.

PHI 2010  Humanities-Philosophy, 3 semester hours, 45 lec.  [Offered as needed]  
Central concepts of philosophy are developed, including a description  
of the main philosophical problems involved through ancient, medieval,  
and contemporary thought.

PHY 1053C  Physics I, 4 semester hours, 45 lec., 45 lab.  [Offered as needed]  
The first half of a two-semester sequence of non-calculus physics  
designed for the non-physical science major. Physics I covers the areas  
of mechanics, mechanical energy, temperature and heat. The entering  
student is assumed to have a working knowledge of basic algebra and  
trigonometric functions.

PHY 1054C  Physics II, 4 semester hours, 45 lec., 45 lab.  [Offered as needed]  
The second half of a two-semester sequence of non-calculus physics  
designed for the non-physical science major. Physics II covers the areas  
of electricity, magnetism, light, quantum theory, atomic and nuclear  
structure, and elementary nuclear processes. Prerequisite: PHY 1053C  
or permission of the instructor.
PHY 2048C  College Physics I, 4 semester hours, 45 lec., 45 lab. [Offered as needed]
The first half of a two-semester sequence designed for majors in engineering, math and the physical sciences. Physics I covers the areas of mechanics, mechanical energy, heat, thermodynamics, and mechanical waves. Calculus is used when feasible. Prerequisite: MAC 1411.

PHY 2049C  College Physics II, 4 semester hours, 45 lec., 45 lab. [Spring, or as needed]
The second semester of a two-semester sequence designed for majors in engineering, math and the physical sciences. Physics II covers the areas of electricity, magnetism and optics. Calculus is used where feasible. Prerequisite: PHY 2048C or permission of instructor.

POS 1041  American Government I, 3 semester hours, 45 lec. [Fall, Spring, Summer]
Examines government, political ideals, and institutions. Strong emphasis is placed on political thought, the origin of the American federal system, and the distribution of powers between state and national governments.

POS 1042  American Government II, 3 semester hours, 45 lec. [Fall, Spring, Summer]
Further studies in American Government, concentrating on state and local levels.

POT 1002  Introduction to Political Science, 3 semester hours, 45 lec. [Offered as needed]
This course reviews political theory and institutions from a historical and comparative viewpoint. It examines the rise of the State, its organization, economic systems, and the use of force and persuasion.

PSC 1321  Physical Science, 4 semester hours, 60 lec. [Fall, Spring, Summer]
A one-semester course of lectures and demonstrations designed (1) to meet the general education requirement in physical science for non-science majors and (2) for students who need a preparatory course prior to taking physics. The course presents the fundamental classic and modern concepts of physics in the areas of mechanics, energy, wave motion, electromagnetism, and atomic structure.

PSC 2905  Independent Study-Physical Science, 1 semester hour [Fall, Spring, Summer]
Directed study and individual projects designed to meet the needs of students interested in a specialized area of the physical sciences for which present course availability is limited.

PSC 2906  Directed Work Study-Physical Science, 1 semester hour, 90 lab. [Offer as needed]
Practical experience with use and maintenance of lab equipment and materials. Participation in support activities and organizational routines of lab courses. Entry by permission of department chair only.

PSC 2945  Tutorial-Science, 1 semester hour [Fall, Spring, Summer]
An experience in individual depth study in which one student prepares for and engages in tutoring another for two class periods per week.
PSY 2012  Psychology, 3 semester hours, 45 lec. [Fall, Spring, Summer]
Surveys of the various fields of psychology. Understanding human behavior by studying the adaptation of the individual to the physical and social environment.

REA 1105  Reading Improvement, 2 semester hours, 30 lab., 15 lec. [Fall, Spring, Summer]
A highly individualized laboratory approach combined with some group work designed to improve reading comprehension, vocabulary, rate of comprehension, listening and study skills. Recommended for all students who do not achieve 27 percentile on the DRT Survey Test; encouraged for all other interested students.

REA 1605  Effective Study, 1 semester hour, 15 lec., 15 lab. [Offered as needed]
Practical application of psychological principles to personal learning and study skills. Recommended for all students who feel deficient in study techniques or who otherwise wish to improve their study skills.

REE 1040  Introduction to Real Estate: Course I, 3 semester hours, 45 lec. [Fall, Spring, Summer]
This course is intended to provide the prospective licensee with the fundamental knowledge in the field of real estate principles and practices and real estate law. This is the require course prescribed by the Florida Board of Realtors for a person desiring to become registered as a real estate salesperson.

REE 1200  Real Estate Finance, 3 semester hours, 45 lec. [Offered as needed]
Designed to explore in detail the many facets of real estate financing with emphasis given to legal aspects, sources of funds, methodologies of major lending institutions, and the effects of high interest rates.

REE 2041  Course II: Real Estate Principles and Practices, 3 semester hours, 45 lec. [Offered as needed]
This course is designed to convey a practical understanding and knowledge of the operation and conduct of the real estate brokerage business in Florida to the end that the public will be better served in accordance with the objectives of the real estate license law by the elevation of professional standards. Prerequisite: Students must be registered with the Board of Realtors and also must complete an affidavit verifying their status as an active real estate salesperson for at least six months.

REE 2100  Introduction to Real Estate Appraising, 3 semester hours, 45 lec. [Offered as needed]
Nature and purpose of appraisals, reasons for and use of appraisals, depreciations, cost approach, valuations, values, costs and markets.

REE 2300  Real Estate Investments, 3 semester hours, 45 lec. [Offered as needed]
Designed to assist the student to become a more knowledgeable, and potentially, a more successful investor. Emphasis will be given to basic investment fundamentals, income tax considerations, ownership forms for investment, financing the investment, and analyzing and projecting investment returns.

REL 2300  Humanities-Comparative Religion, 3 semester hours, 3 lec. [Offered as needed]
Principal religions of the world are compared and contrasted. Christianity is examined in its historical and contemporary forms.

148
RUS 1100  Russian I,* 3 semester hours, 45 lec. [Offered as needed]
Study of the written symbols, the pronunciation, and the basic grammatical structures of the Russian language. Progressive exercises in speaking, reading and writing simple, idiomatic Russian.

RUS 1101  Russian II,* 3 semester hours, 45 lec. [Offered as needed]
Study of the written symbols, the pronunciation, and the basic grammatical structures of the Russian language. Progressive exercises in speaking, reading and writing simple, idiomatic Russian.

SES 1100  Typewriting I, 2 semester hours, 15 lec., 45 lab. [Fall, Spring, Summer]
Development of correct typewriting technique, learning keyboard control, problem typing and business letter writing.

SES 1110  Typewriting II, 2 semester hours, 15 lec., 45 lab. [Fall, Spring, Summer]
Speed building through basic technique, tabulation, business letter writing, reports, and manuscript typing. Prerequisite: SES 1110 or acceptable level of competency.

SES 1150  Word Processing: Intro. Theory, 3 semester hours, 45 lec. [Offered as needed]
An overview of word processing as a concept for business and the relationship of the concept to existing office and clerical work. The course is designed to provide an insight into the procedures, equipment, and training needed in word processing. Career opportunities in word processing are included.

