“Okaloosa-Walton Community College is dedicated to the concepts of equity and equal opportunity. It is the specific intention of the college not to discriminate on the basis of age, color, creed, handicap, marital status, national origin, race, religion, or sex in its employment practices or in the admission and treatment of students.” The Okaloosa-Walton Community College Equity Coordinator may be contacted through the office of the Director of Personnel, Niceville Campus, (729-5365). The Equity Coordinator is also coordinator of Title IX of the Education Amendment of 1972.

Members of the OWCC Sigma Mu chapter, of the Phi Theta Kappa national honor society must maintain a 3.5 grade point average while working toward an Associate of Arts degree. At graduation, PTK members may wear an honor stole and tassel with their gown.
GENERAL INFORMATION

Purpose Statement

Okaloosa-Walton Community College is committed to quality educational programs and services which provide the opportunities for students to achieve their goals and which satisfy community needs. To this end, the college seeks to help improve the quality of life by offering excellence in academic, occupational, cultural, economic, and personal development programs and services.

Goals

- To provide a college environment that promotes equity and access to college programs for all citizens.
- To provide student and community services and activities that enhance the quality of educational life.
- To provide freshman and sophomore courses leading to baccalaureate degrees.
- To provide associate degrees and occupational programs that prepare students for careers in the public and private sectors.
- To provide leadership and support for the economic development of Okaloosa and Walton counties.
- To provide college preparatory instruction in basic skills, literacy programs, adult secondary education, and vocational preparatory instruction.
- To provide social and cultural opportunities in Okaloosa and Walton counties.
- To provide a variety of continuing education opportunities.
- To provide leadership in the application and use of technology.

Background

Located in the coastal heart of Northwest Florida, Okaloosa-Walton Community College has earned a reputation for educational excellence and community involvement. As one of Florida's network of 28 public community colleges, OWCC offers post-secondary education opportunities within reach of every Okaloosa and Walton County citizen. The college's two-county service district stretches from the Gulf of Mexico to the Alabama state line and encompasses a population in excess of 190,000 permanent residents.

In addition to a 264 acre campus in Niceville, OWCC operates a joint campus with the University of West Florida in Fort Walton Beach, the Chautauqua Center in DeFuniak Springs, the Robert L.F. Sikes Education Center in Crestview and full-time centers at Eglin Air Force Base and Hurlburt Field.

When its doors first opened in August of 1964 in a temporary campus of vacant buildings in Valparaiso, OWCC had a faculty of ten instructors, three support personnel and five administrators for the 309 full-time and 458 part-time students on hand. Now, more than thirty years later, approximately 100 full-time and 212 part-time instructors, as well as 234 support staff and 9 administrators (including 5 instructional department administrators) serve more than 16,600 students annually at the college's six campuses and centers. Since its inception, more than 170,000 persons have been served by Okaloosa-Walton Community College.

Originally named Okaloosa-Walton Junior College, the college remained at the temporary Valparaiso campus until December 1968 when the college moved to the permanent Niceville campus. Located between State Roads 85 and 285, the 264 beautifully wooded acres of the Niceville campus were transferred to the college from the Eglin Air Force Reservation by an act of Congress in January 1966. OWJC changed its name to Okaloosa-Walton Community College in 1988 in order to more accurately reflect the college's scope and mission in the local community.

A unique "2+2" program was established with the University of West Florida in 1982, and an act of Congress designated a permanent site for the OWCC/UWF Fort Walton Beach campus in 1989. The 156 acre Fort Walton Beach campus now boasts a fully integrated program from the freshman year through graduate school and annually serves a combined enrollment of approximately 6,000 students.

Throughout the college's history, OWCC has earned a consistent record of educational excellence. The college received a citation from the U.S. President in 1972. In 1984, OWCC received the coveted "Secretary's Award" from the U.S. Secretary of Education for its Drafting and Design Technology program, and in 1989, the Electronics Engineering Technology Program was designated a "Center of Electronics Excellence by the Florida Department of Education.

OWCC's average grade point average for students who have transferred to the state university system consistently ranks within the top five in the state. OWCC instructors are consistently selected as state finalists for the "Professor of the Year" Award of Excellence. The college debate team won state and national championships in 1993, 1994 and 1995 and the OWCC Musical Theater has ranked first in the state for the past ten years.

In addition to a record of regional and national accolades, OWCC offers state-of-the art student computer labs, a top-rated sports complex and a full program of intercollegiate and intramural sports,
a child development center, and a Criminal Justice Training Center. A 120,000 square foot fine and performing arts center opens on the Niceville campus in 1996.

**Facilities**

The Niceville Campus of Okaloosa-Walton Community College (OWCC) is located between State Roads 85 and 285 on 264 beautifully wooded acres. College credit, noncredit, adult basic education, occupational certificates, college and vocational preparatory programs, GED preparation and testing, and continuing education programs are offered in both day and evening classes.

The Niceville campus includes the following permanent facilities:

**Administration (A):** houses the executive and administrative offices, including instructional services, administrative and financial services, media/public relations and the college foundation.

**Technical Laboratories (B):** contains electronics, drafting and design, and computer-assisted drafting laboratories and computer-aided manufacturing laboratories.

**Student Services Center (C-1):** houses admissions, registration, counseling, financial aid advice and services, and Career Information Center.

**Business (C-2):** provides facilities for instructional programs in business education, business administration, computer science, and mid-management.

**Science (D):** comprised of classrooms and laboratory facilities for programs in biology, physics, physical science, and chemistry.

**Learning Resources Center (E):** located on the two center floors and the south mezzanine of Building "E." It contains a collection of more than 82,000 books, 39,000 audio-visual items, and subscribes to about 600 magazines and newspapers. A computer network provides access to the library holdings of all nine state universities and 26 community colleges, numerous CD-ROM databases and worldwide information sources through Internet.

The upper north mezzanine levels house the Academic Success Center, two computer labs/classrooms and faculty offices. The Periodicals/Reserve and Audio/Visual sections of the LRC are on the south side. The first floor level contains faculty offices and classrooms. A conference center and classrooms are located on the ground level.

**Athletics and Physical Education (F):** contains offices, classrooms, and storage facilities for the Division of Athletics and Physical Education department, and houses the Wellness Center.

**Outdoor Physical Education Facility (F-1):** contains extensive outdoor facilities which provide activity programs for intramural and intercollegiate participation.

**Utilities, Maintenance, and Receiving (G) and (G-1):** houses the air conditioning and heating equipment, central services, maintenance, custodial and grounds functions.

**Gymnasium (H):** a multi-purpose facility used to house all indoor physical education activities and indoor sports events.

**The Arts Center (J):** consists of two theaters, an outdoor amphitheater, two art galleries, a dance studio and choral and musical studies.

**College Mall (K):** contains student activities, food services, bookstore, lounges, meeting rooms, recreational areas, instructional programs in music and humanities and the college Art Gallery.

**Mathematics/Public Safety (L):** provides offices, classrooms, and specialized laboratories for the mathematics department and facilities, and forensics photo lab, for programs offered by the Florida Criminal Justice Training Center No. 21.

**Visual Arts (M):** houses instructional art programs.

**Continuing Education (P):** contains classrooms and laboratories for consumer and continuing education, adult education, computer assisted learning labs and a Child Development & Education Center.

**Graphic Arts Building (Q):** houses Graphic Services and the Instructional Graphic Communications programs.

**Computer Services (R):** provides laboratories and related instructional facilities for the computer science program. The College’s Management Information Systems staff is located in this facility.

**The Sports Complex:** The sports complex is located east of the Niceville campus and contains a golf course, and two diamonds, bleachers, field houses for men’s and women’s baseball and softball and a Strength Training Center.

OWCC operates instructional sites throughout the two county area, making the programs and services of the college easily accessible to the entire community.

The Okaloosa-Walton Community College and the University of West Florida Fort Walton Beach Campus is a fully integrated joint campus which provides higher education opportunities ranging from Associate to Masters degree programs, as well as non-credit and adult basic education programs. In addition, the campus houses OWCC's various economic development programs including: the Economic Development Council of Okaloosa County, the Technology Coast Manufacturing & Engineering Network, the Gulf Coast Alliance for Technology Transfer, the Quality Institute, and the Northwest Florida Manufacturing Technology Center. The campus also houses the college's Distance Learning program.
The OWCC/UWF campus is located on a 156-acre wooded site on Martin Luther King, Jr. Boulevard, and includes the following permanent facilities:

**Administration** (S) (1): houses administrative offices and the business and registration offices of both institutions, a large community meeting room, and two conference rooms.

**Student Services** (T) (2): contains the campus bookstore, student center, student government offices and counseling offices.

**Classroom Building** (U) (3): houses classrooms and the Assessment Center for the Private Industry Council serving Okaloosa County.

**Classroom Building** (V) (4): comprised of faculty offices, classrooms, a reading improvement laboratory, and Private Industry Council offices.

**Utilities and Maintenance Building** (W) (5): houses the air conditioning and heating equipment, central services, maintenance, and custodial/grounds functions for the campus.

**Science Building** (X) (6): contains science laboratory facilities for programs in earth science, biology, chemistry, and physics.

**Technology Building** (Y) (7): houses computer laboratories, classrooms, and OWCC's various Economic Development programs.

**Library, Fitness Center, Auditorium** (Z) (8): contains a 14,391 volume library, fitness center, dance studio, and a 230 seat lecture auditorium.

**The OWCC Chautauqua Center** (N): located on 90 wooded acres along Highway 90 West in DeFuniak Springs, offers a full range of college services and programs. Diversified college credit and noncredit programs; including 2-year degree programs, adult literacy, college preparatory, and professional development courses are offered in day and evening classes. The center also houses two new computer labs as well as a Title XX Child Care Center.

**The Robert L.F. Sikes Education Center** in Crestview is located on Highway 90 East. The full-service center offers college credit, adult basic education and other courses and provides placement testing, advising and program planning, registration, and financial aid services. The center houses a large computer lab, six classrooms, and administrative/student services space.

**OWCC Eglin Air Force Base and OWCC Hurlburt Field Center:** offer college credit and noncredit programs for military and civil service personnel and the general public. Both centers provide admissions/registration, financial aid information, placement testing and counseling services. Also offered are courses specifically geared toward the Community College of the Air Force (CCFA) studies, English as a Second Language (ESL), General Education Development (GED), and other courses designed to meet the needs of individual military units, base contractors, and individuals who are retiring from the military.

**OWCC Foundation**

The Okaloosa-Walton Community College Foundation was created to provide scholarships and support for programs and activities which enhance the quality of education for OWCC students and expand educational opportunities.

Authorized by the College's District Board of Trustees in January 1988, the OWCC Foundation has a 23-member board. Five board members make up the Foundation's Executive Committee and administer the organization's activities along with the Foundation's executive director.

A chartered, nonprofit organization under Internal Revenue Service (IRS) regulations, the OWCC Foundation is empowered to seek and receive gifts from individuals, organizations, corporations, and other sources.

The OWCC Foundation has identified certain areas for support. These include: the Scholarship Fund; the Library/Learning Resources Fund; the Personnel and Curriculum Development Fund; the Fine and Performing Arts Fund; the Arts Center Endowment; the Facilities and Capital Improvement Fund; the Student Life Development Fund; the General Fund, and the Co-Curricular Athletic Fund.

The OWCC Foundation operates under a philosophy of building principal and using the interest to support the various funds. Endowment building is assisted by a state matching program called the Florida Academic Improvement Trust fund. This fund enables many gifts to be matched on a 60/40 basis. No portion of donations is used for administrative purposes. A Foundation President's Club has been created through which a $50 annual pledge helps underwrite operational expenses.

For further information contact the OWCC Foundation Office at (904) 729-5357.

**OWCC Alumni Association**

The Okaloosa-Walton Community College Alumni Association provides all former students and graduates with an organization to promote the interests of OWCC. Alumni support causes which enhance educational opportunities and perpetuate friendships made while attending OWCC.

Membership in the OWCC Alumni Association is open to all graduates of the college and to any student who has attended OWCC.
The Alumni Association, in cooperation with the college, participates in various activities and sponsors events. It encourages creation of OWCC Alumni chapters at senior institutions. The association attempts to provide resources to help in scholarships and other program support beneficial to OWCC.

For additional information about the OWCC Alumni Association contact the OWCC Foundation and Alumni office at (904) 729-5357.

► Year-Round Opportunity

The college's programs of continuing study vary considerably in their timing. Enrichment programs, workshops, institutes, and numerous community services and certificate programs are offered on demand as sufficient requests occur. Special programs are announced as they are developed. The public is especially invited to request short or extended offerings in areas of need or interest. These can be provided as long as 12 or more adults are involved.

► Composition of Student Body

Okaloosa-Walton Community College is a coeducational institution serving approximately 16,000 students annually of all ages who are legally out of high school.

► Accreditation

Okaloosa-Walton Community College is accredited to award associate degrees and certificates by the Commission on Colleges of the Southern Association of Colleges and Schools.

► Equal Rights

Okaloosa-Walton Community College is dedicated to the concepts of equity and equal opportunity. It is the specific intention of the college not to discriminate on the basis of age, color, creed, handicap, marital status, national origin, race, religion, or sex in its employment practices or in the admission and treatment of students. The OWCC Equity Coordinator may be contacted through the Office of the Director of Personnel, Niceville campus, extension 365. The Coordinator is designated to coordinate compliance with the Florida Educational Equity Act and information about the availability of the OWCC Grievance Procedure. The Equity Coordinator is also Coordinator of Title IX of the Education Amendments of 1972.

► Protection of Privacy

The following information may be released at the discretion of the college.

Directory Information: Name, address, telephone number (if it is a listed number), date and place of birth, major field of study, participation in officially recognized activities and sports, weight and height of members of athletic teams, dates of attendance, degrees and awards received, and the most previous educational agency or institution attended.

Under the Family Rights and Privacy Act of 1974, students have the right to withhold the information listed above. A student may withhold information listed above by obtaining a notification to deny disclosure of directory information form from the Dean of Student Services. This form must be completed and turned in to the Dean by the end of late registration for each semester or term. A form for non-disclosure must be submitted each academic semester or term to remain in effect.

The custodian of student records may release information from these records to others only upon authorization in writing from the student or upon order of a court of competent jurisdiction except as required by the president in the discharge of his duties as authorized by law, the state, and the board.

► Drug-Free Workplace

Okaloosa-Walton Community College is firmly committed to maintaining a drug-free workplace. Employees and consultants are prohibited from engaging in unlawful manufacture, distribution, dispensation, possession, or use of a controlled substance in the workplace while officially representing the College. Violation of this policy will subject the employee or consultant to appropriate disciplinary action up to and including termination of employment. Violators may also be required to participate in an approved drug abuse assistance or rehabilitation program. Compliance with this policy statement is a condition of employment with Okaloosa-Walton Community College as an organization receiving federal grants and contracts.
Admissions/General Information

All OWCC district residents legally out of grades K-12 are eligible to be admitted to OWCC. However, the college reserves the right to deny admission to any program for applicants categorized in the section on Controlled Admissions (see page 10).

Applicants for courses or programs offered by Okaloosa-Walton Community College may obtain appropriate admission forms from the Admissions office. These forms are available at the Niceville campus, the OWCC Chautauqua Center in DeFuniak Springs, the OWCC/UWF Fort Walton Beach Campus, the OWCC Robert L.F. Sikes Education Center in Crestview, the OWCC Eglin AFB and Hurlburt Field Centers, and at all high schools in the OWCC District. Each applicant will be notified of acceptance or non-acceptance for admission.

All forms and supporting documents must be submitted in sufficient time to permit processing and notification of admission status prior to registration. In unusual cases where this is not feasible, applicants may be conditionally enrolled as provided on page 11. (This does not apply to dual enrollment and foreign student applicants). Applicants whose circumstances are unique may request special consideration for admission through a formal petition. Registration for applicants admitted in this category normally will be authorized on a space available basis.

Any decision on admissibility by the Registrar may be appealed to the Admissions Committee. A decision of the Admissions Committee may be appealed to the President via the Vice-President for Instruction.

FALSIFICATION OR FAILURE TO FURNISH CORRECT INFORMATION ON ADMISSION PAPERS WILL SUBJECT APPLICANTS TO DENIAL OF ADMISSION OR IMMEDIATE DISMISSAL.

COLLEGE CREDIT ADMISSION REQUIREMENTS

College-credit programs at Okaloosa-Walton Community College include the Associate of Arts Degree Programs, Associate of Science, and Occupational Certificate Programs, College Preparatory Programs, and individual credit course enrollments.

Each applicant for college-credit programs or courses at OWCC must submit with the completed application a $15 nonrefundable admission processing fee. In addition, a properly executed Residency Declaration must be submitted by applicants who claim Florida residency (see page 13, Residency Classification).

All students seeking admission to the Associate of Arts Degree Program who graduated from high school after August 1, 1987, with other than a standard Florida public high school diploma, must provide an official high school transcript verifying their completion of a secondary school curriculum. This must include four years of English and three years of mathematics, science, and social studies, or they must provide evidence of receipt of a General Education Development diploma. Applicants not meeting these requirements will be classified Pre-AA Degree until such time as these conditions are met. (See Admissions or OWCC Center personnel for additional information).

Entry-level Testing. Florida Statutes specify that selected standardized tests must be used to measure achievement of college-level communication and computation skills for admissions counseling and placement of students entering degree programs. OWCC accepts minimum scores earned on all tests approved by the State Department of Education, which includes ACT, FCEP, and SAT.

OWCC administers the Florida College Entry Level Placement Test (FCEP) as the primary placement test. See current schedule of classes for minimum scores on other placement tests. Students scoring below the cut-off level in one or more categories of a state required placement test are required to enroll in at least one college prep course each semester until all deficiencies are removed with a minimum grade of "C." According to State Department of Education rules, students are required to pay full cost of instruction beyond two attempts in each college preparatory course. Withdrawals prior to the mid-point of a college prep course do not count as one of the attempts (per state board rules).

Beginning with admissions for Fall 1996, students scoring below the following cut-off scores on the Florida College Entry-Level Placement test are required to enroll in college preparatory courses: Reading Comprehension 83; Sentence Skills 83; Elementary Algebra 72.

Reading, College Prep: REA 0001 Prep Reading 1, FCEP scores 0-63. REA 0002 Prep Reading 2, FCEP scores 64-82. Above 82, eligible for REA 2105 Advanced Reading and other courses. Students advance from level one to level two by earning a grade of C or above in REA 0001 or scoring 83 or above on the FCEP.

English, College Prep: FCEP scores less than 83: Writing Sample score of 2, take ENC 0030 Prep English 3; WS score of 1b, take ENC 0020 Prep English 2; WS score of 1a, take ENC 0010 Prep English 1.

Students will provide a writing sample (WS) at the time they complete the FCEP. The writing sample is graded holistically on a scale of 1 to 3 by
members of the English Communications faculty and other selected personnel to determine eligibility for certain courses. Students with scores above the cut-off on the FCEP are not required to take preparatory level English, although those with WS scores below 3 are advised to enroll for ENC 0030 Prep English 1. Students with scores below the cut-off on the FCEP are required to enroll for Prep English.

Mathematics: MAT 0025 Preparatory Algebra 2, FCEP scores 51-71 or grade of C or above in MAT 0024. MAT 0024 Preparatory Algebra 1, FCEP scores below 51.

In mathematics, students with placement scores below the cut-off take MAT 0024/0025 College Prep Algebra 1/2 or MAT 0002 Developmental Arithmetic, as appropriate prior to enrolling in MAC 1102 Introductory College Algebra.

Students who must take college preparatory English and reading are not eligible for any General Education humanities course. These students may take non-General Education humanities courses as follows: art studio, music studio, music ensembles, and theatre courses. (Some classes have audition requirements.)

A student's indicated program will determine when entry-level testing has to be completed. Full-time, degree program students (those taking 12 hours or more) must take the approved entry placement test prior to completing registration. Part-time degree program students (those taking less than 12 hours) may defer the test up to 12 cumulative hours of college work.

Students not seeking a degree will be classified as "General Freshman" until they declare a major or specialization. However, they must fulfill the entry-level placement testing requirements before enrolling in English, mathematics or humanities courses.

All students planning to enter associate degree programs should endeavor to: (a) have ACT, SAT, FCEP test scores* on file with OWCC prior to enrolling or (b) take the test administered by OWCC on one of the college's scheduled testing dates prior to completion of registration for classes.

Placement test scores are required for entering a degree program at the college — for placement in college preparatory or regular degree-credit courses in computation (mathematics), communications or reading.

The testing schedule will be published in the Schedule of Classes for each registration period. Additional testing may be scheduled on an "as needed" basis. The Florida College Entry Level Placement test (FCEP) is administered at OWCC for persons with an application on file.

Placement test score requirements for entry into degree-credit mathematics, communications and humanities courses are based on rules of the State Board of Education. They will be announced each semester in the Schedule of Classes.

Students may not take mathematics, communications or humanities courses which are higher than the level authorized by their entry-level placement test results. Students with entry test scores below those specified in State Board Rules and who intend to pursue degree-credit mathematics, communication and humanities courses may enroll only in college preparatory courses. These include the following: College Preparatory English, Developmental Arithmetic, College Preparatory Algebra, and College Preparatory Reading.

Students limited to college preparatory courses are permitted to enroll in other curriculum areas for which they are qualified. It is recommended that students complete all college preparatory work prior to enrolling in any course in the Biological or Physical Sciences. Students should work closely with counselors, educational advisors, and faculty advisors in scheduling classes and planning their total education program to move most effectively toward graduation.

College Preparatory courses are provided for high school graduates who are identified as needing additional academic preparation in computation and communications before pursuit of degree-credit college courses. These courses provide competency based instruction for the development of the prerequisite skills in reading, writing, mathematical reasoning and logical thinking for effective pursuit of degree-credit college courses. Credits for these courses do not apply toward degree requirements and are not included in the computation of grade point averages.

Students whose entry level test scores are below the levels specified in State Board rules for taking college level courses in English and mathematics are required to enroll in the appropriate college prep courses before attempting college transfer work in those subjects. During their first term, full-time students who apply to enter degree programs and have registered for 12 or more credits, or part-time students who have accumulated at least 12 credits, shall begin prep instruction in Reading, English, and Mathematics based on the placement scores.

Students enrolled in college prep courses may, also, take courses at the same time in other curriculum areas where qualified. (See "Entry-Level Testing" on page 5 for further information.) The following college prep courses are offered each term:

ENC 0010 College Prep English — Level I
3 cr/45 class hours
ENC 0020 College Prep English — Level II
3 cr/45 class hours
ENC 0030 College Prep English — Level III
3 cr/45 class hours

*Scores for tests taken within the past two years at other test centers will be accepted.
MAT 0024 College Prep Algebra I
3 cr/45 class hours
MAT 0025 College Prep Algebra II
3 cr/45 class hours
REA 0001 College Prep Reading I
3 cr/75 class and lab hours
REA 0002 College Prep Reading II
3 cr/75 class and lab hours

Completing a college prep course satisfactorily will meet the requirement for moving forward into the corresponding college level course.

Students whose entry test scores are above the minimum level may take a college prep course if such enrollment would enhance their opportunities for future academic success. Students are reminded that credits earned in college prep courses do not count toward degree totals. Also, certain financial aid categories (including VA) will require justification for taking a college prep course if entry scores are above the cutoff level - the college prep teacher will assist with any required documentation which the Registrar and/or Financial Aid offices may request.

By State Board rule, students may not enroll for more than two semesters in each skill area to complete college prep instruction. Students who withdraw officially before the midpoint of a semester may be considered to have not enrolled that semester for purposes of this limitation. Students who withdraw officially at or after the midpoint of a semester shall be considered to have enrolled that semester unless the withdrawal can be documented as due to reasons of personal hardship or disability or under major extenuating circumstances. Requests for waiver of the two-term limit should be submitted to the Vice President for Instruction for review and approval.

First-Time-In-College Applicants (i.e., new students, applicants without prior college work) are responsible for submitting completed, full sets of application forms and related documents. In addition, one of the following types of documentation must be provided, as appropriate:

1. An official record of high school work which documents graduation. These forms must be mailed directly to the OWCC Admissions Office by the high school last attended.

2. Evidence of receipt of a high school equivalency diploma from a state department of education, or

3. Evidence of qualification for provisional enrollment as a non-high school graduate by virtue of age or by award of a certificate of attendance from a public high school (see page 8, "Provisional Enrollment").

4. Students who are on F1 visas must meet the Foreign Student Admission requirements.

Admission Information for U.S. Citizens and Permanent Resident Aliens Educated in Foreign Countries

Permanent Resident Aliens are required to furnish a copy of both sides of the Alien Registration Card ("Green Card").

Applicants for a degree program: Applicants educated in foreign countries who are U.S. citizens or Permanent Resident Aliens must submit evidence of an equivalent to an American high school education. Evidence of education includes records of courses and grades (marks) earned, diplomas, training received after high school, and certificates. THE APPLICANT MUST SUBMIT OFFICIAL COPIES OF RECORDS AND A CERTIFIED ENGLISH TRANSLATION. ALL DOCUMENTS BECOME PROPERTY OF OWCC AND WILL NOT BE RETURNED TO FORWARDED TO ANOTHER AGENCY OR INSTITUTION.

Because of the complexity of evaluating foreign documents and the length of time required for evaluating foreign documents, prospective students should submit documents at least four months before enrolling in classes at OWCC. Evaluations will not be completed until all required documents are received and translated in English.

Evaluations will not be completed in the applicants' presence or over the telephone. FOREIGN EDUCATION WILL ONLY BE EVALUATED FOR HIGH SCHOOL EQUIVALENCY AND NOT TRANSFER CREDIT. OWCC does not accept foreign credit for transfer.

Applicants who cannot furnish evidence of education will be asked to take the General Education Development (GED) test.

Applicants for non-degree programs: Applicants who do not wish to earn a degree or certificate from OWCC and wish to take college credit courses do not need to provide evidence of education until they have earned 24 college credit hours.

Applicants for Adult Basic Education (ABE), Non-College Credit Courses and Continuing Education: Applicants who wish to enroll in non-college credit programs do not need to provide evidence of education.

Applicants for Adult Basic Education (ABE) who have an equivalent to an American high school diploma, yet cannot pass a state approved test at the 9th grade level may enroll in the ABE program without paying fees. Applicants who are able to pass above the 9th grade level will be required to pay fees.

Applicants With Prior College Work (i.e., transfer students or returning OWCC students) are responsible for submitting completed, full sets of
admission/readmission application forms and related documents. In addition, they must provide official transcripts covering all course work attempted at all colleges or universities previously attended. (These transcripts must be mailed directly to the OWCC Admissions Office from the respective institutions. Hand carried documents will not be accepted).

Transfer students admitted to the college with a cumulative grade point average which by OWCC standards would be considered less than good standing will be subject to probation rules (see page 35).

Transfer applicants whose academic records, by OWCC standards, would have caused their suspension will not normally be considered for admission until at least one semester has elapsed since enrollment at the last institution attended, and the individual shall be subject to the Okaloosa-Walton Community College policies relative to suspension (see page 36).

Transfer credit may be accepted from degree granting institutions that are accredited by one of the six Regional Associations. Where Regional Associations use accrediting commissions, accreditation must have been granted by the Commission on Colleges or the Commission on Institutions of Higher Learning. Candidacy status in one of six Regional Associations by the appropriate commissions will be accepted as accreditation. Credit taken at nonaccredited institutions will not be accepted for transfer to Okaloosa-Walton Community College.

Enrollment of Non-Degree-Seeking Students

Nondegree-seeking students are persons who take selected college courses without the intent of completing a certificate or associate degree program. Many students attend the college to upgrade employment skills, for transfer credit, or for personal interest and enjoyment. Nondegree applicants only need to provide a completed Application for Admission and Data Form and a Florida Residency Declaration. Upon changing to degree-seeking status at OWCC or upon earning 24 semester hours, high school/college transcripts, as appropriate, will be required.

Interim-study students (i.e., transient students who normally seek enrollment only for one semester or term and whose enrollment is to be only as part of their pursuit of a degree at another institution) are advised to obtain, preferably in writing, their parent institution's authorization of course selection.

NONCOLLEGE CREDIT

ADMISSION REQUIREMENTS

Noncollege credit programs at Okaloosa-Walton Community College include Adult Basic Education (ABE), Vocational Preparatory/General Education Review, citizenship, occupational courses, and self-supporting recreational and leisure-time courses. Applicants for admission to noncredit programs must submit the appropriate application materials and meet the specific admission requirements for the programs they want to enter.

Adult Basic Education (ABE)

This program leads to the completion of elementary and secondary studies, including basic reading, writing and mathematics. Adult Basic Education classes are designed for adults who need to develop skills in reading, writing and arithmetic. It includes other subjects related to gainful employment, such as obtaining the Florida High School Diploma (through the GED test), or learning to speak English. Eligibility requirements are as follows:

1. Applicants must be 16 years old.
2. Applicants normally must not have received a regular high school diploma or passed the General Education Development Test (GED). (Applicants who have a high school diploma or passed the GED, yet cannot pass a state approved test at the 9th grade level, may enroll in the ABE program).
3. Unsuccessful on a college prep subject on three attempts. (A fee is usually assessed.)
4. Okaloosa and Walton County residents under the age of 18 must present a letter of permission from the school board office of Pupil Personnel Services before enrolling in an ABE program.

SPECIAL ENROLLMENTS

Provisional Enrollment

Students legally out of high school but who lack a high school diploma may be granted permission to enter the Associate of Science degree program or an Occupational Certificate program on a provisional basis.
The student will continue in this category until one of the following conditions is met, at which time, admission to the Associate of Science degree or certificate program will be granted upon request:

1. The standard requirements for entry into college credit programs are completed.

2. A minimum of 18 or more semester hours of general education courses are completed, or

3. Thirty-six (36) semester hours of occupational skills courses with an overall grade point average of 2.0 or higher are earned.

Applicants enrolled on a provisional basis are encouraged to prepare themselves for the GED test. Adult Basic Education classes, Vocational Preparatory classes, the Learning and Writing Skills Laboratory, tutoring, and a mathematics laboratory are provided to assist the individual in preparing for the GED test.

Persons seeking to enroll in the Associate of Arts program are NOT eligible for provisional enrollment because a high school diploma is required for admission to AA programs. Persons who expect to receive a high school or GED diploma and who seek to pursue an AA program should, without delay, consult with the Admissions Office about eligibility for "Conditional Enrollment."

Special Enrollments
For High School Students

OWCC has special concurrent enrollment programs to provide a means for educational acceleration for academically superior high school students. These have evolved into the following admission categories (maximum of 7 semester hours in concurrent and/or dual credit):

A. Concurrent Enrollment is available on the Niceville campus or at any center of the college for persons enrolling in noncredit courses and credit courses which do not apply toward their high school diploma provided for under provisions of part-time dual credit. Students enrolled in these courses pay standard college application, registration, laboratory and special tuition fees where applicable. Credits earned under this enrollment category count only for college degree-credit purposes and do not carry simultaneous high school unit credits (See paragraph B for simultaneous credit options). Criteria to be applied for students taking courses on the Niceville campus or at one of the college centers while concurrently enrolled with their own high schools are as follows:

1. Principal’s recommendation for participation in courses for which fees must be paid.

2. Candidates must be high school students (grades 10 through 12 whose grades averaged 3.0 or higher in grades 9 through 11 or have a waiver authorized by their high school principal. Grade point average is not applicable for enrollment in noncredit courses).

3. Students may enroll at the college for a maximum of seven (7) semester hours of college credit work or fifteen (15) contact hours per week of noncredit courses each semester.

4. Students must comply with all rules and regulations of the college and must maintain a “C” average or better. Substandard academic performance at the college or failure to comply with college rules and policies will result in the enforced withdrawal of the student from the program. Enrollment at the college should in no way jeopardize completion of regular high school work.

5. A student’s academic work at the college will be validated only upon graduation from high school, whether or not enrollment at the college is continued.

6. Any student enrolled under these provisions will be required to sign a statement that he or she understands that the college credits earned while simultaneously enrolled in high school are not necessarily transferable to any college in Florida or elsewhere in the United States until after their validation by the College Registrar. (See item 5).

B. Part-time Dual Credit Enrollment is a special program designed for public and private high school students in Okaloosa and Walton counties who meet the eligibility criteria specified in their school's governing articulation agreement. Dual credit classes may be offered during and after normal high school class hours, on-site in high school facilities, and in other regularly scheduled college classes within the two-county district served by OWCC. The agreements between OWCC and the public and private schools in Okaloosa and Walton Counties are coordinated through the office of the Vice President for Instruction at the college and the offices of the superintendents of the respective school systems. These persons, or their designees, work cooperatively with college department chairs and school principals in the implementation of this program.

Criteria to be applied for students taking courses for high school/college credit are as follows:

1. Students shall:
   a. be classified as secondary students as approved in the College-School System Dual Credit Agreements,
b. have a cumulative grade point average of 3.5 or higher on all academic coursework beginning with Grade 9 through current high school grading period (or have permission of the high school principal), and
c. be recommended by the principal of their own high school.

2. Qualified home school dual credit students will be at or above grade ten, have established a successful academic record, and be at least 15 years of age by August 1 of the academic year in which they plan to enroll at OWCC. The student must score at or above the cutoff level on ALL subtests of a state-designated college placement test (FCEP, ACT, SAT). Course and laboratory fees are not charged for these dual enrollment registrations; however, costs for textbooks and nonconsumable materials are the responsibility of the student/home school.

3. Courses to be offered shall be standard college degree-credit courses, exclusive of activity physical education courses. Determination of offerings and arrangements for scheduling such offerings in school facilities shall be made cooperatively with the principal and such other officials of the school system and of the college as are pertinent. Students may also enroll for college classes offered on the Niceville campus and at any of the college centers.

4. The units creditable toward high school graduation and college credits leading toward a degree shall be simultaneously earned by students who have passing grades in the courses approved by the student's high school and shall be limited to a maximum of seven (7) credit hours per semester.

5. Students enrolling in college credit courses under this program will be classified as "Limited Enrollment" college students, and they will be limited specifically to college credit courses offered under the Dual Credit Enrollment Program until such time as they become eligible for unconditional admission to the college.

6. No fees shall be charged to students enrolled in the Dual Credit Enrollment Program. Textbooks and nonconsumable workbooks will be provided to public school students by the respective public school system. Such books are the property of the public school system, and they must be returned by the student at the end of each course prior to the release of grades or credits. Eligible nonpublic school students, including home school students, are responsible for purchasing their own textbooks and materials.

7. Students participating in this program will be required to sign a statement that they understand that college credits earned while simultaneously enrolled in high school are not necessarily transferable to any college in Florida or elsewhere in the United States until after validation by the College Registrar.

C. The Full-Time Dual Credit Enrollment Program for superior students at Okaloosa-Walton Community College will admit a limited number of highly-qualified applicants after completion of their junior year in an accredited high school. To be considered for this program, students must rank in the top 10 percent of their class, score at the 75th percentile or higher on an accepted college entrance examination, have the unqualified consent of their parents, and present the favorable recommendation of their principal. Approval of the Admissions Office based on a personal interview is also required before a final decision can be made. All admission requirements must be met prior to the regular registration period for the semester/term in which the applicant expects to enter. Applicants who are accepted will be placed in appropriate courses totaling twelve (12) or more semester hours, for which they are qualified. A student's coursework at OWCC will be validated only upon graduation from high school, whether or not enrollment at the college is continued.

Admission of Foreign Students

Foreign students with F-1 or M-1 visas will be considered for admission. The first priority of the college is to provide educational services for students in the OWCC District. Upon fulfillment of this priority, eligible out-of-state and foreign students are welcome to attend OWCC.

At Okaloosa-Walton Community College, admission of foreign students is a selective process. All required documents are to be completed and on file with the Admissions Office four (4) months before the first day of the semester in which the student hopes to enter the college. Okaloosa-Walton Community College will NOT accept transfer credit from foreign colleges or universities UNLESS THEY ARE ACCREDITED BY A REGIONAL UNITED STATES ACCREDITING AGENCY.

The application process includes the following:

1. High school transcripts, college or training records, and/or evidence of academic achievement equivalent to a U.S. high school education.
2. Test of English as a Foreign Language (TOEFL) results are required of applicants for whom English is not the primary language. The minimum required score is 525. This college DOES NOT give the TOEFL test. TOEFL scores must be sent to the college from the testing agent. Scores will not be accepted directly from the applicant.

3. A complete certification of finances form. Students are required to provide proof of finances that would cover the expense of two years in college. Fees are subject to change but the current estimated yearly costs are:
   
   Tuition and fees ........................................$3,752
   Books and supplies ...................................654
   Housing .....................................................5,948
   Transportation ..........................................1,260
   Personal and medical ..................................1,887
   Total cost per year .....................................$13,501

Foreign students are classified as non-Florida residents, pay out-of-state fees and may not be reclassified during their enrollment at the college while in an F-1 status.

4. Prospective students must submit evidence of good health as described in the admissions package.

5. Applicants must be sponsored by a U.S. citizen residing in Okaloosa or Walton County. The sponsor must provide a letter stating the extent of responsibility he/she will assume for the applicant including arrangements for housing and health insurance. The college does not provide housing.

6. A non-refundable application fee of $15.00 MUST be submitted (in U.S. dollars) in order to process the application.

The United States Immigration and Naturalization Service (INS) regulations require that foreign students enroll in a full-time course of study during two of the yearly semesters. INS regulations also restrict work opportunities for such students.

**Controlled Admissions**

The college reserves the right to deny admission for the lack of classroom space and facilities or such other conditions as may limit enrollment. The following applicants are denied routine admission to the college:

1. With the exception of a violation of a noncriminal traffic infraction or misdemeanor, anyone who has been in violation of any federal or state law within the twelve-months preceding application must petition the Admissions Office relative to admissions to OWCC.

2. Anyone under separation from OWCC or any other educational institution for nonacademic reasons.

3. Anyone who does not meet the requirements for entry into a specific program.

Such students shall be considered for admission only upon a written petition to the Admissions Committee. Applications should be submitted no later than two (2) weeks prior to the start of any given semester. Admissions Committee recommendations for favorable action on such petitions are subject to approval by the president or his designee.

---

*Applicable to all enrollees (college credit, noncollege credit, full-time, part-time, new and returning).
Florida Statute 943 provides for the establishment of criminal justice training schools as approved by the Florida Criminal Standards and Training Commission. Each criminal justice training school approved by the Commission shall obtain from the Commission a Certificate of Compliance, with the rules of the Commission, signed by the Chairman of the Commission. Any training or educational courses which are taught in any criminal justice training school must first be approved in writing by the Commission and the operation and management of the criminal justice training school must be in accordance with the policies and rules of the Commission.

Criminal Justice Training Academy Basic Recruit courses will prepare students to sit for the statewide certification examination and these courses will be offered over two semesters. Application packets will be accepted at specific times, or until academy seats are filled.

In-service law enforcement, correctional, and correctional probation and parole officers, to include part-time and auxiliary officers, who desire to enroll in Advanced and/or Specialized Courses offered by the Criminal Justice Training Center, must provide the Training Center with a copy of Criminal Justice Standards and Training Commission Form 15A - Training Authorization. This form must be signed by the Agency Administrator. The officer concerned must initial the appropriate block indicating his or her desire to take the course for salary incentive credit or mandatory retraining credit, but not both.

Students participate in a Medical First Responder course to learn emergency first aid techniques.
Finance / General Information

Full payment of fees is required when registering for classes at Okaloosa-Walton Community College. For your convenience, payment may be made using either MASTERCARD or VISA credit cards. Students who have not paid their fees will not be admitted to classes. No faculty or staff member of the college has the authority to defer fee payments. The Comptroller and the college president may grant deferments as specifically defined and limited by Florida Statutes.

Financial Assistance

The college offers a variety of financial aid programs. Inquiries concerning financial aid should be directed to the Student Financial Aid Office.

Residency Classification

To assess fees, students are classified as Florida residents or as non-Florida residents. Criteria for determining residency status are detailed in the Florida Statutes and the administrative rules of the State Board of Education. Information for Residence Classification and Residency Declaration forms are available in the Registrar's Office. Completed Florida Residency Declaration forms are required of all new students.

A student's "residency classification" is determined at the time of initial registration. A nonresident student may petition the Registrar for a change in residency status after establishing residency in Florida as defined by law. To petition, students should complete and submit a new Florida Residency Declaration form.

Active-duty military personnel (including dependent members of their immediate families) stationed in Florida are classified as Florida residents.

Providing false residency information is a violation of Florida state law and could result in disciplinary action being initiated. The college will correct the fees assessed those students who misrepresented their place of legal residence. An invoice will be issued for the increase in tuition.

Military Assistance

Active-duty military personnel who enroll in college-credit programs through base education offices may be eligible for financial assistance. The college has Military Assistance Agreements in effect with both Eglin and Hurlbut Air Force Bases. Contact the base education office for details.

Veteran's Benefits and Assistance

Refer to the Instructional Programs – Standards and Regulations section of this catalog. VA deferments are available on a limited basis for short term courses offered during the Fall, Spring, and Summer semesters. Students should consult the Registrar's Office for further information.

Refund Policy

Refunds resulting from course adjustments are processed at the end of the registration period. Students are responsible for completing the proper withdrawal or drop/add forms obtained from the Registrar's Office. They must also present these forms to the Business Office to complete the adjustment process. No refunds or financial credit will be granted after the last scheduled date of registration. Registration and refund dates are published each semester in the Schedule of Classes. Admission fees (except as noted below) and graduation fees are not refundable.

Refunds will be made in the form of a check and will be mailed to the student. Refund amounts will be reduced by unpaid student loans owed to the college.