SES 1171  Machine Transcription, 3 semester hours, 30 lec., 60 lab. [Offered as needed]
Operation of recorders and transcribers to develop transcription skills in English grammar, punctuation, sentence structure, and vocabulary. Advanced problems in producing and handling typewritten documents of all kinds. Letters with variations, real estate, medical, legal, and general correspondence. Prerequisite: SES 1100 or equivalent.

SES 1210  Shorthand, 3 semester hours, 45 lec., 60 lab. [Fall, Spring]
Basic skills and vocabulary of shorthand. Beginning of dictation and transcription.

SES 1211  Dictation, 3 semester hours, 45 lec., 60 lab. [Fall, Spring, Summer]
Speed-building in taking dictation and transcription. Prerequisite: Dictation experience or permission of the instructor.

SES 1350  Filing, 3 semester hours, 30 lec., 60 lab. [Fall, Spring, Summer]
Methods and systems of filing used in business offices, filing equipment, and time-and-motion saving skills. Filing practice sets are used.

SES 2120  Typewriting III, 2 semester hours, 15 lec., 45 lab. [Spring]
Development of occupational proficiency in business letter writing, advanced tabulation, and manuscript typewriting. Prerequisite: SES 1110.

SES 2151  Word Processing: Editing I, 3 semester hours, 30 lec., 30 lab. [Offered as needed]
A basic course in operating magnetic text-editing typewriters with revisions and variables. Emphasis on gaining machine proficiency in elementary applications. Prerequisite: SES 1100
SES 2152  Word Processing: Editing II, 3 semester hours, 30 lec. 30 lab. [Offered as needed]
An advanced course in using stand-alone electronic and display text-editing typewriters. Complex typewriting problems with extensive revisions; medical, legal, government, and real estate documents are emphasized. Prerequisite: SES 2151.

SES 2212  Transcription, 3 semester hours, 45 lec. 30 lab. [Offered as needed]
Mailability of transcribed shorthand notes. Accuracy of transcripts, speed in dictation, office routines. Prerequisite: SES 1211, or permission of instructor.

SES 2335  Business Communications, 3 semester hours, 45 lec. [Offered as needed]
A comprehensive coverage of language structure and particular emphasis on writing superior business letters and reports. Instruction in principle, then illustration, and practice in applying the principles. A fundamental concept of the appearance, language and style, tone and psychology of effective business letters.

SES 2401  General Office Practices, 3 semester hours, 30 lec., 30 lab [Offered as needed]
Study of practices and procedures in the modern office. Emphasis on exercising judgment, handling incoming calls and callers, processing mail, word processing systems, editing and composing techniques, travel arrangements, banking procedures, employment applications and resume. Prerequisite: SES 1110 or equivalent.

SES 2402  Secretarial Office Practices, 3 semester hours, 30 lec., 30 lab. [Offered as needed]
Emphasis is placed on the primary duties of professional secretaries, including essential nontechnical skills such as decision making, the exercise of initiative, follow-through, working with people, solving office related problems, and the effective management of time and materials. Prerequisite: SES 1110, 1210, or permission of the instructor.

SLS 1101  College Opportunities Management, Planning & Academic Skills Seminar (COMPASS), 1 semester hour, 10 lec., 20 lab [Offered as needed]
A seminar designed to orientate entering students to OWJC, to familiarize them with the requirements of the College-level Academic Skills Program, to assist them in assessing their academic competencies (i.e., identify strengths and weaknesses), to identify means for capitalizing on strengths and for overcoming weaknesses, and to enter and pursue academic specializations (majors) based on reasonable career choices.

SLS 1301  Career and Life Planning, 1 semester hour, 15 lec., 15 lab. [Offered as needed]
The course is designed to help students assess their values, competencies and goals in relation to the selection of careers and life-styles for which they are best suited. On a national average, two-thirds of entering college freshmen have not made a choice concerning a career. Furthermore, extensive research shows that the student who has not made a career choice is much more likely to "drop-out" of college. This course will help students make an informed, realistic career choice which will form the basis for their life's work and which will also increase the probability of completing an academic program.
SOC 2000  Sociology, 3 semester hours, 45 lec. [Fall, Spring, Summer]
Concentration on the description of individual and group behavior.
Basic concepts related to the family and the city. Individual, industrial,
and political problem areas.

SPC 1600  Speech, 3 semester hours, 45 lec. [Fall, Spring, Summer]
Emphasis is on assisting the individual to develop his/her potential in
oral communication. Individual participation in preparation and
presentation of speeches reinforced by continuing group analysis and
constructive criticism.

SPC 2520  Discussion and Debate, 3 semester hours, 10 lec., 35 lab. [Offered as
needed]
This course is designed to provide learning experiences in rational deci-
sion making incorporating the techniques of persuasion through
organized procedures for argumentation. “Debate and Discussion.”
Prerequisite: High school speech or College speech.

SPN 1100  Spanish I, 3 semester hours, 45 lec. [Offered Fall and Term I Summer]
Pronunciation and grammatical structures of Spanish, with emphasis
upon balanced development of all four skills - listening, speaking,
reading, and writing. Students who have successfully completed two or
three years of high school Spanish should enroll in Spanish III-IV.

SPN 1101  Spanish II, 3 semester hours, 45 lec. [Offered Winter and Term II Sum-
mer]
Pronunciation and grammatical structure of Spanish, with emphasis
upon balanced development of all four skills - listening, speaking,
reading, and writing. Students who have successfully completed two or
three years of high school Spanish should enroll in Spanish III-IV.

SPN 2200  Spanish III, 3 semester hours, 45 lec. [Offered Fall and Summer Term I]
Intermediate level review of grammar, readings in Spanish literature,
and development of conversational and writing skills. Prerequisite: Two
or three years of high school Spanish with grade of “B” or better, or
SPN 1100 and 1101 or its equivalent.

SPN 2201  Spanish IV, 3 semester hours, 45 lec. [Offered Spring and Summer Term I]
Intermediate level review of grammar, readings in Spanish literature,
and development of conversational and writing skills. Prerequisite: two
or three years of high school Spanish with grade of “B” or better, or
SPN 1100 or 1101 or its equivalent.

SPN 2202  The Contemporary Spanish-Speaking World, 3 semester hours, 45 lec.
[Offered as needed]
Readings and discussions of current events in Spain and Latin-
American countries. Prerequisite: SPN 2201 or its equivalent.

SPN 2300  Advanced Spanish Grammar and Composition I, 3 semester hours, 45
lec. [Offered as needed]
Study of advanced grammatical structures and practice in composition.
Prerequisite: SPN 2201 or its equivalent.

SPN 2301  Advanced Spanish Grammar and Composition II, 3 semester hours, 45
lec. [Offered as needed]
Study of advanced grammatical structure and practices in composition.
Prerequisite: SPN 2201 or its equivalent.
SPW 2100  Introduction to Spanish Literature I, 3 semester hours, 45 lec. [Offered as needed]
Selected readings in modern Spanish and Spanish-American literature. Prerequisite: SPN 2201 or its equivalent.

SPW 2101  Introduction to Spanish Literature II, 3 semester hours, 45 lec. [Offered as needed]
Selected readings in modern Spanish and Spanish-American literature. Prerequisite: SPN 2201.

SSI 1905  Independent Study - Social Science, 1 semester hour [Offered as needed]
Directed study and individual projects designed to meet the needs of students interested in a specialized area of the social sciences for which present course availability is limited.

SSI 2905  Directed Work Study-Social Science, 1 semester hour [Offered as needed]
Entry by permission of Department Chair only.

SSI 2943  Tutorial-Social Studies, 1 semester hour [Fall, Spring, Summer]
An experience in individual depth study in which one student prepares for and engages in tutoring another for two class periods.

STA 1014  Statistics, 3 semester hours, 45 lec. [Fall, Spring, Summer]
Principle averages, measures of dispersion, probability distributions, sampling and sampling error, secular trend, correlation and regression and inference.

THE 2000  Humanities-Theatre, 3 semester hours, 45 lec. [Offered as needed]
An introduction to theatre and theatrical production. Topics span a wide range of interest - critical, historical, aesthetic and practical - intended to lay a foundation for further knowledge and skill of the theatre.

THE 2051  Children's Theatre Workshops, 1 semester hour [Offered as needed]
A workshop dealing with the production of plays directed toward children.

TPA 2200  Theatre Crafts, 1 semester hour [Offered as needed]
To acquaint the students with the various aspects of technical theatre.

TPP 2110  Acting I, 3 semester hours, 30 lec., 60 lab. [Offered as needed]
Through in-class performance the student will develop an understanding of and proficiency in those skills of movement, voice, and expression which are required of a theatrical performer.

TPP 2111  Acting II, 3 semester hours, 30 lec., 60 lab. [Offered as needed]
A continued refinement of basic acting techniques introduced in TPP 2110. Through in-class performance, the student develops as understanding and proficiency in styles of acting from classic through modern.

TPP 2120  Improvisation, 1 semester hour [Offered as needed]
A workshop dealing with improvisation and its production applications.
WOH 1012 World Civilization I, 3 semester hours, 45 lec. [Fall, Spring, Summer]
A study of world history from 4000 BC to 1650 AD as it relates to the
development of western civilization. History is analyzed in terms of
social, religious, philosophical, political, and economic concepts rather
than as merely a collection of facts arranged chronologically.

WOH 1022 World Civilization II, 3 semester hours, 45 lec. [Fall, Spring, Summer]
A study of history from 1650 AD to the present as it relates to the
development of the modern world. History is analyzed in terms of
social, religious, philosophical, political, and economic concepts rather
than as merely a collection of facts arranged chronologically.

WOH 2240 Twentieth Century, 3 semester hours, 45 lec. [Summer]
International political and historical affairs in the twentieth century
through the institutions and organizations of the Western State System.
Attention is on international cooperation, decision making force, world
resources, and world political geography.

ZOO 1010C Zoology, 4 semester hours, 45 lec., 45 lab. [Fall, Spring, Summer]
The concepts of animal life. An introduction to the tissues in higher
animals, embryology and relationships of major animal phyla to each
other and to man.

ZOO 2713C Comparative Vertebrate Anatomy, 4 semester hours, 30 lec., 60 lab.
[Spring]
The structure of vertebrates, using representative examples of fish, am-
phibia, reptiles, birds, and mammals, comparing them with each other
as well as with the primitive chordates. Lectures on the embryological
origins of the adult organ systems. Prerequisite: ZOO 1010C or its
equivalent.
Continuing Education Units

In order to provide individuals with an opportunity to meet their educational needs, Okaloosa-Walton Junior College offers non-college-credit Continuing Education courses and award one non-college-credit Continuing Education Unit (CEU) for each ten contact hours spent in these courses. These hours are organized, planned continuing education experiences under the direction and instructional control of the department in which they are offered.

Okaloosa-Walton offers two types of Continuing Education units as follows:

(1) Individual units which are structured to meet the needs of targeted groups or individuals, and the content of these units are selected and organized in a sequential manner, with appropriate objectives and rationale stated in course syllabi. The courses for which individual CEU’s are awarded are designated Ind. in the Course Description section of the Catalog.

(2) Institutional units are less structured and are informal in nature, but are planned educational experiences. These units are designed to meet community needs as they arise, such as community seminars, courses on the aging, etc. No CEU units will be awarded for courses which are entertainment, social or athletic in nature. The courses for which institutional CEU’s are awarded are designated Inst. in the Course Description section of the Catalog.

Dictation Techniques, 8 contact hours, 8 Ind. c.e.u.'s [Offered as needed]
Developing proficiencies in preparing to dictate by assembling needed materials for dictating; making notes after deciding the most important function of letter or memo and organizing materials to achieve that function; dictating by relaxing and speaking in a clear, natural tone of voice and enunciating clearly by emphasizing the plurals, past tense, and uncommon words, spelling out words and names that may be strange or confusing.

Briefing Techniques, 20 contact hours, 2 Ind. c.e.u.'s [Offered as needed]
Developing presentation techniques in the use of audio-visual materials, handouts, and the refinement of verbal and nonverbal communications.

Programming the Computer, 45 class hours, 4.5 Ind. c.e.u.'s. [Offered as needed]
An introduction to the BASIC (Beginning All Purpose Symbolic Instruction Code) programming language and flowcharting. Stresses the importance of logical and proper documentation of programs. Designed for students to use knowledge obtained as a tool in their chosen field.

Beginning Shorthand I, 60 class hours, 6 Ind. c.e.u.'s [Offered as needed]
Basic skills and vocabulary of shorthand. Beginning of dictation and transcription.

Beginning Shorthand II, 60 class hours, 6 Ind. c.e.u.'s [Offered as needed]
Speed building in taking dictation and transcription.

Refresher Shorthand, 20 class hours, 2 Ind. c.e.u.'s [Offered as needed]
This course will assist students to enlarge their vocabularies in the Gregg Shorthand system, and increase speed and accuracy in successfully transcribing notes.

Typewriting Improvement, 15 class hours, 1.5 Ind. c.e.u.'s [Offered as needed]
A course designed to review basic typing techniques and correct technique difficulties in order to acquire the minimum speed required for individual AFSC.

Beginning Typewriting I, 60 class hours, 6 Ind. c.e.u.'s [Offered as needed]
Development of correct typewriting technique, learning keyboard control, problem typing, and business letter writing.

Beginning Typewriting II, 60 class hours, 6 Ind. c.e.u.'s [Offered as needed]
Speed building through basic technique, tabulation, business letter writing, reports, and manuscript typing. Prerequisite: SES 1100 or acceptable level of competency.