Full financial credit will be granted for cancelled classes. Students can select alternate classes to which the fees can be applied. A refund will be processed automatically if replacement classes are not selected. The admission fee will also be refunded when a first semester (at OWCC) student's credit class is cancelled in its entirety and no alternate classes are selected.

Any refunds for dropping classes after the end of the last day of registration are implemented through the Vice President for Administrative Services' office. Refunds are authorized for administrative errors, for change of status from out-of-state to in-state (as confirmed by the Registrar), and for the death of a student during the term of current enrollment. Refunds may be made until mid-term for the following: serious illness or incapacity (confirmed in writing by a physician) or for transfer of military personnel and dependents (confirmed by military orders). Refunds are NOT authorized for changes in work schedules or for enrollment status changes due to illegal activities.
**Dishonored Check Policy**

Checks returned by the bank will be processed as follows:

1. The student will be notified by certified mail that their check was dishonored by the bank. A $20 return check charge will be applied to the student’s account.

2. The student will have seven calendar days to pay for the check and the return check charge. Payment must be in the form of cash or certified funds. Failure to make the payment will result in cancellation of enrollment.

3. Reinstatement after enrollment cancellation will be considered only after full payment.

4. Students who frequently issue bad checks will be subject to disciplinary action even though their checks have been paid. The college may also suspend their check writing privileges.

5. The college will forward unpaid dishonored checks and related information about the student to a collection agency.

**Student Loans**

The college offers students a short-term, no-interest loan program to assist in the payment of fees. Additional details on the loan program are contained in the Financial Aid section of this catalog.

Students are required to repay loans in no more than two installments at specified intervals. Thirty-five percent of the total fees must be paid at the time of registration (subject to change as announced in the Schedule of Classes). A three percent, non-refundable, loan processing fee is assessed on all loans.

The College Student Loan program approved by the District Board of Trustees requires that EACH payment be made by the designated date. Students not meeting their scheduled payment dates will be administratively withdrawn from all their classes. Students will be considered for reinstatement within a limited time period only after paying the FULL loan amount.

Students withdrawn from their classes are not released from the obligation to repay their loans. All loans that remain unpaid after the final installment due date will be referred to a collection agency.

A student who does not comply with the terms of the loan program will lose the right to receive future loans.

**Fines, Penalties, and Indebtedness**

Students can avoid being assessed fines and penalties by becoming familiar with established policies and procedures contained in this catalog. The Student Handbook is an additional source of important information. Failure to comply with the college’s regulations can result in fines being assessed. All unpaid debts with the college will result in grades, transcripts, diplomas, certificates, and other official documents being withheld. Students will also not be allowed to re-register until all debts are paid in full. The college will also withhold transcripts and deny registration privileges to students in DEFAULT STATUS on their Guaranteed Student Loan (GSL) until such time as the student achieves satisfactory repayment status as determined by the lending institution.

**Parking Fines**

Operating a private vehicle on the OWCC campus is a privilege and not a right. Individuals who show poor judgement or lack of consideration for the rights and safety of others may have this privilege revoked. Violating the college’s parking regulations can result in parking fines being assessed or the vehicle being towed at the owner’s expense. Repeat offenders are subject to disciplinary action by the college.

Complete parking and traffic regulations are published in the Student Handbook. Note: All OWCC students and staff must register their vehicles with the college and display an OWCC parking decal when parked on college property. Visitors may obtain a parking permit from the Campus Information Center for the duration of their visit or park in spots designated as visitor parking.

**Fee Changes**

All fees are subject to change without notice.

---

*The OWCC Workforce Development Center on the Niceville campus is available to assist students and the public with job searches, aptitude assessment, resume writing and other work-related skills.*
Fee Schedule (per semester)*

Admissions Processing Fee ............................................. $15

Required for all applicants seeking admission to OWCC college-credit courses for the first time. This is a one-time charge and is not refundable except as outlined in the section titled "Refund Policy".

Graduation Application Processing Fee ............ $15
for A.A. and A.S. Degrees (Nonrefundable)

Registration for Florida Resident Students per semester credit hour and/or per semester
credit hour equivalent**
  Advanced & Professional ................................ $30.79
  Postsecondary Vocational ................................ $30.79
  Postsecondary Adult Vocational ....................... $14.55
  Supplemental Vocational ................................ $28.59
  Adult General Education:
    Adult Basic and Adult Secondary ........ $14.55***
    College Preparatory ............................... $30.79
    Vocational Preparatory ............................... $14.55***

Recreational & Leisure ........ At Full Cost of Instruction

Registration and Tuition for Non-Florida Resident
Students per semester credit hour and/or
per semester credit hour equivalent **)**
  Advanced & Professional ................................ $123.16
  Postsecondary Vocational ................................ $123.16
  Postsecondary Adult Vocational ....................... $58.20
  Supplemental Vocational ................................ $114.36

Adult General Education:
  Adult Basic and Adult Secondary ........ $58.20***
  College Preparatory ............................... $123.16

  Resident course fee (excluding any lab fee) due
  and payable before the test is administered.

Directed Independent Study Course Fees:
  All regular fees apply to DIS courses in addition
to a special fee of $25 per credit hour which
would be assessed for each registration in specially
designated sections.

Cost Summary

The range of basic charges for a typical full-time college-credit student, per semester, registered for 16 semester hours:

<table>
<thead>
<tr>
<th>Florida Resident</th>
<th>Non-Florida Resident</th>
</tr>
</thead>
<tbody>
<tr>
<td>Fees .................. $527.20</td>
<td>Fees .................. $2,005.12</td>
</tr>
<tr>
<td>Books and Supplies  .................. $365</td>
<td>Books and Supplies  .................. $365</td>
</tr>
</tbody>
</table>

Food, housing, and travel costs depend upon the student's habits and circumstances.

---

* Subject to change. Fees for each enrollment period are published in class schedules. These fees apply whenever applicable, except: (1) courses in which complimentary instructional services or equivalent program costs are provided by appropriate persons, agencies or organizations; or (2) when specifically waived by the Board of Trustees.

** Registration and tuition fees do not include the student financial aid fee.

*** This fee will be assessed for students with high school diplomas who enroll in Adult General Education, Vocational Preparatory Courses, but enrollees without a high school diploma or equivalent are exempt.

**** Fee will be computed in accordance with the Florida Statutes and administrative rules of the State Board of Education. The current rate is 7% of the resident tuition rate for credit courses and 5% of resident tuition for noncredit courses.

***** Laboratory and special tuition fees are to cover unique costs related to any given course. The fee amount is determined course-by-course based on costs for each. A schedule of fees is on file in the Business Office and will be available during registration for each semester.
The office of Student Services is the “adjusting link” between the student and the college. Through its programs and services, it tries to enhance the teaching and learning process at Okaloosa-Walton Community College. Student Services also supports those extracurricular activities that add to the quality of student life. All of its programs, services, and activities are intended to support the goals outlined in the college’s purpose statement. Student Services is committed to maintaining a close relationship with all other departments within the college, and the common goal is student success.

> Academic Assistance

Academic advising is available to help students make academic decisions. This service is provided by faculty, counselors, and at the centers, by educational advisors. Upon declaring a major area of study, each student is assigned a faculty advisor. This person is responsible for providing academic advice about the declared major. Students are encouraged to schedule an appointment with their advisor at the earliest opportunity.

For students who have not chosen a major, experienced college counselors and educational advisors are available to help make that choice. Counselors are located in the Student Services, “C-1” Building on the Niceville campus and Building T (2) on the Fort Walton Beach Campus. Educational advisors are located at each of the centers. An appointment is advisable, but walk-ins will be served if possible. These services are intended to insure that each student has the opportunity and the information to decide what is best for them.

The Learning Skills and Writing Laboratory provides help to students who want to improve their abilities in writing, reading, study, and subject matter areas. Participation in this program is arranged by the student, a faculty advisor or a counselor. Use is voluntary, however, a counselor or faculty member’s recommendation should be seriously considered by the student. This lab is located on the north mezzanine of the library.

The Academic Success Center is located in the North Mezzanine of the Learning Resources Center, Room E-148. The Center provides learning support programs consisting of tutoring in most subjects, writing assistance, CLAST (College Level Academic Skills Test) review, tutoring for learning disabled students and students with English as a Second Language (ESL) and collaborative learning sessions for several students needing assistance in the same area. A computer equipped foreign language lab is available for students needing help in learning foreign languages. Tutoring is on a one-to-one basis at no cost to the student. Assistance is available on a walk-in basis, however, students are encouraged to make an appointment. For more information call the Academic Success Center at 729-5389.

Math Laboratories, which are located in the Math-Public Safety Building, ("L"), Room L-131, on the Niceville Campus and in Building ("U") on the Fort Walton Beach Campus are open to all students who need additional help in mathematics. The hours are posted on the lab doors.

> Career Planning Assistance

Students who are undecided about their future career plans are encouraged to make an appointment with their faculty advisor, educational advisor or a counselor to begin the selection process. Research indicates that students who have made career decisions are more likely to be academically successful than those who have not. The next step should be a visit to the Workforce Development Center (WDC) in the Consumer Education Building ("P") on the Niceville campus or Classroom Building ("V") on the Fort Walton Beach campus to explore the following available resources.

Career Assessment Services are provided for students and others needing additional counseling and assessment of interests, aptitudes and transferable skills. Other resources include career resource materials and computerized career exploration programs (CHOICES) to help students explore careers. Career assessment services are also provided at the Robert L.F. Sikes Education Center in Crestview and the Chautauqua Center in DeFuniak Springs.

The Life Skills Centers are multi-media, computer-assisted learning labs which offer self-paced learning in career awareness, financial management and changing careers. Other topics such as study skills and nutrition are also available.

The Women’s Resource Center, on the Niceville campus, provides additional career planning assistance for students, primarily women, who are returning to school because of divorce, separation, or the death of a spouse. The program assists students with education and training so they can enter the workforce with marketable skills. The program provides skills assessment, a support system, textbook loans, career information, tuition assistance and other services. Call (904) 729-5291.

> Governance

Campus governmental processes are shared by elected and selected members of the faculty, student body, administration, and college staff.
The College-Wide Council provides input into the governance and decision-making processes of the college. It is responsible for advising and recommending programs, policies, and approaches to the college’s president. Part of the membership is elected, and the rest are selected because of their job responsibilities or elected position. The President of the Student Government is a member and represents the student body.

The Student Government Association represents the student body of the college. Every student of OWCC is a member of this association. The governing body of the SGA is the Student Senate. Senators are elected to serve one-year terms. They are responsible for making and implementing decisions concerning monies allotted for student activities. Projects in the past have included buying picnic tables, game room equipment, public telephones for the students, equipment for student use at the Centers, the monitor system in the Mall, and table games for check-out use. They sponsor and staff picnics, movies, dances, entertainment, food drives for the needy, blood drives, and chili suppers for the night students.

All students are encouraged to support their SGA. Any student who is interested in assisting with these activities is encouraged to run for office. The SGA Senate is housed in Room K-136 in the College Mall. The SGA President can be reached at telephone extension 6786 in his/her office.

The Inter-Club Council promotes unity and cooperation among the recognized student organizations of the college. This council is responsible for coordinating activities and competition among the various student organizations. Members of the council are the chief officers of all student organizations. The Vice-President of SGA is the presiding officer.

The Student Traffic Court will adjudicate appeals of parking violations for students. If a student requests the Dean of Student Services to overturn a parking ticket and is turned down, then he/she may appeal. This appellate group will review the circumstances and recommend to the Dean that the ticket be overturned or the decision upheld. Students may pick up an appeals packet from the office of the Dean of Student Services or from the Student Activities Office (K-136) on the Niceville campus.

Health Services

First aid and emergency services are available to students by qualified college personnel during the weekdays and evenings. On weekends, the security force should be contacted at 729-5335 or ext. 6335 on the Niceville Campus and at 863-6535 at the Fort Walton Beach Campus.

AIDS information and Counseling will be provided by a counselor, Dianne Avillion, in Student Services, Building “C-1.” The college recognizes that information is the key to prevention of this disease. Pamphlets and books are available in several locations around the centers. Every student is encouraged to make use of this information to protect themselves and others. Contact with the AIDS counselor is confidential. Students with AIDS and HIV-positive test results are strongly encouraged to contact Dianne Avillion during the first week of classes. She can be reached at extension 6372 or 729-5235.

Alcohol and Drug Abuse information is available to all students from a counselor located in Student Services on the Niceville and Fort Walton Beach campuses. Call Ms. Avillion at 729-5235. The physical and emotional risks associated with substance abuse can be very severe. This counselor maintains information on local treatment programs and their locations. The college will refer for prosecution any violation of local, state, or federal laws.

Students are warned that the use, manufacture, distribution, sale, or possession of alcoholic beverages or illicit drugs on campus or at any college-sponsored event or activity is prohibited by college policy, except as provided in Florida Statute 561.01(17). Violation of this policy will subject a student to disciplinary action and possible loss of financial aid.

Child Care

The OWCC Child Development and Education Center provides comprehensive, quality care for children ages 2 to 5. The center is nationally accredited and is open to dependents of OWCC students, staff, faculty and members of the community on a space available basis. The center is located on the Niceville campus and is open Monday through Friday from 7:30 a.m. to 5:30 p.m. Call 729-5341.

Employment Placement Services

Students looking for full time employment after graduation from technical programs can be helped by the faculty. All students can link with jobs in the Workforce Development Center (WDC) located in the Continuing Education Building ("P") on the Niceville Campus. Employability Skills/Job Search Workshops are available on resume writing, interview techniques, job lead development, and information on how to tap the hidden job market. Located in the WDC is a Florida Jobs and Benefits Office that provides students information on local, state and federal job listings, title searches and employer searches. A job counselor is available for veterans.
on an appointment basis. The center is open Monday through Friday, 8 a.m. to 4:30 p.m. Call 729-5227.

Part-time off-campus job openings are kept on file in the Financial Aid Office in the Student Services Center (Bldg. "C-1"). The Financial Aid office operates a student job line that records community employment opportunities for OWCC students. Students can access the student job line that records community employment opportunities.

Orientation

New student orientation is offered to all new students during each semester’s registration. During orientation, students receive valuable information about college policies, procedures, and academic programs. Students will also receive help in selecting courses.

Freshman Seminar is a course designed to orient entering AA program students to OWCC. The student will be aided in choosing a major based upon reasonable career choices. One goal of the course is to help students become familiar with the requirements of the CLAST (College-Level Academic Skills Test).

Freshman Seminar is recommended for all entering AA degree students.

Services to Students with Special Needs

OWCC is committed to providing equal opportunities for education to all students. A counselor is available through the office of Disabled Student Services in the Student Services Office on the Niceville campus to assist students with disabilities, limited English proficiency, and with impairments or special needs. In accordance with the Florida State Board of Education Rule 6H-1.041, students with disabilities may present support documentation and request reasonable substitution for admission and/or graduation requirements.

Students who identify themselves and provide documentation of their disability may be eligible for support services such as note-takers, scribes, untimed testing, readers, or interpreters.

Students with disabilities should contact the Office of Disabled Student Services on the Niceville campus or other college locations prior to the beginning of each semester for assistance in registering and for information concerning services that may be available, including maps indicating campus accessibility routes.

All students are encouraged to make known any disability that may affect their presence at OWCC. All information is kept confidential. Disabilities can be identified by completing the proper form in the Office of Student Services, Registrar’s office, the Fort Walton Beach Campus, or the Eglin, Hurlburt or DeFuniak Springs Center.

The college has several Telephone Device for the Deaf (TDD) numbers to assist the hearing impaired. Anyone wishing to use a TDD to communicate with the college is encouraged to call 729-5236 during the day, or 729-5276 during the evening. Student Services’ TDD number is 729-5235. The OWCC Business office TDD number is 729-5355. The off-campus centers’ TDD numbers are: Eglin, 729-5343, Ft. Walton Beach Campus, 863-6504, Chautauqua Center, 892-8100 and Crestview Center, 689-7911.

Students with special needs should contact the designated counselor located in the Student Services Center. Information is available by calling 729-5372.

Persons who feel that the college did not accommodate or respond to their particular disability requirements are encouraged to show the college the particulars of that complaint. Students should discuss the problem with the Disabled Student Services Coordinator located in the Student Services Center (Bldg. "C-1") on the Niceville campus or the center or campus administrator at other locations. Copies of the “Accessibility Grievance Procedure” are posted on bulletin boards at all centers and campuses.

Standardized Testing

College Level Examination Program (CLEP) tests are a nationally developed program for credit-by-examination. Credit may be granted for scores at or above the established criterion score on approved tests. Fees are set by the College Entrance Examination Board. Tests for this advanced placement mechanism can be arranged through the Coordinator of Testing, phone 729-5234 or ext. 6676.

Student Literacy Corps

The OWCC Student Literacy Corps is a service and learning program for students which combines a three credit hour course, HUS 1400 Peer Advising, with hands-on experience tutoring in literacy programs. Students have a choice of working with secondary or adult students engaged in literacy training activities. A Student Literacy Corps tutor is a special type of volunteer. The tutor who is seeking credit is an individual committed to helping fellow students enrolled in basic skill programs to reach their educational goals and to assist them in developing career plans. By becoming a member of the Student Literacy Corps, college credit students will develop teaching and tutorial skills, gain multi-cultural awareness, help others in a personal way, and build their personal resume.
Attendance requirements for the Student Literacy Corps consist of 15-hours of lecture to orient the student to literacy issues, tutoring techniques, learning styles and profile of the adult learner and the at-risk youth.

For additional information and to join the Student Literacy Corps, contact the Literacy Center located in the Continuing Education Building. Call 729-5387 or 729-5344.

Senior Programs

PRIME TIME (Positive Retirement Through Imaginative Education) offers creative learning experiences targeted specifically toward the 50-plus population. PRIME TIME participants receive all the benefits of regular OWCC students including use of the library, access to labs, special events and free parking. No tests or grades are given in the noncredit courses. Call 729-5386.

ELDERHOSTEL – OWCC is a participant in the worldwide Elderhostel learning program. Call 729-5386.

Athletics

OWCC is an active member of the National Junior College Athletic Association (NJCAA) and the Florida Community College Activities Association (FCCAA) which is composed of all public community colleges in Florida.

Intercollegiate Sports at OWCC operate under the rules and regulations of NJCAA and FCCAA. Varsity athletes enjoy the privilege, honor, and social distinction of representing the college in the field of athletic competition.

Representation of the college is open by competitive selection to all students provided they meet the eligibility requirements of the FCCAA. Intercollegiate sports at OWCC are basketball for men and women, baseball for men, and fast-pitch softball for women.

Intramural and Extramural Activities at OWCC include team sports such as flag football, volleyball, softball, tennis, and basketball, as well as individual and recreational sports such as tennis, racquetball, chess, backgammon, canoe racing, and golf. Classes, clubs, organizations and independent groups are encouraged to form teams and compete.

Awards are given to winning teams and players. The President's High Point Plaques are presented to the woman and the man with the highest number of points each year. Often, the winning teams in basketball, volleyball and flag football will meet other winning teams from colleges within Region I to determine an overall winner.

Times, schedules, and places of meeting for activities are posted on the bulletin boards located in the College Mall and throughout the Niceville campus. Most intramural activities are held on Tuesday and Thursday at 2:00 p.m.

Student Handbook

The Student Handbook is a small booklet containing important dates and where services can be found. Under general information are the operating times for libraries, the bookstore, and learning labs. The Student Handbook is usually received at New Student Orientation, and it may be obtained from any center or from Student Services. Every student is advised to obtain one.

Statement of Student Rights and Responsibilities

Okaloosa-Walton Community College serves all persons legally out of grades K-12 without regard to age, color, creed, handicap, marital status, national origin, race, religion, or sex. However, the college reserves the right to deny admission to any program for applicants categorized in the section on “Controlled Admissions” in this college catalog. By applying for admission to Okaloosa-Walton Community College, the student agrees upon enrollment to abide by college policies and regulations published in its policy statements, current catalog, official manuals, and publications. Students are expected to be committed to the common good of the college community and to comply with local, state and federal law.

Each member of the college community is expected to participate seriously and purposefully in college life. While the freedom to express ideas and beliefs will be respected, conduct and behavior that result in the defacement of property, intimidation of others, or the disruption of any college activity will not be tolerated or permitted and will be subject to penalty. Instructors explain classroom requirements, and students are expected to assume full responsibility for their actions.

Classroom Activity, Behavior, and Attendance. The college recognizes that a thoughtful and reasoned search for truth can be conducted only in an atmosphere free of intimidation and coercion. Students are expected to respect the rights and welfare of all members of the college community and to exercise common sense, good taste, and applied reason when testing their knowledge.

Students are free to take reasonable exception to data and views offered in the classroom and to reserve judgment about matters of opinion, but they are responsible for satisfying the requirements of any course for which they are enrolled. So long as it is consistent with the goals and established policies of the college, the instructor has final
authority in all matters relating to course content, grading practices, and classroom procedures.

**Grades.** Because the awarding of course grades is the responsibility of the instructor, it is essential that faculty members keep students informed of their progress in each course. A student has a right to a course grade that represents the instructor’s professional judgment of the student’s performance in the course, without personal prejudice. An instructor has a right to expect that the work presented for evaluation or submitted as classroom projects are that of the student acting alone without benefit of any aids or practices that are generally considered academically dishonest.

If a student believes that he/she has not been graded fairly in a course, an informal appeal may be made to the instructor. If a complaint is not resolved to the student’s satisfaction, an appeal without prejudice to the student’s position may be made to the department or division chairperson. The next level of appeal is to the Vice President for Instruction who may, if it is deemed advisable, refer the matter to an ad hoc hearing committee to assist in evaluating the appeal. Any further appeal may be made to the President, whose decision shall be final.

A student has a right to protection against the improper disclosure of information concerning grades, beliefs, or character which an instructor acquires in the course of the professional association with the student. An instructor has a right to deal with what is perceived to be academic dishonesty and such behavior may result in disciplinary action.

**Attendance.** Students are expected to attend all of their scheduled classes. The effect of absences upon grades is determined by the instructor who may recommend to the Vice President for Instruction a withdrawal grade whenever absences become excessive. Three consecutive day class absences, two consecutive evening class absences, or three absences in a month will be reported to the Registrar’s Office as excessive. Further, each time a student has been tardy three times to a class, it will count as one absence.

**Behavior.** An instructor has the obligation to maintain order in the classroom to preserve the integrity of the learning environment. If the instructor feels that the behavior of a student is disturbing or otherwise interfering with instruction, then the student may be asked to leave the class. The student may be allowed to return to the next class meeting after consultation with the instructor. The instructor may have further consultation with the department chair and the Vice President for Instruction to determine if dismissal should be recommended. The student may appeal a dismissal decision to the President, whose ruling will be final. Furthermore, disruptive behavior may result in additional disciplinary action.

**Student Right-To-Know Graduation Rates.** Public Law 101-542, the Student Right-to-Know and Campus Security Act as amended in 1991, requires colleges to make known to currently enrolled and potential students and employees the completion or graduation rate within 150% of the expected completion time of certificate or degree-seeking, full-time undergraduate students of OWCC. A cohort will be established each fall semester of those students, and they will be tracked for 150% of allotted time to completion. Results of the Fall term cohort (first-time in college full-time students) are published annually in percentages as indicated below.

Student Discipline. Academic and personal behavior of OWCC students shall be governed by policies contained in the college catalog, the Student Handbook, such other policies as may be approved by the Board of Trustees on recommendation of the President and by pertinent provisions of Florida Statutes and FAC Rules. Any act or behavior by a student which tends to interfere with or otherwise disrupt the orderly conduct, process, functions and/or interests of the college is prohibited. Such acts and behaviors include but are not limited to the following:

1. Cheating in any form, including plagiarism;
2. Gambling;
3. Theft, vandalism or destruction of college property, or property of members of the college community;
4. Falsification of personal or college records;
5. The use, manufacture, distribution, sale, or possession of alcoholic beverages or illicit drugs on campus or at any college-sponsored event or activity;
6. Violence, including but not limited to sexual assault, robbery, murder or battery against any member or guest of the college community;
7. Hazing; and Harassment.

Instances of prohibited student behavior will be referred to the Dean of Student Services for resolution.

A member of Student Services will be appointed to make inquiries into the circumstances of the matter to determine if it has been handled through the proper channels. The inquiry will be completed within seven (7) working days of the submission date. This person may recommend that the matter be dismissed, settled informally, or be the subject of formal charges.

All reports of sexual assault and/or harassment are to be treated as confidential. The member of the college staff receiving the complaint should treat the victim with respect and consideration. It is important that confidentiality be extended to the accused as well as the victim. All persons involved in this procedure are directed not to discuss the matter except with college personnel involved in the process, attorneys for the victim and/or the accused, law enforcement personnel and other authorized agencies.

Informal settlement will be at the discretion of the Dean of Student Services who may do one or more of the following: give oral or written warning and/or admonition; require restitution or counseling. The informal settlement will take place within seven (7) working days of the inquiry recommendation.

Formal charges, in writing, will be prepared by the Dean of Student Services within five (5) working days and presented to the accused student. The charges will include:

1. The accused student's name, address, and social security number.
2. A description of the alleged violation that includes dates, times, and places.
3. The names of any witnesses and a description of any physical or written evidence that was known at the time that formal charges were prepared.

At the time of notification of formal charges, the Dean of Student Services will offer the student his/her choice of hearing settings:

1. An administrative hearing which will be conducted by the Dean of Student Services who will decide guilt or innocence and the appropriate action or sanction: dismissal of the charges, placing the student on disciplinary probation, or recommending to the president suspension or dismissal.
2. A Student Conduct Committee hearing which will decide guilt or innocence. The committee will be comprised of the Dean of Student Services (Chair), two other members of Student Services, two faculty members appointed by the Vice President for Instruction, and two students appointed by the Dean of Student Services upon recommendation of the Student Government Association President. After the presentation of evidence (against and in defense of the student), if the committee decides that there is clear and convincing evidence that the student is guilty, it will recommend the ac-
tion or sanction to be taken. If the committee decides that the student is not guilty, it will recommend that the charges be dismissed. The Dean of Student Services will make the final decision and recommendation, then inform the student of the decision, the procedures of review and the grounds for appeal.

The Vice President for Instruction will review the records, evidence and findings of all hearings before the recommendation for suspension or dismissal goes forward to the president. If the vice president decides that published disciplinary procedures were not followed, the matter will be returned to the Dean of Student Services for rehearing.

Students who are found guilty in either hearing setting may, within seven (7) days of notification of the findings and recommendations, appeal in writing to the Vice President for Instruction on the basis of one of the following:

1. The discovery of new evidence.
2. The recommended penalty would impose unusual and severe hardship on the student.
3. Published disciplinary procedures were not followed.

The Vice President for Instruction will hear the appeal and do one of the following:

1. Uphold the original hearing findings, and forward to the president:
   a. the recommendation to suspend or dismiss, or
   b. recommendation to impose a lesser sanction.
2. Based upon new evidence, dismiss the charges, or
3. Return the matter to the original hearing setting for rehearing if published disciplinary procedures were not followed.

A student may appeal the decision of the Vice President for Instruction to uphold the original findings and recommendations only on the basis of new evidence. This appeal must be submitted to the president, in writing, within seven days after notification to the student of the Vice President for Instruction's decision.

No student shall be suspended or dismissed from OWCC without approval by the president. The president shall have the authority to temporarily suspend, while awaiting the disciplinary procedures outcome, any student whose behavior is judged by him to be detrimental, or potentially detrimental, to the college community.

Upon recommendation, and after implementation of the hearing process, a student may be suspended or dismissed by the president for behavior which is prohibited or otherwise unacceptable. The Board of Trustees shall be advised of dismissal actions at its next regular meeting following such actions.

Disciplinary probation is in place for a minimum of one academic year, unless otherwise approved by the Dean of Student Services, and requires compliance with the following restrictions and obligations:

1. Conformance with all college policies, rules, and regulations pertaining to student behavior as specified in the current college catalog, Student Handbook, or any other official college publication.
2. Avoidance of involvement in actions or activities which could be considered disruptive to the educational process or detrimental to the health, welfare, and safety of any member of the college community.
3. No participation in any student extracurricular organized activity.
4. Reporting on a scheduled basis for appropriate counseling sessions with an assigned college counselor.
5. Remaining in full compliance with the conditions of applicable court-imposed probation/parole.
6. Reporting on a scheduled basis to the Dean of Student Services for review of compliance with the terms of disciplinary probation.

Disciplinary suspension terminates a student's enrollment at OWCC for a specified period.

Dismissal separates a student from the college for an indefinite period with readmission subject to the recommendation of the Admissions Committee and the approval of the president.

Students who become ineligible for enrollment because of disciplinary action may not continue their education through any programs, activities, or offerings of Okaloosa-Walton Community College until such time as they may be readmitted to the college.

Student Grievance Procedures. Okaloosa-Walton Community College student grievance procedures are designed to provide effective means for resolving legitimate issues that are subject to the grievance process. State Board Rules and College Policies are not grievable; only the application or interpretation of rules or policies may be Grieved.

Resolution of Grievances. Any student who believes that he/she has been done an injustice through the action of another student, a college employee, or other person acting for the college may initiate a grievance under these procedures.
OWCC's student grievance procedures apply to all complaints on the part of students which may arise in matters of instruction and general student services when they involve rights provided for under the college's Equal Access/Equal Opportunity Plan and the Florida Educational Equity Act and when they directly affect the personal interests and well-being of individual students.

Complaints which do not directly affect the personal interests and well-being of individual students and which are not otherwise covered by these procedures shall ordinarily be referred to the Dean of Student Services for resolution.

The president of the college shall be the final arbiter where a dispute exists as to whether a particular matter is subject to coverage by these procedures. In making his decision, the president will interpret the coverage of these procedures liberally, denying their application only when the matter in question clearly concerns issues of rule or policy in which the complaining party has no direct interest, where there is good reason to believe that a grievance has been brought in bad faith for political or similarly inappropriate reasons, or for circumstances in which use of these procedures would clearly endanger their effectiveness as an instrument for the redress of grievances.

Informal Grievance Procedures. The college's informal student grievance procedures shall be implemented in the following sequence:

1. The aggrieved student shall first discuss his/her complaint with the instructor or faculty advisor concerned for resolution.

2. If the grievance remains unresolved, the student should refer it to the appropriate department or organizational unit head for resolution.

3. If the circumstances of the grievance preclude the use of steps 1 and 2, or if the department or organizational unit head does not resolve the grievance within ten (10) working days, the student should discuss the grievance with the Dean of Student Services, who will bring the matter to the attention of the president of the college.

If the grievance resulted from violation of college policies, the College Equity Plan, or FAC Rules, the president shall take or cause to be taken appropriate measures to ensure compliance with the policies, statutes or rules, and resolve the grievance.

If the grievance involves a question of judgment or opinion not covered by college policies, by the College Equity Plan, or the FAC Rules, the president or his designee shall counsel with the student, the faculty advisor, or the department or organizational unit head, and the appropriate principal administrator, in an endeavor to resolve the grievance.

Formal Grievance Procedures. If a grievance is not resolved by the informal procedure, the aggrieved student should submit a request, in writing, to the President of the College via the Dean of Student Services for a formal student grievance hearing. It shall set forth the nature of the grievance, the person(s) involved, and the resolution desired. It shall also include the nomination of one disinterested SGA Senator who is willing and available to serve as a member of the student grievance hearing committee.

If the request for a hearing is disapproved, the president shall state the reasons in writing. If approved, he shall appoint a student grievance hearing committee composed of the following members:

1. The SGA Senator named in the original request for the hearing or a substitute satisfactory to the grievant.

2. A college employee nominated by the Dean of Student Services.

3. An additional college employee who shall be nominated by mutual agreement of the other two members, who is a regular, full-time employee, and who, with the approval of the president, shall be designated chairperson. If the two members cannot agree on a nominee for chairperson, the chairperson will be appointed by the president.

4. The Dean of Student Services or his/her designee will serve as recording secretary to the committee but shall have no vote. If the grievance involves an equity issue, the College Equity Coordinator shall appoint a representative to serve as an advisor to the committee.

The committee shall, within seven (7) days of being constituted, meet to hear the grievance and interview such witnesses as it deems pertinent to the matter.

The committee shall report its findings and recommendations for resolution of the matter, in writing, to the president within four (4) working days of the close of the hearing.

The president shall advise all pertinent parties of his action on the grievance within three (3) working days after receipt of the committee's report.

The action by the president is final, except for cases of student expulsion, which may be appealed by the aggrieved student, in writing, to the Board of Trustees within three (3) working days of receipt of the decision. The decision of the Board in such matters is final.

Grievance Time Limits. A grievance must be filed in a timely fashion. If a student is filing a grievance, it must involve a specific event or incident occurring within thirty (30) days of filing the grievance.
Nothing in this procedure is intended to create any due process rights nor does it entitle the individual to seek redress in any court or administrative proceeding.

**Student Organizations**

The college has chartered several student organizations. These include general and special interest groups, honor societies, service clubs and social groups. These organizations cover a wide variety of interests and activities. Membership is open to all students who qualify, without regard to age, color, creed, handicap, marital status, national origin, race, religion or sex, except for those particular groups which are selective on the basis of scholarship.

The following groups are recognized OWCC student organizations:

**African-American Student Association** strives to promote black awareness and to be of service to the college and the community. Membership is open to all students.

**Bacchus** is the local chapter of the collegiate organization devoted to raising the consciousness of college students about the health and social problems associated with alcohol abuse. Membership is open to all students.

**Baptist Student Union** is open to all students for the purpose of guiding them in Christian witness and fellowship.

**Circle K** is a service organization sponsored by Kiwanis International. It is dedicated to college and community service and is open to all students. The Niceville Kiwanis Club is the local sponsor.

**College Republicans** provides an opportunity for OWCC students to find political expression and recognition through association with the Republican Party. It is open to all students.

**Creative Dramatics**, Imagineers, a traveling troupe creating world folklore on stage for area elementary schools.

**Delta Psi Omega** is a large, national honorary fraternity whose purpose is to stimulate interest in dramatic activities.

**Environmental Club** is dedicated to creating awareness of the importance of protecting the environment.

**ENUF (Equality Nascent while United in Fellowship)** is an organization to create sensitivity and an awareness of the disabled their rights, services and issues.

**Geology Club** brings together people who hold a common interest in Geology, and to further that interest by means of study groups and field trips.

**Jazz Singers**, an auditioned, four-part mixed vocal performing ensemble limited to 16-20 members with good music-reading skills. Music studied consists of moderate to very difficult jazz arrangements of styles including blues, swing, skat, classic (early) pop, ballads, mellow gospel and original contemporary tunes.

**Madrigals** is a small, by audition-only, mixed choir. The group specializes in a cappella music from the Renaissance to the modern.

**Music Theatre** produces at least one Broadway-style musical annually. Participation is open by audition to all students and members of the community.

**The Northwest Florida Symphony Orchestra of OWCC** is open to all OWCC students, staff, and interested members of the community who have a demonstrable performance skill with an orchestral instrument. The Orchestra draws its membership of over sixty players from throughout the Panhandle and South Alabama.

**OWCC Jazz Combo** is a small ensemble open to any student instrumentalist who wants to develop performance and improvisational skills in the jazz idiom. All students enrolled will be auditioned for placement. This ensemble performs throughout the community during the year.

**OWCC Show Choir** is a small, by audition-only mixed choir, comprised of college students who are enrolled full-time. The group specializes in up-tempo, contemporary, entertainment oriented music ranging from jazz tunes of the 40's to the latest pop tunes, as well as show-stopping selections from Broadway and Hollywood. Choreography is incorporated into each performance.

**OWCC Symphonic Chorus** is open to all students, staff, and interested members of the community. The chorus performs major choral compositions during the fall and spring semester of each year and maintains a membership of sixty or more auditioned singers.

**Phi Lambda Alpha**, Alpha Chapter, is an honorary fraternity whose primary purpose is to stimulate interest in the Arts and Humanities.

**Phi Theta Kappa** is a national honor society whose goal is to honor students who have attained a high scholastic standing, and to provide them with the opportunity to congregate and sharpen their intellects. Service projects and social activities are available to the membership.

**Proscenium Playhouse** is the drama group of the Fine and Performing Arts Department. Its goals are to foster an interest in and an appreciation of the theatre arts, to produce plays, and to provide an outlet for the creative abilities of the students and community members.
Reader's Theatre is a popular form of interpretive reading for group participation. They conform to no single style and invite imaginative experimentation. Membership is open to all students.

Rock and Jazz Ensemble in big band, combo and rock groups is open by audition to any student instrumentalist who wants to develop professional performance abilities. Must have some experience in high school bands, etc.

There are other chartered organizations which are not currently active such as Artista, Distributive Education Clubs of America, Raider Review Newspaper, Jefferson Democratic Association, Outing Club, Phi Beta Lambda Business Education Fraternity, Raider Sailing Club, and Veterans. If you are interested in reactivation of one of these organizations, check with the Student Activities Office in the College Mall to learn how this may be accomplished.

Students are encouraged to participate in student activities and enjoy them as long as they do not interfere with their studies.

Student Organization Rules. Students enrolled at the college are free to organize and are encouraged to join associations which promote their common interests, so long as the following apply:

1. The purposes, principles, and policies of the organization are consistent with the general philosophies and principles of the college,

2. Membership in the organization is open to all currently-enrolled college students in good standing without regard to age, color, creed, national origin, handicap, marital status, race, religion, or sex except for those particular groups which are selective on the basis of scholarship,

3. Statements of the purpose, criteria for membership, rules or procedures, and a current list of officers are filed with the Coordinator of Student Activities,

4. The policies and actions of the organization are determined only by those individuals who hold bona fide membership in the organization,

5. A faculty sponsor has been appointed by proper authority,

6. The Student Senate has recommended, and the President of the college has approved recognition of the organization, and

7. The organization is in compliance with the general and specific policies enumerated in the Handbook for Student Organizations and in the Student Handbook.

Hazing

Florida Statute 240.326 prohibits hazing at community colleges. "Hazing" means "any action or situation which recklessly or intentionally endangers the mental or physical health or safety of a student for the purpose of initiation or admission into or affiliation with any organization operating under the sanction of a community college," which organization is hereafter referred to as a "community college organization." Such term includes, but is not limited to, any brutality of a physical nature, such as whippings, beatings, branding, forced calisthenics, exposure to the elements, forced consumption of any food, liquor, drug, or other substance, or other forced physical activity which could adversely affect the physical health or safety of the individual, and also includes any activity which would subject the individual to extreme mental stress, such as sleep deprivation, forced exclusion from social contact, forced conduct which could result in extreme embarrassment, or other forced activity which could adversely affect the mental health or dignity of the individual. For the purposes of this section, any activity as described above upon which the initiation or admission into or affiliation with a community college organization is directly or indirectly conditioned shall be presumed to be a "forced activity," the willingness of any individual to participate in such activity notwithstanding.

No form of hazing shall be permitted in connection with any initiations and/or activities of any college organization or group.

Harassment

Harassment of OWCC students is prohibited.

Harassment of college employees by OWCC students is prohibited.

Harassment is considered to be any repeated or unwelcome verbal or physical abuse which causes the recipient discomfort or humiliation or which interferes with the recipient's academic performance.

Harassment related to an individual's race, color, sex, religion, national origin, age, marital status, or physical or mental handicap is a violation of this policy.

Unwelcome or uninvited conduct with sexual overtones, requests for sexual favors, and other verbal or physical conduct of a sexual nature constitutes sexual harassment, including, but not limited to instances when:

1. Submission to such conduct is made explicitly or implicitly a term or condition of a student's academic achievement, or

2. Submission to or rejection of such conduct by an individual is used as the basis for academic decisions affecting a student or college employee, or
3. Such conduct has the purpose or effect of unreasonably interfering with an individual’s academic performance or creating an intimidating, hostile or offensive academic environment.

The president of the college may act directly or through a designee to investigate and report harassment claims. Due process and/or Student Grievance procedures shall be followed in connection with such claims.

> **Guest Speakers**

The freedoms of speech and assembly guaranteed by the first and fourteenth amendment to the Constitution shall be enjoyed by the students of the college with regard to the opportunity to hear “off-campus” speakers on the college campus. Students at the college are expected to accept fully the responsibilities that accompany the freedoms of speech and assembly which they enjoy. When inviting a guest speaker, a student organization is charged with the responsibility of making a choice that reflects the students’ genuine concern for the best interests and welfare – not only of the student organization – but of the college and the community as well.

The extension of invitations to guest speakers who are not of the college community shall be governed as follows:

1. Guest speakers may be invited and sponsored only by recognized student organizations.

2. No invitation shall be extended to a guest speaker without the prior written approval of the president or his designee, the Dean of Student Services. Approval or disapproval will be based on consideration of the appropriateness and availability of times, dates, and facilities.

3. Permission to invite a guest speaker shall be requested in writing at least two weeks prior to the proposed speaking engagement by the president of the student organization sponsoring the program. This request shall contain the name of the sponsoring organization, the proposed time, date and location of the program, the expected size and nature of the anticipated audience, and the topic of the speech.

> **Posting, Circulating, and Exhibiting Printed Matter and Filmed Material**

Students are expected to use mature judgment and a sense of discretion in their selection, publication, display, presentation and circulation of any printed or filmed materials at any college location, and to realize that they must accept responsibility individually and collectively in the consequences of their choices on these matters. The appearance of the college name, seal or insignia on printed matter which is not published by the college is not authorized and does not imply college approval, support, or endorsement of the contents.

> **Notices**

Notices may be posted by students and recognized student organizations on appropriate bulletin boards. Notices and posters are not to be taped, glued, or pasted on painted or finished wood surfaces. All such posting must be cleared in advance by the Coordinator of Student Activities at the Nicewillville Campus and the Provost at the Fort Walton Beach Campus. This will provide the best use of available facilities.