Personal Typing, 20 class hours, 2 Ind. c.e.u.'s [Offered as needed]
To provide the student with the fundamental skills and knowledge necessary for personal-use typing.

</table>
XXX 1811 Industrial Management Supervision, 60 class hours, 6 Ind. c.e.u.'s
[Fall, Spring, Summer]
A course of instruction designed primarily for first and second level
supervisors embodying coverage of principles of personnel administra-
tion as it pertains to the line organization. Subjects include classifi-
cation, employment, training, labor relations, equal employment oppor-
tunity, and employee-management subject matter.

XXX 1902 Personnel Management, 40 class hours, 4 Ind. c.e.u.'s [Offered as need-
ed]
A course of instruction designed primarily for first and second level
supervisors embodying coverage of principles of personnel administra-
tion as it pertains to the line organization. Subjects include, Classification,
employment, training, labor relations, equal employment oppor-
tunity, and employee-management subject matter.

XXX 1903 Business English I, 45 class hours, 4.5 Ind. c.e.u.'s [Offered as needed]
Effective oral and written expression for business; application of rules
of grammar and development of vocabulary through supervised
business activities involving speaking and writing.

XXX 1918 Secretarial Techniques Seminar, 12 class hours, 1.2 Inst. c.e.u.'s [Of-
fered as needed]
A seminar designed to allow the secretary to update his/her knowledge
in the following areas: their role as a secretary, their range of respon-
sibilities, the working relationship with their supervisor, and decision
making.

XXX 1921 Bookkeeping I, 60 class hours, 6 Ind. c.e.u.'s [Offered as needed]
Complete bookkeeping cycle, including journalizing, posting, preparing
financial statements, and adjusting and closing the books. Procedures
for proprietorships, partnerships, corporations, inventory methods,
control accounts, special journals, and voucher systems, notes and
drafts, depreciation and payroll methods are also included.

XXX 1923 Bookkeeping II, 60 class hours, 6 Ind. c.e.u.'s [Offered as needed]
Theory and accounting procedures for merchandising, manufacturing
concerns, and the principles of cost accounting. Profit and loss analysis,
comparative statements, ratios, adjustments, and various cost account-
ing systems. Attention to income, income tax and official Social
Security tax laws, returns, and accounting procedures.

XXX 1926 Office Management, 24 class hours, 2.4 Ind. c.e.u.'s [Offered as need-
ed]
A course designed to provide a review and update of office management
skills such as leadership, motivation, productivity, work distribution,
etc., for use in office administration.

XXX 1927 Management Training for NAFI, 16 class hours, 1.6 Inst. c.e.u.'s [Of-
fered as needed]
A course designed to train supervisors in procedures of supervision re-
quired for NAFI civilian employees.

XXX 1928 Office Methods and Procedures Seminar, 16 class hours, 1.6 Inst.
c.e.u.'s [Offered as needed]
A course designed to provide a review and update of office skills and
Air Force methods and procedures as they apply to clerical and
secretarial personnel.
XXX 1938 Management II, 50 class hours, 5 Ind. c.e.u.'s [Offered as needed]
A course of instruction designed primarily for 1st and 2nd level supervisors embodying coverage of principles of personnel administration as it pertains to the line organization. Subjects include, Classification, Employment, Training, Labor Relations, Equal Employment Opportunity, Employee-Management Relations, and Management of Military Personnel.

XXX 1961 Securities and Investments, 15 class hours, 1.5 Inst. c.e.u.'s [Offered as needed]
Designed for both new and moderately experienced investors wanting to improve their skill and knowledge in investing.

XXX 2601 Adult Basic Education, 45 class hours, 4.5 Ind. c.e.u.'s [Fall, Spring, Summer]
Basic Education for Adults with special needs for developing skills reading, writing, arithmetic, and other subjects related to gainful employment, or the attainment of more advanced vocational and/or academic skills.

XXX 2602 Employment Skills, 15 contact hours, 1.5 Inst. c.e.u.'s [Offered as needed]
A brief orientation course covering the areas of concern to persons seeking employment. Items covered include: application forms, withholding tax, credit unions, and other areas normally associated with the new employee. The course will be conducted in seminar format with resource persons from local agencies.

XXX 2604 Beginning American Sign Language, 30 contact hours, 3 Inst. c.e.u.'s [Offered as needed]
An introductory course in American Sign Language (AMSLAN). The student will learn the manual alphabet (finger spelling) and several categories of signs (relationships, pronouns, verbs, time, question words, etc.). At the conclusion of the course the student should be able to understand and use sign language.

XXX 2605 High School Review, 45 class hours, 4.5 Ind. c.e.u.'s [Fall, Spring, Summer]
Study of the area(s) of deficiency in order to learn or regain lost high school level skills for job placement or GED examinations.

XXX 2608 Safety Education Defensive Driving, 8 class hours, .8 Inst. c.e.u.'s [Offered as needed]
Takes into account every aspect of driving to avoid accidents regardless of conditions or actions of others.

XXX 2613 Hunter and Firearms Safety, 24 contact hours, 2.4 Inst. c.e.u.'s [Offered as needed]
The primary purpose of the course is to teach Hunter and Firearms Safety and good sportsmanship. There are secondary objectives as well which will make hunting not only a safer sport, but a more pleasant, productive, and enjoyable recreation experience. Students who successfully complete this course will have a better understanding of their outdoor obligations to the landowner, to the resource, to other hunters and to themselves.
XXX 2614 Understanding Wills, Trust, and Estates, 8 class hours, .8 Inst. c.e.u.'s [Offered as needed]
The primary purpose of the course is to provide an overview and understanding of Wills, Trust, Basic Estate Planning, Death prearrangements, and the Administration of Estates.

XXX 2615 Advanced Sign Language, 30 Contact Hours, 3 Inst. c.e.u.'s [Offered as needed]
An advanced course in American Sign Language (AMSLAN). The student will develop his sign language skills.

XXX 2634 Paramedic Lab, 150 lab hours, 15 Ind. c.e.u.'s [Offered as needed]
A course designed to aid the student in the practical application of the knowledge imparted in the lecture section of the applicable Paramedic course. This course is conducted in a clinical setting (normally a hospital).

XXX 2635 Career Choice and Life Goals, 30 contact hours, 3 Ind. c.e.u.'s [Offered as needed]
The course is designed to help students assess their values, competencies and goals in relation to the selection of careers and life-styles for which they are best suited. Desired/required education and training for such pursuits will be explored, as will methods of researching specific careers and obtaining employment.

XXX 2636 Job Searching Today, 15 Contact Hours, 1.5 Inst. c.e.u.'s [Offered as needed]
A course designed to provide the student with the necessary information and skills with which to carry out a successful job search.

XXX 2690 General Education Review, 45 class hours, 4.5 Ind. c.e.u.'s [Offered as needed]
Remedial education program to help remove deficiencies in order that individuals may prepare for further education for college transfer or vocational programs or to prepare for the high school equivalency testing program.

XXX 2703 Cardiac Auscultation, 2.5 class hours, .25 Ind. c.e.u.'s [Offered as needed]
A lecture in the proper use of the stethoscope for the identification and differentiation of certain cardiac sounds. Prerequisite: B.S. Degree in nursing or permission of instructor.

XXX 2704 Hemodynamics, 1.5 class hours, .15 Ind. c.e.u.'s [Offered as needed]
A lecture on the anatomy of the heart, pressure tracing, Swan Ganz Catheter explanation, and insertion techniques. Prerequisites: B.S. Degree in nursing or permission of instructor.

XXX 2705 A Child's View of Death, 2 class hours, 2 Ind. c.e.u.'s [Offered as needed]
An explanation of the growth stages of the child and how each affects the child's reaction or concept of death, so that staff members will be more prepared to help the patient and family cope with death. Prerequisite: Intended for Registered Nurses and LPN's or members of the Health profession responsible for caring for the child.

</table>
Intermediate Drawing, 75 class hours, 7.5 Inst. c.e.u.'s [Offered as needed]
Intermediate course in the technical and aesthetic considerations of exploring drawing media.

Introduction to Two-Dimensional Design, 75 class hours, 7.5 Ind. c.e.u.'s [Offered as needed]
An introductory course, both theoretical and applied, dealing with the principles of organization and the elements of design in a two-dimensional format. This is a foundation course for all of the graphic arts: painting, printmaking, and the two-dimensional crafts.

Introduction to Three-Dimensional Design, 75 class hours, 7.5 Ind. c.e.u.'s [Offered as needed]
An introductory course, both theoretical and applied, dealing with the principles of organization and the elements of design in a three-dimensional format. This is a foundation course for all of the plastic arts: sculpture, architecture and the three-dimensional crafts.

Beginning Sculpture, 75 class hours, 7.5 Ind. c.e.u.'s [Offered as needed]
An introductory course in the technical and aesthetic considerations of creating sculptural forms. Includes a wide range of possible materials and expressions, those used in the past and those being used currently, in both the reductive and additive methods. The student will be expected to solve problems in several different media that best express his particular sensibilities.

Painting, 75 class hours, 7.5 Ind. c.e.u.'s [Offered as needed]
Beginning course in painting using the acrylic medium. Course covers problems in painting technique related to composition, color and form. Individual student ideas and approaches will be encouraged.

English for Foreign Born, 90 class hours, 9 Ind. c.e.u.'s
English for non-English speaking adults. Emphasis is placed on speaking, reading, and writing English based on living experiences and needs.

Foreign Language—Spanish, 45 class hours, 4.5 Ind. c.e.u.'s [Offered as needed]
Comparable in content to those Spanish courses offered in the regular secondary school. For conversational purposes, emphasis is placed on speaking and oral comprehension.

Effective Speaking, 45 class hours, 4.5 Ind. c.e.u.'s [Offered as needed]
Fundamentals of effective speaking, practice in organization of materials and delivery, development of voice, vocabulary, diction and poise, and elements of parliamentary procedure.

Effective Writing, 10 class hours, 1 Ind. c.e.u.'s [Offered as needed]
An intensive study of effective writing with emphasis on writing mechanics and practical application.

Reading, 45 class hours, 4.5 Ind. c.e.u.'s [Offered as needed]
Reading courses are offered on different levels to satisfy adult reading needs. Emphasize basic reading skills and comprehension and the increase of reading speed.
XXX 4612  Foreign Language—French, 45 class hours, 4.5 Ind. c.e.u.'s [Offered as needed]
Comparable in content to those courses offered in the regular secondary school. For conversational purposes, emphasis is placed on speaking and oral comprehension.

XXX 4616  Study Skills, 30 contact hours, 3 Inst. c.e.u.'s [Offered as needed]
Practical application of psychological principles to personal learning and study skills. Recommended for all students who feel deficient in study techniques or who otherwise wish to improve their study skills.

XXX 4626  High School English, 45 class hours, 4.5 Ind. c.e.u.'s [Offered as needed]
Intensive review of English on the secondary school level.

XXX 4629  Survival German, 12 class hours, 1.2 Inst. c.e.u.'s [Offered as needed]
A conversational German course designed to aid the student in the exchange of everyday thoughts, feelings, and questions of urgent importance to the traveler or neighbor in a German-speaking situation.

XXX 4631  Everyday German, 18 class hours, 1.8 Inst. c.e.u.'s [Offered as needed]
The course content of German sentences and phrases of high-frequency use in conversation, especially in situations encountered by the traveler and resident in German-speaking community will be presented in short dramatized episodes. Skits, dialogues, sound tapes, and video tapes will be used to present the materials with minimal translation into the native language, and maximum practice in the oral control of the sentences by the students developed by dramatized practice.

XXX 4800  Applied English, 45 class hours, 4.5 Ind. c.e.u.'s [Offered as needed]
Grammar study and drill, punctuation, correct usage, spelling, sentence structure, elimination of errors in sentence structure, business and social correspondence, library and research paper methods, and writing for comprehension.

XXX 4815  Technical Writing, 45 class hours, 4.5 Ind. c.e.u.'s [Offered as needed]
The fundamentals of report writing mechanics and style with practice in preparing reports of the various types most likely to be used by engineering technicians.

XXX 4817  Teaching Effective Study Skills, 16 class hours, 1.6 Ind. c.e.u.'s [Offered as needed]
Practical application of psychological principles to personal learning and study skills. Recommended for anyone who wants to increase their knowledge of teaching study skills.

XXX 5600  High School Algebra I, 45 class hours, 4.5 Ind. c.e.u.'s [Fall, Spring, Summer]
Algebra including formulas, positive and negative numbers, graphs, simple equations, linear equations, factoring, fractional equations, basic work on powers and roots of numbers, and simple quadratic equations.

XXX 6624  Adjustment for Life, 45 contact hours, 4.5 Ind. c.e.u.'s [Offered as needed]
Application of psychological theory for problem solving and better mental health. A look at psychological defense mechanisms and how they may be changed into more adaptive behavior.

XXX 6625  Managing the Home I, 15 class hours, 1.5 Ind. c.e.u.'s [Offered as needed]
Basic course in managing the home as related to individual and family activities; includes principles of positive interaction of family members as well as time and energy management applied to housekeeping tasks of providing and maintaining food, shelter, clothing, and good communication for family members.

XXX 6630  Cake Decorating, 14 class hours, 1.4 Inst. c.e.u.'s [Offered as needed]
Designed to teach how to decorate a cake.

XXX 6637  Helping the Aging Help Themselves, 30 class hours, 3.0 Inst. c.e.u.'s [Offered as needed]
A course for persons who work with the aging which deals with helping relationships, communication, and problems of the aging: emphasis is on fostering or maintaining independence of the aging.

XXX 6638  Woman's Day Workshop
A workshop to focus on needs and interests of women in relation to continuing education.

XXX 6639  Legal Rights and Concerns for the Elderly, 15 class hours, 1.5 Inst. c.e.u.'s [Offered as needed]
A course focusing on law and the elderly including legal needs of the elderly, rights of individuals, guardianship, durable family power of attorney, legal benefits; organization of records such as wills, property and insurance policies; and protective services and legal aid for adults.