The general distribution of notices is prohibited by anyone other than instructional and staff personnel in the performance of their duties or by recognized student organizations to advertise an approved event.

> **Motion Pictures**

Recreational motion pictures that are approved as part of a proposed student organization sponsored-event may be shown at any college location. The Dean of Student Services will consider for approval, only those films rated “G” and “PG” by the Motion Picture Association of America. Any college employee may restrain the display of any unauthorized film or motion picture.

> **Student Publications**

Student publications (which may include videotaped newscasts) are intended to foster an atmosphere of free and responsible discussion and intellectual exploration. They are a means of bringing student concerns to the attention of faculty and staff members, and of formulating student opinion on various issues at the college and in the surrounding community.
The editorial freedom of student editors entails the corollary responsibility to be governed by the canons of responsible journalism, such as the avoidance of libel, indecency, undocumented allegations, attacks on personal integrity, and the techniques of harassment and innuendo.

Student publications shall contain a statement to the effect that the opinions expressed therein are not necessarily those of the faculty, staff or student body of the college.

**Policy Formulation**

A student who wishes to suggest a change in any policy of the college should submit a written recommendation to the Student Senate for evaluation. If favorably received by the Senate, the proposal shall be submitted by the Student Senate to the College-Wide Council or the appropriate standing committee/subcommittee of the college for consideration.

**OWCC's Brain Bowl team is consistently one of the best in the state. The '95-'96 squad, shown here, won first place at the Regional Florida Community College Tournament held in Panama City.**

**Instructor George Lucas conducts a business class at the Fort Walton Beach Campus.**
FINANCIAL AID

Student Financial Aid

Okaloosa-Walton Community College's mission is to serve everyone who can benefit from a college education. No one thinking of college should hesitate about applying for admission because of financial need. OWCC has a variety of financial assistance for students. The chart within this section gives a brief description of all the programs that are available for students at OWCC and the Financial Aid Office has hand-outs available that offer more detail on the three basic types of financial aid—Grants, Loans and Work Programs. These hand-outs, along with the Application for State and Federal Financial Aid, are available either by mail, at the guidance office of any Okaloosa or Walton high school, or at any of the OWCC locations throughout the two-county area.

Purpose of OWCC's Financial Aid Program

The purpose of financial aid is to make up the difference between what you can afford to pay and the actual cost of your education. This difference is what we call a student's financial need. The amount of financial assistance a student receives is generally determined by the results of the application process and the availability of funds from federal, state, institutional and private sources. The final decision as to the types of aid received rests with the Director of Financial Aid.

Financial assistance administered by OWCC does not discriminate on the basis of race, sex, age, national origin, religion, marital status or handicap. Specific additional non-discriminatory criteria and academic standing status may be required for particular assistance or scholarships.

College Costs

Okaloosa-Walton Community College's fees are designed to make college affordable for most students. Allowance should be added to these figures for room and board, personal expenses, medical insurance, transportation and supplies. Dependent students (living at home) usually have parental support, reducing direct education costs. Students should refer to the college schedule of classes each semester for offerings which involve special fees.

Procedures for Applying for Financial Aid

Entering students seeking financial assistance should contact the Student Financial Aid Office which is located in the Student Services Center on the Niceville campus. The following procedures need to be followed when applying for financial aid at OWCC:

1. Complete the OWCC Application for Admission and return it to the Office of Admissions.
2. Request appropriate supporting documents for Admission (i.e., high school transcript, GED, college transcripts) as specified by the Admissions Office personnel. If you have previously attended any other postsecondary institutions, a Financial Aid Transcript must be requested and received by OWCC before the college can determine your eligibility for aid.
3. Complete the Free Application for Federal Student Aid (FASFA) packet. Packets are available in area high schools or at any OWCC location.
4. Complete the OWCC application for financial aid form.
5. After mailing the FASFA, the student will receive a Student Aid Report (SAR) in approximately four weeks. The SAR must be reviewed by the student for accuracy, signed by the appropriate individuals, and submitted to OWCC's Financial Aid Office.
6. Additional information/forms might be requested by the Financial Aid Office (i.e., Income Tax forms) if the student is selected for a process called Verification.
7. If a student's financial aid file has been considered to be "complete" then an award letter will be mailed to the student by OWCC's Financial Aid Office. Awards listed on a student's Award Letter are tentative and are not final. Awards can be either adjusted or cancelled at any time due to enrollment or academic standing.

Students needing assistance in completing application forms should contact the Financial Aid Office. Students have a right to understand how their financial aid award is determined. OWCC's Financial Aid Office is always willing to discuss financial aid decisions with students and parents to promote a better understanding of financial aid opportunities.
Deadlines for Applying for Financial Aid at OWCC

Applications for financial aid should be made well in advance of registration. The PRIORITY CONSIDERATION DEADLINES for applying for financial aid at OWCC for 1996-97 by semester are:

Fall Semester ....................April 1, 1996
Spring Semester ..............October 1, 1996
Summer Semester ............February 1, 1997

STUDENTS NOT MEETING THE PRIORITY DEADLINE MAY STILL QUALIFY FOR FINANCIAL AID BUT MAY EXPERIENCE LENGTHY DELAYS IN RECEIVING FINANCIAL AID.

The absolute deadline for determining enrollment status (i.e. part-time, three-quarter time, or full-time) is the advertised “last day to register” day within each of the three main semesters – Fall, Spring or Summer. (These dates are listed in the Schedule of Classes each semester and the calendar section of this catalog.)

All applications for the Florida Student Assistance Grant for the 1996-97 academic year must be in Tallahassee no later than the advertised deadline on the application form. All applications for the College Work Study Program and the Supplemental Education Opportunity Grant dated prior to April 1, 1996 will be given first priority in determining eligibility.

Enrollment Status

The amount of aid a student is eligible to receive at OWCC is dependent on the student’s enrollment status, each semester, based on the following table:

- Full-Time Enrollment ............12 or more semester hours
- Three-Quarter Time Enrollment .................9-11 semester hours
- Half-Time Enrollment .........................6-8 semester hours
- Less Than Half-Time Enrollment .......................1-5 semester hours

Financial aid award status (full-time, three-quarters time, or half-time) will be based on the number of credit hours at the END OF LATE REGISTRATION FOR EACH SEMESTER. For award letters sent after these dates, status will be determined by the number of credit hours in which a student is enrolled at the time the award letter is sent. If not enrolled for the appropriate number of credit hours at that time, a student’s award will be revised downward to reflect this change. Awards will not be revised upward if students add classes after the end of late registration. (NOTE: The end of registration is considered to be the last day to register for the three main semesters (Fall, Spring and Summer) as listed in the College Catalog. These dates are firm. The financial aid deadline for Term II is the Summer Semester last day to register.

Student Eligibility

FEDERAL PROGRAMS

For a student to be eligible for federal financial aid at OWCC –

- A student must be a regular student, accepted for enrollment in a PROGRAM OF STUDY, and
- A student must be a U.S. CITIZEN, or an eligible non-citizen, and
- A student must maintain a STANDARD OF SATISFACTORY PROGRESS and ACADEMIC GOOD STANDING which includes the following three factors:

1. Satisfactory grade point average on all college work. OWCC uses the following scale in determining eligibility:

<table>
<thead>
<tr>
<th>Earned Semester Hours</th>
<th>Grade Point Average</th>
</tr>
</thead>
<tbody>
<tr>
<td>0-11</td>
<td>n/a</td>
</tr>
<tr>
<td>12-23</td>
<td>1.50</td>
</tr>
<tr>
<td>24-35</td>
<td>1.70</td>
</tr>
<tr>
<td>36-47</td>
<td>1.80</td>
</tr>
<tr>
<td>48-59</td>
<td>1.90</td>
</tr>
<tr>
<td>60 +</td>
<td>2.00</td>
</tr>
</tbody>
</table>

2. A maximum time-frame in which the student must complete his or her educational objective, degree or certification. OWCC places a limit of 90 semester hours (or 150% completion rate on a 60 semester hour program. NOTE: 90 semester hours will include OWCC hours + transfer hours – whether or not financial aid was received.)

3. Progression within the time-frame towards adequate completion of coursework. OWCC requires students to successfully complete (A, B, C or D) 67% of all course-work attempted at OWCC.
FINANCIAL AID

- A student must NOT OWE A REFUND or REPAYMENT on a federal grant at any institution, and
- A student must NOT BE IN DEFAULT on a federally-funded or insured student loan.

STATE OF FLORIDA PROGRAMS
For a student to be eligible for State of Florida financial aid (i.e. FSAG) at OWCC –
- A student must have demonstrated a FINANCIAL NEED (Complete the FASFA application), and
- A student must have met the ADVERTISED DEADLINE, and
- A student must have been a RESIDENT OF FLORIDA for one-year, and
- A student must have a 2.0 or higher GRADE POINT AVERAGE on all previous college work, and
- A student must have earned 24 SEMESTER HOURS of college work during the terms of the academic year in which aid was received, and
- A student must have met CLAST requirements, and
- A student must enroll as a full-time student (minimum 12 semester hours).

NOTE: An applicant who believes State financial aid has been wrongly denied has certain rights to appeal. The applicant may appeal if he believes the Department of Education has made an error in determining eligibility or in failing to transfer an award. Detailed information about filing an appeal is available from the OWCC Financial Aid Office.

Additional Information and Requirements

Financial Aid Suspension. Students who do not meet eligibility standards shall be suspended from federal financial aid until they have regained eligibility in accordance with the Academic Standards of Progress. (See FEDERAL PROGRAMS eligibility criteria listed under Standards of Satisfactory Progress on previous page in this section for more information.)

Notification. The Financial Aid Office will send a letter to all current financial aid recipients who are to be suspended. This letter goes to students not meeting standards of satisfactory progress or academic good standing. Suspended students will not receive financial aid for the following semester even if already enrolled. The notice will be addressed to the student's most current local address on file with the Office of the Registrar. IT SHALL BE THE RESPONSIBILITY OF THE STUDENT TO KEEP OWCC INFORMED OF A CORRECT MAILING ADDRESS AT ALL TIMES. The cost of enrollment during financial aid ineligibility must be borne by the student. Financial aid will not be available.

Reinstatement and Appeals Process. A student who loses eligibility has an opportunity to appeal through an appeal process. The appeal must be submitted to the Director of Financial Aid IN WRITING by the student. (Special appeals forms are available in the Financial Aid Office.) Members of the Student Financial Aid Committee will act as an appeals committee. The appellant is required to provide documentation as necessary for determination of financial aid eligibility and shall fulfill reasonable requests by the committee with reference to time of meeting, personal appearance, and supporting evidence. The committee will determine if mitigating circumstances exist. Mitigating circumstances are defined as:

1. Death of a close relative affecting the student's academic performance.
2. Illness of the student or close family member having direct effect upon the academic record.
3. Poor past record resulting from youthful carelessness, social or psychological immaturity.
4. Special circumstances of a specific and substantial nature of a unique kind as determined by the committee.

If mitigating circumstances are found to exist, the student may be restored to satisfactory academic standing for one semester after which the general standards will apply. Further restoration to satisfactory standing may occur only if progress during the intervening semester(s) clearly gives sound, documented evidence of progress. Progress must be acceptable to the appeals committee.

Incompletes. A student who carries a recorded "Incomplete" at the time of evaluation will be given a one-semester grace period when meeting eligibility requirements and Standards of Progress. The student's record will be held in suspense, and a re-evaluation will be made at the end of the next semester for which the student is enrolled. If the "Incomplete" has not been changed to a letter grade at the time of re-evaluation and the Registrar's Office has not been notified of an extension, the student will be assigned a grade of "F." Such a grade may readily contribute to suspension of financial aid eligibility.
Repeated Courses. A student may use financial aid to repeat a course in which an "N", "D", or "F" has been earned. A student may not repeat a course for credit in which a grade of "C" or better was earned (unless permission of the Vice President for Instruction is obtained). The student may improve a grade in a course and the repeat credit(s) will be included in the total number of credits when determining enrollment status. The student must be making satisfactory progress.

Remedial Courses. Okaloosa-Walton Community College approves remedial courses for the use of financial aid and includes remedial courses where necessary when determining a student's enrollment status. Admission placement testing requirements will determine if remedial courses are needed in a student's degree program.

Verification. The U.S. Department of Education randomly flags a student's Student Aid Report (SAR) for verification. Students selected must provide all the necessary documents needed for this process (i.e. income tax forms, W-2 forms). Okaloosa-Walton Community College's Financial Aid Office retains the right to request supporting documents it deems necessary from any student to determine financial aid eligibility. For this reason, OWCC suggests that students do not file financial aid applications until the tax forms for the family are complete and correct. Inaccurate estimates of income and taxes paid may require extensive processing delays and verification of corrected data. All financial information reported MUST BE CORRECT. Penalties or delays may occur if the data is incorrect or incomplete.

Veterans' Benefits

The federal government has programs which provide some financial assistance for veterans and their dependents. These programs are described in the "Instructional Programs" section of this catalog (see index for page number). Assistance and information may be obtained from the campus Registrar's Office or from the Veterans Administration, Regional Office, P.O. Box 1437, St. Petersburg, Florida 33731.

Several students take advantage of a nice day to study outside at the Eglin Center.

</tbody>
</table>
Full-Time and Part-Time Status

Students are considered to be full-time or part-time according to the course load at the time of registration. A student enrolled for 12 or more semester hours, or 24 or more contact hours per week in noncredit courses, is considered to be a full-time student.

Audit Status

Students registering in a college-credit course on a “not-for-credit” basis will be considered as audit students and their records will be marked accordingly. An “X” grade will be placed on the permanent record, and no hours attempted or quality points will be recorded. Occupational courses may not be taken on an audit basis.

Examinations for audit students are not required; however, audit students are expected to attend classes on the same basis as credit students and to meet all the requirements of the course with the exception of examinations. Excessive absences for audit students are treated the same as for credit students. The instructor may recommend to the Vice President for Instruction that the student be dropped from the class with a grade of “W.”

Fees are the same for both credit and audit students.

Students may register for a class on an “Audit” basis at anytime during the regular registration period or change to “Audit” status prior to the date stated in the college calendar as the last day for dropping classes. “Audit” students must meet the same admission requirements as college-credit students.

Audit students may not change to credit status following the expiration of the Drop/Add period specified for each semester in the college calendar without written permission of the instructor.

Class Attendance

Students are expected to attend all of their scheduled classes. The effect of absences upon grades is determined by the instructor who may recommend to the Vice President for Instruction a withdrawal grade whenever absences become excessive. Arranging to make up work missed because of legitimate class absence is the responsibility of the student in cooperation with the instructor(s). Instructors shall not, however, authorize major blocks of class absences (e.g., 25% or more of the total class hours) without approval of the Department Chair and the Vice President for Instruction.

Attendance is recorded by the instructor who will report immediately to the Registrar’s Office each student who has accumulated three consecutive day class absences or two (2) consecutive evening absences from class or three absences in a month. Further, each time a student has been tardy three times in a class, it will count as one absence. Each set of consecutive absences will be reported. Veterans are subject to the same attendance requirements as all other students (see page 43).

Examinations and Grades

Final examinations are held at the end of each semester and must be taken at the scheduled time. If a student is absent from a final examination because of substantive illness or other approved reasons, a late examination will be given.

OWCC provides and maintains permanent records for all students registering for college courses, and grade reports are provided to all students within five days following the published date that grades are due in the Registrar’s Office each semester.

Letter grades will be assigned as follows:
- A-Excellent
- B-Good
- C-Average
- D-Passing
- F-Failing
- I-Incomplete
- V-Deferred Incomplete
- S-Satisfactory
- U- Unsatisfactory
- N-No Grade (non-punitive)
- X-Audit

Grade points per semester hour are as follows:
- A-4
- B-3
- C-2
- D-1
- F-0

Grades of “I-Incomplete” will change to “F-Failing” at the end of the next 16-week semester following the issuance of the grade if work is not made up during that period of time. The “I” or “V” will carry “0” grade points until it is made up. “S’s,” “U’s,” “N’s,” and “X’s” carry no grade points. No grades or transcripts will be released to or for students with incomplete records or outstanding fees, loans, or fines.

Schedule Changes

Changes in courses or sections may be made during the drop/add period specified in the college calendar and/or in the Schedule of Classes each semester. Any such changes shall be accomplished by completion and processing of required forms to the Registrar’s Office on the Niceville campus and other OWCC locations.
Incomplete Grades

A grade of "I" may be given when a student is unable to complete the required work because of clearly documented extenuating circumstances and only if the student has a reasonable chance of making a passing grade. The instructor files with the department chair and with the student concerned an outline of the work that must be completed with an estimate of the student’s grade standing for work already completed during the semester. Work for the removal of the "I" must be completed prior to the END OF THE FINAL EXAM PERIOD in the next 16-week semester immediately following. The grade will revert to an "F" on the official transcript if not removed by that time. A grade of "I" shall not be given as a mid-term progress grade.

A deferred incomplete grade of "V" may be assigned by the teacher when approved absences preclude satisfactory course completion by the end of the next 16-week semester of enrollment.

 Withdrawals

Students are permitted a maximum of two withdrawals per course, which must be processed no later than the mid-point of the semester or term. Upon the third attempt in any course, the student will not be permitted to withdraw and will receive a grade for that course. Withdrawals after the mid-point may be approved only under extraordinary circumstances, and a request for the "W" along with written documentation must be submitted to the Vice President for Instruction for appropriate action no later than the end of the current semester.

A student withdrawing from the college or dropping any course must do the following:

1. Submit an official drop/add form to the Office of the Registrar or registration desk at any OWCC campus or center.

2. The transaction must then be finalized through the Comptroller’s Office on the Niceville campus or the finance station at any OWCC campus or center.

Note: These steps are necessary to avoid receiving an automatic grade of "F" in the course(s) concerned.

Nonpunitive ("N") Grades

"N" grades may be awarded for modular-type courses only. For those courses in which college credits may be earned, the "N" will only be awarded at the end of the term in which a student could not complete the modular requirements necessary to earn a "standard" letter grade.

An "I" grade may be awarded if, by mutual agreement between student and instructor, the student understands and assumes the responsibility for completing all modules by the end of the next term (mandatory completion time for "I" grades). A grade of "V" may be awarded according to conditions stated above.

If a student has not completed a course in which the student received an "N" grade by the end of the second semester of enrollment in that course, the student will receive no more than a "C" for that course in any subsequent semester. Re-enrollment and payment of all necessary fees are required to be eligible in a following semester to earn a letter grade and the appropriate credits in a course in which an "N" has been awarded.

Satisfactory/Unsatisfactory ("S" and "U") Grades

Noncredit courses in which in the issuance of the required grades other than S or U are to occur shall be approved in advance, individually, by the Vice President for Instruction based on appropriate written justification.

Academic Standing

The college has set academic standards ranging from recognition of excellence for superior progress to discontinuance of enrollment for inadequate progress towards these standards. These standards apply to full-time and part-time college-credit students. They apply to those students who are seeking a degree or award and those who are not. For all college-credit students cumulative grade-point averages (CGPA) will include all work which is transferred from any previously attended institutions of higher education and not just selected courses. For part-time college-credit students, the cumulative grade-point average will not be computed for honors or sub-standard academic performance until the student has attempted a minimum of twelve (12) cumulative semester hours and thereafter, will be computed every semester in which the student is enrolled.

Superior Scholastic Performance. When the quality of a student's work is superior, the college is pleased to honor such work through recognition as follows:

PRESIDENT'S LIST. Full-time students (or part-time students for each cumulative twelve hours) who make a grade-point average of 3.80-4.00 in college level courses during any semester are placed on the President's list.
DEAN’S LIST. Full-time students (or part-time students for each cumulative twelve hours) who make a grade-point average of 3.50-3.79 in college level courses during any semester are placed on the Dean’s list.

HONORS AND HIGH HONORS. At the time of graduation, a student's total academic record is reviewed to determine High Honors (3.80-4.00) and Honors (3.50-3.79). For students to graduate with this distinction, they must have earned 15 or more hours of credit at OWCC and must have attained these same standards on all work done at OWCC as well as any cumulative academic work from prior institutions of higher education.

Good Standing. A student is considered in academic good standing as long as the student maintains the appropriate cumulative grade-point average (GPA) specified in the following schedule for satisfactory academic progress. Students on academic suspension are not considered to be in good standing:

<table>
<thead>
<tr>
<th>Credit Hours Attempted</th>
<th>Minimum Required CGPA</th>
</tr>
</thead>
<tbody>
<tr>
<td>12</td>
<td>1.50</td>
</tr>
<tr>
<td>24</td>
<td>1.70</td>
</tr>
<tr>
<td>36</td>
<td>1.80</td>
</tr>
<tr>
<td>48</td>
<td>1.90</td>
</tr>
<tr>
<td>60 or over</td>
<td>2.00</td>
</tr>
</tbody>
</table>

Not In Academic Good Standing. When students fail to achieve the schedule of credit hours with the appropriate cumulative GPA, the college will place certain restrictions on their future registrations and the courses for which they may enroll. The college will notify students of the seriousness of their situations and the restrictions that will apply to their individual cases. In order to return to “Academic Good Standing,” a student must increase their cumulative grade point average for all work attempted to at least the level specified for “Academic Good Standing.”

There are three states of being while “Not in Academic Good Standing” and the following regulations apply to these states.

Academic Warning. The first time a student fails to achieve “Academic Good Standing” (after twelve [12] credits have been accumulated) they will be placed on “Academic Warning.” They will be notified of this action and records will be coded to reflect this status. Students who are placed into this status, must meet with a counselor or academic advisor to determine what course of action will return them to “Academic Good Standing.” This will probably include repeating certain courses in which the student was unsuccessful or the timely scheduling of courses so as not to overtax the student’s time available for academic requirements.

The student will not be able to register for the following semester unless cleared to do so by the academic advisor. This activity should be scheduled early in the semester so as not to miss early registration opportunities. The return to “Academic Good Standing” removes this stricture from the student’s records.

Academic Probation. A student who is in the status of “Academic Warning” and fails to achieve “Academic Good Standing” at the end of that semester, will be placed on “Academic Probation.” All of the strictures will remain in place, and the student has one semester to return to “Academic Good Standing.” Students who during this semester achieve a semester GPA of “C” or better, will be continued in this status one more semester.

Academic Suspension. Any full-time student (or part-time student who has accumulated twelve [12] credit hours) who fails all courses in a semester shall be suspended for a minimum of one semester.

Any student who has for one semester been in the status of “Academic Probation” and has not attained a semester GPA of “C” or better during that semester shall be considered as not making satisfactory progress and will be suspended for a semester. Records will be coded and the student will be notified. The student may not enroll for courses during the suspended semester but must seek academic advising assistance before petitioning for permission to be readmitted. Such students may enroll for certain noncredit classes; however, they are required to consult with an academic advisor for approval.

Students may appeal the decision of “Academic Suspension” through the Admissions committee. Contact the Registrar’s Office (729-5373) for details.

Readmission. To be readmitted to OWCC following a semester on “Academic Suspension,” a standard readmission form must be submitted to the Registrar’s Office in advance of registration. An appointment with a counselor or academic advisor must be arranged in advance of registration in order to map out a course of action which will eventually return the student to “Academic Good Standing.” If readmitted, the student will again be placed on “Academic Probation” and all standards will apply.

Academic Dismissal. If a student has progressed through all stages from “Academic Warning,” to “Academic Probation,” to Academic Suspension,” to “Readmission,” to “Academic Probation,” and still has not returned to “Academic Good Standing,” then the student will be separated from the college under the status of “Academic Dismissal.” In this status, the student is eligible to register only for noncredit classes in “Continuing Education.”
Academic History Forgiveness Policy. Should a student whose credits are ten or more years old desire to seek relief from the effect of those grades upon his/her current record at OWCC, a written request for such relief may be made to the Vice President for Instruction through the Office of the Registrar. Should favorable action be taken, the courses and grades will continue on the face of the permanent record, but relief will be in not counting such grades and hours in grade-point computations. The action of the college upon such a petition shall be final. No credit passed or failed that is ten (10) or more years old will be counted if such relief is granted. Such courses may be a sound basis for seeking contemporary credit through comprehensive examinations.

Repeated Courses.* For any course repeated, whether at OWCC or elsewhere, only credit from the last attempt will be used in the computation of the final grade-point average (GPA) and for meeting degree requirements. Students should be aware that repeating a course results in an adjusted grade-point average** and that such an adjustment may not be accepted by some colleges and universities. Students may not repeat a course to improve the grade point average after the awarding of the A.A. or A.S. degree.

There are restrictions on repeating courses. Only courses in which grades of N, D, or F have been earned may be repeated. Students are restricted to two repeat registrations for the same course with a maximum of four repeat attempts prior to earning the degree. Exceptions to the maximum repeat rules are currently authorized (but subject to change) for selected credit courses as specified in the course section of the catalog, e.g., Applied Music, Music Ensembles, and Research Papers. Any additional registration for the same course will have fees assessed at four times the standard rate.

Foreign Language Requirements for Entry Into Upper Level Florida Universities. Effective August 1, 1990, according to requirements of the Florida Board of Regents, new applicants to any of the state universities must have completed two years of one foreign language in high school. Eight to ten semester credits in one foreign language at the postsecondary level will also meet the minimum entry requirement. EXCEPTIONS: (1) Students who receive an AA Degree prior to September 1, 1989 or (2) who enroll in a program leading to an AA degree prior to August 1, 1989 and maintain continuous enrollment are exempt from the admissions requirement and will not have to take 8-10 credits prior to graduation from the SUS. EXCEPTIONS: Students who are not exempt may be admitted to the university as part of the 5% exception group but must complete 8-10 hours foreign language before graduation regardless of major's graduation requirements. Students transferring to the SUS with less than 60 transferable hours and who have not met the foreign language admission requirement must complete 8-10 of these before going on to the upper division.

Ovaloa-Walton Community College offers the necessary instruction in French and Spanish to meet the provisions of the SUS admission requirements. Students are encouraged to enroll for the courses which they will need to be fully admitted when ready to transfer.

Directed Independent Study

Directed independent study provides opportunities for students to earn college credits in standard courses by working with an OWCC instructor on an independent basis. Students enrolling for courses under Directed Independent Study (DIS) are expected to accomplish the goals and objectives as specified in the course syllabus and are expected to attend such class meetings, group sessions, and working conferences as specified by the instructor. Courses are scheduled on a flexible basis as approved by the instructor, the department chair, and by the Vice President for Instruction with the understanding that final exams will be taken and grades awarded during the term in which they begin. DIS course enrollments are authorized under the following conditions: (1) a documented need exists for the student(s) to enroll for the course immediately rather than taking an alternate course or waiting until the next semester in which the desired course would be offered; (2) the student is able to identify an instructor who is willing to teach the course as DIS; (3) the student understands the extensive burden which he or she is undertaking; (4) the student agrees to pay the DIS special fee; (5) enrollment is approved by the Department Chair and Vice President for Instruction, and (6) when it is not feasible for the course/section to be scheduled concurrently and taught at the same time and locations as another course/section.

DIS course fees. All regular fees apply to DIS courses in addition to a special fee of $25 per credit hour which would be assessed for each registration in specially designated sections.

* NOTE: Students on VA benefits should be aware that the Veterans Administration WILL NOT PAY for a repeated course in which a grade of "D" or better has been earned, except where state rules require a minimum grade of "C".

** NOTE: GPA's are NOT changed for courses repeated after a student receives an AA Degree (Per Articulation Agreement).
**Communications Department**

**Writing Sample**

**MANDATORY WRITING SAMPLE**

The writing sample is required of all students who wish to register for ENC 1101 English Composition I. The student will write the paragraph at the time of the placement testing. The writing sample will also be administered at each registration location for students who have previously completed the placement test. A team of instructors from the Communications Department will be available to evaluate the content and grammar of the sample paragraph. See page 5 for further details.

---

**College Level Academic Skills Test**

Florida has developed a test of college-level communication and computation skills entitled **Colle-ge Level Academic Skills Test (CLAST)**. The CLAST tests communication and computation skills judged by state university and community college faculty to be associated with successful performance in higher education. The test is administered to all students seeking an Associate of Arts degree. It is required by Florida Statutes and by Administrative Rules of the State Board of Education. (Exceptions are authorized as specified in legislation effective January 1, 1986; details will be published in a separate document.) A student may register for CLAST upon completion of 18 credit hours under the conditions listed below:

**First Time Test Takers**

**Communications.** Students will be eligible to register for the Essay, Reading, and English Language Skills subtests when they have successfully completed or are currently enrolled in ENC 1102 Composition II.

**Mathematics.** Students will be eligible to register for the Mathematics subtest when they have successfully completed six hours of Gordon Rule math courses or when they are enrolled in their second Gordon Rule course.

AA Students on State Financial Aid who have not met the above requirements and are nearing their 60th semester hour should contact the Institutional Test Administrator, Dr. Sue Bridges, for an exception to the above requirements.

**Retester**

Communications and Mathematics. Students who fail any CLAST subtest will be required to complete supervised preparation before retesting. The actual requirements will be determined on an individual basis by representatives from the math and communications departments. Individual prescriptions for preparation will be written for each student who wishes to prepare for retesting.

The CLAST is administered each semester to community college students who are completing Associate of Arts degree programs or who are otherwise seeking admission to upper division programs in state universities in Florida. **Only students who pass all four (4) subtests of the CLAST can be legally awarded the Associate of Arts degree. Only students who have passed all four (4) CLAST subtests can be unconditionally admitted to the upper divisions of the State University System.**

Without the CLAST, admission to state universities in Florida will be on a conditional basis. The student may take only a limited number of courses until all four subtests of the CLAST are passed. (Currently, students passing three out of four subtests may enroll for up to 36 semester hours of coursework beyond the sophomore level. They must pass the fourth subtest before being allowed to continue.) The CLAST also applies to students transferring to Florida universities from private institutions in Florida and from out-of-state colleges and universities.

As required by statutes, the State Board of Education has established minimum CLAST score standards for award of the Associate of Arts degree and for admission to upper division status in state universities in Florida.

A student must present scores that meet minimum standards in effect at the time he or she initially takes the test to meet minimum state board standards for the Associate of Arts degree or to attain upper division status in a state university.

**Waiver.** Students who have taken any of the four (4) subtests of the College-Level Academic Skills Test at least four (4) times and have not earned a passing score on the subtest but has otherwise earned a minimum grade point average of 2.0 in all college credit courses in that same subject area and met the requirements defined in Rule 6A 10.030, FAC., for that area may appeal to the CLAST Waiver Committee for a waiver from that subtest.

In considering a request for a waiver from any subtest, the CLAST Waiver Committee shall determine whether the student has demonstrated sufficient effort to pass the subtest and has satisfactorily completed remediation studies related to the failed subtest.
Students with a documented learning disability may request a waiver of one or more sections of the CLAST, depending on their disability. All requests must be submitted in writing, along with verification of the learning disability, to the Vice President for Instruction.

The Dean of Student Services (telephone 729-5371) provides information on how and when to apply to take the CLAST. The Vice President for Instruction can provide a list of CLAST skills and identify where the communication and computation skills are taught in the curriculum.

Graduation Requirements

General requirements for graduation from Okaloosa-Walton Community College must be met by all students seeking a degree without regard to the degree to be granted. Final responsibility for meeting the requirements for graduation rests with the student. If the student is in doubt about course requirements, the academic advisor should be contacted before each registration. Students should check with their faculty advisor or an OWCC counselor during their next to last semester to ensure all graduation requirements will be met by the end of the next semester. Participation in graduation exercises is expected.

1. Students must have a total of 60 semester hours for graduation, including a minimum of 36 semester hours of General Education courses for the Associate of Arts degree; 18 semester hours of General Education courses for the Associate of Science degree. The remaining hours in each program may be taken in any one of the prescribed programs or in a planned program approved in writing by the Vice President for Instruction.

2. Students must make formal application for graduation, and if seeking an AA degree (or planning transfer with an AS degree) apply for the College Level Academic Skills Test on the proper forms furnished by the Registrar. Students must meet the deadlines designated in the college calendar which appears in the college catalog. To receive an AA degree a student must pass all four (4) subtests of the CLAST.

3. Each graduate must be in attendance during the semester in which the degree is earned and must have earned no less than 15 semesters credit hours from OWCC. Students leaving OWCC who later apply for a degree must have met the degree requirements at the time of their last OWCC enrollment; they must also have earned 15 semester hours at OWCC. Exceptions may be granted only by special written request submitted to the Registrar and approved by the Vice President for Instruction, e.g., Servicemember's Opportunity College agreements.

4. Students who maintain continuous enrollment after entering OWCC by completing at least one academic course each twelve month period beginning with the student's first semester have the option of graduating under either the catalog in place at the time they first enter OWCC or the catalog in place at the time graduation requirements are completed. If attendance is interrupted for a twelve month period, they must graduate under the catalog in place when readmitted or the one in place when degree requirements are completed.

U.S. Senator Bob Graham visits with OWCC students.
5. A grade-point average of not less than 2.0 ("C") must be attained on the cumulative total of all work attempted whether at OWCC or by transfer. The minimum grade-point average for all course work attempted at OWCC must be 2.0 ("C").

6. Qualification for graduation with Honors or High Honors will be computed on the total of all degree work attempted whether at OWCC or by transfer. A student shall graduate with Honors or High Honors only if the degree work done at OWCC qualifies.

Credit by Alternative Means

Students may earn a maximum of 45 college credits through a combination of nontraditional sources as listed below:

Advanced Placement Credits: Okaloosa-Walton Community College participates in the Advanced Placement Program conducted by the College Entrance Examination Board, which provides 13 college-level, advanced placement examinations. Okaloosa-Walton Community College allows a maximum of 15 semester hours credit for scores of three, four, and five, and allows advanced placement without credit for scores of two upon recommendation of the department concerned.

Advanced Placement Tests may be taken at participating high schools or centers. A qualified student may make a request and pay the required fees to the College Entrance Examination Board, Educational Testing Service, Princeton, New Jersey, to make arrangements to have the test or tests sent to and administered by the Coordinator of Testing at OWCC. Information bulletins are available from the Education Testing Service upon request.

Credit is not awarded for a score of 1 or 2 on the English subtest of the Advanced Placement Test. A score of 3 or 4 allows the student credit for ENC 1102 without writing an additional 6,000 words. A score of 5 gives the student credit for both ENC 1101 and ENC 1102 without writing an additional 12,000 words.

CLEP General Examination: Students may earn up to 30 semester hours of credit by passing the College-Level General Examinations at the national 50th percentile or better based upon the combined Male/Female Sophomore Norms. Students may not attempt credit by examination if they have earned six or more semester credits with a grade of "C" or better in courses whose content includes materials similar to the materials to be covered in the test. This rule also applies to courses taken at the upper level in a senior university as well as the junior college level courses. If a student has earned fewer than six semester credits in such courses, they will be awarded the difference between the numbers of semester hours earned and the six semester hours. Students must take the 90-minute examinations. In addition, the English portion requires the written essay be taken for credit to be awarded.

CLEP Credits for Mathematics and English: CLEP credits awarded fall semester 1982 or later and based on general and subject examinations in English and humanities will be accepted as elective credit. This elective credit can be used toward fulfillment of the English and humanities requirements at OWCC when the student satisfies the 6,000 word writing requirement mandated for English and humanities courses by State Board Rule 6A-10.030. The student can satisfy this rule by enrolling in ENG 1001 Research Papers or for Humanities – one semester hour (one enrollment for each three semester hours awarded in English and Independent Study ART 1905, MUS 1905, THE 1905, HUM 1905); a grade of "C" or higher must be earned in each enrollment in the Research Papers or Independent Study Humanities courses to satisfy the general education writing requirement. These courses may be repeated as needed to fulfill the total writing requirement.

In mathematics, students will be able to receive credit for Finite Math through the general examination. For college algebra or higher, credits are awarded on the basis of the subject examination only.

CLEP Subject Examinations: Students may earn college credits in the Subject Examinations listed as follows provided they have not completed a college level degree-credit course with a "C" or better which is higher than or equivalent to the subject matter examination they plan to take.

* Students may not receive credits for Biology or English Composition on the Subject Examination and also receive credit in the same areas in the General Examination.
Students attempting to earn credit by examination should contact the Registrar first to determine their eligibility for credit in accordance with FAC Rule 6A-10.024. All credit awarded will be posted on the student record.

Some institutions do not award credit for CLEP Examinations. It is the student's responsibility to contact any institution to which the student expects to transfer to determine if that institution will accept CLEP transfer credits.

Comprehensive Examination for Credit in Designated Courses: Students who are admitted to the college may be granted credit in designated courses based on knowledge or ability as measured by an examination in the area in which credit is being sought. Designated courses that may be completed through a Comprehensive Examination are on file in the Vice President for Instruction's office.

To be eligible for credit by Comprehensive Course Examination the student must:

1. Be admitted to OWCC.

2. Complete necessary application form for Comprehensive Course Examination, securing the signature of the appropriate department chair (setting date for examination) and the Vice President for Instruction.

3. After Item 2, present form to Comptroller's office and pay the Comprehensive Examination Testing Fee (100 percent of registration/tuition fee for course, excluding lab fee), returning form after payment of fee to the Vice President for Instruction. The Comprehensive Examination Testing Fee may be paid anytime after the end of late registration, or as approved by the Vice President for Instruction upon written request from the student and department chair.

4. Complete the examination on date as scheduled. Examination date must precede final exams for the term in which it is scheduled.

5. Credits will be awarded for passing grades earned on comprehensive examinations. (See footnotes on the AA degree General Education page for certain minimum grade restrictions.)

Comprehensive Course Examinations will be administered by the Department Chair. A Comprehensive Course Examination in a particular course may not be taken more than one time for a designated course.

Credit awarded by Comprehensive Course Examination will become part of a student's permanent record and will be posted to the student's transcript with the appropriate grade if all fees are paid within deadlines stated.

No more than 45 semester hours of nontraditional credit may be earned through this means or any combination of sources (i.e., CLEP, military experience, etc.).

Correspondence Course Credits: Up to nine semester hours of credit for correspondence and/or extension courses may be transferred from a college or university accredited by the appropriate regional accrediting association. (This does not include Distance Learning Courses taken at OWCC.) These hours may include, but not be in addition to, the credits available through the Servicemember's Opportunity College Program.

Competency Testing: The AS degree at OWCC requires 46 semester hours in a specialization. The 30 semester hours that may be received through testing may not apply toward the last 18 hours for the AS normally taken by students enrolling for all courses in their program at OWCC. Students requesting credit through competency testing will prepare a program planning form in cooperation with the appropriate department chair or program advisor to select the general education courses and the final technical credits required for the degree.

1. Departmental Competency Testing: Students who have completed a diploma or certificate from an accredited vocational or technical school at less than the college level may receive up to 12 semester hours of credit in a related technical program at OWCC. Credit is awarded based on the student's performance on departmental competency tests and the recommendation of the department chair to the Vice President for Instruction. There is no charge for the competency tests.

2. Credit for Earned Vocational Certificates: Students who complete a vocational school certificate program which is contained in an approved agreement with the college will receive up to a maximum of 36 semester credits applicable toward an AS degree. Such programs must be included in a formal written activities agreement between the college and the vocational school. OWCC currently has an agreement with the School Board of Okaloosa County/Okaloosa Applied Technology Center to award credit as follows:

<table>

<tr>
<td>Welding Tech.</td>
<td>Welding</td>
<td>36</td>
</tr>
</tbody>
</table>
3. Occupational Competency Testing: Students with extensive on-the-job work experience and/or other noncertified training may receive 30 semester hours credit at OWCC upon successful completion of occupational competency examinations as administered by the Occupational Testing Center at the University of South Florida, Tampa. Such credits will be awarded in all curricula where OWCC offers AS degrees, contingent upon the person completing the remaining credits at OKALOOSA-WALTON COMMUNITY COLLEGE which are required for program completion.

Who may apply:
Persons who are currently employed as industrial-technical instructors, students who are pursuing fulfillment of their first 64 semester hours of college level studies leading toward an industrial-technical teacher education degree in the state university system, and persons who desire state certification as an instructor in industrial-technical education.

How to apply:
Applications should be submitted directly to the Occupational Testing Center, University of South Florida, FAO 226, Tampa, FL 33620. Forms, test dates, location, fees and other information should be requested from USF at the above address or call long distance (813/974-2100.)

How to receive credit:
Request the USF Testing Center to send a report of the competency exams directly to the Registrar at OWCC if not already enrolled; request an advisor to complete the program planning form which will specify the advanced courses required for completing the AS degree; enroll for and complete the specified courses with a "C" or higher grade average (minimum 2.0 GPA); and apply for graduation. NOTE: Competency credits will not be fulfilled until the application for graduation has been submitted and approved.

Servicemember's Opportunity College

Okaloosa-Walton Community College subscribes to the principles of the Servicemember's Opportunity College and has established flexible policies including credits and/or course waivers based on CLEP, DANTES/USAFAI, CASE Guide, and "challenge" examinations geared to the needs of active-duty service persons (maximum 45 credit hours). Active-duty personnel stationed at Eglin Air Force Base and Hurlburt Field who have earned a minimum of 15 approved degree credits from OWCC may transfer other approved credits back to OWCC from any accredited college or university to be applied toward the associate degree. Interested personnel should consult with Okaloosa-Walton Community College's educational advisor in the college's on-base office or with their Education Services Officer for complete details regarding the SOC.

Transfer Credits: Course work with a grade of "C" or above from a college or university accredited by the appropriate regional accrediting association will be accepted. A grade of "D" from properly accredited institutions of higher education will be accepted on a provisional basis, except for selected courses where OWCC students are required to earn a grade of "C" or above. The student must bring the GPA up to a 2.0 while at OWCC. The acceptability of college courses for transfer credit at OWCC shall be at the discretion of the Registrar in conjunction with the chair of the department involved.