XXX 6640  Community Resources for the Elderly, 15 contact hours, 1.5 Inst. c.e.u.'s [Offered as needed]
A study of community resources available to the elderly.

XXX 6641  Non-Traditional Careers, 45 class hours, 4.5 Ind. c.e.u.'s [Fall, Spring, Summer]
A course in which (1) participants will become aware of the special problems faced by persons in non-traditional fields with emphasis on overcoming occupational sex stereotyping and (2) participants will develop individualized career plans through the processes of realistic decision making and goal setting.

XXX 6643  Advanced Cake Decorating, 14 class hours, 1.4 Inst. c.e.u.'s [Offered as needed]
A course in advanced skills relating to the art of cake decorating. A self-supporting course. Prerequisite: XXX 6630 Cake Decorating or permission of the instructor.
XXX 6648  A Time for Living, 12 contact hours, 1.2 c.e.u.'s [Offered as needed]
A course designed to teach operators of Adult Congregate Living Facilities, and Adult Foster Homes how to meet the emotional and physical needs of elderly and dependent adults in their facilities. Behavioral modification techniques, health concerns, diet and nutrition, health maintenance, legal concerns, adjustment to new environments, identifying problem of the elderly, and how to assist in directing their lives.

XXX 6700  Chemical Tests for Intoxication, 40 class hours, 4 Ind. c.e.u.'s [Offered as needed]
Background and history of alcohol; effects on motor coordination; operation and maintenance of breathalyzer equipment; court testifying; metric systems; and legal aspects of consent law.

XXX 6702A  Criminal Identification, 16 class hours, 1.6 c.e.u.'s [Offered as needed]
Designed to train students in the techniques and use of the Identi-Kit in building facial composites of wanted and missing persons. For in-service law enforcement officers.

XXX 6705  Chemical Test for Intoxication-Annual Requalification Course, 8 contact hours, .8 Ind. c.e.u.'s [Offered as needed]
Course meets Florida Department of Education annual recertification of chemical tests for intoxication permits.

XXX 6706  Breathalyzer Equipment Maintenance, 20 class hours, 2.0 Ind. c.e.u.'s [Offered as needed]
Course meets Florida Department of Education requirements for maintenance of chemical test equipment.

XXX 6707  Police Dispatcher Communications, 20 class hours, 2 Ind. c.e.u.'s [Offered as needed]
A basic course in law enforcement dispatcher communications to include fundamentals of proper communications procedure, radiotelephone, and teletype techniques.

XXX 6708  Police Firearms Requalification, 4 contact hours, .4 Ind. c.e.u.'s [Offered as needed]
A practical police firearms semi-annual requalification course for in-service, part-time and auxiliary law enforcement officers. Prerequisite: Inservice-part time/auxiliary police officer.

XXX 6709  Auto-Intoximeter Course, 8 contact hours .8 Ind. c.e.u.'s [Offered as needed]
Auto-intoximeter operators course to include instrument familiarity and checkout. Required by State Department of Health for Intoximeter Operations. Prerequisites: State Certified Chemical Tests for Intoxication Operators.

XXX 6710  Police Radar Operator, 40 class hours, 4 Ind. c.e.u.'s [Offered as needed]
This course is sanctioned by the Florida Police Standards and Training Commission and meets requirements of Chapter 943.14(10)(a), Florida Statutes. It is designed to equip law enforcement officers with basic knowledge and skills needed for proper operation of radar speed measurement devices.
Police Officer Supervision Training, 80 class hours, 8 Ind. c.e.u.'s [Offered as needed]
A career development course for full-time police officers designed to train the line supervisor.

Police Photography, 45 class hours, 4.5 Ind. c.e.u.'s [Offered as needed]
A basic course in police photography techniques to include photographic principles, illumination, composition, identification, fingerprint, crime scene, traffic accident, courtroom technician, darkroom and film processing, enlarging, printing and field application. By permission of instructor.

Police Skills, 45 contact hours, 4.5 Ind. c.e.u.'s [Offered as needed]
A skills development course designed to upgrade the auxiliary and/or inservice police officer in the areas of driver improvement, arrest techniques, stress reduction, medical emergencies and use of firearms. A Florida Police Standards Salary incentive course.

Law Enforcement Institutes, 60 class hours, 6 Ind. c.e.u.'s; 4 or 6 hour classes, .4 Ind. c.e.u. or .6 c.e.u. [Offered as needed]
Law Enforcement Symposia, Seminars and Workshops offered in four or six-hour sessions, as needs dictate. A. Criminal Law (6 hours), B. Criminal Procedure (4 hours), C. Forensic Pathology (4 hours), D. Applied Technology (6 hours), E. Criminal Identification (4 hours), F. Specific Techniques (6 hours), G. Crime Scene Activities (4 hours), H. Major Felony Investigations (6 hours), I. Police Problems (4 hours), J. Special Investigations (6 hours), K. Field Activities (6 hours), L. Evidential Issues (4 hours).

Criminal Justice Basic Training, 320 class hours, 32 Ind. c.e.u.'s [Offered as needed]
Meets the Florida Standards for Law Enforcement or Corrections certification. Student must complete 160 hours of common core courses as follows: H. Introduction to Criminal Justice (45 hours), I. Criminal Law (45 hours), G. Advanced Firearms (39 hours), P. Basic Skills (31 hours). Police candidates must complete: J. Criminal Investigation (45 hours), K. Police Operations (45 hours), L. Traffic (45 hours), R. Enforcement Skills (25 hours). Corrections candidate must complete: Q. Correctional Skills (70 hours), M. Correctional Law (45 hours), and N. Correctional Operations (45 hours).

Consumer and Homemaking Education, 90 class hours, 9 Ind. c.e.u.'s
[Fall, Spring, Summer]
Designed to help students improve home environment and the quality of personal and family life and includes instruction in food and nutrition, child development, clothing, housing, family relations and management of resources.

Orientation to Basic Child Care, 24 class hours, 2.4 Ind. c.e.u.'s [Offered as needed]
An introduction to child care with emphasis on children's growth and development, to be followed by Basic Child Care, XXX 6909.
XXX 6909  Basic Child Care and Guidance, 45 class hours, 45 lab., 4.5 Ind. c.e.u.'s [Offered as needed]
Introductory course in child care with emphasis on children's growth and development. Includes ways of working with children from infancy through age five. Role of play in learning. Prerequisite to other child care courses.

XXX 6911  Introduction to Basic Clothing Construction, 45 class hours, 4.5 Ind. c.e.u.'s [Offered as needed]
Designed develop skills in clothing selection and construction. Emphasis on management of individual resources to meet the need of family members.

XXX 6913  Curriculum for Young Children I, 105 class hours, 10.5 Ind. c.e.u.'s [Offered as needed]
Study of techniques of using language arts, science, art, social studies, music, math, and physical activities with young children with emphasis on interdisciplinary learning.