Concurrent Enrollment: Currently enrolled OWCC students may request approval from the Vice President for Instruction to concurrently enroll at another local college or university under limited extenuating circumstances. Written requests shall be submitted prior to enrolling at the other institution. Requests may be approved for courses that are included on the student's approved OWCC program advising form which are not offered or not currently scheduled at OWCC. It is not anticipated that such requests will be approved when the same courses are available at any OWCC teaching location or through distance learning.

Credits for Armed Services Schools and Military Training

Credits resulting from classroom-type instruction (i.e., excluding on-the-job training and correspondence-type courses) at U.S. Air Force Schools will be evaluated as stated on the official transcripts issued by the Community College of the Air Force. Credits for occupational and vocational-technical courses will apply only toward an AS degree or Occupational Certificate. Credits for classroom instruction from military schools other than the established academies of the U.S. Air Force, U.S. Army, U.S. Coast Guard, U.S. Marine Corps, and U.S. Navy will be evaluated by the OWCC Registrar according to the ACE Guide. DANTES/USAFAI credits will be evaluated by the OWCC Registrar in keeping with the state of Florida Articulation Agreement between community colleges and universities.
Transferring to a Senior Institution

Those students who expect to transfer to a senior institution may obtain programming assistance by consulting a faculty advisor or counselor. Faculty advisors and counselors will gladly assist in planning and coordinating college programs to facilitate smooth transfers to senior institutions. Liaison representatives from the respective public senior universities in Florida are eager to assist OWCC students. Their names are available from the Office of the Dean of Student Services or college counselors.

It is desirable that students transferring to a senior institution plan their program so that the transfer may occur at the beginning of the school year (normally in the fall). Curricula are generally offered in sequence. It is best for the student to complete the entire two-year program before transferring. Students majoring in highly specialized programs should seek programming assistance well in advance of actual transfer.

STUDENTS PLANNING ON RECEIVING AN AA DEGREE OR ON TRANSFERRING TO THE UPPER DIVISION OF A STATE UNIVERSITY IN FLORIDA MUST HAVE TAKEN AND PASSED THE COLLEGE-LEVEL ACADEMIC SKILLS TEST (CLAST).

Veterans' Educational Benefits

The college is certified for training by the State Approving Agency under the various veterans' training laws. Veterans planning to enroll at OWCC should consult with the Veterans Affairs Office well in advance of registering. The veteran must complete a special form (available in the Veterans Affairs Office) which is required by the Veterans Administration for initial certification and, thereupon, assume responsibility for all fees from his/her own resources or out of monies paid to the individual by the Veterans Administration.

Veterans are normally expected to pay all fees at registration. Because the "advanced payment" first check is sometimes delayed, it is advisable that the veteran be prepared to meet all expenses until that check is received. Veterans attending the college under Public Law 894 (disabled veterans) who have approval from the Veterans Administration will have registration fees paid directly to the college by the federal government.

For VA purposes, training time is usually computed as follows:

- 12 or more semester hours ........ .......... Full-time
- 9-11 semester hours ......................... 3/4-time
- 6-8 semester hours ......................... 1/2-time

VA Deferments are not available for short term courses offered during the Fall and Spring Semesters.

For the summer semester and Terms I and II, training time is computed differently: The VA determines credits for summer course work each year and notifies the college accordingly. Veterans are advised to contact the Veterans Affairs Office before registering for summer semester and summer term classes to determine training status.

Any student-veteran who is absent three consecutive class sessions or school days without pre-notifying the Veterans Affairs office (and confirming that notice in writing) will be interrupted from training for pay purposes, and the Veterans Administration will be notified. The veteran who has been interrupted from training for pay purposes will have to request enrollment recertification through the Veterans Affairs office to request the VA payments be resumed.

A veteran who wishes to receive VA benefits should notify the OWCC Veterans Affairs Office prior to registration to expedite the request for subsistence allowance. Veterans, widows of veterans, and war orphans desiring information about benefits, requirements, and registration procedures should contact the Veterans Affairs Office.

Veterans' Fee Deferment Policy

Any eligible veteran or other person who wishes to pursue an approved program of education or training at Okaloosa-Walton Community College (within the meaning of Chapter 32, 34, or 35, Title 38, United States Code) and who meets the conditions stated in 240.345(2)(b)1 shall, in the first term of enrollment in any fiscal year, be granted upon request a sixty (60) day deferment for full payment of fees from the last date to pay fees, provided the period of deferment shall not extend beyond 10 days before the end of the term.

Deferment of fee payment for eligible persons after the first enrollment period in any fiscal year is not authorized. An eligible person who can document a substantial, unique financial hardship may petition the Financial Aid Office to seek special consideration for a 60-day deferment. This must have the approval of the Director of Financial Aid, the Veteran's Affairs Counselor, and the Comptroller before being committed or granted.

Under no circumstances shall any person be allowed to enroll or re-enroll at OWCC who has unpaid fee deferment. A student who does not comply with the terms of the deferment policy will lose the right to receive future deferments.
**Academic Advising**

Faculty advisors are assigned to students to assist them with the proper courses to fulfill their program objectives. Anyone desiring to establish or to change advisors should contact the Registrar's Office in the Student Services building on the Niceville campus or registration personnel at the Fort Walton Beach Campus. Students may find out who their advisors are and how to contact them by checking the following locations where advisor listings are maintained.

Registrar's Office (Student Services Building)
OWCC Eglin Center, Bldg. 251
OWCC Ft. Walton Beach Campus
Martin Luther King, Jr. Boulevard
Evening Office (College Mall)
Counseling Office (Student Services Building)
OWCC Chautauqua Center, DeFuniak Springs
Vice President for Instruction (Administration Building)
OWCC Robert L.F. Sikes Education Center, Crestview

Faculty advisors are assigned based upon the student's declared program objective. These advisors, other faculty members, or any counselor have advising materials and will assist students prepare a program plan which may be used as a guide in the selection of courses each semester. Students who have not selected a program objective are assigned among the various departments.

**Special Comments Concerning English and Reading**

1. Students who score below acceptable minimums on Writing and Reading placement tests must take the appropriate college preparatory course — ENC 0010, ENC 0020, ENC 0030, and/or REA 0001, REA 0002.

2. Students scoring below the cutoff level in one or more categories of a state required placement test are required to enroll in at least one college prep course each semester until all deficiencies are removed with a minimum grade of “C.” According to State Department of Education rules, after two attempts in each college prep course, students are required to pay full cost of instruction for further enrollment in the same college prep course (four times the regular in-state rate). Withdrawals prior to the mid-point of a college prep course do not count as one of the three attempts (per state board rules).

3. Students who score at or above the minimum cutoff levels may take college prep courses. Students scoring above the cutoff in writing but who still need assistance with the basics, may elect to take ENC 0030 College Prep English III which reviews basic rules of grammar with emphasis on paragraph development.

4. Students scoring below the cutoff level in reading are advised to limit the number of courses they schedule each term that require extensive reading until completing REA 0002 College Prep Reading II.

5. REA 2105 Advanced Reading, is recommended for students scoring above the placement cutoff level but who need to increase their reading speed and level of comprehension.

*The Fort Walton Beach and Niceville campuses of OWCC both feature state-of-the-art wellness centers which provide a variety of classes, including aerobics and strength training.*
The following diagram indicates certain required and recommended tracks to satisfy requirements for English communications and reading:

**FCEP Writing Placement Test**
- **Passing Score**
  - **Below Cutoff**
    - **Recommended WS 1 or 2**
      - **Grade of "C" or Above**
      - **ENC 0030 Prep English 3**
        - **Grade of "C" or Above**
        - **Enc 0010 Prep English 1**
        - **Enc 0020 Prep English 2**
          - **Pass FCEP Writing Placement Test**
  - **Recommended WS 2-3**
    - **Humanities Courses**
      - **Enc 1101 English Comp. I**
      - **Enc 1102 English Comp. II**

- **WS - Writing Sample**

**FCEP Reading Placement Test**
- **Passing Score**
  - **Below Cutoff**
    - **FCEP Score 64-82**
      - **REA 0002 Prep Reading 2**
        - **Grade of "C"**
      - **Grade of "C"**
  - **FCEP Score 0-63**
    - **REA 0001 Prep Reading 1**
      - **FCEP Score Above Cutoff**
    - **REA 2105 Advanced Reading/Other College Level Courses**
**Special Comments Concerning Mathematics**

The following diagram indicates possible tracks to satisfy mathematic requirements depending upon background and program needs:

- High School Trig. & Analytic Geometry
- Grades A or B
- Grades A, B, C
- H.S. Algebra 1 & 2
- Grades A, B, C
- MAC 1102 Intro College Algebra
- MAC 1140 Pre-Calc. Algebra
- STA 2014 Statistics
- MGF 2202 Finite Mathematics
- MAC 1114 Trigonometry
- MAC 2233 Calculus for Business
- MAP 2302
- MAS 2103

*Students who earned a grade of "C" or above in high school trigonometry may skip this course.
**Students scoring below the cutoff level in one or more categories of a state required placement test are required to enroll in at least one college prep course each semester until all deficiencies are removed with a minimum grade of "C."
According to State Department of Education rules, after two attempts in each college prep course, students are required to pay full cost of instruction for further enrollment in the same college prep course (four times the in-state rate). Withdrawals prior to the mid-point of a college prep course do not count as one of the three attempts (per state board rules).

**Special Comments Concerning Nursing**

In addition to the Pre-Nursing AA degree program described under the Department of Science, a career mobility program in nursing is offered for Licensed Practical Nurses to facilitate earning an Associate of Science degree in Nursing and becoming an RN (also coordinated by the Department of Science). This program is offered through an agreement between Okaloosa-Walton Community College and Pensacola Junior College. All pre-nursing courses, with the exception of NUR 2710C Career Mobility Nursing Concepts which must be taken at the PJC Warrington Campus, are offered at the OWCC/UWF Campus in Fort Walton Beach with lab assignments in local hospitals. General education courses are provided by OWCC on the Niceville campus and at its various off-campus centers. Persons interested in nursing who do not possess the LPN certificate would be expected to attend selected courses on the PJC Warrington campus.

For further information contact the PJC nursing advisor at the Fort Walton Beach Campus or the OWCC Center Director, telephone 863-6500. Interested persons may also call the PJC Department of Nursing in Pensacola at (904) 484-2278.
Programs

Okaloosa-Walton Community College offers two basic degrees which students may pursue for the purpose of completing specific goals: the Associate of Arts degree and the Associate of Science degree. In addition, the college offers occupational certificates and other educational and community services to provide total educational opportunities for the community.

The **Associate of Arts degree** provides full credit for transfer to other institutions for the purpose of satisfying the requirements for a baccalaureate degree.

The **Associate of Science degree** provides the student with college-credit curricula not specifically designed for transfer but designed to prepare persons for semi-professional, technical or managerial employment for advancement in a specific occupational area. Certain public senior institutions in Florida and in other states do accept Associate of Science degree students with full credit for transfer.

Students may earn multiple Associate of Science degrees with the specific programs reflected on their diploma and college transcript.

Students may also earn certificates (local technical awards) upon completion of one year of skill training (33 to 46 semester hours) in the associate of science program areas.

**Continuing Education** courses provide an opportunity to increase occupational efficiency or to become more effective in the use of leisure time. Continuing Education Units (CEU’s) are earned by completing these experiences. These CEU’s allow individuals to accumulate, update, and transfer their records of continuing education evidence of progress made in fulfilling personal improvement goals.

* One Continuing Education Unit (C.E.U) is ten (10) contact hours of participation in an organized continuing education experience under responsible sponsorship, capable direction, and qualified instruction.

Associate of Arts Degree

**Program Requirements**

**Associate of Arts** curricula are offered for those students planning to transfer to a four-year institution for the last two years of a bachelor's degree program. **SIXTY (60) HOURS ARE REQUIRED FOR GRADUATION.**

**Courses in Residence.** The minimum is normally 15-semester hours preceding graduation.

**General Education.** The general education program for the Associate of Arts degree at Okaloosa-Walton Community College embraces a minimum of 36-semester hours of academic credit in communications, humanities, social sciences, mathematics, sciences, and health/fitness as follows on page 48.

**Area of Emphasis:** In addition to the required 36-semester hours of General Education, each student must complete an additional 24-hours in a specialization selected from the listing of State University Programs (see pp. 50-53). **Students should consult their designated faculty advisor to select the appropriate courses in the specialized field that will fulfill the 60-hour requirement for graduation.**

The A.A. Degree is awarded upon satisfactory completion of 60 credit hours. These include 36 general education credits, together with an additional 24 credits that meet the prerequisite and elective requirements for the first two years of a baccalaureate degree program. A listing of baccalaureate degree programs offered at one or more of the state universities is provided for student use in preparing local program plans. Students need to see a counselor or faculty advisor to select the required and elective courses to meet Florida or out-of-state program requirements. To assist students in preparing individual program plans, **Common Prerequisite** catalogs are available in the Learning Resources Center, departmental offices, at each college center, and in the counseling offices. These will be helpful in selecting courses to take at OWCC to meet A.A. degree requirements.

NOTE: Two years of foreign language study in high school or 8-10 semester hours in college is required by the State of Florida for admission to a university. Students are encouraged to complete their language studies at OWCC before transferring, where it will be required prior to full admission and degree completion.

* Numbers in parentheses represent the minimum and maximum credit hours in each discipline allowable toward the total 36 general education credits. If the maximum is taken in one discipline, the lower number becomes the maximum allowable in the other disciplines. See Section "F" for one credit hour electives.

** Communications and humanities courses listed on this page and under General Education Electives meet the 6000 word writing assignment as required by FAC Rule 6A-10.030. Credits earned in these courses in the Fall semester of 1992 or later at OWCC or by transfer shall be based on a minimum grade of "C."

*** Mathematics courses listed on this page meet the mathematics requirements for FAC Rule 6A-10.030, and credits earned in the Fall semester of 1982 or later at OWCC or by transfer that are applicable toward A.A. general education require a minimum grade of "C."

* Only 1 credit of the total 3 credits for this course may apply toward A.A. Degree general education.

Custom Designed Associate of Arts Degree Programs

Specialized, custom-designed programs may be developed to permit individualized planning of curricula to satisfy the first two-year requirements of specialized four-year degree programs. The area of emphasis for these programs would be General Arts & Sciences.

Students seeking a specialized, custom-designed program may request approval by the Vice President for Instruction or the Dean of Technical Education, and Department Chair of any of the following disciplines of a specially designed sequence which, with the OWCC General Education sequence, will meet degree requirements: Business; Consumer Education; Communications; Fine and Performing Arts; Mathematics; Health and Fitness; Sciences; Social Science; Criminal Justice; and Paralegal.

OWCC offers extensive computer laboratories at all college locations, including the Communications Learning Labs on the Niceville campus.
State programs are distributed in the following categories to assist students in designing OWCC programs:

**State University**

**Baccalaureate Programs**

**Agribusiness & Agriculture**
- Agricultural Business/Operations
- Agriculture (Food and Resource) Economics
- Landscape Operations & Management
- Agriculture Science
- Animal Science
- Dairy Science
- Poultry Science
- Food Science & Technology - 2 Tracks
  - Food Science & Nutritional Sciences
  - Dietetics/Nutritional Science
- Plant Sciences
- Agronomy & Crop Science
- Horticulture Science
- Soils Science

Student Bill of Rights

Florida Community College Associate in Arts graduates are guaranteed the following rights under the Statewide Articulation Agreement (State Board of Education Rule 6A-10.024):

1. Admission to one of the state universities, except to limited access* programs.
2. Acceptance of at least 60 credit hours by the state university toward the baccalaureate degree.
3. Adherence to university requirements and policies based on the catalog in effect at the time the student first entered a community college, provided the student maintains continuous enrollment.
4. Transfer of equivalent courses under the Statewide Course Numbering System.
5. Acceptance by the state universities of credit earned in accelerated programs (e.g., CLEP, AP, PEP, Dual Enrollment, Early Admission and International Baccalaureate).
6. No additional General Education Core requirements.
7. Advance knowledge of selection criteria for limited access programs.
8. Equal opportunity with native university students to enter limited access programs.

Should any guarantee be denied, students have the right of appeal. Each state university and community college shall make available established appeal procedures through the respective articulation officers. At GWCC, students may contact the Vice President for Instruction or the Dean of Student Services.

*Limited Access is the designation given to programs that require additional admission requirements which are more selective than general admission requirements. These may include the following: increased total GPA and test scores; additional courses and prerequisites; and auditions and portfolios.

Note — Note — Note

Florida Administrative Code Rules mandate completion of the following actions by all Associate of Arts students prior to receipt of an Associate of Arts degree:

2. TWELVE (12) SEMESTER HOURS WITHIN SPECIFIED COURSES which require at least six thousand (6,000) words of written work per course. This requirement is met by passing with a "C" twelve (12) hours of English and humanities selected from the courses listed under General Requirements for the Associate of Arts degree.

3. SIX (6) SEMESTER HOURS OF MATHEMATICS courses of college algebra or higher. This requirement is met by passing with a "C" six (6) hours of mathematics listed under General Requirements for the Associate of Arts degree.

4. SLS 1101 (FRESHMAN SEMINAR) is a recommended course for all entering, full-time (12 credits), AA students. Part-time AA students should take this course in the semester they are enrolled in their 12th credit.
ASSOCIATE OF SCIENCE DEGREE – PROGRAM REQUIREMENTS

Associate of Science Degree programs provide specialization in technical, business, semi-professional, and supervisory education. Okaloosa-Walton Community College has developed programs for such studies. Programs include study and practical applications, and students may earn AS degrees in multiple OWCC programs. SIXTY-FOUR (64) HOURS ARE REQUIRED FOR GRADUATION in most programs (see individual areas of emphasis for the specific requirement).

Courses in Residence. Minimum requirement of courses taken in residence for an Associate of Science Degree is normally 15 semester hours of credit immediately preceding graduation.

General Education. The general education program for the Associate of Science Degree embraces a minimum of 18 semester hours of academic credit in the areas of communications, humanities, social science, mathematics, and science as follows:

Area of Emphasis. In addition to the required 18 semester hours of General Education, each student must complete additional hours in a specialization as listed in this section. Students should consult their designated faculty advisor to select the appropriate courses in the specialized field that will fulfill the degree requirements.

Courses meeting A.A. degree general education requirements may also be used to meet occupational elective requirements with approval of a faculty advisor in that department.

Note — Note — Note — Note — Note — Note — Note — Note — Note

Florida Administrative Code Rules require that all students receiving an Associate of Science Degree and planning to transfer to a state university shall take and pass the College Level Academic Skills Test according to the schedule as listed in the Calendar of Instructional Activities in this catalog.

GENERAL EDUCATION REQUIREMENTS — 18 Semester Hour Minimum

ELECTIVES: As approved by a Public Safety Advisor.

NOTE: Entry into Criminal Justice Technology Program requires meeting the standards as established by the Criminal Justice Advisory Board and the Florida Department of Law Enforcement, Division of Criminal Justice Standards and Training for employment. A copy of these requirements will be furnished by the Public Safety Division of OWCC.

In addition, students must comply with Rule 6A-10.040 of the Department of Education. A copy of this rule will be furnished by the Public Safety Division of OWCC.

OWCC's Public Safety program helps prepare students for exciting and challenging careers in law enforcement and corrections.
Area of Emphasis:

CRIMINAL JUSTICE
(CIP 0743.010300)

General Education courses selected from those listed for this degree plus 46 semester hours of elective and specialization courses selected with the approval of a faculty advisor.

Required Core Courses: 18 Hours  Sem. Hrs.
CCJ 1020  Introduction to Criminal Justice ..............3
CCJ 1000  Introduction to Criminology ..................3
CCJ 1500  Juvenile Delinquency .........................3
CCJ 1935  Criminal Justice Seminar ......................3
CCJ 1210  Criminal Law ..................................3
CCJ 1230  Criminal Procedures ..........................3

Electives:
CJT 2140  Introduction to Criminalistics ...............3
CCJ 1121  Crime Prevention ..............................3
CCJ 1192  Crisis Intervention ............................3
CCJ 1400  Police Organization & Administration .......3
CCJ 1611  Child Abuse ....................................3
CCJ 1941  Internship – Criminal Justice ................3
CCJ 2330  Introduction to Probation & Parole ..........3
CJD 2605  Traffic Homicide ................................3
CCJ 2200  Courts/Criminal Process ......................3
CCJ 2300  Introduction to Corrections ....................3
CCJ 2340  Police Operations .............................3
SYG 2010  Social Problems ...............................3
PLA 2263  Rules of Evidence .............................3

NOTE: Other Public Safety Courses will apply. Students should see an advisor to select the proper elective courses and to develop a plan for completing the degree total of 64 semester hours.

Area of Emphasis:

PUBLIC SERVICE TECHNOLOGY
(CIP 0743.020100)

General Education courses selected from those listed for this degree plus 46 semester hours of elective and specialization courses selected with the approval of a faculty advisor.

Students pursuing a degree in Public Service cannot matriculate in any one specific area of study for more than eighteen (18) semester hours without counselor approval.

Specialization Courses  Sem. Hrs.
FFP 1000  Introduction to Fire Science .................3
FFP 1100  Fire Protection, Organization and Administration ..................3
FFP 2300  Fire Codes and Building Construction ..........3
FFP 2200  Fundamentals of Fire Prevention ..............3
FFP 2410  Fire Fighting Tactics and Strategy I ........3
FFP 2420  Fire Fighting Tactics and Strategy II ..........3
FFP 2620  Automatic Alarm and Extinguishing Systems ....3
FFP 2600  Fire Apparatus ................................3
FFP 2240  Arson Detection and Investigation ............3
FFP 2500  Explosives and Hazardous Material ..........3
EMT 2159C  Emergency Medical Technology I ...........3
CCJ 1020  Introduction to Criminal Justice .............3
CJT 2340  Police Operations .............................3
CJD 1450  Correctional Operations ........................3
CCJ 2300  Introduction to Corrections ...................3

Other courses as authorized by the public safety division may apply.

The new classroom addition at the Robert L.F. Sikes Education Center in Crestview.
Occupational Certificates (Local Technical Awards)

Certificates are issued for completion of skill training (30 to 46 semester hours) in an AS Degree Program. The following areas of emphasis represent the degree programs in which certificates may be earned.

Admission requirements are the same as for the AS degree.

Each graduate must be in attendance at OWCC during his/her last term. A grade-point average of not less than "C" must be obtained on the accumulative total of all courses required for a specific occupational certificate. The minimum grade-point average for all required occupational certificate course work attempted at OWCC must be 2.0 ("C").

Students must make formal application for certificates on the proper form furnished by the Registrar.

Students desiring information or wishing to enter one of the certificate programs are to see the department chair of the department which has the program or see a faculty advisor in that department.

Students in Drafting and Electronics are required to take the entry level mathematics placement (FCEP) test and to take College Prep Algebra if they do not make a passing score. MTB 1321 Technical Math I is also required for students in these programs.

Appropriate course substitutions may be authorized by the Vice President for Instruction, upon written recommendation by the department chair.

NOTE: Entry into Criminal Justice Certificate Programs requires meeting the standards as established by the Criminal Justice Advisory Board and the Florida Department of Law Enforcement. Division of Criminal Justice Standards and Training for employment. A copy of these requirements will be furnished by the Public Safety Division of OWCC.

In addition, students must comply with Rule 6A-10.040 of the Department of Education. A copy of this rule will be furnished by the Public Safety Division of OWCC.

Students participate in a full-fledged constitutional convention, sponsored by the Jefferson Institute in Washington, D.C.

Members of the DeFuniak Springs Chautauqua Center faculty and staff include (from left to right) Susie Flood, Tammy Lawrence, Bonnie Reger, Doris Johnson, Center Director Barbara Jones, James Holland, Sue Pitts, computer lab assistant Jay Jones and Americorps member Chad Adams.
Continuing Education

In order to provide individuals with an opportunity to meet their educational needs, Okaloosa-Walton Community College offers noncollege-credit Continuing Education courses and awards one noncollege-credit Continuing Education Unit (CEU) for each ten contact hours spent in these courses unless the course is approved by other regulatory agencies. These hours are organized, planned continuing education experiences under the direction and instructional control of the department in which they are offered. These courses may not be used toward any college degree.

Okaloosa-Walton offers two types of Continuing Education units as follows:

1. Individual units which are structured to meet the needs of targeted groups or individuals, and the content of these units are selected and organized in a sequential manner, with appropriate objectives and rationale stated in course syllabi.

2. Institutional units are less structured and are informal in nature, but are planned educational experiences. These units are designed to meet community needs as they arise, such as community seminars, courses on the aging, etc. No CEU units will be awarded for courses which are entertainment, social or athletic in nature.

The Continuing Education Division can organize and present short courses, long courses, workshops, seminars, meetings, and conferences. Such activities can take place in community based facilities or OWCC facilities. Full-time OWCC instructors or other qualified personnel are used to teach these courses. The college’s principal vehicles for delivering continuing education are Supplemental Education, Recreation and Leisure, and Non-Credit activities.

Supplemental Education (Professional/Technical Development)

This option is used when updating job-related knowledge and skills is the goal. Courses, workshops, and seminars can be developed to meet the specific needs of a given organization or company. Supplemental courses, workshops, or seminars can be as long or as short as necessary to meet the need. They can be scheduled for days, nights, and/or weekends and housed in any suitable facility.

Recreation & Leisure (Personal Development)

This option is used to provide for enrichment needs that do not relate directly to job skills or knowledge. A wide range of avocational and personal, public, and community interest oriented activities can be presented under this category in the form of courses, workshops, and/or seminars. Educational programs can be as long or as short as necessary to meet the need. They can be scheduled for days, nights, or weekends and housed in any suitable facility available.

Noncredit Courses

Noncredit courses are planned continuing education experiences under the direction and instruction of the department in which they are offered. These courses may not be used toward any college degree.
Adult Basic Education

Adult Basic Education at OWCC consists of individualized and small group instruction leading to a mastery of the basic skills needed by adults to function in today’s complex society. Persons completing this program normally take the General Education Development (GED) Test. (See Fee Schedule, page 15, for costs).

General Education Development (GED)

Adult Basic Education

Adult Basic Education consists of instruction leading to a mastery of basic and functional skills with curriculum addressing elementary through secondary grade levels. Persons completing this program normally take the General Education Development (GED) Test. Persons passing the GED test are awarded a high school diploma by the State of Florida.

Purpose:

1. To provide academic guidance and counseling including student assessment of basic skills, GED practice examination, referral and placement services.
2. To provide support services; to include assistance and referral to other available community resources.
3. To provide basic skill instruction in reading, writing, mathematics and everyday survival skills.
4. To provide instruction in preparation for the GED examination leading to a Florida High School Diploma.

Eligible Applicants:

1. Adults — age 16 years older, who are no longer in public schools.
2. Adults who need to pass the GED examination.
3. Adults with English as a second language.
4. Adults with a high school diploma who have reading, writing and mathematics skills below the secondary level.

Contact Person:

Barbara M. Jones, Director, Adult Basic Education/Literacy Center, (904) 729-5387 or (904) 892-8100.

Vocational Preparatory

Vocational Preparatory course work is offered for the specific purpose of preparing individuals for successful completion of vocational/occupational programs and for advancement or upgrading in their occupations. Students pursuing occupational program objectives should seek counselor/advisor assistance with regard to placement in Vocational Preparatory courses.

Florida Statewide Course Numbering System

The course numbers appearing in the catalog are part of a statewide system of prefixes and numbers developed for use by all public postsecondary and participating private institutions in Florida. One of the major purposes of this system is to make transferring easier by identifying courses which are equivalent, no matter where they are taught in the state. All courses designated as equivalent will carry the same prefix and last three digits.

The classifying and numbering of courses is done by faculty in each academic discipline. Their work was reviewed by faculty members in all Florida’s postsecondary institutions who make suggestions and criticisms to be incorporated into the system.

The course numbering system is, by law, descriptive and not prescriptive. It in no way limits or controls what courses may be offered or how they are taught. It does not affect course titles or descriptions at individual schools. It seeks only to describe what is being offered in postsecondary education in Florida in a manner that is intelligible and useful to students, faculty, and other interested users of the system.

The course numbering system was developed so that equivalent courses could be accepted for transfer without misunderstanding. Each public institution is to accept for transfer credit any course which carries the same prefix and last three digits as a course at the receiving institution. For example, if a student has taken SYG-010 at a community college, he/she cannot be required to repeat SYG-010 at a community college to which he/she transfers. Further, credit for any course or its equivalent, as judged by the appropriate faculty task force and published in the course numbering system, which can be used by a native student to satisfy degree requirements at a public institution, can also be used for that purpose by a transfer student regardless of where the credit was earned.

It should be noted that a receiving institution is not precluded from using nonequivalent courses for satisfying certain requirements.
General Rule For Course Equivalencies

All undergraduate courses bearing the same alpha prefix and last three numbers (and alpha suffix, if present) have been agreed upon by a faculty committee to be equivalent. For example, an introductory course in sociology is offered in over 36 postsecondary institutions in Florida. Since these courses are considered to be equivalent, each will carry the designator SYG-000.

First Digit

The first digit of the course number is assigned by the institution, generally to indicate the year it is offered; i.e., “1” indicates freshman year, “2” indicates sophomore year. In the sociology example mentioned above, one school which offers the course in the freshman year will number it SYG-1000; a school offering the same course in the sophomore year will number it SYG-2000. The variance in the first numbers does not affect the equivalency. If the prefix and last three digits are the same, the courses are substantively equivalent.

Titles

Each institution will retain its own title for each of its courses. The sociology courses mentioned are titled at different schools as “Introductory Sociology,” “General Sociology,” and “Principles of Sociology.” The title does not affect the equivalency. The courses will carry the same prefix and last three digits; that is what identifies them as equivalent.

Lab Indicators

Some courses will carry an alpha suffix indicating a lab. The alpha suffixes “L” and “C” are used as follows to indicate laboratories:

“L” means either (a) the content of a course is entirely laboratory or (b) the laboratory component of a lecture-lab sequence in which the lab is offered at a different time/place from the lecture.

“C” means a combined lecture-lab course in which the lab is offered in conjunction with the lecture at the same time/place.

Examples.

Marine Biology OCB-013 (lecture only)
OCB-013L (lab only)
Marine Biology OCB-013C (lecture & lab combined) with lab
Therefore, OCB-013C is equivalent to OCB-013 plus OCB-013L.

Equivalency of Sequences

In certain cases, sequences of courses in a given discipline are equivalent rather than the individual courses which make up these sequences. (For example, CHM-045 plus CHM-046). In several institutions, however, upon completion of the full sequence at any of the several institutions, students have completed substantively equivalent content. These sequences are clearly identified in the Course Equivalency Profiles.

Explanation of Prefixes and Numbers

Prefixes and numbers in the course numbering system are not chosen at random; they are designed to describe course content in an organized fashion within a classification system developed for each subject matter area.

Generally, each of the major classifications in a discipline is represented by a three-alpha prefix. In some cases, one three-alpha prefix has been sufficient for the entire discipline. A discipline may use as many prefixes as necessary to accommodate its major classifications. The logic of the system allows it to be infinitely expandable with minimal disruption to existing numbers.

History, for example, has seven prefixes. AFH, African History; AMH, American History; ASH, Asian History; EUHM European History; HIS, History General; LAH, Latin American History; and WOH, World History. All history courses in the state will carry one of these prefixes. A more specific example is AMH 3421.
AMH 3421

Early American History

- Broad Area of American History part of discipline of History
- Last digit in this case refers to group of equated courses dealing with "Early History of Florida"
- Junior level offering (at this particular institution)
- AMH 400 series indicates "Areas in American History"
- This digit indicates courses in "History of Florida."

Exceptions to the Rule for Equivalencies

The following are exceptions to the general rule for course equivalencies:

A. All numbers which have a second digit of 9 (ex. ART 2905) are "place keeper" numbers for courses which are classified as directed independent study, thesis hours, etc. Courses with -900 numbers must be evaluated individually and are not automatically transferable.

B. All internships, practicums, clinical experiences and study abroad courses, whatever numbers they carry, are not automatically transferable.

C. Performance or studio courses in art, dance, theatre, and music are not automatically transferable but must be evaluated individually.

Authority for Acceptance of Equivalent Courses

Authority for acceptance of equivalent courses in State Board of Education Rule 6A-10.024(14) which states:

(14) When a student transfers among postsecondary area vocational-technical centers, community colleges, and universities, the receiving institution shall award credit for courses satisfactorily completed at the previous institutions when the courses are judged by the appropriate common course designation and number system faculty task forces to be equivalent to courses offered at the receiving institution and are entered in the course numbering system. Credit so awarded can be used by transfer students to satisfy in these institutions on the same basis as native students.

---

The annual summer ensemble workshop allows OWCC students and high school students to participate in the production of a major musical. Here, choreographer Frances Herron teaches dance steps to ensemble members.
ADULT EDUCATION

Noncredit Courses (C.E.U.)

For information on Continuing Education Units, see page 70.

VPI 0002
General Education/Vocational Preparatory, 30 to 60 class hours, 3 to 6 c.e.u.'s (Offered as needed)
A special course designed to help remove basic deficiencies in English, reading, vocabulary, and basic mathematics, thus preparing an individual for advancement in employment, for entering more advanced job training, vocational, or postsecondary adult educational programs.

XXX 2601
Adult Basic Education, 24 to 320 class hours, 2.4 to 32.0 c.e.u.'s (Fall, Spring, Summer)
Instruction for individuals desiring to improve their basic skills in reading, writing, and math. Especially suited for individuals preparing for the G.E.D. examination leading to a Florida High School Diploma or for persons learning English as a second language. The course helps to prepare individuals for gainful employment or for more advanced vocational and/or academic skills.

ATHLETICS, HEALTH & FITNESS

Credit Courses

DAA 1160A
Modern Dance, 2 semester hours, 15 lec., 30 lab. (Offered as needed)
The beginning modern dance class is designed to affect an understanding of the art of the modern dance at a beginning level. It includes a brief history of the dance, instruction and practice in basic dance techniques, improvisation, and dance forms. This course may be taken up to four (4) times for credit.

DAA 1161
Intermediate Modern Dance, 2 semester hours, 15 lec., 30 lab. (Offered as needed)
The intermediate modern dance class is designed to affect understanding of the art of the modern dance at an intermediate level. It includes a continued historical analysis of modern dance; instruction and practice in intermediate dance techniques, improvisation, and dance forms. This course may be taken up to four (4) times for credit.

DAA 1200
Beginning Ballet I, 2 semester hours, 15 lec., 30 lab. (Offered as needed)
Ballet I is a beginning dance course designed to serve as an introduction to the tradition and discipline of the art of classical ballet. Physical development of body as and expressive instrument for ballet movement will be stressed as strength, flexibility, balance, agility, alignment, turn-out, control, elevation, and sensitivity to line are studied. This course may be taken up to four (4) times for credit.

DAA 1201
Intermediate Ballet, 2 semester hours, 15 lec., 30 lab. (Offered as needed)
Intermediate Ballet is designed to train the more advanced student in the tradition and discipline of the art of the classical ballet beyond the basics. Physical development of the body as an expressive instrument for ballet movement will continue to be stressed as strength, flexibility, balance, agility, alignment, turn-out, control, elevation, and sensitivity to line are improved. This course may be taken up to four (4) times for credit.

DAA 1480
Dance Line, 1 semester hour, 30 lab. (Offered as needed)
The student shall participate in the preparation and performance of original dance compositions to include dance line performances. This course may be taken up to four (4) times for credit.

DAA 1500
Jazz Dance, 1 semester hour, 30 lab. (Offered as needed)
This course includes a brief history of the jazz dance and instruction and practice in jazz dance techniques exploring popular dance idioms.

DAA 1720
Dance Workshop, 1 semester hour, 30 lab. (Offered as needed)
Instruction and participation in dance as required by specific productions, i.e., Theatre/Show Choir. This course may be taken up to four (4) times for credit.

DAA 2721
Dance Workshop II, 1 semester hour, 30 lab. (Offered as needed)
Continued instruction and participation in dance as required by specific Music Theatre productions. This course may be taken up to four (4) times for credit. Prerequisite: A demonstration of competence required.

HLP 1081
Wellness: Practice and Theory, 3 semester hours, 45 lec. (Fall, Spring, & Summer)
A course designed to promote wellness through assessment, instruction and fitness programs which, if applied, will enable the individual to achieve and/or maintain a high quality of health and fitness throughout life. Based on assessment test results a physical examination by a physician may be recommended.

HSC 1100
Health Education, 3 semester hours, 45 lec. (Offered as needed)
A systematic and comprehensive coverage of basic factual material, concepts, terminology, and important trends in major health areas of concern today.

HSC 1400
First Aid, 3 semester hours, 45 lec. (Offered as needed)
Preparation to meet emergencies that occur in the school, home or on the highway. Instruction and practice in dressing and bandaging, care of wounds, shock, bone and joint injuries, cardiopulmonary resuscitation, transportation of the injured, oral poisoning and other medical emergencies.
PEL 1121
Beginning Golf, 1 semester hour, 30 lab. (Offered as needed)
Instruction in the fundamental technique and the development of personal skills through participation.

PEL 1212
Advanced Softball, 1 semester hour, 30 lab. (Offered as needed)
Instruction, practice, and participation in advanced softball. The continuous development of physical skills is of major importance in this course. May be taken four (4) times for credit. (Athletes)

PEL 1217
Advanced Baseball, 1 semester hour, 30 lab. (Offered as needed)
Instruction, practice, and participation in advanced baseball. The continuous development of physical skills is of major importance in this course. May be taken four (4) times for credit. (Athletes)

PEL 1321
Volleyball, 1 semester hour, 30 lab. (Offered as needed)
Instruction and practice in the basic skills for full participation and enjoyment of the game of volleyball.

PEL 1341
Beginning Tennis, 1 semester hour, 30 lab. (Offered as needed)
The history of tennis, the fundamental techniques and the development of personal skills through participation.

PEL 1342
Intermediate Tennis, 1 semester hour, 15 lec., 15 lab. (Offered as needed)
Instruction, practice, refinement of fundamental techniques; continued development of physical skills through class participation. Prerequisite: PEL 1341 or equivalent.

PEL 1441
Beginning Racquetball, 1 semester hour, 30 lab. (Offered as needed)
Instruction and participation in the skills necessary for satisfactory competition in the sport of racquetball.

PEL 1622M
Advanced Basketball, 1 semester hour, 30 lab. (Offered as needed)
Instruction, practice, and participation in advanced basketball. The continuous development of physical skills is of major importance in this course. May be taken four (4) times for credit. (Athletes)

PEL 1622W
Advanced Basketball (Women), 1 semester hour, 30 lab. (Offered as needed)
Instruction, practice, and participation in advanced basketball. The continuous development of physical skills is of major importance in this course. May be taken four (4) times for credit. (Athletes)

PEL 1905
Independent Study – Physical Education, 1 semester hour, 30 lab. (Fall, Spring, Summer)
Directed study and/or individual projects designed to meet the needs and interests of students in a specialized area of health, physical education and recreation, for which present course availability is limited. May be taken up to four (4) times for credit.

PEL 2122
Intermediate Golf, 1 semester hour, 30 lab. (Offered as needed)
Designed for those students who wish to improve their knowledge of golf and golf skills beyond the beginner’s level.

PEL 2442
Intermediate Racquetball, 1 semester hour, 30 lab. (Offered as needed)
A continuation of skills learned in beginning racquetball with emphasis on more advanced skills and techniques. Particular emphasis is placed on the strategy of the game. Prerequisites: PEL 1441 or permission of instructor.

PEL 2905
Directed Work Study – Physical Education, 1 semester hour, 45 lab. (Offered as needed)
Directed experience in instructional, laboratory and/or materials assistance in a designated Physical Education area. Entry by permission of department chair only. May be taken up to four (4) times for credit.

PEM 1104
Body Conditioning, 2 semester hours, 15 lec., 30 lab. (Fall, Spring, & Summer)
An in-depth and advanced continuation of the exercise component of HLP 1081. Using progressive goal setting techniques, the course is designed to assist the student in the development of a regular, systematized program of exercise into their daily life-style. Initially, the students’ health and fitness levels are evaluated; progress of their personal exercise prescriptions monitored, and followed with a reevaluation at the termination of the course. Prerequisite: HLP 1081. May be taken up to two (2) times for credit.

PEM 1131A
Strength Training, 3 semester hours, 30 lec., 30 lab. (Offered as needed)
This course is a high intensity lecture/demonstration and flexible lab hour weight training program designed to increase the size, strength, and endurance of the skeletal muscle system. Instruction includes, but is not limited to, weight training safety, etiquette, history, and nutrition. Instruction will be given in the design of progressive resistance programs to increase total body efficiency and to meet the objectives of the individual student. Students are responsible for determining fitness for training, and those with medical problems which restrict personal activities are encouraged to obtain medical clearance before enrolling in the course.

PEM 1171
Aerobic Dance, 1 semester hour. 30 lab. (Offered as needed)
Instruction and participation in a physical fitness program that offers conditioning of the figure muscles and of the cardiovascular system through dance activities.

PEM 1173
Step Aerobics, 1 semester hour, 30 lab. (Offered as needed)
Instruction and participation in vigorous, low-impact program of aerobic exercise, with emphasis on correct techniques, safety, cardiovascular and muscle conditioning.
PET 2622
Care and Prevention of Athletic Injuries, 3 semester hours, 45 lec. (Offered as needed)
Designed to provide students with a basic knowledge of the care, prevention, and rehabilitation of injuries received during participation in physical education activities.

BUSINESS

Credit Courses

ACG 2001
Accounting I, 3 semester hours, 45 lec., (Fall, Spring, Summer)
Principles of Accounting provide the foundation for: accounting information system; double entry system; balance sheet, income statement, and adjustments; completion of the accounting cycle; merchandising and special journals; internal control and the voucher system; short-term liquid assets; inventory methods; liabilities and payroll; acquire, depreciate, and dispose of assets; revenue or capital expenditure, asset depletion and amortization. Problems and computer-assisted accounting practice exercise are required. Prerequisite: Computer Literacy, or Windows.

ACG 2011
Accounting II, 3 semester hours, 45 lec. (Fall, Spring, Summer)
Partnership formation and liquidation corporate stock and capital equity transactions, financing with long-term liabilities, job order and process costing, budgetary control and standard costing and differential analysis, cost volume profit analysis and quantitative techniques, funds flow, statement analysis, international and Intercompany Investments and consolidation. Prerequisites: ACG 2001.

ACG 2021
Financial Accounting, 3 semester hours, 45 lec. (Offered as needed)
Accounting information systems; measuring business transactions and income; accounting cycle completion; merchandising operations, reporting and analysis; short-term liquid assets, long-term assets; current liabilities and time value of money; long-term liabilities; contributed capital; retained earnings and corporate statements; cash flows; statement analysis; international accounting; and intercompany investments. Prerequisites: Computer Literacy, Windows, or equivalent.

ACG 2071
Managerial Accounting, 3 semester hours, 45 lec. (Offered as needed)
The basic principles of accounting techniques for the preparation of internal reports related to the management of the firm and the interpretation of financial data useful in the decision-making process within the economic framework of the firm. Prerequisites: ACG 2001, ACG 2011.
APA 1003
Accounting Fundamentals I, 3 credits, 45 lecture hours (Offered as needed)
Fundamentals of Accounting I will introduce the student who has no accounting background to accounting for assets, liabilities, and owner's equity of a sole proprietorship. The student will review documents, record transactions in journals, post to ledgers, prepare work sheets, trial balances and financial statements, including: balance sheets, income statements and statement of owner's equity, to complete the accounting cycle. Accounting Fundamentals I and II are required to fulfill the Principles of Accounting I requirements for upper division transfer program. This course and APA 1004 will help students prepare for the satisfactory completion of ACG 2011.

APA 1013
Accounting Fundamentals II, 3 credits, 45 lecture hours (Offered as needed)
Fundamentals of Accounting II will expand the knowledge the student gained in Fundamentals of Accounting. The student will be introduced to the protection of assets and accounting for assets and liabilities in the merchandising operation. The student will expand his knowledge of financial statement and accounting procedures. The scope of the student will be broadened as he learns accounting for specific types of assets including accounts receivable and bad debts. The student will work with accounting for payroll and appropriate withholding and payroll taxes. Some problems will be worked on the computer so that the student will view the computer as an efficient tool in solving accounting problems and making the bookkeeping tasks more efficient. Accounting Fundamentals I and II are required to fulfill the Principles of Accounting I requirements for upper division transfer program. This course and APA 1003 will help students prepare for the satisfactory completion of ACG 2011.

BAN 1004
Principles of Bank Operations, 3 semester hours, 45 lec. (Offered as needed)
This course represents the fundamentals of bank operations in a descriptive fashion so that the beginning banker may acquire a broad (and operational) perspective. The descriptive orientation is intentional.

BAN 2210
Analyzing Financial Statements, 3 semester hours, 45 lec. (Offered as needed)
This course presents the fundamentals of financial statement analysis. It is intended to train the student in the use of tools and techniques necessary for the evaluation of the financial condition and operating performance of a business enterprise. Prerequisite: ACG 2001.

BAN 2501
Money and Banking, 3 semester hours, 45 lec. (Offered as needed)
This course stresses the practical aspects of money and banking and emphasizes the basic inventory theory needed by the banking student to apply knowledge acquired on the job. Historical treatment is kept to a minimum. Emphasis is also placed on such problems as economic stabilization, types of spending, the role of gold, limitations of central bank control, government fiscal policy, balance of payments, and foreign exchange. Prerequisite: ECO 2013/2023.

BAN 2900
Directed Study-Banking, 1 semester hour, 30 lab. (Offered as needed)
A directed study designed to enable the student interested in banking to pursue an in-depth study of a specialized area of banking. May be taken up to four (4) times for credit.

BAN 2920M
Introduction to Securities, 1 semester hour, 15 lec. (Offered as needed)
This course describes how the various securities markets operate, the products they offer, how the products compare to traditional programs, and how to market products to customers.

BAN 2920N
Lotus 1 (Electronic Spreadsheets), 1 semester hour, 15 lec. (Offered as needed)
An introduction to the use of software, such as Lotus 1-2-3, as a work tool. The spreadsheet is also examined and used in practical exercises.

BUL 2241
Business Law I, 3 semester hours, 45 lec. (Fall, Spring, Summer)
Introductory course in business law with objective of presenting the law underlying business transactions. Course includes the study of the Law of Contracts, the Law of Bailments, and the law of sales based on the UNIFORM COMMERCIAL CODE. Recommended for all business students.

BUL 2242
Business Law II, 3 semester hours, 45 lec. (Fall, Spring, Summer)

CDA 2500
Network Technology, 3 semester hours, 45 lec., 45 lab. (Offered as needed)
Network Technology is designed to introduce students to the terminology and concepts of the network industry to include network services, network media, connectivity devices, and general networking methods, including the model for network protocols. Prerequisite: CGS 2560, CIS 1000, grade "C" or higher (or comprehensive test each).

*Occupational course that may not be applied toward the A.A. Degree.
CDA 2524
Network Administration and Management, 3 semester hours, 45 lec. (Offered as needed)
This course is designed to provide instruction in all aspects of Network Administration. Included are physical setup, user accounts, supervision accounts, system workload and efficiency, file and directory management, user rights, server console skills, print server and Network backup. Prerequisite: CGS 2550, CIS 1000 with grade "C" or higher (or comprehensive test each)

CDA 2525
Advanced Network Administration, 3 semester hours, 45 lec. (Offered as needed)
To provide advanced concepts of Network Administration to the students network services, network media, connectivity equipment, and general network methods, including network protocols. Prerequisite: CGS 2560, CIS 1000, CDA 2102, CDA 2524.

CGS 1000
Introduction to Computer Programming, 3 semester hours, 45 lec., 45 lab. (Offered as needed)
An introduction to the BASIC (Beginner All Purpose Symbolic Instruction Code) programming language and flowcharting. Stresses the importance of logical and proper documentation of programs. Designed for students to use knowledge obtained as a tool in their chosen field. Prerequisite: CIS 1000.

CGS 1060
Computer Literacy, 3 semester hours, 45 lec. (Offered as needed)
An overall view of computers and how they affect each person as well as society. Hands-on experience is provided. Recommended for non data processing majors.

CGS 1520
Introduction to Harvard Graphics 3.0, 1 semester hour, 30 lab. (Offered as needed)
An introduction to use of Harvard Graphics 3.0 (DOS) for the creation of business graphics and presentations.

CGS 1525
Microsoft PowerPoint, 1 semester hour, 15 lec. (Offered as needed)
An introduction to the use of Microsoft’s PowerPoint 4.0 for the creation of graphic presentations.

CGS 1554
Introduction to Internet, 1 semester hour, 15 lec. (Offered as needed)
An introduction to communication technology for the personal computer. Discussion and demonstration of the hardware, software, and procedures used to connect with bulletin board systems (BBS), commercial information services, and the Internet.

CGS 1570
Computer Applications for Business, 3 semester hours, 45 lec. (Offered as needed)
An introduction to using computer software (Word Perfect, Lotus 1-2-3, and dBase) to facilitate the interaction of measurement, analysis, and reporting of accounting information. Prerequisite: CGS 1060, ACG 2001.

CGS 1931F
Computer Tools for the Teacher, 3 semester hours, 45 lec. (Offered as needed)
This course is designed to introduce and familiarize students to microcomputer tools which will streamline classroom management. Students will be introduced to the word processor, database managers, spreadsheets, test makers, and graphics packages. Prerequisite: EME 1920 or prior experience with microcomputers in education.

CGS 1931G
Teaching Writing Using a Microcomputer, 3 semester hours, 45 lec. (Offered as needed)
This course is designed to teach students the writing process and use of a word processor in writing instruction. Students will evaluate and use other software for teaching writing. Prerequisite: EME 1920 or prior experience with microcomputers in education. Prerequisite: CGS 1931F, Computer Tools for the Teacher.

CGS 2423
Programming in C++, 3 semester hours, 45 lec. (Offered as needed)
An introduction to ANSI compatible C programming using microcomputers.

CGS 2510
Introduction to Electronic Spreadsheets, 2 semester hours, 30 lec. (Offered as needed)
An introduction to the use of integrated software, such as Lotus 1-2-3, as a problem solving tool. The spreadsheet, database, and graphics features are examined and used in practical exercises.

CGS 2540
Introduction to dBase III, 2 semester hours, 30 lec. (Offered as needed)
An introduction to file creation, maintenance, and report generation using dBase III. Covers both interactive applications and programming with dBase III.

CGS 2560
MS-DOS/Microcomputer, 1 semester hour, 15 lec. (Offered as needed)
An introduction to the use of the microcomputer and the disk operating system (DOS).

CGS 2564
Introduction to Windows, 3 semester hours, 45 lec. (Offered as needed)
An introduction to operating systems in general with emphasis on DOS and Windows. Prerequisite: CGS 1060 or equivalent.

CGS 2571
WordPerfect I, 3 semester hours, 30 lec., 30 lab. (Offered as needed)
Instructs the student in the theories and practical applications of word processing using WordPerfect software. The goal of the course is to prepare the student for employment, home use, or personal use (such as term papers for college students). Prerequisites: Recommend MS/DOS: typing required.
CGS 2572
WordPerfect II, 3 semester hours, 30 lec., 30 lab.
(Offered as needed)
Continuation of CGS 2571 – WordPerfect I – with advanced techniques of building tables, creating newspaper and parallel columns, text columns, graphics and desktop publishing. Prerequisite: CGS 2571 or equivalent.

CGS 2573
Introduction to WordPerfect, 2 semester hours, 30 lec.
(Offered as needed)
Introduction to Word Perfect software functions by providing basics of the program: Entering and Editing Text, Formatting, Printing, Merge Printing, Desktop Publishing.

CGS 2575
Desktop Publishing, 2 semester hours, 45 lec.
(Offered as needed)
Continuation of CGS 2573 with advanced techniques on how to build tables, create newspaper and parallel columns and desktop features. Prerequisite: CGS 2572 or equivalent.

CIS 1000
Introduction to Computer Science, 3 semester hours, 45 lec.
(Offered as needed)
A broad survey of computing and computer science topics appropriate for computer science, computer engineering, and information systems students. Includes an introduction to structured programming using the Pascal programming language. Prerequisite: Proficiency in basic algebra.

COP 2000
Programming in Pascal, 3 semester hours, 45 lec.
(Offered as needed)
Designed for data processing majors, uses top-down design, structure logic, and a higher level language to solve problems on a computer. Stresses proper documentation of programs to be used in a computer center. Prerequisite: CIS 1000 or equivalent and proficiency in basic algebra required.

COP 2001
Programming II, 3 semester hours, 45 lec.
(Offered as needed)
A sequel to Programming I, intended to fully exercise all facilities of a high-level language in the solution of more advanced problems. Prerequisite: CIS 1000, COP 2000.

COP 2120
COBOL Programming, 3 semester hours, 45 lec.
(Offered as needed)
A survey of an introduction to COBOL programming. Historical development, general concepts and state of the art. COBOL is introduced with emphasis on problem solving. Emphasis on methods of analyzing business programs for computer adaptation. Prerequisites: CIS 1000, COP 2000, COP 2001, or equivalent.

COP 2200
FORTRAN Programming, 3 semester hours, 45 lec.
(Offered as needed)
An introduction to the computer programming language of FORTRAN. Includes general introduction to computer programming, general programming concepts, elementary problem solving and flowcharting. Involves actual problem solving by the use of the FORTRAN language on the computer.

COP 2400
IBM Assembler Language, 3 credit hours, 45 lec.
(Offered as needed)
An introduction to assembler language programming for the IBM System/370 family of computers. Prerequisites: CIS 1000, COP 2000, COP 2001, or equivalent.

DES 1320
Basic Communications and Human Relations, 2 semester hours, 30 lec.
(Offered as needed)
An introductory seminar course designed to develop skills of effective oral and written communications and human relations as related to dental assisting.

ECO 2013
Economics I, 3 semester hours, 45 lec. (Fall, or as needed)
Macroeconomics. Basic concepts and principles, national income accounting; fiscal and monetary policy and application, growth economics. Will satisfy General Education elective. Basic math skills required.

ECO 2023
Economics II, 3 semester hours, 45 lec. (Spring, or as needed)

EME 1920
Computer Application Skills Workshop, 1 semester hour, 20 lec. (Offered as needed)
A workshop to provide an overview of computer applications to gain an understanding of hardware and software terminology and use, and supply an introduction to software utilization for the classroom teacher.

ETI 2114*
Benchmarking, 3 semester hours, 45 lec. (Offered as needed)
A course covering the fundamentals of benchmarking. Major topics include: rationale for benchmarking, management's role in benchmarking, obstacles to benchmarking, selection of processes to benchmarking, and acting on benchmarking data.

ETI 2115*
Just-in-Time Manufacturing, 3 semester hours, 45 lec. (Offered as needed)
A course covering the fundamentals of JIT. Major topics include: rationale for JIT, development of the concept, benefits of JIT, requirements of JIT, and automation of JIT.

ETI 2116*
Statistical Process Control, 3 semester hours, 45 lec. (Offered as needed)
A course covering the fundamentals of SPC. Major topics include: rationale for SPC, inhibitors of SPC, management's role in SPC, the quality tools, and control charts.

*Occupational course that may not be applied toward the A.A. Degree.
FIN 2001* Industrial Finance, 3 semester hours, 45 lec. (Offered as needed)
The course presents the principles of financial management and explains the process of financial management from a viewpoint of the financial manager. Included also are the time value of money, cost of capital, dynamic and operating environments, capital investment, working capital, inventories, and other related topics.

FIN 2246 Financial Institutions and Markets, 3 semester hours, 45 lec. (Offered as needed)
Visit financial institutions and financial markets with lectures and discussions by leaders in financial markets. Example visit New York Stock and American Stock Exchange, World Trade Center, Federal Reserve Bank, United Nations. To acquire current information about new economic developments that affect financial institutions and markets.

GEB 1011 Introduction to Business, 3 semester hours, 45 lec. (Fall, Spring, Summer)
Designed to give students a broad understanding of the nature of business and a preliminary idea of the various areas of business specialization.

GEB 1940* Internship-Business Education, 3 semester hours, 225 lab. (Offered as needed)
On-the-job training in the Associate of Science/Applied Science Option program in which the student is enrolled. The student is under the supervision at work of a qualified supervisor. The supervisor will rate the student's performance, knowledge, comprehension, dependability, initiative, cooperativeness, and total performance. A project paper or approved project will be submitted by the student three weeks prior to the close of the semester. May be repeated four times for a total of 12 semester hours.

GEB 2903 Tutorial-Business, 1 semester hour, 30 hours (Fall, Spring, Summer)
An experience in individual depth study in which one student prepares for and engages in tutoring another for two class periods per week.

HSC 1531 Medical Terminology, 3 semester hours, 45 lec. (Offered as needed)
An introduction to prefixes, suffixes, root words, combining forms, Latin and Greek forms, spelling, and pronunciation, with emphasis on building a working medical vocabulary based on body systems.

MAN 2021 Management, 3 semester hours, 45 lec. (Offered as needed)
Each function of management is analyzed and described in a systematic manner. Both the distilled experience of practical managers and the findings of scholars are presented. Other aspects of management are presented such as management process and concepts analysis of the technical knowledge and skills of managers, influences upon managerial decision-making process, and the psychological principles inherent in management.

MAN 2300 Personnel Management, 3 semester hours, 45 lec. (Offered as needed)
An introduction to personnel practices and procedures. Topics include the personnel management system, maximizing employee potential, organizational behavior, and labor management relations.

MAN 2905 Independent Study-Business, 1 semester hour, 15 lec., 30 lab. (Fall Spring, Summer)
Directed study and individual projects designed to meet the needs of students interested in specialized areas of business for which present course availability is limited. Areas of study can also be supplemented to present business courses for special emphasis or depth. May be taken up to four (4) times for credit.

MAN 2940 Directed Work Study-Business, 1 semester hour, 45 lab. (Fall, Spring, Summer)
Directed experience in instructional, laboratory and/or materials assistance in a designated business area. May be taken up to four (4) times for credit.

MAR 2011 Introduction to Marketing, 3 semester hours, 45 lec. (Offered as needed)
An introductory course in the field of marketing including a look at marketing as it exists in our economy today. Consideration of the market, the product, distribution channels. Special emphasis on the study of human behavior in marketing promotion.

MKA 1610* Industrial Marketing, 3 semester hours, 45 lec. (Offered as needed)
The course presents the fundamental principles of marketing and explains marketing concepts. Included also are planning, markets, product development, pricing, promotion and other related topics.

MKA 2021 Professional Selling, 3 semester hours, 45 lec. (Offered as needed)
Selling, correct attitudes and personal attributes for dealing with the public on a business or professional basis.

MKA 2041 Retail Management, 3 semester hours, 45 lec. (Offered as needed)
Retail store management, location, buying merchandise, control policies, services, pricing, expenses, profits: training and supervision of retail sales forces, administrative problems. Also includes a variety of current perspectives in retailing management.

MKA 2511 Introduction to Advertising, 3 semester hours, 45 lec. (Offered as needed)
Advertising as a marketing tool, its planning, creation, and use. A survey of copy writing, layout, and media (newspapers, magazines, radio, television, films, etc.)

MNA 1015* Industrial Management l, 3 semester hours, 45 lec. (Offered as needed)
The course presents the functions of a manager, the views, techniques, and responsibilities of management. Included also are planning, forecasting, organizing, theory, staffing, and other related topics.
MNA 1345*  
Supervision I, 3 semester hours, 45 lec. (Offered as needed)  
The course presents the functions of a personnel manager, philosophy of general management, organizational structure, employer socio-economic climate and career information. Included also are job descriptions and specifications, recruiting practices, applications, resumes, interviewing, placement, performance appraisals, wage and salary administration and other related topics.

MNA 1346*  
Supervision II, 3 semester hours, 45 lec. (Offered as needed)  
The course presents a continuing study of the functions of a personnel manager, philosophy of general management, employee socio-economic climate and other information. Included, also, are orientation, training, labor unions, safety, health and other related topics.

MNA 2100  
Organizational Behavior, 3 semester hours, 45 lec.  
(Fall, Spring, Summer)  
Designed to help students develop an understanding of how they may be motivated to work together in greater harmony in all kinds of organizations. The basis of human motivation and how it is influenced by leadership, the organization itself, and the social environment in which the organization exists.

MTB 1103  
Business Mathematics, 3 semester hours, 45 lec.  
(Fall, Spring, Summer)  
Prepares basic principles used to solve everyday business problems, including a review of basic skills and business terminology. Topics in the course include: basic arithmetic, simple and compound interest, depreciation, business professors, distribution of corporate dividends; simple interest and bank discount and buying and selling of corporation bonds and stocks.

OST 1107  
Typing with WordPerfect I, 3 semester hours, 30 lec.  
(Offered as needed)  
Integration of basic keyboarding and word processing (WordPerfect) — learning the keyboard, creating, editing, saving, and other word processing functions.

OST 1131  
Legal Typewriting, 3 semester hours, 75 lab. (Offered as needed)  
Thorough analysis and formatting of legal documents.

OST 1141  
Keyboarding, 1 semester hour, 15 lec. (Offered as needed)  
A basic course in keyboarding using the touch system. The proper techniques for keyboarding alphabetic and numeric data will be emphasized.

OST 1211  
Basic Shorthand, 3 semester hours, 45 lec., 45 lab.  
(Fall, Spring)  
Basic skills and vocabulary of shorthand. Beginning of dictation and transcription.

OST 1212  
Intermediate Shorthand, 3 semester hours, 30 lec., 45 lab. (Fall, Spring, Summer)  
Speed-building in taking dictation and transcription. Prerequisite: Dictation experience or equivalent.

OST 1355  
Records Management, 3 semester hours, 45 lec.  
(Fall, Spring, Summer)  
Methods and systems of records management used in business offices, materials and equipment, time-and-motion saving skills. Practice sets are used.

OST 1601  
Machine Transcription, 3 semester hours, 30 lec., 45 lab. (Offered as needed)  
Operation of recorders and transcribers to develop transcription skills in English grammar, punctuation, sentence structure, and vocabulary. Advanced problems in producing and handling typewritten documents of various kinds. Letters with variations, real estate, medical, legal, and general correspondence. Prerequisite: Typing I or equivalent.

OST 2117  
Typing with WordPerfect II, 3 semester hours, 30 lec., 30 lab. (Offered as needed)  
Continuation of Document Processing I — develop keyboarding and document processing using a microcomputer. Prerequisite: OST 1107 or equivalent.

OST 2127  
Typing with WordPerfect III, 3 semester hours, 30 lec., 30 lab. (Offered as needed)  
Development of occupational proficiency in business letter writing, legal papers, executive forms and papers, and manuscripts through the use of a word processor (WordPerfect). Prerequisite: OST 2117 or equivalent.

OST 2213  
Advanced Shorthand, 3 semester hours, 30 lec., 45 lab. (Offered as needed)  
Maintains of transcribed shorthand notes. Accuracy of transcripts, speed in dictation, office routines. Prerequisite: OST 1212 or equivalent.

OST 2335  
Business Communication, 3 semester hours, 45 contact hours, 3 lec. (Offered as needed)  
Business Communications is a comprehensive coverage of language structure and particular emphasis on writing superior business letters and reports. Instruction in principle, then illustration, and practice in applying the principles. A fundamental concept of the appearance, language and style, tone and psychology of effective business letters. Prerequisites: passing score on English placement test or passing grade of "C" in LIN 1670.

OST 2401  
General Office Management, 3 semester hours, 30 lec., 30 lab. (Offered as needed)  
Study of practices and procedures in the modern office. Emphasis on exercising judgment, handling incoming calls and callers, processing mail, word processing systems, editing and composing techniques, travel arrangements, banking procedures, employment applications and resumes. Prerequisite: OST 1110, OST 2335 or equivalent.

*Occupational course that may not be applied toward the A.A. Degree.
OST 2402
Secretarial Office Management, 3 semester hours, 30 lec., 30 lab. (Offered as needed)
Emphasis is placed on the primary duties of professional secretaries, including essential nontechnical skills such as decision making, the exercise of initiative, follow-through, working with people, solving office related problems, and effective management of time and materials. Prerequisite: OST 1110, OST 1211 and OST 2335.

PLA 1003
Introduction to Paralegalism, 3 semester hours, 45 lec. (Offered as needed)
Designed to give students a broad understanding of the nature of the paralegal professional and its responsibility.

PLA 1051
Legal Terminology, 3 semester hours, 45 lec. (Offered as needed)
This course is designed to give an explanation of the common legal vocabulary involved in the broad, general principles of substantive and common law.

PLA 1104*
Case Analysis and Legal Writing, 3 semester hours, 45 lec. (Offered as needed)
This course was designed to provide the student with necessary skills and knowledge required in case analysis and legal writing.

PLA 1105
Legal Research, 3 semester hours, 45 lec. (Offered as needed)
The student is systematically introduced to the essentials of legal research in such areas as searching for precedence, gathering citations and legal opinions, preparing legal briefs and conducting title searches.

PLA 1203
Introduction to Civil Law, 3 semester hours, 45 lec. (Offered as needed)
An insight into the system of dispute resolution for private parties and the government provided by the court systems of the various states and the Federal Government in a noncriminal setting.

PLA 1603*
Wills, Trusts, and Probate, 3 semester hours, 45 lec. (Offered as needed)
An introduction to estate planning, wills, and probate administration.

PLA 1804
Introduction to Family Law, 3 semester hours, 45 lec. (Offered as needed)
An introduction to practice as they relate to family law.

PLA 2253
Rules of Evidence, 3 semester hours, 45 lec. (Offered as needed)
The student is introduced to the rules of evidence as they apply in civil and criminal court procedures. The student is prepared to locate legal case law in reference to evidence.

*Occupational course that may not be applied toward the A.A. Degree.

PLA 2273
TORTS: Personal Injury Litigation, 3 semester hours, 45 lec. (Offered as needed)
This course is designed to provide the student with an introductory knowledge of tort law with objectives centered on personal injury torts.

PLA 2949*
Internship - Paralegal, 3 semester hours, 90 lec. (Offered as needed)
On-the-job training in the Associate of Science/Applied Science Option program in which the student is enrolled. The student is under the supervision, at work, of a qualified supervisor. The supervisor will rate the student's performance, knowledge, comprehension, dependability, initiative, cooperativeness, and total performance. A project paper or approved project will be submitted by the student three weeks prior to the close of the semester. May be repeated four times. Only three credits can be applied toward graduation.

REE 1040A
Introduction to Real Estate: Course I, 4 semester hours, 63 lec. (Fall, Spring, Summer)
This course is intended to provide the prospective licensee with the fundamental knowledge in the field of real estate principles and practices and real estate law. This is the required course prescribed by the Florida Real Estate Commission for a person desiring to become registered as a real estate salesperson.

REE 1200
Real Estate Finance, 3 semester hours, 45 lec. (Offered as needed)
Designed to explore in detail the many facets of real estate financing with emphasis given to legal aspects, sources of funds, methodologies of major lending institutions, and the effects of high interest rates.

REE 2300
Real Estate Law, 3 semester hours, 45 lec. (Offered as needed)
Designed to assist the student to become a more knowledgeable, and potentially, a more successful investor. Emphasis will be given to basic investment fundamentals, income tax consideration, ownership forms for investment, financing the investment and analyzing property investment returns.

RMI 1600*
General Insurance Lines, 9 semester hours, 135 lec., (Offered as needed)
This course is designed to prepare students to successfully pass the Qualification Examination for licensing in the State of Florida as a General Lines Agent. (Students must also enroll in RMI 1600L while enrolled in RMI 1600.)

RMI 1600L*
General Insurance Lines Lab, 3 semester hours, 90 lec. (Offered as needed)
This course is designed to augment the General Insurance Lines course to prepare students to sit for the Qualification Examination for licensing in the State of Florida as a General Lines Agent. (Must be taken in conjunction with RMI 1600.)
RMI 1641*
Life and Health Insurance I, 45 semester hours, 45 lec. (Offered as needed)
This course will prepare the student for the Qualification Examination to gain a license to conduct business in Florida as a Life and Health Insurance Agent.

SLS 1341*
Job Search Techniques, 1 semester hour, 15 lec. (Offered as needed)
A course designed to assist students assess interests, aptitudes, abilities and acquire skills necessary to conduct a job search, obtain employment, and maintain employment. The course will cover such topics as current job search techniques, skills identification, resume writing, interview skills, job retention skills and career exploration.

TAX 2000
Federal Income Tax: Individual, 3 semester hours, 45 lec. (Offered as needed)
Determine income tax liability for individuals interpretations of Internal Revenue Code and Regulations, tax planning and advisory service. Brief introduction to partnership, corporation, estate and gift taxes. Extensive practice problems in individual income tax returns and research in tax questions.

XXX 1122A
Income Capitalization Approach, 11 class hours, 1.1 c.e.u.'s (Offered as needed)
An elective course for real estate sales people and brokers to update registrant's knowledge of the income capitalization approach in real estate appraising. Prerequisite: Florida Real Estate License.

XXX 1123A
Residential Selling, 11 class hours, 1.1 c.e.u.'s (Offered as needed)
This block of instruction is designed to: (1) emphasize the responsibilities of licensees to the public in listing residential properties for sale, and (2) enhance the skills of licensees in marketing residential properties. Prerequisite: Florida Real Estate License.

XXX 1148
Programming the Computer, 45 class hours, 4.5 c.e.u.'s (Offered as needed)
An introduction to the BASIC (Beginning All Purpose Symbolic Instruction Code) programming language and flowcharting. Stresses the importance of logical and proper documentation of programs. Designed for students to use knowledge obtained as a tool in their chosen field.

XXX 1161
Programming Lab, 45 class hours. Hands-on application of BASIC (Beginner All Purpose Symbolic Instruction Code). (Offered as needed)
Should be taken in conjunction with XXX 1148.

XXX 1620
Basic Management for Supervisors, 20 class hours, 2 c.e.u.'s (Offered as needed)
Managerial functions — planning, organizing, staffing, directing, and controlling — are analyzed, described and discussed for the edification of each student.

XXX 1663A
Course I. Real Estate Principles and Practices, 63 class hours, 6.3 c.e.u.'s (Fall, Spring, Summer)
This course is intended to provide the prospective licensee with the fundamental knowledge in the field of real estate principles and practices and real estate law. This is the required course prescribed by the Florida Real Estate Commission for persons desiring to become licensed as real estate salesmen.

XXX 1668
Real Estate Investing, 45 class hours, 4.5 c.e.u.'s (Offered as needed)
Designed to assist the student to become a more knowledgeable and, potentially, a more successful investor. Emphasis will be given to basic investment, fundamental income tax considerations, ownership forms for the investment, financing the investment, and analyzing and projecting investment returns.

XXX 1669
Real Estate Financing, 45 class hours, 4.5 c.e.u.'s (Offered as needed)
Designed to explore in detail the many facets of real estate financing with emphasis given to legal aspects, sources of funds, methodologies of major lending institutions, and the effects of high interest rates. Determining income tax liability for individuals, preparation of tax returns, and interpretations of Internal Revenue code and regulations.

*Occupational course that may not be applied toward the A.A. Degree.
XXX 1902
Personnel Management, 40 class hours, 4 c.e.u.'s
(Offered as needed)
A course of instruction designed primarily for first and
second level supervisors embodying coverage of
principles of personnel administration as pertain to the
line organization. Subjects include: classification,
employment, training, labor relations, equal employ-
ment opportunity, and employee-management subject
matter.

XXX 1926
Office Management, 24 class hours, 2.4 c.e.u.'s
(Offered as needed)
A course designed to provide a review and update of
office management skills such as leadership, motiva-
tion, productivity, work distribution, etc., for use in
office administration.

XXX 1929
Filing, 45 class hours, 4.5 c.e.u.'s (Offered as
needed)
Methods and systems of filing used in business
offices, filing equipment, and time-and-motion saving
skills. Filing practice sets are used.

XXX 2602
Employability Skills, 15 class hours. (Offered as
needed)
This course will cover such topics as current job
search techniques, skills identification, resume
writing, interviewing skills, job retention skills and
career exploration. Students will have Interests and
Aptitudes assessed.

XXX 2602J
APTICOM, 3 class hours. (Offered as needed)
A computerized assessment tool which evaluates
your aptitudes, interests and math and language
abilities. The report will give you recommendations for
career areas which you will generally have the highest
degree of success.

COMMUNICATIONS

Credit Courses

AML 2000
Survey of American Literature, 3 semester hours, 45
lec. (Fall, Spring, Summer)
A survey course in American Literature from the Colo-
nial period to the Civil War. This course may be used for
Humanities credit.

AML 2020
Survey of American Literature II, 3 semester hours,
45 lec. (Fall, Spring, Summer)
A survey of American Literature from Civil War to
present. This course may be used for Humanities
credit.

CRW 2000
Creative Writing I, 3 semester hours, 45 lec. (Offered
as needed)
Instruction and practice in writing various forms of
poetry, short story, drama, and/or other modes and in
submitting for publication.

CRW 2002
Creative Writing II, 3 semester hours, 45 lec. (Offered
as needed)
Advanced work in poetry and prose modes. Prerequi-
site: CRW 2000 or equivalent, or demonstrated publi-
cation at equivalent or higher level.

ENC 0010*
College Preparatory English, Level I, 3 semester
hours, 45 lec. (Fall, Spring, Summer)
This course develops written language skills for
students whose entry level placement scores fall
below the minimum. Basic sentence structure and
elementary grammatical concepts will be empha-
sized. Approximately one-third of instruction will be
focused on composing coherent, well-structured sen-
tences; one paragraph will be written at the end of the
semester. Grammar instruction will be limited to
understanding the parts of compound and complex
sentences. At any point in the semester a student earn-
ing a C in the course may take an exit examina-
tion; a minimum score of 75% will allow the student to
be eligible for ENC 0020 Level 2; a student with this
score who also demonstrates the skills necessary for
the successful completion of level 2 may be eligible
for ENC 0030 or ENC 1101, depending upon his/her
writing sample results.

ENC 0020*
College Preparatory English, Level 2, 3 semester
hours, 45 lec. (Fall, Spring, Summer)
This course develops written language skills for
students whose entry level placement scores fall
below the minimum. Basic sentence and paragraph
structure and grammatical concepts will be empha-
sized. Approximately one-third of instruction will be
focused on composing coherent, well-structured para-
graphs; at least one short essay (3 to 5 paragraphs)
may be written at the end of the semester. Grammar
instruction will focus on the parts of all sentences and
basic usage and punctuation skills. At any point in the
semester a student earning a "C" in the course may
take an exit examination; a minimum score of 75%
will allow him/her to enrol in ENC 0030 or ENC 1101
depending upon his/her writing sample results.

ENC 0030*
College Preparatory English, Level 3, 3 semester
hours, 45 lec. (Fall, Spring, Summer)
Course includes practice in writing sentences, para-
graphs, and essays; comprehensive review of gram-
mar; and introduction of effective rhetorical patterns.
Placement is determined by (1) a grade of "C" or bet-
ter in ENC 0010 or 0020 together with a score of 2 on
the writing sample or (2) a grade of "C" or better in
ENC 0020 College Preparatory English, Level 2 or (3)
on an elective basis with a score of 83 or above on
the Florida Entry-Level Placement Test.

ENC 1101
English Composition I, 3 semester hours, 45 lec.
(Fall, Spring, Summer)
Instruction and intensive practice in expository and ar-
gumentative writing, including research paper and in-
terpretive reading of essays. Prerequisite: A passing
score of greater than 84 on the Florida Entry Level
Placement Test or a grade of "C" in ENC 0020 and a
3 on the writing sample.
ENC 1102
English Composition II, 3 semester hours, 45 lec. (Fall, Spring, Summer)
Interpretive and critical reading of fiction (novel, novella, short story), drama, and poetry. Practice in writing various types of essays and the library research paper. Prerequisite: completion of English Composition I or an equivalent course with a grade of "C" or better.

ENC 1104
CLAST Review: Essay Skills, 1 semester hour, 15 lec. (Offered as needed)
A short course specifically designed to prepare students to write fifty-minute timed essays that conform to CLAST standards.

ENC 1105
CLAST Review: English Language Skills, 1 semester hour, 15 lec. (Offered as needed)
A short course specifically designed to prepare students to take or retake the CLAST English Language Skills subtest.

ENC 1930
Special Topics in English, 2 semester hours, 30 lec. (Offered as needed)
Through an intensive individualized instructional program, this course will upgrade basic academic skills of incoming students to promote their successful completion of college degree programs.

ENC 2210
Technical Report Writing, 3 semester hours, 45 lec. (Offered as needed)
This course covers the fundamentals of technical report writing, mechanics, and style. Various types of reports are prepared, and criteria for evaluating the adequacy of the various components of these reports are utilized. The course also includes reading and analysis of technical literature as well as oral reporting. Prerequisite: passing score on placement test.

ENC 2313
Expository Writing, 3 semester hours, 45 lec. (Offered as needed)
Review of fundamental principles of grammar and usage with guided practice in writing expository essays of a kind and quality expected in upper-level college work. Offers an alternative to the Test of Standard Written English as a means of satisfying the UWF Writing Skills Requirement. Prerequisite: ENC 1101 and ENC 1102.

ENC 2940
Directed Work Study – Communications, 1 semester hour (Fall, Spring, Summer)
Directed experience in instructional, laboratory and/or materials assistance in a designated communication area. Entry coordinated through the department chair. This course may be taken up to four (4) times for credit.

ENG 1001
Research Papers, 1 semester hour, 16 lab. (Fall, Spring, Summer)
A learn-by-doing course in the methods of conducting library research and writing a documented paper. Students will work in the library on self-selected subjects under the supervision and guidance of the instructor in a tutorial relationship. For successful completion, each student will write a documented paper in accordance with a standard system.
NOTE: If this course is used to satisfy writing requirements for transfer courses to OWCC, a minimum grade of "C" is required. This course may be taken up to four (4) times for credit.

ENG 2905
Independent Study-Literature, 1 semester hour (Offered as needed)
A critical study and analysis of a specific literary figure or era. Offered and directed to meet the needs of students interested in such a specialization area. Entry coordinated through the department chair. This course may be taken up to four (4) times for credit.

ENL 2000
English Literature I, 3 semester hours, 45 lec. (Offered as needed)
A study of English literature from the Old English period, Beowulf, through the late Eighteenth century, the Age of Enlightenment, focusing on major works and their authors with an emphasis upon the literature as a significant reflection of and contribution to the political, cultural, social, religious, and economic milieu of each age. This course may be used as a Humanities credit.

ENL 2022
English Literature II, 3 semester hours, 45 lec. (Offered as needed)
A study of English literature from the Romanticism through the Twentieth century focusing on major works and their authors with an emphasis upon the literature as a significant reflection of and contribution to the political, cultural, social, religious, and economic milieu of each age. This course may be used as a Humanities credit.

ESL 0181
ESL Structure and Writing: Level II, 3 semester hours, 75 lec. (Offered as needed)
This course will present English grammar in a meaningful sequence and will develop the writing skills of those students for whom English is not the native tongue. It is designed to prepare these students for entry into college level English courses by improving their control of standard English.

FRE 1120
French I, 4 semester hours, 60 lec. (Fall and Spring Term I)
Pronunciation and grammatical structures of French, with emphasis upon balanced development of all four skills — listening, speaking, reading, and writing. Covers all basic structures of the language. Students who have successfully completed two or three years of high school French should enroll in French III-IV.
FRE 1121
French II, 4 semester hours, 60 lec. (Fall)
Principles and grammatical structures of French, with emphasis upon balanced development of all four skills—listening, speaking, reading, and writing. Covers all basic structures of the language. Students who have successfully completed three years of high school French should enroll in French III-IV.

FRE 2200
French III, 4 semester hours, 60 lec. (Offered Fall and Summer Term I)
Intermediate level review of grammar, readings in French literature, and development of conversational and writing skills. Prerequisite: Two or three years of high school French with grade of "B" or better, or FRE 1120 and 1121 or its equivalent.

FRE 2201
French IV, 4 semester hours, 60 lec. (Spring)
Completion of intermediate level review of grammar, readings in French literature, and development of conversational and writing skills. Prerequisite: Three years of high school French with grade of "B" or better, or FRE 2200 or its equivalent.

FRW 2100
Introduction to French Literature I, 3 semester hours, 45 lec. (Offered as needed)
The development of French literature from the Middle Ages to the end of the 18th century. Prerequisite: FRE 2201 or its equivalent.

FRW 2101
Introduction to French Literature II, 3 semester hours, 45 lec. (Offered as needed)
The development of French literature from the beginning of the 19th century to the present. Prerequisite: FRE 2201 or its equivalent.

GER 1120
German I, 4 semester hours, 60 lec. (Offered as needed)
Functional development of understanding of spoken and written German, with emphasis upon balanced development of all four skills—listening, speaking, reading, and writing. The German I and II sequence covers all basic structures of the language. Students who have successfully completed two or three years of high school German should enroll in German III-IV.

GER 1121
German II, 4 semester hours, 60 lec. (Offered as needed)
Functional development of understanding of spoken and written German, with emphasis upon balanced development of all four skills—listening, speaking, reading, and writing. Covers all basic structures of the language. Students who have successfully completed two or three years of high school German should enroll in German III-IV. Prerequisite: GER 1120 or equivalent.

GER 2200
German III, 4 semester hours, 60 lec. (Offered as needed)
Intermediate level review of grammar, readings in contemporary literature and current affairs, audio-lingual practice, and development of conversational and writing skills. Prerequisite: GER 1120, GER 1121 or two years or more in high school German with a grade of "B" or better, or equivalent.

GER 2201
German IV, 4 semester hours, 60 lec. (Offered as needed)
Completion of intermediate level review of grammar, readings in contemporary literature and current affairs, audio-lingual practice, and development of conversational and writing skills. Prerequisite: three years of high school German with grade of "B" or better, or GER 2200 or its equivalent.

GER 2420
Advanced German Grammar and Composition I, 3 semester hours, 45 lec. (Offered as needed)
Study of advanced grammatical structures, selected development of vocabulary and idioms, practice in oral and written composition. Prerequisite: GER 2201 or four years of high school German.

GER 2421
Advanced German Grammar and Composition II, 3 semester hours, 45 lec. (Offered as needed)
Study of advanced grammatical structures, selected development of vocabulary and idioms, practice in oral and written composition. Prerequisite: GER 2201 or four years of high school German.

GER 2440
Business German (Wirtschaftsdeutsch), 3 semester hours, 45 lec. (Offered as needed)
Business German will include readings from current German essays and news articles sampling all aspects of business writing. The student will practice forms of business communications: letters, advertising, forms for bills of lading, invoices, explanations of business procedures, etc. Prerequisite: Equivalent of German I, II, III, IV, mastery of intermediate level of German.

GER 2905
Independent Study-German, 1 semester hour (Offered as needed)
Directed study designed to meet needs of students interested in specific areas of German language and literature for which the present course offerings are limited. This course may be taken up to four (4) times for credit.

GEW 2010
Introduction to German Literature I, 3 semester hours, 45 lec. (Offered as needed)
A survey of representative literary works from the early 17th century through the death of Goethe (1838).