XXX 6915  Ways of Working With Young Children I, 75 class hours, 7.5 Ind. c.e.u.'s [Offered as needed]
Course designed to increase objectivity and proficiency in observing, recording, and interpreting children's behavior; in addition, to increase awareness of patterns of behavior of children from 2 to 5 years. Includes child guidance and discipline techniques. Various assignments given as participant observers in child development centers or homes.

XXX 6916  Parent Involvement, 60 class hours, 6 Ind. c.e.u.'s [Offered as needed]
Study of effective ways of working with parents, understanding home and community setting. Prerequisite: XXX 6913 and XXX 6915 preferable, or permission of instructor.

XXX 6917  Constructing Creative Equipment and Material, 60 class hours, 6 Ind. c.e.u.'s [Offered as needed]
Selecting, making and using indoor and outdoor equipment and teaching materials with young children; approximately one half focusing on language development. Prerequisite: XXX 6906 XXX 6913 and XXX 6915 preferable.

XXX 6918  Child Care Services, 45 class hours, 45 lec., 4.5 Ind. c.e.u.'s [Offered as needed]
Study of programs for young children with emphasis on the teaching roles, selection and use of equipment and materials for groups of young children.

XXX 6920  Programs for School-Age Children, 45 class hours, 4.5 Ind. c.e.u.'s [Offered as needed]
Emphasis on programming for after-school care; includes understanding needs of school age child up to 12 years.

XXX 6922  Ways of Working with Young Children II, 90 class hours, 9 Ind. c.e.u.'s [Offered as needed]
Study of development and application of effective skills and techniques used in programming for young children. Prerequisite: XXX 6906, XXX 6913, XXX 6915 preferable.
XXX 6923  Food Service Manager Seminar, 30 class hours, 3 Ind. c.e.u.'s [Offered as needed]
Designed to update the food service manager in the areas of nutrition, merchandising, work simplifications, job descriptions and analysis, and human relations. Prerequisite: employment in school food service.

XXX 6925  Basic Tailoring, 75 class hours, 7.5 Ind. c.e.u.'s [Offered as needed]
Tailoring principles, traditional and shortcut methods in fitting, construction, and finishing tailored garment. Use of wool fabric, underlining and interfacing such as hair canvas and asnaburg will be used. Advanced techniques of welt pockets, bound buttonholes, metered vent, padding stitches, and shoulder pads are also included.

XXX 6929  Decorating Your Home I, 15 class hours, 1.5 Inst. c.e.u.'s [Offered as needed]
Basic study of home decorating principles and techniques; analyzing decorating needs and priorities; inexpensive ideas for creating individual and inviting atmosphere in the home through buying wisely or making needed items, or using existing home furnishings.

XXX 6931  Food Planning and Preparation, 2 lab., 2 lec., 60 class hours, 6 Ind. c.e.u.'s [Offered as needed]
A basic study of foods and principles underlying meal planning, food selection, preparation and service. A consideration of the essentials of an adequate diet.

XXX 6932  Child Care Seminar, 45 class hours, 4.5 Ind. c.e.u.'s [Offered as needed]
Weekly seminar to critique performance and plan effective student field experience. Individual and group conferences scheduled concurrently with field experience.

XXX 6933  Basic Clothing Construction, 75 class hours, 7.5 Ind. c.e.u.'s [Offered as needed]
A basic course in clothing construction stressing judgment in the selection and use of commercial patterns, development of skill and understanding of construction techniques and fitting. A consideration of art principles as related to clothing included.

XXX 6935  Advanced Clothing Construction, 75 class hours, 7.5 Ind. c.e.u.'s [Offered as needed]
Advanced problems and techniques of clothing construction and creative expression.

XXX 6936  Family Finance Seminar, 3 class hours, 3 Inst. c.e.u.'s [Offered as needed]
Three hour seminar focusing on choices and decisions regarding money, spending resources wisely, protecting your future and family communication and money.
XXX 6937  Senior Citizens Use of Food, 45 class hours, 4.5 Inst. c.e.u.'s [Offered as needed]
A course designed to inform senior citizens of the importance of proper selection, preparation, serving, and storing of food with emphasis on food needs, interests, and resources of the elderly, including cooking for one or two persons.

XXX 6938  Improving Quality of Family Life, 20 class hours, 2.0 Inst. c.e.u.'s [Offered as needed]
A course which focuses on improving the quality of personal and family life through instruction in child development, family relations, budgeting and managing resources, and homemaking skills with emphasis on the dual role (home & job).

XXX 6939  Cooking with Energy Saving Appliances, 20 contact hours, 2 Inst. c.e.u.'s [Offered as needed]
The basic operation of energy saving appliances and use in cooking techniques for various foods.

XXX 7600  Auto Mechanics for the Layman, 20 class hours, 2 Inst. c.e.u.'s [Fall]
A course designed to prepare drivers to handle simple problems relating to the automobile, including the performance of simple maintenance. (Self-Supporting)

XXX 7602  Introduction to Auto Mechanics, 20 class hours, 2.0 Ind. c.e.u.'s [Offered as needed]
A course designed to make the student aware of the auto mechanics field by learning about the basic operation and the various systems of the automobile. Students will be taught to handle simple problems relating to the operation, maintenance and performance of the automobile.

XXX 7603  Occupational Orientation, 45 class hours, 4.5 Ind. c.e.u.'s [Offered as needed]
A course in which students will receive an orientation to the world of work and will acquire skills in choosing an occupation, applying for a job, and maintaining and progressing in an occupation.

XXX 7706  Home Industries
A course designed to prepare individuals for the manufacturing of goods in the home to be sold; training in the construction of handicraft items such as leathergoods, ceramics, lapidary, woodworking, engraving, drawing, silk screen, and weaving. (Hours vary as to type of offering.

XXX 7708  Contractor Exam Preparation, 60 contact hours, 6 Ind. c.e.u.'s [Offered as needed]
The purpose of this course is to prepare experienced contractors to pass the exam for contractor's certification. Topics covered include: math review; working drawings; specifications; estimations and take-offs; business regulations, tax laws, building codes, and safety regulations; building materials; and accounting and cost keeping.
XXX 7715 Electrical Wiring: Apprentice, 60 class hours, 6 Ind. c.e.u.'s [Fall, Spring] 24 class hours, 2.4 c.e.u.'s [Summer]
Related theory and classroom work for electrical apprenticeship training. Training in the installation of wiring systems and lighting fixtures in a building, including laying conduits, installing switch panels, pulling wire, splicing, testing circuits, line construction and performing other duties and jobs required of an electrician.

XXX 7723 Aircraft Welding, 75 class hours, 7.5 Ind. c.e.u.'s [Offered as needed]
Shop safety precautions and procedures; practical and theoretical training in the use of oxyacetylene welding in general aviation; training in the recognition of various materials for welding and in the selection of the proper welding materials and equipment for use in general aviation.