GEW 2011
Introduction to German Literature II, 3 semester hours, 45 lec. (Offered as needed)
A survey of representative literary works from 1833 to the present, grouped by periods and literary movements.
JOU 1100
Journalism I, 3 semester hours, 15 lec., 30 lab. (Offered as needed)
Teaches the basics of straight news story writing, photography, copy preparation, editing, layout, and design of publications with an emphasis on newspapers and magazines. Prerequisite: High School English and typing preferable.

LIS 1001
Library Skills, 1 semester hour, 30 lec. (Offered as needed)
A course creating learning situations in which individual students can become effective independent users of the Learning Resources facilities.

LIT 2090
Contemporary Literature, 3 semester hours, 45 lec. (Fall, Spring, or as needed)
Studies in modern drama, prose, and poetry, focusing on their comments on modern man. May be used as a Humanities credit.

LIT 2100
World Literature, 3 semester hours, 45 lec. (Fall, Spring, Summer)
Designed to encourage students to know and appreciate something of the great literature which helps to mold their thinking and everyday living. To include, without regard to national origin, those masterpieces of the Western World which reflect their cultural and intellectual heritage. May be used as a Humanities credit.

ORI 2000
Oral Interpretation, 3 semester hours, 45 lec. (Offered as needed)
Oral interpretation of all genres of literature. Students read and research appropriate literature to cut, adapt, and present to the class as solo, duet, and group interpretations.

REA 0001*
College Prep Reading, Level 1, 3 semester hours, 30 lec., 45 lab. (Fall, Spring, Summer)
This course is designed for students whose entry level placement test scores do not meet state requirements. Conducted in a lecture/lab setting, this course is designed to improve reading speed, vocabulary, comprehension, and study skills. Also covered (at a basic level) are the skills that conform to CLAST standards. Activities and materials are individualized to meet specific needs of students as determined through diagnostic instruments. Course must be repeated by students not fulfilling competency requirements. However, state education rules limit students to three registrations in this course. At any point in the semester a student earning a "C" in the course may take an exit examination: a minimum score of 75% will allow him/her to enroll in REA 0002.

REA 0002*
College Prep Reading, Level 2, 3 semester hours, 30 lec., 45 lab. (Fall, Spring, Summer)
This course is designed to increase the student's ability to comprehend written material. Emphasis is placed on textbook reading, vocabulary development, and comprehension skills will include outlining, time management, improving memory, using the library, and test taking. Credit not applicable toward the A.A. or A.S. degrees. Placement in REA 0002 based on a grade of "C" or better in REA 0001 or equivalent.

REA 1605
Effective Study, 1 semester hour, 15 lec., 15 lab. (Offered as needed)
Practical application of psychological principles to personal learning and study skills. Recommended for all students who feel deficient in study techniques or who otherwise wish to improve their study skills. May be taken up to four (4) times for credit.

REA 1930
Reading Skills/Effective Study Skills, 2 semester hours, 30 lec. (Offered Summer Only)
This course is designed to improve reading comprehension and vocabulary. Activities and materials are individualized to meet each student's specific needs as determined by diagnostic instruments. This course is also designed to improve note-taking, test-taking, memory/recall and time management skills.

REA 2105
Advanced Reading, 2 semester hours, 15 lec., 30 lab. (Fall, Spring, Summer)
An individualized approach designed to improve reading speed, comprehension, and critical analysis skills while reading various types of material for either educational or recreational purposes. Activities and materials are individualized to meet specific needs of students as determined through diagnostic instruments. Also used as a preparation course covering (at a more critical level) the skills tested on the CLAST. Helpful for those students whose speed, comprehension, and analysis skills are weak or inadequate for proper text book analysis.

REA 2305
Reading Skills Review, 1 semester hour, 15 lec. (Fall, Spring, Summer)
A short course specifically designed to prepare students to take or retake the CLAST Reading Skills subtest. Through pre-testing, weak areas in CLAST skills are identified. These identified weak areas will be strengthened through drills, exercises, and/or other means.

SLS 1101
Freshman Seminar, 1 semester hour, 10 lec. (Offered as needed)
A seminar designed to orient entering students to OWCC, to familiarize them with the requirements of the College-Level Academic Skills Program, to assist them in assessing their academic competencies (i.e., identify strengths and weaknesses), to identify means for capitalizing on strengths and for overcoming weaknesses, and to enter and pursue academic specializations (majors) based on reasonable career choices. This course is required for all entering, fulltime, A.A. Degree seeking students in their first semester. Part-time students must take this course in the semester they are enrolled in their twelfth credit.

College preparatory credits may not be counted toward fulfilling the number of credits required for a degree.
SLS 1301
Career and Life Planning, 1 semester hour, 15 lec., 15 lab. (Offered as needed)
The course is designed to help students assess their values, competencies and goals in relation to the selection of careers and life-styles for which they are best suited. On a national average, two thirds of entering college freshmen have not made a choice concerning a career. Furthermore, extensive research shows that the student who has not made a career choice is much more likely to drop-out of college. This course will help students make an informed, realistic career choice which will form the basis for their life's work and which will also increase the probability of completing an academic program.

SPA 1380
American Sign Language I, 4 semester hours, 60 lec. (Offered as needed)
To introduce the student to the basic vocabulary and fingerspelling of American Sign Language. Emphasis will be on learning to express this language in a simple form and have a basic receptive language competency.

SPA 1381
American Sign Language II, 4 semester hours, 60 lec. (Offered as needed)
To increase the student's ASL vocabulary and use more complex expression of thoughts, ideas, and emotions. To increase the receptive and expressive proficiency of the student in both sign and fingerspelling.

SPC 1600
Speech, 3 semester hours, 45 lec. (Fall, Spring, Summer)
Emphasis is on assisting the individual to develop his/her potential in oral communication. Individual participation in preparation and presentation of speeches reinforced by continuing group analysis and constructive criticism.

SPC 2520
Discussion and Debate, 3 semester hours, 30 lec., 30 lab. (Offered as needed)
This course is designed to provide learning experiences in rational decision making incorporating techniques of persuasion through organized procedures for argumentation, debate and discussion. All debate members come from this class and are expected to debate. Travel and formal debate activities are in addition to class hours. Prerequisite: High school speech or College speech.

SPN 1120
Spanish I, 4 semester hours, 60 lec. (Offered Fall, Spring, and Summer)
Pronunciation and grammatical structures of Spanish, with emphasis upon balanced development of all four skills - listening, speaking, reading, and writing. Covers all basic structures of the language. Students who have successfully completed two or three years of high school Spanish should enroll in Spanish III-IV.

SPN 1121
Spanish II, 4 semester hours, 60 lec. (Spring and Summer)
Pronunciation and grammatical structure of Spanish, with emphasis upon balanced development of all four skills - listening, speaking, reading, and writing. Covers all basic structures of the language. Students who have successfully completed two or three years of high school Spanish should enroll in Spanish III-IV.

SPN 2200
Spanish III, 4 semester hours, 60 lec. (Fall)
Intermediate level review of grammar, readings in Spanish literature, and development of conversational and writing skills. Prerequisite: Two or three years of high school Spanish with grade of "B" or better, or SPN 1120 and 1121 or its equivalent.

SPN 2201
Spanish IV, 4 semester hours, 60 lec. (Spring)
Completion of intermediate level review of grammar, readings in Spanish literature, and development of conversational and writing skills. Prerequisite: two or three years of high school Spanish with a grade of "B" or better, or SPN 2200 or its equivalent.

SPN 2300
Advanced Spanish Grammar and Composition I, 3 semester hours, 45 lec. (Offered as needed)
Study of advanced grammatical structures and practice in composition. Prerequisite: SPN 2201 or its equivalent.

SPN 2301
Advanced Spanish Grammar and Composition II, 3 semester hours, 45 lec. (Offered as needed)
Study of advanced grammatical structure and practice in composition. Prerequisite: SPN 2201.

SPW 2100
Introduction to Spanish Literature I, 3 semester hours, 45 lec. (Offered as needed)
Selected readings in modern Spanish and Spanish-American literature. Prerequisite: SPN 2300.

SPW 2101
Introduction to Spanish Literature II, 3 semester hours, 45 lec. (Offered as needed)
Selected readings in modern Spanish and Spanish-American literatures. Prerequisite: SPN 2201.

A group of soon-to-be alumni hold their name cards in anticipation, waiting for the graduation ceremonies to begin.
COMMUNICATIONS

Noncredit Courses (C.E.U.)

For information on Continuing Education Units, see page 70.

ESL 0080
Structure and Writing: Level I, non-credit, 45 contact hours. (Offered as needed)
This course will present English grammar in a meaningful sequence and introduce students to writing as a process. It will focus on linking the systematic study of grammar with its use in written expression and oral communication.

XXX 4602
(ESL) English as a Second Language, 45 to 90 class hours, 4.5 to 9 c.e.u.'s (Offered as needed)
Group and individual instruction in English for adults. Emphasis is placed on speaking, reading, and writing English based on living experiences and needs.

XXX 4631
Everyday German, 18 class hours, 1.8 c.e.u.'s (Offered as needed)
Everyday German offers essential conversational phrases and sentences for tourists or military personnel. Greetings, travel, and money questions, shopping, sightseeing, using facilities of hotels and restaurants, dealing with medical or mechanical emergencies, learning basic terms used in one's special sport or hobby — these are the essentials presented in oral dialogues by a team of two instructors.

HUMAN DEVELOPMENT & CONTINUING EDUCATION

Credit Courses

CHD 1223
Guidance for Young Children, 3 semester hours, 45 lec. (Offered as needed)
A study of principles, methods, guidance and discipline techniques used to promote positive social development in young children; influence of environment and developmental level of child on social behavior.

CHD 1225
Infant and Toddler, 3 semester hours, 45 lec. (Offered as needed)
This course provides the student with information pertinent to the care of infants and toddlers. Special attention is given to selection of developmentally appropriate curriculum. Course work satisfies the Child Development Associate competency standards for infant/toddler.

CHD 1230
Child Growth and Development II, 3 semester hours, 45 lec. (Fall, Spring)
Study of the physical, emotional, social, and intellectual growth and development of the school age child (6 through 12 years) up to preadolescence. Includes dynamics of behavior, child guidance and needs of exceptional children.

CHD 1430
Observing and Recording Child Behavior, 3 semester hours, 30 lec., 45 lab. (Fall, Spring)
Designed to increase objectivity and proficiency in observing and interpreting children's behavior; in addition, to increase awareness of normative patterns of children from birth through five years of age.

CHD 1530
Parenting Education, 3 semester hours, 30 lec., 45 lab. (Offered as needed)
This course is comprehensive in scope, emphasizing skills and concepts of parenting which include: adjustment to parental roles; parent-child communication, care, growth, and development of children; cultivating strong families; special concerns; alternative family structures; educational institutions working effectively with parents; and agencies and legislation affecting children and parents.

CHD 1800
Early Childhood Program Administration, 3 semester hours, 45 lec. (Fall, Spring, Summer)
This course provides the student with management and administrative skills related to child care services. Instruction includes: director responsibilities; staff selection, supervision, and evaluation; planning for budget, nutritional services, facility maintenance, health, and safety; and marketing techniques.

CHD 1941*
Internship, Child Development, 3 semester hours, 90 lec. (Offered as needed)
On-the-job training in Associate of Science degree, Associate degree/Applied Science Option, Certificate programs in which the student is enrolled. The student is under the supervision of a qualified supervisor appointed by the respective agency, who works with the OWCC instructor regarding student's OJT objectives based on student's goals and prior training. The supervisor will rate the student's performance, knowledge, comprehension, dependability, initiative, cooperativeness based on OJT performance. OWCC instructor will evaluate student OJT experience in consultation with agency supervisor regarding OJT performance and project paper on approved project submitted two weeks prior to close of semester. This course may be repeated four times for a total of 12 semester hours. Prerequisite: Must have completed a minimum of 9 hours credit in appropriate discipline.

CHD 2322
Programs for Young Children, 3 semester hours, 45 lec. (Spring)
Study of principles and practices of programs for young children; current research in early childhood education, role of the teacher, and selection and use of equipment and materials for groups of young children.

*Occupational course that may not be applied toward the A.A. Degree.
CHD 2332A*
Curriculum for Young Children II, 3 semester hours, 15 lec., 60 lab. (Spring and as needed)
Study of and development of effective skills and techniques used in program planning and use of creative media for young children.

CHD 2334A*
Curriculum for Young Children III, 3 semester hours, 15 lec., 60 lab. (Spring and as needed)
Study of the principles, methods, and materials used to assist young children acquire basic skills to use language effectively and competently; evaluation and development of appropriate teaching materials to use with young children.

CHD 2337A*
Curriculum for Young Children IV, 3 semester hours, 15 lec., 60 lab. (Offered as needed)
Study of the basic concepts, methods, and materials of mathematics, science, and social studies appropriate to the education of young children, identification of the role of staff members in the center for the education of young children; and overview of parent education.

CHD 2432A
Curriculum for Young Children I, 3 semester hours, 15 lec., 60 lab. (Fall, Summer, Spring)
Study of the techniques of using language arts, science, art, social studies, music, mathematics, and physical activities with young children. Participation in Child Development Education Center.

CHD 2433*
Child Development Seminar, 3 semester hours, 45 lec. (Spring and as needed)
Weekly seminar to critique performance and plan effective intern experience. Prerequisite: CHD 2332A, 2334A, or 2337A or equivalent.

COA 2100
Consumer Education, 3 semester hours, 45 lec. (Fall, Spring, Summer)
A study of the role of the consumer and consumer goods and services related to the home. The course will encourage wise planning and use of family resources.

CTE 1204
Wardrobe Imaging for Professionals, 3 semester hours, 45 lec. (Offered as needed)
This course provides for the development of competency in planning individual and family wardrobes. Attention will be given to the effectiveness of clothing choices in professional situations. Factors to consider in purchasing wardrobe items are stressed as well as the care, maintenance and updating of various wardrobe components. Emphasis will be placed on the psychological and social factors influencing dress and the relationship of physical appearance to clothing selection.

CTE 1310
Clothing Selection and Construction I, 3 semester hours, 30 lec., 30 lab. (Fall and as needed)
A basic course in clothing construction stressing judgment in the selection and use of commercial patterns, development of skill and understanding of construction techniques and fitting. A consideration of art principles as related to clothing.

CTE 1340
Clothing II, 3 semester hours, 30 lec., 30 lab. (Spring and as needed)
Advanced problems and techniques of clothing construction and alterations. Prerequisite: CTE 1310 or equivalent.

CTE 1401
Textiles, 3 semester hours, 45 lec. (Fall)
The study of fabrics used in clothing and home furnishings with emphasis on fibers, yarns, construction procedures, designs, and finishes that determine the qualities, performance, and care of fabrics.

CTE 2743
Creative Pattern Design, 3 credit hours, 30 lec., 30 lab. (Offered as needed)
A course designed for students with prior experience in clothing construction who are interested in designing garments for themselves and others. Major concepts of the course include: (1) elements and principles of design and their application to fashion; (2) constructing a basic pattern (a sloper). A garment of original design will be constructed in a laboratory setting.

DEP 2100
Child Growth and Development I, 3 semester hours, 45 lec. (Fall, Spring)
Growth and development of the child from conception through age five, including the physical, social, emotional and mental development of the young child, influence of environment, principles and theories of development.

FAD 1123
Adults in a Changing Society, 3 semester hours, 45 lec. (Fall, Spring, Summer)
A course focusing on personal development and traditional or nontraditional career options available to adults in today's changing society.

FSS 1292
Using Energy Saving Appliances in Cooking, 1 semester hour, 15 lec., 5 lab. (Offered as needed)
The basic operation of the energy saving appliances and use in cooking techniques for various foods.

HHD 1321
Basic Home Decorating, 1 semester hour, 15 lec. (Offered as needed)
Basic study of home decorating principles and techniques; analyzing decorating needs and priorities; inexpensive ideas for creating individual and inviting atmosphere in the home through buying wisely, making needed items, or using existing home furnishings.

HHD 2110
Home Planning and Furnishing, 3 semester hours, 45 lec. (Fall and as needed)
A basic course in home planning, selection, use and care of equipment and furnishings for family living. Consideration of art principles in planning livable interiors, and current trends in housing.

*Occupational course that may not be applied toward the A.A. Degree.
HME 1200
Home Management I, 1 semester hour, 15 lec.
(Offered as needed)
Basic course in managing the home as related to individual and family activities; includes principles of positive interaction of family members as well as time and energy management applied to housekeeping tasks of providing and maintaining food, shelter, and clothing, and good communication for family members.

HOE 1010
Introduction to Home Economics, 3 semester hours, 45 lec. (Fall and as needed)
Introduction to Home Economics as a career field of study; a consideration of history, professional opportunities, problems and current trends.

HOE 2905
Independent Study-Home Economics, 1 semester hour, 30 lec., 30 lab. (Fall, Spring, Summer)
Directed study in individual projects designed to meet the needs of students interested in specialized areas of Home Economics for which present course availability is limited. Areas of study can also supplement present Home Economics courses for special emphasis of depth. Recommendation by department chair. This course may be taken up to four (4) times for credit.

HOE 2906
Directed Work Study-Home Economics, 1 semester hour, 45 hours (Fall, Spring, Summer)
Directed experience in instructional, laboratory and/or materials assistance in a designated Home Economics area. Entry by permission of department chair only. This course may be taken up to four (4) times for credit.

HOE 2907
Tutorial-Home Economics, 1 semester hour, 30 lec. (Fall, Spring, Summer)
An experience in individual depth study in which one student prepares for and engages in tutoring one or more students for two class periods per week. The student will assist other students having remedial and specific needs (academic or laboratory) in a designated area in Home Economics. Recommendation by department chair.

HUN 2410A
Child Nutrition and Health, 3 semester hours, 45 lec.
(Offered as needed)
Methods of meeting physical needs of young children through nutrition and good health practices. Recognition of childhood diseases and care of the handicapped child.

HUS 1400A
Peer Advising, 3 semester hours, 15 lec., 60 lab.
(Fall, Spring, Summer)
A course in techniques of peer advising focusing on communication skills, professional ethics, and knowledge of community resources for referral purposes; to be used under professional supervision in human service agencies and organizations.

SLS 1201
Community Service Seminar, 1 semester hour, 5 lec., 20 lab. (Offered as needed)
A seminar course designed to enhance and reinforce the value of civic responsibility and to provide students with a community service program opportunity by volunteering in community agencies in the public and private sectors.

**Noncredit Courses (C.E.U.)**

For information on Continuing Education Units, see page 70.

HEV 0161
Early Childhood Program Administration, noncredit, 45 lec. hours (Fall, Spring)
This course provides the student with management and administrative skills related to child care services. Instruction includes: director responsibilities; staff selection, supervision, and evaluation; planning for budget, nutritional services, facility maintenance, health, and safety; and marketing techniques.

HEV 0213
Patternmaking, noncredit, 30 lec., 30 lab. hours (Offered as needed)
A course designed for students with prior experience in clothing construction who are interested in designing garments for themselves and others. Major concepts of the course include: (1) elements and principles of design and their application to fashion and (2) constructing a basic pattern (a sloper). A garment of original design will be constructed in a laboratory setting.

HEV 0216
Wardrobe Planning, noncredit, 45 lecture hours (Offered as needed)
This course provides for the development of competency in planning individual and family wardrobes. Attention will be given to the effectiveness of clothing choices in professional situations. Factors to consider in purchasing wardrobe items are stressed as well as the care, maintenance and updating of various wardrobe components. Emphasis will be placed on the psychological and social factors influencing dress and the relationship of physical appearance to clothing selection.

HEV 0311
Family Relationships, noncredit, 45 lec. hours (Fall, Spring)
This course provides basic information on family lifestyles, effect of self concept on marital selection, problems and adjustments of married couples, and use of personal and family resources to achieve more satisfying individual and family relationships.
XXX 6601
Educatng the Consumer, 45 class hours, 4.5 c.e.u.'s
(Fall, Spring, Summer)
A study of the role of the consumer and consumer goods and services as related to the home. The course will encourage wise planning and use of resources.

XXX 6610
Advising Peers, 60 class hours, 6.0 c.e.u.'s (Fall, Spring, Summer)
A course in techniques of peer advising, focusing on communication skills, professional ethics, and knowledge of community resources for referral purposes; to be used under professional supervision in human service agencies and organizations.

XXX 6621
Child Nutrition and Health Practices, 45 class hours, 4.5 c.e.u.'s (Offered as needed)
Methods of meeting the physical needs of young children through nutrition and good health practices. Recognition of childhood diseases and care of the handicapped child.

XXX 6630
Cake Decorating, 14 class hours, 1.4 c.e.u.'s (Offered as needed)
Designed to teach how to decorate a cake. (Self-supporting course).

XXX 6641
Adults in Transition, 45 class hours, 4.5 c.e.u.'s (Fall, Spring, Summer)
A course in which (1) participants will become aware of the special problems faced by persons in nontraditional fields with emphasis on overcoming occupational sex stereotyping and (2) participants will develop individualized career plans through the processes of realistic decision making and goal setting.

XXX 6906
Basic Child Care and Guidance, 45 to 154 class hours, 4.5 to 15.4 c.e.u.'s (Offered as needed)
The growth and development of the child from conception through age 5 including the physical, social, emotional, and intellectual development of the young child and the influences of environment, principles, and theories of development.

XXX 6907
Consumer and Homemaking Education, 90 class hours, 9 c.e.u.'s (Fall, Spring, Summer)
Designed to help students improve home environment and the quality of personal and family life and includes instruction in food and nutrition, child development, clothing, housing, family relations and management of resources.

XXX 6911
Introduction to Basic Clothing Construction, 45 class hours, 4.5 c.e.u.'s (Offered as needed)
Designed to develop skills in clothing selection and construction. Emphasis on management of individual resources to meet the need of family members.

XXX 6913A
Curriculum for Young Children I, 105 class hours, 10.5 c.e.u.'s (Fall, Spring, Summer)
Study of techniques of using language arts, science, art, social studies, music, math, and physical activities with young children with emphasis on interdisciplinary learning.

XXX 6915A
Ways of Working With Young Children I, 75 class hours, 7.5 c.e.u.'s (Offered as needed)
Course designed to increase objectivity and proficiency in observing, recording, and interpreting children's behavior; in addition, to increase awareness of patterns of behavior of children from 2 to 5 years. Includes child guidance and discipline techniques. Various assignments given as participant observes in child development centers or homes.

XXX 6916
Parent Involvement, 60 class hours, 6 c.e.u.'s (Offered as needed)
Study of effective ways of working with parents, understanding home and community setting.

XXX 6917
Constructing Creative Equipment and Material, 60 class hours, 6 c.e.u.'s (Offered as needed)
Selecting, making and using indoor and outdoor equipment and teaching materials with young children; approximately one half focusing on language development.

XXX 6918
Child Care Services, 45 class hours, 45 lec., 4.5 c.e.u.'s (Offered as needed)
Study of programs for young children with emphasis on the teaching roles, selection and use of equipment and materials for groups of young children.

XXX 6920
Programs for School-Age Children, 45 class hours, 4.5 c.e.u.'s (Spring and as needed)
Emphasis on programming for after-school care; includes understanding needs of school age child up to 12 years.

XXX 6922
Ways of Working with Young Children II, 90 class hours, 9 c.e.u.'s (Offered as needed)
Study of development and application of effective skills and techniques used in programming for young children.

XXX 6929
Decorating Your Home I, 15 class hours, 1.5 c.e.u.'s (Offered as needed)
Basic study of home decorating principles and techniques; analyzing decorating needs and priorities; inexpensive ideas for creating individual and inviting atmosphere in the home through buying wisely or making needed items, or using existing home furnishings.

XXX 6932
Child Care Seminar, 45 class hours, 4.5 c.e.u.'s (Offered as needed)
Weekly seminar to critique performance and plan effective student field experience. Individual and group conferences scheduled concurrently with field experience.
XXX 6935  
Advanced Clothing Construction, 75 class hours, 7.5 c.e.u.'s (Offered as needed)  
Advanced problems and techniques of clothing construction and creative expression.

XXX 6938  
Improving Quality of Family Life, 20 class hours, 2 c.e.u.'s (Offered as needed)  
A course which focuses on improving the quality of personal and family life through instruction in child development, family relations, budgeting and managing resources, and homemaking skills with emphasis on the dual role (home and job).

XXX 6939  
Cooking with Energy Saving Appliances, 20 class hours, 2 c.e.u.'s (Offered as needed)  
The basic operation of energy saving appliances and use in cooking techniques for various foods.

ART 1111C  
Pottery I, 3 semester hours, 15 lec., 60 lab. (Offered as needed)  
Continues hand building of Pottery I, but major emphasis is placed upon development skills utilizing the potter's wheel. Additional glazing experimentation is also emphasized. Prerequisite: ART 1110C.

ART 1201C  
Two-Dimensional Design, 3 semester hours, 15 lec., 60 lab. (Offered as needed)  
Principles of visual organization. Deals with line, space, form and color in two-dimensional composition.

ART 1203C  
Three-Dimensional Design, 3 semester hours, 15 lec., 60 lab. (Offered as needed)  
Extension and development of the elements of design in three dimensional projects.

ART 1230C  
Graphic/Commercial Design I, 3 semester hours, 30 lec., 30 lab. (Offered as needed)  
A comprehensive introduction, overview and practical experience relating to the basic fundamentals, techniques, procedures, principles and tools used in graphic/commercial art.

ART 1300C  
Drawing I, 3 semester hours, 15 lec., 60 lab. (Offered as needed)  
Problems in drawing techniques and media.

ART 1301C  
Drawing II, 3 semester hours, 15 lec., 60 lab. (Offered as needed)  
Problems in drawing and composition. Prerequisite: ART 1300C or equivalent.

ART 1430C  
Screen Printing I, 3 semester hours, 30 lec., 30 lab. (Offered as needed)  
Classroom and lab experiences pertaining to the designing, film positive preparation, stencil preparation, and printing of two-color screen printed textiles.

ART 1431C  
Screen Printing II, 3 semester hours, 30 lec., 30 lab. (Offered as needed)  
Classroom and lab experiences pertaining to the preparation and production of four-color, close registered stencils for textile printing. (A continuation of Screen Printing I).

ART 1701C  
Sculpture I, 3 semester hours, 15 lec., 60 lab. (Offered as needed)  
An introductory course in the techniques and aesthetic considerations of creating sculptural forms. Includes a wide range of possible materials and expressions, those used in the past and those being used currently, in both the reductive and additive methods. Students will be expected to solve problems in several different media that best express their particular sensibilities.
ART 1702C
Sculpture II, 3 semester hours, 15 lec., 60 lab. (Offered as needed)
A course in the creation of ceramic sculpture forms. Includes a wide range of possibilities in the use of ceramic materials to produce nonutilitarian forms. (It is expected that the student have a basic knowledge of clay and glazes as a prerequisite.)

ART 1905
Independent Study – Art, 1 credit hour (Offered as needed)
A defined independent study which is pursued under supervision of a faculty directing teacher and recorded through departmental procedures. Designed to permit a student to pursue nonscheduled academic and laboratory work which may be of a specialized or advanced nature and not available through classes or courses available on a college schedule. Departmental approval required.

ART 2231C
Graphic/Commercial Design II, 3 semester hours, 30 lec., 30 lab. (Offered as needed)
Comprehensive overview and practical experience relating to advanced procedures and specialized areas of interest in the graphic/commercial art field.

ART 2270C
Projects in Graphics/Commercial Design, 3 semester hours, 30 lec., 30 lab. (Offered as needed)
Comprehensive introduction, overview and practical experience relating to the fundamentals and techniques of graphic/commercial art studio procedures, design and production.

ART 2280C
Typography, 3 semester hours, 30 lec., 30 lab. (Offered as needed)
A comprehensive introduction, overview and practical application relating to the principles of design and the use of letter forms. Stresses the feeling and visual impact in the design and use of different lettering styles. Prerequisites: ART 1300C, ART 1201C.

ART 2510C
Painting I, 3 semester hours, 15 lec., 60 lab. (Offered as needed)
Problems of constructing a composition in color. The academic methods of painting and student experimentation.

ART 2520C
Painting II, 3 semester hours, 15 lec., 60 lab. (Offered as needed)
Technique is stressed as an end result of approach to subject matter, development of abstraction through the use of theory. Prerequisite: ART 2510C or equivalent.

ART 2560C
Water Color I, 3 semester hours, 15 lec., 60 lab. (Offered as needed)
Problems of constructing a composition in color. The academic methods of watercolor painting and student experimentation.

HUM 1020
Humanities-Introduction, 3 semester hours, 45 lec. (Offered as needed)
Techniques, forms, and basic evaluative tools related to music, the visual arts, poetry, drama, the dance, film, and philosophy. Art works are utilized as much as possible with examples relating to contemporary culture.

HUM 1905
Independent Study – Arts and Humanities, 1 semester hour (Offered as needed)
A defined independent study which is pursued under supervision of a faculty directing teacher and recorded through departmental procedures. Designed to permit a student to pursue nonscheduled academic and laboratory work which may be of a specialized or advanced nature and not available through classes or courses available on a college schedule. The student must obtain proper division approval prior to commencing the independent study.

NOTE: If this course is used to satisfy writing requirements for transfer courses to OWCC, a 6,000 word paper with a minimum grade of "C" is required. This course may be taken up to four (4) times for credit.

HUM 2700
Humanities – Foreign Study, 3 semester hours, 15 lec., 60 lab. (Offered as needed)
A variable humanities content course designed to allow students first-hand learning experiences outside the United States.

HUM 2905
Directed Work Study – Art Humanities, 1 semester hour, 45 hours (Offered as needed)
Directed experience in instructional, laboratory and/or materials assistance in a designated Arts-Humanities area. This course may be taken up to four (4) times for credit.
HUM 2906
Tutorial – Arts and Humanities, 1 semester hour, 30 lab. (Offered as needed)
An experience in individual depth study in which one student prepares for and engages in tutoring another for two class periods per week.

HUM 2920
Humanities Colloquium—1 semester hour, 5 lec., 20 lab. (Offered as needed)
Humanities Colloquium is a lab designed to introduce students to critical visual and listening skills to become an intelligent arts consumer. Initial lecture sessions are devoted to discussions of the elements of analysis of art works, music pieces, theatre performances, and dance presentations. Students will be required to attend selected OWCC Visual and Performance Arts presentations and to write a short critical review of each. Topics may vary.

MUN 1011
Humanities – Music, 3 semester hours, 45 lec. (Offered as needed)
Designed to develop a more intelligent understanding and appreciation of music. Brings about an awareness of music as a vital source in human life, including the advantageous utilization of leisure time and developing positive attitudes toward culture and the fine arts.

MUN 1000
Summer Ensemble Workshop, 3 semester hours, 15 lec., 60 lab. (Summer)
An ensemble workshop open to any student who desires to improve vocal and physical presentation skills. A variety of musical physical styles will be studied and performed. Students participating in Summer Ensemble Workshop will be expected to participate in several scheduled performances. Prerequisite: Previous experience/departamental approval.

MUN 1001
Summer Ensemble Workshop II, 3 semester hours, 15 lec., 60 lab. (Summer)
An ensemble workshop open to any student who desires to improve vocal and physical presentation skills. A variety of musical physical styles will be studied.

MUN 1002
Summer Ensemble Workshop III, 3 semester hours, 15 lec., 60 lab. (Summer)
An ensemble workshop open to any student who desires to improve vocal and physical presentation skills. A variety of musical physical styles will be studied. Students participating in Summer Ensemble Workshop will be expected to participate in several scheduled performances. Prerequisite: MUN 1001.

MUN 1180
OWCC Band (Community), 1 semester hour, 30 lab. (Offered as needed)
A music organization providing an outlet and learning experience for both college students and wind or percussion players to read and perform standard band literature, transcriptions and program selections. Required of all wind or percussion music majors and minors. May be taken four times for credit. Prerequisite: Ability to read music and play a band instrument; audition by Director or 1 year experience in a high school advanced band. This course may be taken up to four (4) times for credit.

MUN 1210
OWCC Symphony Orchestra I, 1 semester hour, 45 lab. (Fall, Spring)
A music organization providing an outlet and learning experience to study and perform standard orchestra literature, to improve individual instrumental skills, and to sharpen ensemble techniques. The Symphony occasionally performs with guest artists, choral groups and theatre ensembles. This course may be taken four (4) times for credit.

MUN 1310
OWCC Chorus, 1 semester hour, 30 lab. (Offered as needed)
A music organization open through auditions to any student having experience in reading music. A variety of musical styles will be studied and performed. Students elective OWCC Chorus will be expected to participate in scheduled performances. MUN 1310 may be taken three times for credit. Prerequisite: Experience in high school, church, or community chorus or choirs. This course may be taken up to four (4) times for credit.

MUN 1340A
OWCC Show Choir I, 1 semester hour, 45 lab. (Offered as needed)
A study of the fundamental techniques and principles of integrating dance, voice, music and acting into a performance show choir. Training in voice, jazz movement, character interpretation and personality presentation is covered. Membership is open to all part-time or fulltime students on a credit or audit basis. All music majors and performance majors must participate. The show choir appears in public performances at frequent intervals throughout the year. Prerequisite: Audition, consent of Department, music or performance minor. This course may be taken four (4) times for credit.

MUN 1390
Symphonic Chorus I, 1 semester hour, 45 lab. (Offered as needed)
A music organization open through auditions to any student. The Symphony chorus will study and perform literature for the large sized chorus. Prerequisite: Audition for placement. May be taken up to four (4) times for credit.

MUN 1421
Flute Ensemble, 1 semester hour, 30 contact, 30 lab. (Offered as needed)
The study and performance of flute ensemble and flute choir music in a musical group. May be taken up to four (4) times for credit. Prerequisites: A demonstrated ability to play the flute at an acceptable level of performance. Open by audition.

MUN 1700
Jazz/Rock Laboratory, 1 semester hour, 30 lab. (Offered as needed)
A performance ensemble designed to develop the creative artistry of the musician, without the limitations of a particular style. Under faculty supervision this course will focus on the performance of original compositions by the Jazz/Rock Laboratory Ensemble. Instrumentation: all instruments and voice.
MUN 1710A
Rock and Jazz Ensembles I, 1 semester hour, 45 lab. (Offered as needed)
Music performing organization open to any student who wants to develop his or her performance repertoire. Laboratory studies include techniques of performing music, literature, practices, styles and media applicable to designated organized ensemble. May be taken four times for credit. Prerequisite: Some experience in high school bands, etc. This course may be taken up to four (4) times for credit.

MUN 1711
Jazz Workshop, 1 semester hour, 30 lab. (Offered as needed)
The study and performance of jazz music in the context of the small ensemble. This will be accomplished through the performance of both stock arrangements and student arrangements. Instrumentation: 5 wind, 4 rhythm, voice rhythms and college syllables, these skills will be developed. This course may be taken up to four (4) times for credit.

MUN 1720A
Rock and Jazz Ensembles II, 1 semester hour, 45 lab. (Offered as needed)
Music performing organization open to any student who wants to develop his/her performance repertoire. Laboratory studies include techniques of performing music, literature, practices, styles and media applicable to designated organized ensemble. Prerequisite: Some experience in high school bands, etc. This course may be taken up to four (4) times for credit.

MUN 2120
OWCC Band (Community), 1 semester hour, 30 lab. (Offered as needed)
A music organization providing an outlet and learning experience for both college students and wind or percussion players to read and perform standard band literature, transcriptions and program selections. Required of all wind or percussion music majors and minors. This course may be taken four times for credit. Prerequisite: MUN 1180.

MUN 2211
OWCC Symphony Orchestra II, 1 semester hour, 45 lab. (Offered as needed)
A music organization providing an outlet and learning experience to study and perform standard orchestra literature, to improve individual instrumental skills, and to sharpen ensemble techniques. The Symphony occasionally performs with guest artists, choral groups and theatre ensembles. This course may be taken four (4) times for credit.

MUN 2371
OWCC Show Choir II, 1 semester hour, 45 lab. (Offered as needed)
A study of the fundamental techniques and principles of integrating dance, voice, music and acting into a performance show choir. Training in voice, jazz movement, character interpretation and personality presentation is covered. Membership is open to all part-time or full-time students on a credit or audit basis. All music majors and performance majors must participate. The show choir appears in public performances at frequent intervals throughout the year. Prerequisite: Show Choir I. This course may be taken four (4) times for credit.

MUN 2392
Symphonic Chorus II, 1 semester hour, 45 lab. (Offered as needed)
A continuation of Community Chorus I and is a music organization open through auditions to any student. The Symphonic Chorus will study and perform literature for the large sized chorus. This course may be taken up to four (4) times for credit.

MUS 1905
Independent Study – Music, 1 semester hour (Offered as needed)
A defined independent study which is pursued under supervision of a faculty directing teacher and recorded through departmental procedures. Designed to permit a student to pursue non-scheduled academic and laboratory work which may be of a specialized or advanced nature and not available through classes or courses available on a college schedule. Departmental approval required. This course may be taken up to four (4) times for credit.

MUT 1001
Fundamentals of Music, 3 semester hours, 45 lec. (Offered as needed)
A pre-theory course for the nonmusic major, the music major who wishes to refresh his fundamental skills, or for the elementary education major. Included are the studies of reading clefs, rhythm, notation, scales, and doing simple keyboard and sight-singing exercises. The emphasis is on developing music reading skills.

MUT 1121
Music Theory I, 3 semester hours, 30 lec., 15 lab. (Offered as needed)
A study of the fundamentals of basic musicianship, music notation, understanding of simple rhythms, key situations, intervals, ear training, dictation, sight-singing, major and minor scales, intervals, triads, chords, polyphonic composition and elementary keyboard work. Prerequisite: Students wishing to take Music Theory I should have a strong background in music (high school church, bands, etc.).

MUT 1122
Music Theory II, 3 semester hours, 30 lec., 15 lab. (Offered as needed)
A continuation of Music Theory I, MUT 1121. Basic musicianship, writing and reading of music, ear training, dictation, sight-singing will be studied, as well as major and minor scales, intervals, triads, seventh chords, inversions, cadences, periods and progressions in all keys. Two, three and four part chords and polyphonic composition. Prerequisite: MUT 1121.

MUT 1241
Ear Training/Sight Singing I, 1 semester hour, 30 lab. (Offered as needed)
A study of the aural skills needed to develop basic musicianship through student involvement in dictation and singing of intervals, scales, chords, melodies and rhythms with college syllables, these skills will be developed.
MUT 1242
Ear Training/Sight Singing II, 1 semester hour, 30 lab. (Offered as needed)
A study of the aural skills needed to develop basic musicianship through student involvement in dictation and singing of intervals, scales, chords, melodies and rhythms with solfeggio syllables, these skills will be developed. A continuation of MUT 1241 Ear Training/ Sight Singing I.

MUT 1641
Jazz Improvisation I, 2 semester hours, 15 lec., 30 lab. (Offered as needed)
A course designed to introduce the student to the concepts of Jazz improvisation. Through active participation the student will develop the basic skills necessary to become a competent jazz soloist. This course may be taken two (2) times for credit.

MUT 1642
Jazz Improvisation II, 2 semester hours, 45 lec., 30 lab. (Offered as needed)
A continuation of MUT 1641 Jazz Improvisation I. This course is designed to further develop the skills needed to become a competent soloist in the jazz idiom. This course may be taken two (2) times for credit.

MUT 2126
Music Theory III, 3 semester hours, 45 lec. (Offered as needed)
A continuation of Music Theory I and II, MUT 1121 and MUT 1122. The harmonization and modulation of melodies through the use of nondominant harmony and the study of sequence writing. Incorporates keyboard harmony plus sight reading of chromatic melodies, large intervals, and advanced rhythms. Prerequisites: MUT 1121 and MUT 1122.

MUT 2127
Music Theory IV, 3 semester hours, 45 lec. (Offered as needed)
The continued study of harmonization of melodies, sequence writing, sight reading, intervals, advanced rhythms and structures. Prerequisites: MUT 1121, 1122, 2126.

MUT 2246
Ear Training/Sight Singing III, 1 semester hour, 30 lab. (Offered as needed)
Continued study of the aural skills needed to develop musicianship through student involvement in the dictation and singing of intervals, scales, chords, melodies and rhythms.

MUT 2247
Ear Training/Sight Singing IV, 1 semester hour, 30 lab. (Offered as needed)
Continued study of the aural skills needed to develop musicianship through student involvement in the dictation and singing of intervals, scales, chords, melodies and rhythms.

MUT 2351
Introduction to Jazz Theory/Arranging, 3 semester hours, 45 lec. (Offered as needed)
A lecture-demonstration-workshop approach to jazz-pop arranging. Studies include jazz/pop harmonies, arranging fundamentals and techniques, and the use of jazz/pop instrumentation. Workshop practices include assigned arrangements with the arrangements played by the jazz ensemble, and other audio demonstrations. Prerequisite: MUT 1121 and 1122 or equivalent.

MVB 1201
Applied Music Secondary – Brass, 1 semester hour, 7.5 lab. (Offered as needed)
Private instruction: 1/2 hour private lesson per week. Minimum one hour daily practice. For nonmusic majors and music majors. Minimum of one hour daily practice is required. Course may be taken four (4) times for credit. Prerequisite: Private instruction or high school experience.

MVB 2202
Applied Music Secondary – Brass II, 1 semester hour, 7.5 lab. (Offered as needed)
Private instruction: 1/2 hour private lesson per week. Minimum one hour daily practice. For nonmusic majors and music majors. Minimum of one hour daily practice is required. Course may be taken four (4) times for credit. Prerequisite: MVB 1201.