XXX 7730 Air Conditioning and Heating: Apprentice, 60 class hours, 6 Ind. c.e.u.'s [Fall, Spring], 24 class hours, 2.4 c.e.u.'s [Summer]
Related theory and classroom work for air conditioning and heating, apprentice training. Instruction in mathematics, blueprint reading, method of construction, safety, use of building materials, and other technical subjects.

XXX 7731 Bricklaying: Apprentice, 60 class hours, 6 Ind. c.e.u.'s [Fall, Spring], 24 class hours, 2.4 c.e.u.'s [Summer]
Related theory and classroom work for bricklaying, apprentice training. Instruction in mathematics, blueprint reading, method of construction, safety, use of building materials, and other technical subjects.

XXX 7732 Carpentry: Apprentice, 60 class hours, 6 c.e.u.'s [Fall, Spring] 24 class hours, 2.4 Ind. c.e.u.'s [Summer]
Related theory and classroom work for carpentry, apprentice training. Instruction in mathematics, blueprint reading, method of construction, safety, use of building materials, and other technical subjects.

XXX 7733 Painting: Apprentice, 60 class hours, 6 c.e.u.'s [Fall, Spring]; 24 class hours, 2.4 Ind. c.e.u.'s [Summer]
Related theory and classroom work for painting, apprentice training. Instruction in mathematics, blueprint reading, method of construction, safety, use of building materials, and other technical subjects.

XXX 7734 Plumbing and Pipefitting: Apprentice, 60 class hours, 6 Ind. c.e.u.'s [Fall, Spring] 24 class hours, 2.4 c.e.u.'s [Summer]
Related theory and classroom work for plumbing and pipefitting, apprentice training. Instruction in mathematics, blueprint reading, method of construction, safety, use of building materials, and other technical subjects.

XXX 7735 Sheetmetal: Apprentice, 60 class hours, 6 Ind. c.e.u.'s [Fall, Spring]; 24 class hours, 2.4 c.e.u.'s [Summer]
Related theory and classroom work for sheetmetal, apprentice training. Instruction in mathematics, blueprint reading, method of construction, safety, use of building materials, and other technical subjects.

XXX 7736 Sheetmetal Training, 45 contact hours, 4.5 Ind. c.e.u.'s [Offered as needed]
Related theory and classroom work for sheetmetal apprentice training. Instruction in mathematics, blueprint reading, methods of construction, safety, use of building materials, and other technical subjects.
Basic Baking, 180 class hours, 18.0 Ind. c.e.u.'s [Offered as needed]
A study of baking practices and principles as they apply to the preparation of breads, rolls, pastries, pies, cakes, cookies, and specialty desserts.

Commercial Food Apprentice, 60 contact hours, 6.0 Ind. c.e.u.'s
Related theory and classroom work for commercial foods apprentice training. Instruction in the preparation of basic foods, meats, vegetables, salads, soups, and sauces.

Estimating for Construction, 60 class hours, 6.0 Ind. c.e.u.'s [Offered as needed]
A basic course in estimating as it relates to industry in general. Covers related references, estimating methods, take-off organization and presentation, material take-off, and actual estimating projects relating to specific industrial fields.

Shop Safety, 15 class hours, 1.5 Ind. c.e.u.'s [Offered as needed]
Introduction to shop safety regulations, causes of hazards, preventative measures, and what to do in case of an accident.

Supervising Industrial Workers, 15 class hours, 1.5 Ind. c.e.u.'s [Offered as needed]
A non-credit course designed to help first line industrial supervisors improve their skills in employee motivation, human relations, dealing with personnel problems, time and resource management, scheduling, and planning.

Purchasing for Industry, 45 class hours, 4.5 Ind. c.e.u.'s [Offered as needed]
A non-credit course designed to help industrial workers become familiar in the various aspects of the purchasing process. Topics covered include: overview of the purchasing process, price/cost analysis, negotiations, inventory management, systems contracting, and value analysis.

Electronics Theory and Fabrication, 38 class hours, 3.8 Ind. c.e.u.'s [Offered as needed]
This course provides a practical presentation of basic theory and of fabrication of subjects presented including the following: safety, math, concepts of voltage, current and power components, use of the VOM, how to read diagrams, tools, soldering principles, wiring, quality control and hardware.

Communication System, 45 class hours, 4.5 Ind. c.e.u.'s [Offered as needed]
Communication systems and the factors affecting the design, operation and maintenance of receiving and transmission equipment. AC/DC theory, antennas, transistors, microwaves, oscillators and amplifiers are covered. Preparation for F.C.C. radio/telephone license examination.

Metric Awareness, 45 class hours, 4.5 Ind. c.e.u.'s [Offered as needed]
A course in metric measurement designed to give the student a rationale for metric conversion in the United States, an overview of the history of measurement, study in metric units of length, metric units of area and volume, metric unit of mass, and metric units of capacity.
XXX 7850 CRT Phototypesetting, 8 contact hours, 1.2 Ind. c.e.u.’s [Offered as needed]
Lecture/discussion about and “hands-on” experience with some of the most current CRT phototypesetting equipment available today.

XXX 7981 Water Treatment Operator, 165 contact hours, 16.5 Ind. c.e.u.’s [Offered as needed]
Study of water treatment. This course will cover the operation of a water treatment plant and related mathematics, biology, chemistry, records, and reports used in the operation of a water treatment facility. This course is preparation for the state “B” level water plant operator certification. Prerequisite: Consent of Instructor

XXX 7982 Beginning Wastewater Operator I, 142 class hours, 14.2 Ind. c.e.u.’s [Offered as needed]
An introductory study of the field of wastewater treatment. This course will cover the operation of a wastewater plant and the related mathematics, biology, chemistry, laboratory records and reports used in the operation of a wastewater facility. This course is preparation of the State “B” level wastewater operator.

XXX 8609 Green Thumb, 20 class hours, 2 Inst. c.e.u.’s [Offered as needed]
“Green Thumb” is designed to make each student cognizant of the main principles of plant selection and care. (Self-supporting course)

XXX 8800 Emergency Medical Treatment, 130 contact hours, 13 Ind. c.e.u.’s
Emergency Medical Treatment represents one of the early phases of training for a career in emergency medical care considered within the responsibilities of emergency medical care personnel as well as operational aspects of the job. Prerequisite: Current Standard First-Aid Card.

XXX 8801A Refresher Emergency Medical, 30 contact hours, 3 Ind. c.e.u.’s [Offered as needed]
Refresher Emergency Medical Treatment is part of a career structure for emergency medical technicians (EMT’s). It contributes to the maintenance of a uniformly high level of training and skill among EMT’s. The course reviews basic skill and knowledge of emergency medical care and then brings the student up to date on new developments in the field of emergency medical treatment.
ADMINISTRATIVE AND INSTRUCTIONAL PERSONNEL

Atwood, Robert C. .................................. Graphics/Printing Coordinator-Instructor
Michigan State University, M.A.

Bailey, Inez ........................................... Physical Education Instructor
Wayne State University, M.Ed.