MVK 1211
Applied Music – Piano I, 1 semester hour, 7.5 lab. (Offered as needed)
Private instruction in piano, as secondary instrument, consisting of one half-hour lesson per week. Minimum of one hour daily practice is required. Course may be taken four (4) times for credit.

MVK 2221
Applied Music – Piano II, 1 semester hour, 7.5 lab. (Offered as needed)
Private instruction in piano, as a secondary instrument, consisting of one half-hour lesson per week. Minimum of one hour daily practice is required. Course may be taken four (4) times for credit.

MVP 1201
Applied Music Secondary – Percussion, 1 semester hour, 7.5 lab. (Offered as needed)
Private instruction in percussion instruments to develop the student's performance ability in an applied area. One half-hour private lesson per week. Minimum of one hour daily practice. Minimum of one hour daily practice is required. Course may be taken four (4) times for credit.

MVP 2202
Applied Music Secondary – Percussion II, 1 semester hour, 7.5 lab. (Offered as needed)
Private instruction in percussion instruments to develop the student's performance ability in an applied area. One half-hour private lesson per week. Minimum of one hour daily practice. Minimum of one hour daily practice is required. Course may be repeated four (4) times for credit. Prerequisite: MVP 1201.

MVS 1016
Applied Springs – Guitar, 1 semester hour, 7.5 lab. (Offered as needed)
Private instruction on guitar. Designed to equip the student for continuing study leading progressively to greater proficiency. May be taken four times for credit.

MVS 1017
Applied Springs – Bass Guitar, 1 semester hour, 7.5 lab. (Offered as needed)
Private instruction in guitar. Designed to equip the student for continuing study leading progressively to greater proficiency. May be taken four times for credit.
MVS 1111
Class Guitar, 1 semester hour, 15 lec. (Fall)
The study of basic techniques for the beginning and continuing student.

MVS 1201
Applied Music Secondary – Strings, 1 semester hour, 7.5 lab. (Offered as needed)
Private instruction: one half-hour private lesson per week. Minimum one hour daily practice. For non-music majors and music majors. Minimum of one hour daily practice is required. Course may be taken four (4) times for credit.

MVS 2016
Applied Strings – Guitar II, 1 semester hour, 7.5 lab. (Offered as needed)
Private instruction in guitar. Designed to equip the student for continuing study leading progressively to greater proficiency. May be taken four times for credit.

MVS 2027
Applied Strings – Guitar II, 1 semester hour, 7.5 lab. (Offered as needed)
Private instruction in guitar. Designed to equip the student for continuing study leading progressively to greater proficiency. May be taken four times for credit.

MVS 2202
Applied Music Secondary – Strings II, 1 semester hour, 7.5 lab. (Offered as needed)
Private instruction: one half-hour private lesson per week. Minimum one hour daily practice. For non-music majors and music majors. Minimum of one hour daily practice is required. Course may be taken four (4) times for credit.

MVV 1211
Applied Music – Voice I, 1 semester hour, 7.5 lab. (Offered as needed)
Private instruction in voice, as a secondary instrument, consisting of one half-hour session per week, with a minimum of one hour daily practice. Minimum of one hour daily practice is required. Course may be taken four times for credit.

MVV 2221
Applied Music – Voice II, 1 semester hour, 7.5 lab. (Offered as needed)
Private instruction in voice, as a secondary instrument, consisting of one half-hour lesson per week, with a minimum of one hour daily practice. Minimum of one hour daily practice is required. Course may be taken four (4) times for credit.

MVW 1201
Applied Music Secondary – Woodwinds, 1 semester hour, 7.5 lab. (Offered as needed)
Private instruction: one half-hour private lesson per week. Minimum one hour daily practice. For non-music majors and music majors. Minimum of one hour daily practice is required. Course may be taken four (4) times for credit.

MVW 2202
Applied Music Secondary – Woodwinds II, 1 semester hour, 7.5 lab. (Offered as needed)
Private instruction: one half-hour private lesson per week. Minimum one hour daily practice. For non-music majors and music majors. Minimum of one hour daily practice is required. Course may be taken four (4) times for credit. Prerequisite: MVW 1201.

PGY 1401C
Basic Photography, 2 semester hours, 25 lec., 30 lab. (Offered as needed)
An elective course for students of graphics/printing program, and others having vocational, avocational, hobby or fine arts interests in photography. Course content will cover fundamentals, basic principles, film processing/developing, picture composition, lighting, exposure, special techniques, and mounting of prints. Camera, enlarger, light meter, flood lights and other photographic equipment will be covered.

PGY 1420C*
Advanced Black & White Photography, 3 semester hours, 30 lec., 30 lab. (Fall, Spring, Summer)
This course covers an overview of composition and “impact” photography. Studio photography will be conducted as well as available light, solarization photography, and photo essay. All subject matter will be presented in a lecture format followed by student field activities and darkroom film processing and enlarging. Students must have their own 35 mm camera and supporting equipment.

PHI 2010
Humanities – Philosophy, 3 semester hours, 45 lec. (Offered as needed)
Central concepts of philosophy are developed, including a description of the main philosophical problems involved through ancient, medieval, and contemporary thought.

PHI 2600
Humanities Ethics, 3 semester hours, 45 lec. (Offered as needed)
Central concepts of Ethics are developed. Philosophical theories from Aristotelian-Thomism to Existentialism and Phenomenology are presented in moral argumentative form.

REL 2300
Humanities – Comparative Religion, 3 semester hours, 45 lec. (Offered as needed)
Principal religions of the world are compared and contrasted. Christianity is examined in its historical and contemporary forms.

THE 1905
Independent Study – Theatre, 1 semester hour (Offered as needed)
A defined independent study which is pursued under supervision of a faculty directing teacher and recorded through departmental procedures. Designed to permit a student to pursue nonscheduled academic and laboratory work which may be of a specialized or advanced nature and not available through classes or courses available on a college schedule. Departmental approval required. This course may be taken up to four (4) times for credit.

THE 2000
Humanities – Theatre, 3 semester hours, 45 lec. (Offered as needed)
An introduction to theatre and theatrical production. Topics span a wide range of interest – critical, historical, aesthetic and practical – intended to lay a foundation for further knowledge and skill of the theatre.

*Occupational course that may not be applied toward the A.A. Degree.
THE 2080
Amateur Theatre, 3 semester hours, 30 lec., 30 lab. (Offered as needed)
To establish a guideline for students of the theatre who may become active in community theatres; and for teachers in secondary schools who may be assigned the task to direct plays. This course is designed to find practical solutions to these contemporary producing groups. Prerequisites: THE 2000, TTP 2110 and TTP 2111.

THE 2071
Humanities – Cinema Appreciation, 3 semester hours, 45 lec. (Offered as needed)
An introduction to the origin, development, cultural aspects and analysis of cinema topics.

THE 2305
Dramatic Literature, 3 semester hours, 45 lec. (Offered as needed)
Survey of dramatic works from the Greeks to the 20th century, with emphasis on the plays of the 19th and 20th centuries; intensive investigation and script analysis with reports, lectures and discussions.

THE 2320
Introduction to Creative Dramatics, 3 semester hours, 15 lec., 60 lab. (Offered as needed)
An introduction to creative dramatics and children’s theatre. Topics span a wide range of interests: creative experience, children and theatre, workshop procedure, script selection, rehearsal and performance. Traveling to local elementary schools will be a part of the creative drama experience.

TPA 1200
Technical Theatre Lab I, 3 semester hours, 15 lec., 60 lab. (Offered as needed)
An introduction to technical theatre and scene technology. Topics include scene drawings, safety and health, stage facility, basic crafts, two and three dimensional scenery, scene painting, scene assembly, rigging, properties, special effects and shop organization.

TPA 2220
Technical Theatre Lab II, 3 semester hours, 15 lec., 60 lab. (Offered as needed)
An introduction to stage lighting. Topics include history of stage lighting, fundamentals of light and illumination, lighting control, and lighting practices.

TPA 2230
Introduction to Costuming Technology, 3 semester hours, 15 lec., 60 lab. (Offered as needed)
An introduction to costume techniques and wardrobe practices. Topics span a wide range: costume construction techniques, problems in costumes, costume history, construction styles, sewing machine practices, seam finishes, flat pattern layout and production techniques. This course is intended to develop practical experiences in theatre costumes.

TPP 1190
Rehearsal and Performance I, 3 semester hours, 15 lec., 60 lab. (Offered as needed)
An ensemble theatre performance experience open to any student who wishes to develop rehearsal and performance skills. Students must participate in scheduled rehearsals and performances. Prerequisite: Experience in high school or a desire to learn.

TPP 1191
Rehearsal and Performance II, 3 semester hours, 15 lec., 60 lab. (Offered as needed)
An ensemble theatre performance experience open to any student who wishes to develop rehearsal and performance skills. Students must participate in scheduled rehearsals and performances. Prerequisites: TPP 1190.

TPP 1192
Rehearsal and Performance III, 3 semester hours, 15 lec., 60 lab. (Offered as needed)
An ensemble theatre performance experience open to any student who wishes to develop rehearsal and performance skills. Students must participate in scheduled rehearsals and performances. Prerequisites: TPP 1191.

TPP 2110
Acting I, 3 semester hours, 30 lec., 30 lab. (Offered as needed)
Through in-class performance the student will develop an understanding and proficiency of those skills of movement, voice, and expression which are required of a theatrical performer.

TPP 2111
Acting II, 3 semester hours, 30 lec., 30 lab. (Offered as needed)
A continued refinement of basic acting techniques introduced in TPP 2110. Through in-class performance, the student develops an understanding and proficiency in styles of acting from classic through modern.

HUMANITIES, FINE & PERFORMING ARTS

Noncredit Courses (C.E.U.)

For information on Continuing Education Units, see page 70.

XXX 3614
Photography, 20 class hours, 2 c.e.u.’s (Offered as needed)
Fundamentals of photography. Exploratory experiences for the student having vocational, avocational, hobby or fine arts interest in photography. (A) Basic principles of photography, (B) film processing and developing techniques, (C) composition, lighting, mounting and special applications. May be repeated. Student should provide own camera.

MANUFACTURING & TECHNOLOGY

Credit Courses

ACR 1000*
Principles of Air Conditioning, 6 semester hours, 75 lec., 105 lab. (Offered as needed)
Beginning course in air conditioning and refrigeration with emphasis on basic fundamentals, safety, measuring tools, hand and power tools, soldering and brazing, blueprints, and basic mathematics.

*Occupational course that may not be applied toward the A.A. Degree.
ACR 1100*  
Electrical Theory for Air Conditioning, 6 semester hours, 75 lec., 105 lab. (Offered as needed)  
A study of alternating current, electrical theories and practices as they apply to air conditioning, study of Ohm’s law, basic and advanced circuitry, switches and controls.

ACR 2060*  
Air Conditioning, Heating and Refrigeration, 6 semester hours, 75 lec., 105 lab. (Offered as needed)  
A continuation of air conditioning and heating practices with special emphasis on heat/load calculations, duct sizing, and physchrometric properties of air.

ACR 2303*  
Electrical Controls for Air Conditioning and Refrigeration, 6 semester hours, 75 lec., 105 lab. (Offered as needed)  
A course designed to prepare the student to diagnose and correct malfunctioning which may occur in air conditioning and refrigeration units. Prerequisite: ACR 1100.

ACR 2600*  
Principles of Gas, Electrical, and Solar Heating, 6 semester hours, 75 lec., 105 lab. (Offered as needed)  
A course designed to prepare the student to acquire a working knowledge of gas, electrical, and solar heating systems. Prerequisites: ACR 1100.

ACR 2745*  
Commercial Refrigeration and Air Conditioning, 6 semester hours, 75 lec., 105 lab. (Offered as needed)  
A course designed to prepare the student to become familiar with commercial refrigeration and air conditioning systems, to properly size, install and/or service these systems and components. Prerequisites: ACR 1100.

ACR 2810*  
Environmental Control Systems for Buildings, 3 semester hours, 15 lec., 60 lab. (Offered as needed)  
A course designed to further prepare a trained/experienced serviceman in the concept, theory, installation, operation and troubleshooting of pneumatic and electronic automatic control systems to regulate pressure, temperature, humidity, or rate and volume of flow to establish and maintain the indoor environment of a building or structure.

AER 1120*  
Auto Suspension, Steering & Brakes, 6 semester hours, 30 lec., 150 lab. (Offered as needed)  
A course in the fundamentals of diagnosing and repairing automotive malfunctions in the area of suspension, steering, and brakes. Includes lecture, demonstration, practical application activities and performance tests.

AER 1142*  
Fuel, Lube and Cooling Systems, 6 semester hours, 30 lec., 150 lab. (Offered as needed)  
A course in the fundamentals of diagnosing and repairing automotive malfunctions in automotive fuel, lubrication, and cooling systems. Includes lectures, demonstrations, practice application activities, and performance testing.

AER 2103*  
Automotive Electrical Systems, 6 semester hours, 30 lec., 150 lab. (Offered as needed)  
A course in the fundamentals of diagnosing and repairing malfunctions to automotive electrical systems. Includes lecture, demonstration, practical application activities, and performance testing.

AER 2112*  
Automotive Engines, 6 semester hours, 30 lec., 150 lab. (Offered as needed)  
A course in the fundamentals of diagnostics and repairing automotive malfunctions in the area of automotive engines. Includes lecture, demonstrations, practical application activities, and performance testing.

AER 2131*  
Transmission, 6 semester hours, 30 lec., 150 lab. (Offered as needed)  
Study and practical experience covering the clutch, standard transmission, automatic transmission, drive line, and differential.

AER 2171*  
Automotive Air Conditioning, 6 semester hours, 75 lec., 105 lab. (Offered as needed)  
A course designed to prepare a student to diognose, service and repair automotive air conditioning systems.

AMT 1000*  
Aviation General, 4 semester hours, 60 lec. (Offered as needed)  
A course designed to prepare beginning students for careers in aviation mechanics, and/or help elective students broaden their knowledge and skills in this area. Covers all of the topics dealt with on the Aviation General portion of the FM licensing exam.

AMT 1140*  
Aircraft Welding, 3 semester hours, 15 lec., 45 lab. (Offered as needed)  
Shop safety precautions and procedures; practical and theoretical training in the use of oxyacetylene, arc, and Tig welding, in general aviation; training in the recognition of various materials for welding and in the selection of the proper welding materials and equipment for use in general aviation.

AMT 1811*  
Air Frame Mechanics I, 4 semester hours, 60 lec. (Offered as needed)  
A course to prepare aircraft frame mechanics for the airframe portion of the FM licensing examination. Covers such topics as: fabrics, finishes, wood members, and sheetmetal. F.A.R. 65.77 must be complied with before student will be permitted to take FM examination. Prerequisite: AMT 1000.

AMT 1812*  
Air Frame Mechanics II, 4 semester hours, 60 lec. (Offered as needed)  
A course to prepare aircraft frame mechanics for the airframe portion of the FM licensing examination. Covers such topics as: hydraulic systems for brakes, rigging for mechanical controls, electrical systems, weights and balance. F.A.R. 65.77 must be complied with before students will be permitted to take FM examination. Prerequisite: AMT 1000.

*Occupational course that may not be applied toward the A.A. Degree.
AMT 1821*
Air Power Plant Mechanics I, 4 semester hours, 60 lec. (Offered as needed)
A course to prepare aircraft power mechanics for the power plant portion of the FAA licensing examination. Covers such topics as: fuel systems, electrical systems, and engine repair/overhaul. F.A.R. 65.77 must be complied with before student will be permitted to take FAA examination. Prerequisite: AMT 1000.

AMT 1822*
Air Power Plant Mechanics II, 4 semester hours, 60 lec. (Offered as needed)
A course to prepare aircraft power mechanics for the power plant portion of the FM licensing examination. Covers such topics as: oil pressure, weights and balances, propellers, and a continuation of engine repair/overhaul. F.A.R. 65.77 must be complied with before student will be permitted to take FM examination. Prerequisite: AMT 1000.

ART 1282C*
Graphic Process, 4 semester hours, 30 lec., 60 lab. (Offered as needed)
Comprehensive overview and practical experience relating to fundamentals, techniques, procedures, and tools used in the preparation of copy for offset printing.

ART 1420C*
Lithography I, 4 semester hours, 30 lec., 60 lab. (Offered as needed)
This course will provide a comprehensive study of and practical experience in the area of process camera work, stripping techniques, proofing methods and offset platemaking.

ART 1421C*
Lithography II, 4 semester hours, 30 lec., 60 lab. (Offered as needed)
This course is a continuation of Lithography I, with more advanced techniques and processes included, such as: halftones, duotones, post-rationing, and the use of Color-Key for proofing. Prerequisite: ART 1420C.

ART 1480C*
Computer Art, 3 semester hours, 30 lec., 60 lab. (Offered as needed)
A basic course in how the computer can be adapted and used in the visual arts. Creative uses of the computer with various software and hardware will introduce the student to Fine Art and Graphic Arts applications using a color monitor, scanner, and printer.

ART 1481C*
Computer Graphic Design I, 4 semester hours, 30 lec., 60 lab. (Offered as needed)
Classroom and lab experiences pertaining to the uses and applications of a computer, scanner, and laser printer combination for "desktop publishing." The class will also cover various software programs to generate, compose, display, and edit images electronically.

ART 2462*
Computer Art II, 3 semester hours, 30 lec., 30 lab. (Offered as needed)
An advanced course in the use of the Macintosh Desktop computer for Graphic Design work and visual arts. Students will build upon their knowledge of computer use for the Arts and Graphic Design programs through creative projects using various software and hardware. Students will be using a color monitor, scanner, and printer. Prerequisites: GRA 1820C, ART 1480C, and GRA 1543C.

BCN 1230*
Building Construction Materials and Processes, 3 semester hours, 45 lec. (Offered as needed)
Course designed to introduce the student to terminology, methods, procedures, materials, and processes used in the construction industry.

BCN 1272*
Blueprint Reading for Commercial Construction, 3 semester hours, 45 lec. (Offered as needed)
A course to familiarize non-drafting students with techniques of blueprint reading and the fundamentals of construction methods that make blueprint reading meaningful.

BCN 1520*
Electrical Systems in Construction, 3 credits, 45 hours. (Offered as needed)
A course to familiarize students with electrical terminology, practices, methods, code requirements and safety and health in construction.

BCN 1567*
Plumbing and Gas Construction Practices, 3 credits, 45 hours (Offered as needed)
A course to familiarize students with Plumbing and Gas code requirements, terminology, methods, practices, processes and safety and health used in building construction.

BCN 1708*
Construction Documentation, 3 semester hours, 45 lec. (Offered as needed)
A course to familiarize a student with documents used in the Construction Industry to advertise for bids, contracts, change orders, extras, specification, insurance and bid bonds.

BCN 2475*
Structural Systems in Construction, 3 credits, 45 hours (Offered as needed)
A course to familiarize students with Structural terminology, practices, methods, code requirements and safety and health criteria in construction.

BCN 2650*
Mechanical Systems in Construction, 3 credits, 45 hours (Offered as needed)
A course to familiarize students with mechanical trades terminology, methods, practices, code requirements processes, and safety and health criteria in mechanical construction.

*Occupational course that may not be applied toward the A.A. Degree.
MANUFACTURING & TECHNOLOGY

BCN 2610*
Construction Estimating, 3 credits, 45 hours (Offered as needed)
A course in estimating as it relates to the construction industry. Material covered includes references, estimating methods, take-off organization and presentation, material take-off and cost estimating in heavy construction. Pre/corequisite: BCN 1272.

BCN 2721*
Construction Management Planning, 3 credit hours, 45 lec. (Offered as needed)
The course covers the development and organization of projects, preconstruction site investigation, planning, scheduling, estimating. The course will also include control of costs, operations and resources together with cost engineering, procurement, value engineering, quality assurance, safety and health in construction.

CET 1251*
Basic Computer Operation and Maintenance for Technology, 3 semester hours, 30 lec., 30 lab. (Offered as needed)
Basic course covering the operation of the IBM and IBM compatible personal computer. Topics covered include: fundamental DOS commands, basic computer maintenance covering hard and floppy disc drives, plug-in cards, cables, monitors, and printers. Information on upgrading techniques will cover memory upgrades, installation of disc drives and mother boards.

CET 1252*
Advanced Computer Operation and Maintenance for Technology, 3 semester hours, 30 lec., 30 lab. (Offered as needed)
Advanced course covering the operation, setup, configuration, and user maintenance of IBM-PC compatible computer systems. Topics covered include boot process, memory management, hardware and software interrupts, port addresses and viruses, conflict resolution for interrupts and port addresses and special topics on managing computer resources. Prerequisites: CET 1251 or equivalent.

CET 2114C*
Digital Fundamentals I, 5 semester hours, 30 lec., 135 lab. (Offered as needed)
Studies include coding, decoding, logic gates, DeMorgan’s Theorem, boolean algebra and Karnaugh Map simplification, logic families, flip-flops, counters, shift registers, ALU multiplexers, demultiplexers, PLA, A/D and D/A converters.

CET 2123C*
Microprocessor Fundamentals, 5 semester hours, 30 lec., 135 lab. (Offered as needed)
This course covers the architecture, instruction set, and programming of a common microprocessor. Subjects covered will include programming, input/output, and troubleshooting. The student will use logic and signature analysis in order to find instructor inserted faults. Assembly language programming and writing of algorithms will be introduced. Prerequisite: CET 2114C or equivalent.

CET 2152C*
Computer/Analysis & Troubleshooting, 5 semester hours, 30 lec., 135 lab. (Offered as needed)
This course will expand on the knowledge gained in Digital Technology II. Three units of instruction covering troubleshooting, input/output, and memories will be covered. A more advanced level of digital system troubleshooting will be introduced. Prerequisite: CET 2123C or equivalent.

CET 2311C*
Computer Assisted Circuit Analysis, 4 semester hours, 30 lec., 60 lab. (Offered as needed)
This course is designed to reinforce the student's knowledge of the laws, theorems, and concepts of electronics and their applications in network analysis. It also introduces BASIC language programming and the use of the computer in generating instantaneous, error free results. The time normally taken by laboratory work will be utilized in writing and testing BASIC language programs for circuit analysis. Prerequisite: EET 1015C and EET 1025C or equivalent.

EET 1003*
Electronics for Drafters, 3 semester hours, 30 lec., 30 lab. (Offered as needed)
An introductory course in electronics for drafters, designers, and beginning electronics technicians designed to provide a basic understanding of electronic principles, theories and concepts.

EET 1015C*
Basic Electricity/Electronics I, 5 semester hours, 30 lec., 135 lab. (Offered as needed)
The first course of the program introduces the electron theory, the theory, analysis, and troubleshooting of series, parallel and series parallel DC resistive circuits, network theorems, DC meters, magnetism, and electromagnetic induction. Laboratory safety is emphasized and extensive practice is given in the use of the VOM and electric voltmeter.

EET 1025C*
Electricity/Electronics II, 5 semester hours, 30 lec., 135 lab. (Offered as needed)
The second course introduces alternating current and the circuit properties of inductance and capacitance. Subjects covered are inductors, capacitors, the theory and analysis of resistance-inductance, resistance-capacitance, resistance-inductance-capacitance, and resonant circuits, filters and complex notation in alternating current circuits. Laboratory safety will continue to be emphasized and extensive practice given in use of the oscilloscope. Prerequisite: EGT 1015C or equivalent.

EET 1141C*
Devices and Circuits I, 5 semester hours, 30 lec., 135 lab. (Offered as needed)
Introduces semiconductor and PN junction theory. Circuits and devices covered are the junction diode, diode circuits, power supplies, bipolar junction transistor, transistor biasing, transistor circuits, and FETs. All circuits presented are built and tested in the laboratory. Prerequisite: EET 1025C or equivalent.

*Occupational course that may not be applied toward the A.A. Degree.
EET 1142C*
Devices and Circuits II, 5 semester hours, 30 lec., 135 lab. (Offered as needed)
Continue the study of devices and circuits to include thyristors, devices, the Op Amp, oscillators, voltage regu- lators, active filters, and differential amplifiers. Prerequisite: EET 1141C or equivalent.

EET 1606C*
Soldering/PC Board Techniques, 2 semester hours, 15 lec., 30 lab. (Offered as needed)
Courses teaches the knowledge and skills required in high reliability soldering. The student will work with and practice maintenance of quality soldering stations. Practice will be provided in non-destructive soldering and desoldering of discrete and integrated circuits using printed circuit cards.

EET 2215C*
Electronic Instrumentation, 5 semester hours, 30 lec., 135 lab. (Offered as needed)
This course covers the science of electronic measurements including terminology, errors, accuracy and tolerance, units, and standards. In addition, measurement methods and problems are covered. Test equipment theory, design, maintenance, are covered including DC meters, AC meters, analog, digital, strip recorders, AC and DC bridges, transducers oscilloscopes and probes, waveform generators and analyzers, fiber optic measurements, logic analyzers and complete instrumentation systems including ATE. Prerequisite: Completion of electronics core or equivalent.

EET 2322C*
Electronic Communications, 5 semester hours, 30 lec., 135 lab. (Offered as needed)
This course covers telecommunication technology to include modulation (amplitude, angle and pulse) single-sideband, AM and FM receivers, antennas, transmission lines, waveguides, the basic principles of laser communication and basic radar. Prerequisite: Completion of electronics core or equivalent.

EGS 1110C
Engineering Graphics, 3 semester hours, 30 lec., 30 lab. (Offered as needed)
Use of instruments, lettering practice; geometric construction; multiview projection and conventions, auxiliary views, section views, axonometric and oblique projections, rotation, patterns and development, and methods of reproduction. Prerequisite: ETD 1100 or equivalent: prerequisite only applies to Architectural Drafting and Design students.

EGS 1130C
Descriptive Geometry, 3 semester hours, 30 lec., 30 lab. (Offered as needed)
Basic principles of orthographic projection, auxiliary views and rotation as they apply to points, lines and planes in space; addition of coplanar and non-coplanar vectors; intersections and developments; and selected abstract, exponometric and oblique projection, and practical problems. Prerequisite: EGS 1110C or equivalent.

ETD 1100*
Introduction to Technical Drawing, 3 semester hours, 30 lec., 30 lab. (Offered as needed)
A course in the fundamental principles of the graphic language (the language of industry) and is developed for students without previous mechanical drawing experience. Topics include: use and care of instruments, lettering, geometric construction, multiview projection, sketching techniques, inking, and methods of reproduction.

ETD 1111*
Drafting I, 6 semester hours, 15 lec., 150 lab. (Offered as needed)
The first of a sequence of courses in drafting which includes basic use of instruments, freehand lettering, geometric construction, orthographic projection, sections and conventions, conventional revolutions, dimensioning, inking, mechanical lettering, and methods of reproduction. Prerequisite: ETD 1100 and ETD 1710 or equivalent.

ETD 1221*
Drafting II, 6 semester hours, 15 lec., 150 lab. (Offered as needed)
A course that continues and completes the student's study of the fundamentals intrinsic to all types of drafting. Topics covered include isometric, dimetric, trimetric, oblique, and perspective projection, auxiliary views, related mathematics, precision dimensioning and inking practices. Prerequisite: ETD 1111 or equivalent.

ETD 1310*
Intro. Computer Drafting, 3 semester hours, 30 lec., 30 lab. (Offered as needed)
A course designed to help drafting students develop knowledge and skills in the area of computer aided drafting. The course will include general background information on computer drafting theory as well as presentations on state-of-the-art computer drafting hardware. Prerequisite: ETD 1100 or EGS 1110C or equivalent, and CET 1251 or CGS 1060.

ETD 1311*
Computer/Systems Drafting, 3 semester hours, 30 lec., 30 lab. (Offered as needed)
A course designed to help students develop knowledge and skills in the areas of computer aided drafting and systems drafting. Topics covered include: computer aided drafting terminology; computer drafting hardware, software, and users; computer drafting hardware, software, and users; computer drafting applications; scissors drafting; reprographics; pin-registered overlay drafting; and team drafting. Prerequisite: ETD 1310 or equivalent.

ETD 1320*
Introduction to 3 Dimensional Modeling, 3 semester hours, 30 lec., 30 lab. (Offered as needed)
A basic course in mechanical design using basic computer geometry techniques. Topics will include: orthographic projections, space relationships of points, lines, planes and revolution of objects. Additional coverage will include principles of surface generation, intersections, wire modeling, and solid modeling techniques. Prerequisite: ETD 1311 or equivalent.
ETD 1614*
Electromechanical Drafting, 3 semester hours, 30 lec., 30 lab. (Offered as needed)
A course in the fundamentals of electronics drafting covering such topics as: using electronic symbols, schematic diagrams, connection diagrams, block and logic diagrams, WW board drawings, chassis drawings, and pictorial drawings. Prerequisite: ETD 1653 or equivalent.

ETD 1653*
PCB Drafting, 3 semester hours, 15 lec., 60 lab. (Offered as needed)
A course to teach students principles of printed circuit board design, layout, and tape-on. Topics covered include: schematics logic, single side boards, multilayer boards, art-masters, fabrication drawings, and silk screen masters. Prerequisite: ETD 1310 or equivalent.

ETD 1654*
Intermediate Printed Circuit Board Drafting, 3 semester hours, 15 lec., 60 lab. (Offered as needed)
A course to teach students principles of printed design and documentation through the use of a computer. Prerequisite: ETD 1653 or equivalent.

ETD 1700*
Drafting III, 6 semester hours, 15 lec., 150 lab. (Offered as needed)
A course in the fundamentals of Mechanical and Machine Drafting. Topics covered include: Geometric dimensioning and true positional tolerancing; threads, nuts, bolts, screws, gears, cams and springs, drafting standards, and preparation of working drawings. Prerequisite: ETD 1311, ETD 1221, and ETD 2218 or equivalent.

ETD 1710*
Basic Machine Drafting, 3 semester hours, 45 lec. (Offered as needed)
A course designed to help students develop the basic fundamentals of dimensioning and tolerancing. Topics include: dimensioning systems such as: metric, decimal, fractional-inch, foot and inch, tolerancing methods, limits and tolerances, tolerancing accumulation, dimensioning practices, and standards fits. Prerequisite: for Drafting and Design student course should be taken with ETD 1100.

ETD 1801*
Technical Illustration, 3 semester hours, 15 lec., 45 lab. (Offered as needed)
The purpose of this course is to help students develop the skills, knowledge, and attitudes necessary to be job entry-level qualified as technical illustrators. Prerequisite: ETD 1221 or EGS 1130C and ETD 1311 or equivalent.

ETD 2011*
Industrial Print Reading, 1 semester hour. (Offered as needed)
The beginning level aspects of reading industrial prints such as drawing notes, title blocks, revision blocks, legends, schedules, multiviews, and parts list.

ETD 2216*
Geometric Dimensioning & Tolerancing, 3 semester hours, 30 lec., 30 lab. (Offered as needed)
An introductory course in geometric dimensioning and tolerancing using the geometric method nationally accepted according to ASMEY14.5M. Topics covered include: definition and terms, symbols, datum referencing, locational tolerancing, form tolerancing, profile tolerancing, orientation and runout tolerancing, and math for positional tolerancing. Prerequisite: ETD 1710 or equivalent.

ETD 2219*
Advanced Geometric Dimensioning & Tolerancing, 3 semester hours, 30 lec., 30 lab. (Offered as needed)
An advanced course in geometric dimensioning and tolerancing using the geometric method nationally accepted according to ASMEY14.5M. Topics covered include: definitions and terms, symbols, datum referencing, locational tolerancing, form tolerancing, profile tolerancing, orientation and runout tolerancing, math for positional tolerancing, quality assurance methods and techniques, and manufacturing methods and techniques. Prerequisite: ETD 2218 or equivalent.

ETD 2281C*
Introduction to MicroStation, 3 semester hours, 30 lec., 30 lab. (Offered as needed)
A basic course in mechanical design using basic computer geometry techniques. Topics will include orthographic projections, space relationships of points, lines, planes and revolution of objects. Additional coverage will include principles of surface generation, intersections, wire modeling, and solid modeling techniques. Prerequisite: ETD 1100 or EGS 1110C or equivalent.

ETD 2351*
Advanced Computer/System Drafting, 3 semester hours, 30 lec., 30 lab. (Offered as needed)
An advanced course designed to help students develop proficiency in the area of computer aided drafting and systems drafting. Topics covered include: transfer drawings, digitized drawings, explanatory drawings, multiview projections, exploded assemblies, pictorial drawings, auxiliary views, sections, details, geometric dimensioning and tolerancing, and CADD concepts. Prerequisites: ETD 1311 or equivalent.

ETD 2355*
3D Modeling, 3 semester hours, 30 lec., 30 lab. (Fall, Spring)
An advanced course in mechanical design using advanced computer techniques. Contents will include: 3D concepts, wire modeling, surface generation techniques, and solid modeling techniques. Prerequisite: ETD 1320 or equivalent.

ETD 2356C*
MicroStation II, 3 semester hours, 30 lec., 30 lab. (Offered as needed)
A second course in mechanical design using basic and intermediate computer geometry techniques. Topics will include: Orthographic projections, space relationships of points, lines, planes and revolution of objects. Additional coverage will include principles of surface generation, intersections, wire modeling, and solid modeling techniques. Prerequisites: ETD 2281C or equivalent.
ETD 2534*  
Construction Drafting, 6 semester hours, 30 lec., 120 lab. (Offered as needed)  
A course to prepare students to develop shop drawings for large construction projects. Topics covered include: steel, precast concrete, prestressed concrete, poured-in-place concrete, and heavy timber construction projects. Prerequisites: EGS 1110C or ETD 1111 or equivalent.

ETD 2542*  
Structural Drafting, 3 semester hours, 15 lec., 60 lab. (Offered as needed)  
A course in the fundamentals of structural drafting including: an overview of structural drafting, prestressed concrete drafting, structural steel drafting, and poured-on-site concrete drafting. Prerequisite: EGS 1110C and TAR 2121C or equivalent.

ETD 2543C*  
Structural Drafting II, 3 semester hours, 15 lec., 60 lab. (Offered as needed)  
An advanced course in structural drafting covering prestressed concrete drafting, structural steel drafting, and poured-on-site concrete drafting for large commercial and industrial buildings as well as bridges, parking decks, towers, and stadiums. Prerequisite: ETD 2542 or equivalent.

ETD 2655*  
Advanced Printed Circuit Board Drafting, 3 semester hours, 15 lec., 60 lab. (Offered as needed)  
A course to teach students advanced principles of printed design and documentation through the use of a computer. Prerequisites: ETD 1654 or equivalent.

ETD 2705*  
Advanced Mechanical Drafting, 3 semester hours, 15 lec., 60 lab hours. (Offered as needed)  
An advanced course covering mechanical drafting, machine design, advanced dimensioning and tolerancing, and working drawings according to DOD and ASME standards. Prerequisites: ETD 1700, ETD 2219, or equivalent.

ETD 2801*  
Technical Illustration II, 3 semester hours, 30 lec., 30 lab. (Offered as needed)  
The purpose of this course is to help students develop advanced skills, knowledge, and attitudes necessary as technical illustrators, to include oblique, and axiometric projections, perspective and exploded pictorial drawings, and related techniques. Prerequisites: ETD 1801 and ETD 1311 or equivalent.

ETD 2905*  
Independent Study – Drafting, 1 semester hour (Fall, Spring, Summer)  
Practical treatment of special geometry, graphics, and design. Emphasis on individual work projects utilizing such graphical techniques as orthographic projection, perspective drawing, auxiliary views, topographic drawing, and graphing. Prerequisite: EGS 1110C or equivalent. This course may be taken up to four (4) times for credit.

ETG 1110*  
Electronics Computations, 4 semester hours, 60 lec. (Offered as needed)  
This course is designed to provide practical application of computations relating directly to electronics. It provides active, intensive application of basic mathematical theories and formulas to the analysis and solution of real world electronics problems. Prerequisite: MAT 1033 or equivalent.

ETG 1941*  
Internship I – Technical Education, 3 semester hours, 225 lab hours (Offered as needed)  
On-the-job training in the Associate of Science Degree or Associate of Science/Applied Science Option degree program in which the student is actively enrolled. The student works under a qualified supervisor on a job related to his/her degree program. The supervisor will rate the student's performance, knowledge, comprehension, dependability, initiative, cooperativeness, and total performance. A project paper or approved project will be submitted by the student two weeks prior to the end of the semester.

ETG 1942*  
Internship II – Technical Education, 3 semester hours, 225 lab hours (Offered as needed)  
On-the-job training in the Associate of Science Degree or Associate of Science/Applied Science Option degree program in which the student is actively enrolled. The student works under a qualified supervisor on a job related to his/her degree program. The supervisor will rate the student's performance, knowledge, comprehension, dependability, initiative, cooperativeness, and total performance. A project paper or approved project will be submitted by the student two weeks prior to the end of the semester.

ETG 1943*  
Internship III – Technical Education, 3 semester hours, 225 lab hours (Offered as needed)  
On-the-job training in the Associate of Science Degree or Associate of Science/Applied Science Option degree program in which the student is actively enrolled. The student works under a qualified supervisor on a job related to his/her degree program. The supervisor will rate the student's performance, knowledge, comprehension, dependability, initiative, cooperativeness, and total performance. A project paper or approved project will be submitted by the student two weeks prior to the end of the semester. On the job experience is built upon experiences gained through course ETG 1941.

*Occupational course that may not be applied toward the A.A. Degree.
ETG 1944*
Internship IV – Technical Education, 3 semester hours, 225 lab hours (Offered as needed)
On-the-job training in the Associate of Science Degree or Associate of Science/Applied Science Option degree program in which the student is actively enrolled. The student works under a qualified supervisor on a job related to his/her degree program. The supervisor will rate the student’s performance, knowledge, comprehension, dependability, initiative, cooperativeness, and total performance. A project paper or approved project will be submitted by the student two weeks prior to the end of the semester. On the job experience is built upon experiences gained through course ETG 1943.

ETG 2905*
Independent Study – Electronics, 1 semester hour (Fall, Spring, Summer)
Directed study and individual projects designed to meet the needs of students interested in a specialized area of electronics for which present course availability is limited. This course may be taken up to four (4) times for credit.

ETI 1411*
Advanced Manufacturing Processes, 3 semester hours, 45 lec. (Offered as needed)
This course presents the numeric and computer numeric control of various machining processes and the use of computer programming in the machine shop. Included are shop safety, program preparation, milling, drilling, subroutines, coordinate systems and other related topics.

ETI 2110*
Quality Tools I, 3 semester hours, 45 lec. (Offered as needed)
This is a comprehensive course designed to increase the student's knowledge and skill in all aspects of quality control. The course provides a variety of the basic skills that contribute to the outgoing quality in the mechanical trades. Included are quality functions, quality personnel, shop mathematics, understanding blueprints, measuring tools, their use and other related topics.

ETI 2111*
Quality Control II, 3 semester hours, 45 lec. (Offered as needed)
An introductory course which examines the principles and practices of Total Quality Management (TQM) in our changing society. Focuses on the concepts of quality, customer satisfaction, continuous improvement, leadership, and teamwork in all aspects of American enterprise. Emphasizes planning and the integration of people and processes into a leadership dynamic of change to a total quality culture.

ETI 2117*
Introduction to Total Quality, 6 semester hours, 90 lec. (Offered as needed)
This course covers the fundamentals of Total Quality including the following: quality culture, customer focus, employee empowerment, team building, decision making, problem solving, conflict management, quality tools, benchmarking, continuous improvement, quality function deployment, Statistical Process Control, Just-In-Time Manufacturing, and Implementing Total Quality.

ETI 2118*
Implementing Total Quality, 6 semester hours, 90 lec. (Offered as needed)
This course covers all 20 steps required to implement Total Quality in any type of organization. Emphasis is placed on specific requirements for implementation, the critical role of executive level leaders, and variation among organizations. Prerequisite: ETI 2112.

ETI 2906*
Tutorial-Industrial-Technical, 1 semester hour (Offered as needed)
A program which awards credit recognition to outstanding students who volunteer to assist or tutor other students having remedial and specific academic or laboratory needs in a designated subject. Student tutors are recommended by faculty teaching a designated course and are supervised through the Counseling Office.

ETI 2940*
Directed Work Study-Industrial-Technical, 1 semester hour, 45 lab. (Fall, Spring, Summer)
Directed experience in instructional, laboratory and/or materials assistance in a designated industrial-technical area. This course may be taken up to four (4) times for credit.

GRA 1530C*
Typography, 3 semester hours, 30 lec., 30 lab. (Offered as needed)
A comprehensive introduction, overview and practical application relating to the principles of design and the use of letter forms. Stresses the feeling and visual impact in the design and use of different lettering styles. Prerequisites: ART 1300C, ART 1201C or equivalent.

GRA 1301C*
Introduction to Copy Preparation, 4 semester hours, 30 lec., 50 lab. (Offered as needed)
Comprehensive overview and practical experiences relating to fundamentals, techniques, procedures and tools used in the preparation of copy for offset printing.

GRA 1543C*
Graphic/Commercial Design I, 3 semester hours, 30 lec., 30 lab. (Offered as needed)
A comprehensive introduction, overview and practical experience relating to the basic fundamentals, techniques, procedures, principles, and tools used in graphic/commercial art. Prerequisites: ART 1300C, ART 1201C or equivalent.

GRA 1571C*
Process Camera I, 4 semester hours, 30 lec., 60 lab. (Offered as needed)
This course will provide a comprehensive study of and practical experience in the areas of: process camera work, stripping techniques, proofing methods and offset platemaking.

*Occupational course that may not be applied toward the A.A. Degree.
GRA 1573C*
Process Camera II, 4 semester hours, 30 lec., 60 lab.
(Offered as needed)
This course is a continuation of Process Camera I, with advanced techniques and processes included, such as: halftone, duotones, and the use of Color-Key for proofing. Prerequisite: GRA 1571C or equivalent.

GRA 1601C*
Fake Color Assembly, 3 semester hours, 30 lec., 30 lab. (Offered as needed)
This course will provide comprehensive experience in the advanced film assembly technique of mechanical color separation, known as "Fake Color." Prerequisite: GRA 1571C, GRA 1573C or equivalent.

GRA 1636C*
Small Offset Press Operations, 4 semester hours, 30 lec., 60 lab. (Offered as needed)
Comprehensive study of, and practical experience on a small sheet-fed offset press. Course includes press make-ready, operation adjustments, and maintenance.

GRA 1820C*
Desktop Publishing I, 3 semester hours, 30 lec., 30 lab. (Offered as needed)
Publishing on a Macintosh desktop computer. This is a beginning level course designed to acquaint students with various software programs. Students will learn to produce flyers, ads, posters, newsletters, and other printed materials.

GRA 1821C*
Desktop Publishing II, 3 semester hours, 30 lec., 30 lab. (Offered as needed)
An advanced course in the use of the Macintosh desktop computer. This course will primarily focus on the use of the software program Pagemaker, along with a scanner in a more advanced application. Prerequisite: GRA 1820C.

GRA 1822C*
Desktop Publishing III, 3 semester hours, 30 lec., 30 lab. (Offered as needed)
This course is a continuation of Desktop Publishing II. Advanced Pagemaker techniques and processes will be covered using a Power Macintosh desktop computer. This is not a beginning level course and requires prior knowledge/experience with Adobe Pagemaker. Prerequisite: GRA 1821C.

GRA1900C*
Graphics on the Internet, 4 semester hours, 30 lec., 60 lab. (Offered as needed)
This is an introductory course about the Internet. The class will cover topics such as: telnet, E-mail, FTP, Gopher, WAIS, and World Wide Web. This course is taught from a graphics point-of-view using the Macintosh. Prerequisite: GRA 1820C or equivalent.

GRA 2000C*
Web Publishing I, 4 semester hours, 30 lec, 60 lab. (Offered as needed)
This course covers the designing, preparation, and the publishing of Home Pages using HTML for the World Wide Web on the Internet, using Netscape as the browser. This course is taught from a graphics point-of-view using a Macintosh. Prerequisite: GRA 1820C or equivalent.

GRA 2544C*
Graphic/Commercial Design II, 3 semester hours, 30 lec., 30 lab. (Offered as needed)
Comprehensive overview and practical experience relating to advanced procedures and specialized areas of interest in the graphic/commercial art field. Prerequisites: ART 1300C, ART 1201C or equivalent.

GRA 2547C*
Projects in Graphic Design, 3 semester hours, 30 lec., 30 lab. (Offered as needed)
Comprehensive introduction, overview and practical experience relating to the fundamentals and techniques of graphic/commercial art studio procedures, design and production. Prerequisites: ART 1300C, ART 1201C, GRA 1543C, GRA 2544C or equivalent.

GRA 2635C*
Offset Presswork I, 4 semester hours, 30 lec., 60 lab. (Offered as needed) This course provides practical experience of production printing done on a small offset press and the various finishing operations that a job might require before it is completed. Prerequisite: GRA 1636C or equivalent.

GRA 2800C*
Computer Graphics I, 4 semester hours, 30 lec., 60 lab. (Offered as needed)
This course provides instruction and practical exercises in the use of graphics software to create and generate color graphics to produce illustrations and charts on a Macintosh desktop publishing system. Prerequisites: GRA 1820C and GRA 1821C or equivalent.

GRA 2801C*
Computer Graphics II, 4 semester hours, 30 lec., 60 lab. (Offered as needed)
This course is a continuation of Computer Graphics I. Advanced Photoshop techniques and processes will be covered using a Power Macintosh desktop computer. This is not a beginning level course and requires prior knowledge/experience with Adobe Photoshop. Prerequisite: GRA 2800C.

GRA 2850C
Graphics Animation, 4 semester hour, 30 lec., 60 lab. (Offered as needed)
A graphics course in animation that brings a new dimension – movement – to the objects created in a 3D program. The rendered animations will be saved as Macintosh Quicktime movies. This is not a beginning level course and requires prior experience with programs like Adobe Photoshop, Adobe Illustrator, and a 3D program. Prerequisite: GRA 2800C or equivalent.

GRA 2875C
Advanced Graphic Projects, 4 semester hour, 30 lec., 60 lab. (Offered as needed)
This course is designed for the advanced graphics student. The student will call upon skills/knowledge previously gained in other courses and software programs to produce several major projects. This course will be considered a capstone in the progression of learning and is not a beginning level course. Prerequisite: GRA 2800C or equivalent.

*Occupational course that may not be applied toward the A.A. Degree
GRA 2905*
Independent Study – Graphics/Printing, 1 semester hour, 45 lab. (Offered as needed)
Practical treatment of graphics/printing technology within the field of offset printing. Emphasis on individual work projects utilizing such areas as copy preparation, darkroom work, film assembly and platemaking, press operation, and bindery operation. This course may be taken up to four (4) times for credit.

GRA 2949*
Directed Work Study – Graphics/Printing, 1 semester hour, 45 lab. (Offered as needed)
Directed experience in instructional, laboratory and/or materials assistance in a designed graphics/printing area. This course may be taken up to four (4) times for credit.

PMT 1106*
Welding I, 3 semester hours, 15 lec., 45 lab. (Offered as needed)
An introduction course including an overview of welding as an occupation, welding terminology, fundamentals of shielded metal arc welding, and oxyacetylene welding and cutting. Practical experience will be gained in shielded metal arc welding and oxyacetylene welding and cutting.

PMT 1111*
Oxy-Fuel Welding, 6 semester hours, 30 lec., 150 lab. (Offered as needed)
A course in the fundamentals of gas welding including: welding terminology, oxyacetylene welding and cutting procedures. Practical experience will be gained in oxyacetylene welding of various joints configurations in the flat, horizontal, vertical and overhead positions. Extensive use of the oxyacetylene cutting process is an integral aspect of this course.

PMT 1112*
Advanced Oxy-Fuel Welding, 6 semester hours, 30 lec., 150 lab. (Offered as needed)
An advanced gas welding and cutting course including: fusion welding in all positions, braze welding, cutting torch operation, gas welding of aluminum, stainless, stainless steel and cast measuring principles will be covered.

PMT 1121*
Arc Welding I, 6 semester hours, 30 lec., 150 lab. (Offered as needed)
A course in the fundamentals of arc welding including: the operation and set up of the arc welding machine, selection and identification of electrode classifications, and an overview of the steel making process. Practical experience will be gained in arc welding of basic joint configurations using a variety of welding electrodes.

PMT 1131*
Tig Welding, 6 semester hours, 30 lec., 150 lab. (Offered as needed)
A course in the fundamentals of Tig welding including: the set up and adjustment of the Tig welding machine, selection of proper tungsten electrodes, selection of filler metals, and the use of various shielding gases. Practical experience will be gained in Tig welding basic welded joints on stainless and mild carbon steel, aluminum sheet and casting, and magnesium castings.

PMT 1157*
Specialty Welding, 6 semester hours, 30 lec., 150 lab. (Offered as needed)
This course is for students in their final semester of the AS, AAS option and the Occupational Certificate welding programs. This course will cover the fundamentals of mig welding, lay-out work, fabrication, and repair type welding. The student will have the opportunity to fine tune their gas, arc, tig, and oxyacetylene cutting skills before entering the job market. This course will also cover job seeking techniques such as: application forms, resume writing, and interview procedures.

PMT 1161*
Pipe Welding, 6 semester hours, 30 lec., 150 lab. (Offered as needed)
A course in the fundamentals of pipe welding including: pipe welding terminology, oxyacetylene welding and brazing of small diameter pipe, shielded metal arc welding of large diameter pipe. Extensive use of the oxyacetylene cutting process for pipe beveling is an integral aspect of this course.

PMT 1175*
Pipe Fitting, 6 semester hours, 30 lec., 150 lab. (Offered as needed)
A course covering the fit-up and welding of all common pipe configurations such as: branches, laterals, headers, reducers and orange peel pipe caps. Extensive use of the shielded metal arc welding and the oxyacetylene cutting processes are an integral aspect of this course.

PMT 2122*
Arc Welding II, 6 semester hours, 30 lec., 150 lab. (Offered as needed)
An advanced arc welding course including: intensive coverage of welding symbols and blueprint reading, weld testing and inspection. Practical experience will be gained in out of position welding using a variety of arc welding electrodes.

PMT 2405*
Production Technology, 3 semester hours, 45 lec. (Offered as needed)
Production Technology examines the new manufacturing technology that has resulted from the concepts of automation and integration in manufacturing. Some of the topics covered include: automated assembly, CAD/CAM, numerical control, industrial robots, lasers, flexible manufacturing, computer integrated manufacturing, and other related technologies.

SUR 2100C*
Surveying, 3 semester hours, 15 lec., 60 lab. (Fall, Spring)
Measurement of distances; elevations and angles; analysis of errors; adjustments of instruments; computation of positions, areas and volumes; contours; establishing grades; topographic mapping and land surveying. Prerequisite: MTB 1321, MAC 1141 or equivalent.

*Occupational course that may not be applied toward the A.A. Degree.
SUR 2140C*
Surveying II, 3 semester hours, 15 lec., 60 lab. (Fall, Spring)
This course covers advanced surveying concepts. Topics will include: measurement of distances, elevations and angles, analysis of errors, and adjustment of instruments. Additional coverage will include computation of positions, areas and volumes; contours, determining grades; topographic mapping and land surveying. Prerequisite: SUR 2100C or equivalent.

TAR 2121C
Architectural Drafting, 3 semester hours, 15 lec., 60 lab. (Fall, Spring)
Architectural design and development of residential and light commercial buildings to include: development and construction of good architectural freehand lettering, VA and FHA approved residential house plans, "Good Sense" house plans as defined in the Arkansas Plan, and heat loss/heat gain calculations. Prerequisite: EGS 1110C or ET 1111 and BCN 1230 or equivalent.

MANUFACTURING & TECHNOLOGY

Noncredit Courses (C.E.U.)

For information on Continuing Education Units, see page 70.

ACR 0949
Air Conditioning and Heating: Apprentice, 60 class hours, 6 c.e.u.'s (Fall, Spring) 24 class hours, 2.4 c.e.u.'s (Summer)
Related theory and classroom work for air conditioning and heating, apprentice training. Instruction in mathematics, blueprint reading, method of construction, safety, use of building materials, and other technical subjects.

PMT 0184
Welder Qualification, 15 class hours, 3 lec., 12 lab., 1.5 c.e.u.'s (Offered as needed)
A course covering an overview of welder qualifications (certification) and its importance to industry. Various welding codes will be introduced, such as: AWS, ASME, API, and Military Specifications (Mil. Specs.). The student will select one welding code on which he or she will be tested and will perform a practical welding qualification test to be evaluated by a Certified Welding Inspector Instructor. To qualify, the student's weldment must meet or exceed the test requirements specified by the selected welding code.

PUR 0920
FPRA Exam Review, noncredit, 24 lecture hours. (Offered as needed)
A review of basic knowledge required for satisfactory completion of the Florida Public Relations Association Exam.

*Occupational course that may not be applied toward the A.A. Degree.

XXX 7600
Auto Mechanics for the Layman, 20 class hours, 2 c.e.u.'s (Fall)
A course designed to prepare drivers to handle simple problems relating to the automobile, including the performance of simple maintenance. (Self-Supporting)

XXX 7602
Introduction to Auto Mechanics, 20 class hours, 2 c.e.u.'s (Offered as needed)
A course designed to make the student aware of the auto mechanics field by learning about the basic operation and the various systems of the automobile. Students will be taught to handle simple problems relating to the operation, maintenance and performance of the automobile.

XXX 7603
Occupational Orientation, 8-45 class hours, .08-4.5 c.e.u.'s (Offered as needed)
A course in which the student will receive an orientation to the world of work and will acquire skills in choosing an occupation, applying for a job, and maintaining and progressing in an occupation.

XXX 7706
Home Industries (Offered as needed)
A course designed to prepare individuals for the manufacturing of goods in the home to be sold—training in the construction of handicraft items such as leather goods, ceramics, lapidary, woodworking, engraving, drawing, silk screen, and weaving. (Hours vary as to type of offering).

XXX 7708
Contractor Exam Preparation, 60 class hours, 6 c.e.u.'s (Offered as needed)
The purpose of this course is to prepare experienced contractors to pass the exam for contractor's certification. Topics covered include math review; working drawings; specifications; estimations and take-offs; business regulations, tax laws, building codes, and safety regulations; building materials; and accounting and cost keeping.

XXX 7715
Electrical Wiring: Apprentice, 60 class hours, 6 c.e.u.'s (Fall, Spring) 24 class hours, 2.4 c.e.u.'s (Summer)
Related theory and classroom work for electrical apprenticeship training. Training in the installation of wiring systems and lighting fixtures in a building, including layout conduits, installing switch panels, pulling wire, splicing, testing circuits, line construction and performing other duties and jobs required of an electrician.

XXX 7732
Carpentry: Apprentice, 60 class hours, 6 c.e.u.'s (Fall, Spring) 24 class hours, 2.4 c.e.u.'s (Summer)
Related theory and classroom work for carpentry, apprentice training. Instruction in mathematics, blueprint reading, method of construction, safety, use of building materials, and other technical subjects.
XXX 7734
Plumbing and Pipefitting: Apprentice, 60 class hours, 6 c.e.u.'s (Fall, Spring), 24 class hours, 2.4 c.e.u.'s (Summer)
Related theory and classroom work for plumbing and pipefitting, apprentice training. Instruction in mathematics, blueprint reading, method of construction, safety, use of building materials, and other technical subjects.

XXX 7735
Sheetmetal: Apprentice, 60 class hours, 6 c.e.u.'s (Fall, Spring), 24 class hours, 2.4 c.e.u.'s (Summer)
Related theory and classroom work for sheetmetal apprentice training. Instruction in mathematics, blueprint reading, method of construction, safety, use of building materials, and other technical subjects.

XXX 7774
Introduction to Computer Drafting, noncredit, 5 lec., 20 lab. hours. (Offered as needed)
A course designed to help drafting students update their skills in the area of computer aided drafting. The course will include general background information on computer drafting theory as well as hands-on experience on computer drafting hardware.

XXX 7843
Communication System, 45 class hours, 4.5 c.e.u.'s (Offered as needed)
Communication systems and the factors affecting the design, operation and maintenance of receiving and transmission equipment. AC/DC theory, antennas, transistors, microwaves, oscillators and amplifiers are covered. Preparation for F.C.C. radio/telephone license examination.

XXX 7981
Water Treatment Operator, 165 class hours, 16.5 c.e.u.'s (Offered as needed)
Study of water treatment. This course will cover the operation of a water treatment plant and related mathematics, biology, chemistry, records, and reports used in the operation of a water treatment facility. This course is preparation for the state "B" level water plant operator certification. Prerequisite: Consent of instructor.

XXX 7982
Beginning Wastewater Operator I, 142 class hours, 14.2 c.e.u.'s (Offered as needed)
An introductory study of the field of wastewater treatment. This course will cover the operation of a wastewater plant and the related mathematics, biology, chemistry, laboratory records and reports used in the operation of a wastewater facility. This course is preparation of the State "B" level wastewater operator.

---

MATH 1102
Introductory College Algebra, 3 semester hours, 45 lec. (Fall, Spring, Summer)
Includes extended factorization techniques; higher order radicals and roots, in-depth study of quadratic equations and inequalities, solutions of systems of linear equations including use of determinants; study of functions and relations, logarithms and exponential functions, their properties and uses, graphs of linear and quadratic functions; the complex number system, absolute value equations and inequalities and an emphasis on word problems. Prerequisites: Completion of MAT 0025 with a "C" or better, appropriate test scores, or equivalent. Scientific calculators will be required.

MATH 1114
Trigonometry, 3 semester hours, 45 lec. (Fall, Spring, Summer)
Typical modern trigonometry course. Prerequisite: MAC 1140 with a grade of "C" or better, or equivalent. Graphing Calculators are required.

MATH 1140
Pre-Calculus Algebra, 3 semester hours, 45 lec. (Fall, Spring, Summer)
First course in a three-course pre-calculus sequence. Covers equations and inequalities; linear, quadratic, logarithmic and exponential functions and relations; systems of equations, matrices and determinants; mathematical proof techniques, including mathematical induction. Binomial theorem, sequences and series; and applications of algebraic techniques in the real world. Scientific-type calculators are used in logarithmic and exponential work. Prerequisite: Completion of MAC 1102 with a grade of "C" or better, or equivalent. Graphing calculators will be required.

MATH 1154
Analytic Geometry, 3 semester hours, 45 lec. (Offered as needed)
Typical modern analytic geometry course in two-and three-dimensional space. Prerequisite: Completion of MAC 1140 and MAC 1114 with a grade of C or better or equivalent.

MATH 2311
Calculus I, 4 semester hours, 60 lec. (Fall, Spring, Summer)
First course in a three-course sequence. Covers limits and continuity, rules of differentiation, the chain rule, derivatives of trigonometric functions, applications of derivatives to curve sketching, and maxima/minima problems, the mean value theorem and L'Hopital's rules, the definite and indefinite integrals and the fundamental Theorem of Integral Calculus, area, volume, hydrostatic force, center of mass and other applications of integrals. Prerequisite: Completion of MAC 1140 and MAC 1114 with a grade of "C" or better, or equivalent. Graphing Calculators are required.
MAC 2312
Calculus II, 4 semester hours, 60 lec. (Fall, Spring, Summer)
Second course in a three-course sequence. Inverse trigonometric functions; natural logarithms and exponential functions; methods of integration including integration by parts, trigonometric substitution, and partial fractions; conic sections with rotation of coordinates; hyperbolic functions; graphing an area in polar coordinates; infinite sequences and series; tests for absolute and conditional convergence of series; power series. Prerequisite: Completion of MAC 2311 with a grade of "C" or equivalent. Graphing Calculators are required.

MAC 2313
Calculus III, 4 semester hours, 60 lec. (Fall, Spring, Summer)
Third course in a three-course sequence. Vectors and vector functions; dot product, cross product, curvature, and motion in space; quadric surfaces; functions of two or more variables, partial derivatives, gradients, directional derivatives, tangent lines and planes, and application partial derivatives to maxima/minima; Lagrange multipliers, Taylor's formula; multiple integrals in rectangular, cylindrical, and spherical coordinates, and their applications; line integrals; Green's theorem, surface area, the divergence theorem and Stokes's theorem. Prerequisite: Completion of MAC 2312 with a grade of "C" or better, or equivalent. Graphing Calculators are required.

MAC 2223
Calculus for Business, 3 semester hours, 45 lec. (Offered as needed)
A calculus course covering limits, continuity, differentiation, and integration with emphasis on business applications. There is some mathematical theory but, in general, topics are approached from an intuitive and applied point of view. Prerequisite: Grade of "C" or better in MAC 1140 or equivalent. Graphing calculators are required.

MAP 2302
Differential Equations, 3 semester hours, 45 lec. (Fall, Spring)
An introduction to ordinary differential equations with emphasis on first and second order linear equations and applications. Prerequisite: Either completion of MAC 1413 with a "C" or better or completion of MAC 1412 with a "C" or better and concurrent enrollment in MAC 1413. Equivalent courses from other institutions may be used to meet the prerequisite.

MAS 2103
Linear Algebra, 3 semester hours, 45 lec. (Fall, Spring)
Designed for mathematics and engineering majors. Prerequisite: MAC 1411 with a grade of "C" or better, or equivalent. Graphing Calculators are required.

MAT 0002A*
Developmental Arithmetic, 2 semester hour, 30 lec. (Fall, Spring, Summer)
This course is designed for students whose entry level placement test scores may not meet requirements for degree credit. (By State Board of Education Rules, students are limited to three registrations in this course.) It is designed to reinforce knowledge of operations with fractions, decimals, percents and signed numbers with applications. May be repeated by students not fulfilling competency requirements. Not applicable toward the associate degree.

MAT 0024*
College Preparatory Algebra, Level I, 3 semester hours, 45 lec. (Offered as needed)
This course is designed for students whose entry level placement test scores do not meet requirements for degree credit (does not meet graduation requirements). Course may be repeated by students not fulfilling competency requirements. (By State Board of Education Rules, students are limited to three registrations in this course). Topics include operations with real number properties, linear equations and inequalities and factorization.

MAT 0025*
College Preparatory Algebra, Level II, 3 semester hours, 45 lec. (Offered as needed)
An intermediate algebra course that includes the following: sets, equations, inequalities, absolute values, factorization, rational expressions, radicals, exponents, graphing, and quadratic equations. Prerequisite: Completion of MAT 0024 with a grade of "C" or better, or equivalent.

MAT 1930
Special Topics in Mathematics, 2 semester hours, 30 lec. (Offered Summer only)
Through an intensive individualized instructional program, this course will upgrade basic academic skills of incoming student to promote their successful completion of college degree programs.

MAT 2905
Tutorial-Mathematics, 1 semester hour, 30 lab. (Fall, Spring, Summer)
An experience in individual depth study in which one student prepares for and engages in tutoring another for two class periods per week. Prerequisite: Completion of course in which tutoring is given with a grade of "B" or better, or equivalent.

MGF 2118
Math Preparation for CLAST, 1 semester hour, 15 lec. (Fall, Spring, Summer)
A short course dealing with mathematical skills needed for successful completion of coursework in a variety of disciplines. Prerequisite: Completion of a general education mathematics course.

---

*College preparatory credits may not be counted toward fulfilling the number of credits required for a degree.
MGF 2202
Finite Mathematics, 3 semester hours, 45 lec. (Fall, Spring, Summer)
This course is designed to provide the essential mathematical skills necessary for a student entering his/her junior year of college. It includes arithmetic, geometry and measurement algebra, statistics (including probability), logical reasoning, and computing technology. Prerequisite: Completion of MAC 1102 or higher mathematics course with a grade of "C" or better, or equivalent.

MTB 1321*
Technical Math I, 3 semester hours, 45 lec. (Offered as needed)
This course will include solving linear equations, factoring polynomials, graphing functions, solving quadratic equations, solving right triangles and oblique triangles, using vectors to solve problems in science and technology and solving word problems from technical fields. It will meet general education requirements for AS and AOS programs. Prerequisite: MAT 0024 with a C or better or satisfactory test scores.

MTB 1322*
Technical Math II, 3 semester hours, 45 lec. (Offered as needed)
This course will include solving systems of equations, finding roots of higher degree equations, solving exponential and logarithmic equations, sketching the graphs of sine and cosine functions, solving trig equations, computation with complex numbers, graphing lines and graphing parabolas. It will meet general education requirements for AS degree programs. Prerequisite: MTB 1321 with a C or better.

STA 2014
Statistics, 3 semester hours, 45 lec. (Fall, Spring, Summer)
A course designed to provide general understanding and operational use of statistical techniques. Prerequisite: MAC 1102 Introduction to College Algebra with the minimum grade of "C."

PUBLIC SAFETY

Credit Courses

CCJ 1000
Introduction to Criminology, 3 semester hours, 45 lec. (Spring)
A study of the nature and causes of crime and delinquency; the development of delinquent and criminal behavior; specific behavioral problems of addicts, compulsive and habitual offenders and juvenile offenders.

CCJ 1020
Introduction to Criminal Justice, 3 semester hours, 45 lec. (Fall, Spring, Summer)
An introduction to the philosophical and historical background of law enforcement and the administration of criminal justice. Organization and jurisdiction of local, state, and federal law enforcement agencies. Court and Criminal procedures. Career opportunities in Criminal Justice field.

CCJ 1121
Crime Prevention, 3 semester hours, 45 lec. (Offered as needed)
A course in crime prevention as it exists today in America. Study includes residential, personal and commercial crime prevention and it includes crime prevention resources, crime analysis and current legal implications. Designed primarily for in-service law enforcement officers but will not be limited to such personnel.

CCJ 1192
Crisis Intervention, 3 semester hours, 45 lec. (Offered as needed)
A study of the nature and causes of human stress in crisis situations involving criminal justice practitioners to include law enforcement, judicial and correctional personnel: definitions, recognition and assessment, general calming techniques, intervention: safety, abnormal behavior and suicide, role playing, causes of psychological and physiological stress agents inherent in the duties of criminal justice practitioners and countermeasures to anxiety and stress reduction. Permission of the instructor needed.

CCJ 1210
Criminal Law, 3 semester hours, 45 lec. (Fall, Spring, Summer)
Fundamentals of Criminal Law to include historical background and development, jurisdiction, the criminal act and responsibility. Classification and analysis of Florida Statutes.

CCJ 1230
Criminal Procedure, 3 semester hours, 45 lec. (Fall, Spring, Summer)

CCJ 1310*
Discipline and Special Confinement Techniques, 3 semester hours, 45 lec. (Offered as needed)
The student is introduced to the essentials of discipline and special confinement techniques necessary for the corrections profession. The topics to be introduced include physical operation, physical force, recognizing abnormal behavior, verbal and nonverbal communications.

CCJ 1400
Police Organization and Administration, 3 semester hours, 45 lec. (Offered as needed)
Principles of organization and administration in law enforcement; fundamentals of police planning: budget analysis, recruitment, training and assignments; disciplinary problems and methods of control; cooperation with other agencies; public relations; records and inspection.

*Occupational course that may not be applied toward the A.A. Degree.
CCJ 1500
Juvenile Delinquency, 3 semester hours, 45 lec.
(Offered as needed)
A study of the nature and cause of juvenile delinquency, the development of the delinquent and criminal behavior, specific criminal justice subsystem (law enforcement, judicial, corrections) problems dealing with juvenile delinquents from initial contact through final disposition and treatment.

CCJ 1611
Child Abuse and Neglect, 3 semester hours, 45 lec.
(Offered as needed)
This course was designed to provide the student with an enhanced awareness of child abuse symptoms and patterns, including information and case studies on specific abuse and social problems.

CCJ 1650*
Introduction to Narcotics Investigation, 3 semester hours, 45 lec. (Offered as needed)
This introductory course in narcotics investigation and identification is designed to provide the student with an overview of narcotics and the role of the investigative agencies, drug traffic flow patterns, major classes of drugs and the drug profit traffic. Instruction will cover techniques of investigative observation, patrol and case development, physical identification of drugs, symptoms of abuse, methods of abuse and appropriate Florida Statutes. This is also a Criminal Justice Standards and Training Commission advanced course.

CCJ 1935
Criminal Justice Seminar, 3 semester hours, 45 lec.
(Offered as needed)
Exploration, development and discussion of contemporary problems in the Criminal Justice System.

CCJ 1941*
Internship – Criminal Justice, 3 semester hours, 225 hrs. (Offered as needed)
On-the-job training in the Associate of Science/Applied Science Option program in which the student is enrolled. The student is under the supervision at work of a qualified supervisor. The supervisor will rate the student's performance, knowledge, comprehension, dependability, initiative, cooperativeness, and total performance. A project paper or approved project will be submitted by the student three weeks prior to the close of the semester. May be repeated four times for a total of 12 semester hours. Prerequisite: Must be enrolled in at least one other course in the respective degree program.

CCJ 2070
Computer Applications in Criminal Justice, 3 semester hours, 45 lec. (Offered as needed)
Computer Applications in Criminal Justice introduces the participants to the use of the computer in Criminal Justice applications. The participant will be introduced to prepackaged software and the process used to modify the package to criminal justice usage. This will include an electronic filing system designed to store, review and update data which can be manipulated into printed reports for daily and periodic usage.

CCJ 2200
Courts and the Judicial Process, 3 semester hours, 45 lec. (Offered as needed)
This course is designed to teach the student the major structures and basic legal concepts of the American criminal court system. The students learn the components, personnel, and inherent social issues in our present criminal court system.

CCJ 2300
Introduction to Corrections, 3 semester hours, 45 lec. (Fall)
Theories of punishment and incarceration; the organization of correction programs and institutions, principles of probation and parole, role of parole and probation officers, legal implications; problems of rehabilitation.

CCJ 2330
Intro. Probation & Parole, 3 semester hours, 45 lec. (Offered as needed)
This course reviews the theories and practices of probation and parole within a community setting. The study of probation and parole as it is used as a behavioral modification process is considered.

CCJ 2680*
Domestic Intervention, 3 semester hours, 45 lec. (Offered as needed)
This course is a part of the Criminal Justice Standards and Training Commission Approved Training Program. This course is designed to provide the officer with an enhanced awareness of domestic intervention symptoms and techniques, including information and case studies on specific domestic and social problems. Prerequisites: Basic Recruit Training Course.

CCJ 2681*
Introduction to Domestic Intervention, 1 semester hour, 15 lec. (Offered as needed)
This is an introductory course dealing with domestic issues, including violence. It is designed to provide the student with an enhanced awareness of domestic intervention symptoms and techniques, including information and case studies in specific domestic and social problems.

CCJ 2682
Introduction to Workplace Violence Awareness, 1 semester hour, 15 lec. (Offered as needed)
A general overview of the growing problem of violence in the workplace, what managers/supervisors need to be aware of when dealing with potential violent employees as well as what steps they can take to protect not only themselves but other employees.

CCJ 2905
Independent Study – Criminal Justice, 1 semester hour, 45 lab. (Fall, Spring)
Directed study and individual projects to meet the student's interests in a specialized area of Criminal Justice for which present course availability is limited.

*Occupational course that may not be applied toward the A.A. Degree.
CJD 1200
Law Officer Skills, 4 semester hours, 60 lec. (Offered as needed)
A skills development course designed to upgrade the auxiliary and/or in-service police officer in the areas of driver improvement, arrest techniques, stress reduction, medical emergencies and use of firearms. A Florida Standards Salary Incentive course.

CJD 1250*
Interviews and Interrogations, 3 semester hours, 45 lec. (Offered as needed)
An advanced course designed to cover the techniques, methods, principles, and issues of interviewing and interrogations. Course meets Florida Police Standards Salary Incentive Requirements.

CJD 1253*
Defensive Tactics, 5 semester hours, 60 lec., 20 lab. (Offered as needed)
This course is designed to qualify students and especially in-service law enforcement and correctional officers in the art of defensive tactics and self-defense; to include the legal aspects of the use of force; pre-conditioning, defense and injury protection, defenses to unarmed attack, defenses against armed attacks, and the ratios and laws and techniques relating to the use of force. This is an advanced course under rules of the Florida Criminal Justice Standards and Training Commission.

CJD 1420
Correctional Law, 3 semester hours, 45 lec. (Offered as needed)
A course in practical law for correctional personnel. Study includes law regulating use of forces, civil rights of prisoners, constitutional law, legal service, disciplinary proceedings, parole, and current case law.

CJD 1450*
Introduction to Basic Corrections, 3 semester hours, 45 lec. (Offered as needed)
This course is designed to introduce the participant to basic corrections law and its role within the criminal justice system, based on established standards of the Department of Law Enforcement and the Criminal Justice Standards and Training Commission. Prerequisites: Students must be sponsored by a state or local correctional agency and earn minimum entry level placement scores required for college level English communications courses.

CJD 1460*
Correctional Operations, 3 semester hours, 45 lec. (Offered as needed)
Responsibilities, powers, and duties of the correctional officer, correctional administration; physical security; facility services intake, classification and release procedures; special programs; human skills; understanding and responding to inmate behavior and correctional proficiency skills.

CJD 1462*
Basic Correctional Techniques, 3 semester hours, 45 lec. (Offered as needed)
This course is designed to provide the participant with the various techniques used in a correctional facility when dealing with communication, emergency procedures and inmate control, based on established requirements of the Florida Department of Law Enforcement and Criminal Justice Standards and Training Commission.

CJD 1468*
Youthful Offenders, 3 semester hours, 45 lec. (Offered as needed)
A course designed to provide the student with an overview and awareness of Florida youthful offender programs to include; facilities and specialized programs, staff-inmate relations, one-way/two-way communications and effective communications and effective communication skills, positive characteristics for staff working with youthful offenders; the helping relationship inventory, local treatment programs, opportunities and alternatives, treatment problem solving and other techniques relating to youthful offenders.

CJD 1501*
Criminal Justice Instructor Techniques, 5 semester hours, 60 lec., 20 lab. (Offered as needed)
A basic course in instrumental principles designed to equip the law enforcement specialist with techniques of classroom and field training methods.

CJD 1602*
Drug Awareness, 3 credits, 45 lec. (Offered as needed)
This course is a part of the Criminal Justice Standards and Training Commission approved Advanced Training Program. It is designed to familiarize students with common drug abuse terms, classes of drugs, pharmacological information relating to commonly used and abused chemicals and their effects, an overview on use patterns and characteristics of drug abusers, how to troubleshoot and deal with problems that develop among abusers and effective presentation skills.

CJD 1610*
Criminal Investigative Techniques, 3 semester hours, 34 lec. (Offered as needed)
A course designed to provide the student with instruction in Florida investigative concepts and techniques, use of evidence and related matters.

CJD 1615*
Police Radar Operator, 3 semester hours, 45 lec. (Offered as needed)
This course is sanctioned by the Florida Police Standards and Training Commission and meets requirements of Chapter 943.14/10(a), Florida Statutes. It is designed to equip law enforcement officers with the basic knowledge and skills needed for proper operation of radar speed measurement devices.
CJD 1617*
Basic Laser Certification, 3 semester hours, 45 lec., 45 lab. (Offered as needed)
This course is designed to qualify students and especially in-service law enforcement officers in the use, principles, and overviews of using a Laser Speed Measurement Device. It will include instruction on the relationships of speed offenses and motor vehicle crashes, the principles of laser based speed measurements, as well as courtroom testimony, case law, and a classroom practicum. Prerequisite: Certified Law Enforcement Officer.

CJD 1618*
Radar to Laser Operations, 1 semester hours, 15 lec., 15 lab. (Offered as needed)
This is a course for radar certified law enforcement officers in the use, principles, and overviews of a Laser Speed Measurement Device. It will include instruction on the relationships of speed offenses and motor vehicle crashes, the principles of laser based speed measurements, as well as courtroom testimony, case law, and classroom practice. Prerequisite: CJD 1615 Police Radar Operator or equivalent.

CJD 1621*
Officer Survival Techniques, 2 semester hours, 30 lec. (Offered as needed)
This course is part of the Criminal Justice Standards and Training Commission specialized Training Program. It is designed to prepare law enforcement officers for police operations involving street survival techniques and procedures to include (but not limited to) firearms training, hostage situations, raids, individual survival techniques, special survival exercises.

CJD 1625*
Special Tactical Problems for Law Enforcement, 3 semester hours, 45 lec. (Offered as needed)
This course is a part of the Criminal Justice Standards and Training Commission Advanced Training Program. It is designed to prepare law enforcement officers for police operations which involve special tactical situations and will include; importance of physical well-being in the Criminal Justice setting, an overview of Florida local disaster procedures, civil disorder patterns, special task force unit operations, special crime areas and practical exercises.

CJD 1631*
Florida Police Operations and Leadership, 5 semester hours, 80 lec. (Offered as needed)
A course designed to provide the student with instruction in Florida patrol techniques, criminal investigations, civil and criminal liability matters, discretion/decision making and related matters.

CJD 1680*
Florida Criminal Law, 5 semester hours, 80 lec. (Offered as needed)
A course designed to provide the student with an overview of criminal law, laws of arrest, rules of evidence, etc. concerning Florida law.

CJD 1700*
Criminal Justice Legal I, 3 semester hours, 45 lec. (Offered as needed)
Criminal Justice Legal I provides an introductory overview of the Criminal Justice System and a history of law. The foundation and basic components of law are studied with specific focus upon officer application. Court procedure and testimony are examined. Objectives are addressed as specified by the Criminal Justice Standards Training Commission.

CJD 1701*
Criminal Justice Legal II, 3 semester hours, 45 lec. (Offered as needed)
Constitutional Law and its application to the public and officers are examined. Law – including evidence procedures, arrest laws, search and seizure, and various statutory laws that are common to Police and Correctional officers – are studied. Emphasis is given to elements of various crimes. Various civil law applications are covered. Civil and criminal liability of officers is studied. Objectives are addressed as specified by the Criminal Justice Standards and Training commission.

CJD 1702*
Criminal Justice Communications, 3 semester hours, 45 lec. (Offered as needed)
The report-writing process – from the interview, statement taking, and note-taking, through the final report product – is covered with practical exercises included. The differences between interviewing and interrogation are explored. Interpersonal skills in communication are covered along with radio and telephone procedures. Objectives are addressed as specified by the Criminal Justice Standards and Training Commission.

CJD 1703*
Criminal Justice Interpersonal Skills I, 3 semester hours, 45 lec. (Offered as needed)
Community relations techniques and courtesy are addressed with emphasis given to crime prevention. The needs of various groups within society are addressed including: juveniles, the elderly, ethnic and cultural groups, the mentally ill and retarded, the physically handicapped, and substance abusers. Intervention techniques for various situations including: suicide, domestic violence, and other crises are studied, with practical exercises. Stress recognition and reduction are included. Objectives are addressed as specified by the Criminal Justice Standards and Training Commission.

CJD 1704*
Criminal Justice Defensive Tactics, 4 semester hours, 45 lec., 30 lab. (Offered as needed)
Instruction includes the techniques used for an officer's personal safety and those necessary to subdue, search, and then transport resisting individuals. The use of restraining devices, impact weapons, and pressure points are covered. Objectives are addressed as specified by the Criminal Justice Standards and Training Commission.

---

*Occupational course that may not be applied toward the A.A. Degree.
CJD 1705A*  
Criminal Justice Weapons, 3 semester hours, 30 lec., 30 lab. (Offered as needed)  
Criminal Justice Weapons includes instruction in the use of officer firearms including handguns and shotguns. Safety procedures and ammunition use are covered in lecture. Instruction includes the use of chemical agents, with practical exercises included. Objectives are addressed as specified by the Criminal Justice Standards and Training Commission.

CJD 1706*  
Independent Study – Criminal Justice Legal I, 1 semester hour (Offered as needed)  
This course allows for the bridging between noncredit and credit Criminal Justice Legal I. An independent study focusing on an overview of the criminal justice system and a history of law.

CJD 1707*  
Independent Study – Criminal Justice Legal II, 1 semester hour (Offered as needed)  
This course allows for the bridging between noncredit and credit Criminal Justice Legal III. An independent study focusing on constitutional law and its application to the public and law enforcement officers.

CJD 1708*  
Independent Study – Criminal Justice Communications, 1 semester hour (Offered as needed)  
This course allows for the bridging between noncredit and credit Criminal Justice Communications. An independent study focusing on the report writing process – from the interview statement taking, and note-taking, through the final report.

CJD 1709*  
Independent Study – Interpersonal Skills I, 1 semester hour (Offered as needed)  
This course allows for the bridging between noncredit and credit Interpersonal Skills I. An independent study focusing on community relations techniques and courtesy with emphasis given to crime prevention.

CJD 1721*  
Law Enforcement Patrol, 3 semester hours, 45 lec. (Offered as needed)  
Law Enforcement Patrol addresses the skills and techniques that are needed by officers daily to do patrol tactics and respond to various types of calls. Methods of approach to various high-risk situations are explored, with practical exercises included. Unusual occurrence events, including fire-fighting and crowd control are addressed. Objectives are addressed as specified by the Criminal Justice Standards and Training Commission.

CJD 1722*  
Law Enforcement Traffic, 3 semester hours, 5 lec. (Offered as needed)  
Law Enforcement Traffic studies traffic enforcement and control, with the inclusion of DUl offenses and enforcement. Traffic accident investigation, scene management, and reporting procedures are studied. Objectives are addressed as specified by the Criminal Justice Standards and Training Commission.

CJD 1723*  
Law Enforcement Vehicle Operation, 3 semester hours, 30 lec., 15 lab. (Offered as needed)  
The components of the police driving environment are explored, and practical exercises on the driving range are conducted. Objectives are addressed as specified by the Criminal Justice Standards and Training Commission.

CJD 1724*  
Law Enforcement Investigations, 4 semester hours, 60 lec. (Offered as needed)  
Law Enforcement Investigations addresses investigation of various crimes, including property crimes, persons crimes, narcotics offenses, vice, organized crime, terrorist activity, bombing incidents, and death investigations. Techniques are developed from the initial observation methods through the processing of the crime scene and case preparation. Florida's computer network is studied as an information source. Objectives are addressed as specified by the Criminal Justice Standards and Training Commission.

CJD 1726*  
Independent Study – Law Enforcement Legal III, 1 semester hour (Offered as needed)  
This course allows for the bridging between noncredit and credit Law Enforcement Legal III. An independent study focusing on various criminal laws and their elements. Emphasis is placed upon those laws specific to law enforcement.

CJD 1727*  
Independent Study – Law Enforcement Patrol, 1 semester hour (Offered as needed)  
This course allows for the bridging between noncredit and credit Law Enforcement Patrol. An independent study focusing on the skills and techniques that are needed by officers daily to do patrol tactics and respond to various types of calls.

CJD 1728*  
Independent Study – Law Enforcement Traffic, 1 semester hour (Offered as needed)  
This course allows for the bridging between noncredit and credit Law Enforcement Traffic. An independent study focusing on traffic enforcement and control, with the inclusion of DUl offenses and enforcement.

CJD 1729*  
Independent Study – Law Enforcement Investigating, 1 semester hour (Offered as needed)  
This course allows for the bridging between noncredit and credit Law Enforcement Investigation. An independent study focusing on investigation of various crimes, including property crimes, persons crimes, narcotics offenses, vice, organized crime, terrorist activity, bombing incidents, and death investigation.

CJD 1740*  
Criminal Justice Interpersonal Skills II, 3 semester hours, 45 lec. (Offered as needed)  
The interpersonal skills needed by officers to understand the incarcerated society are explored, with emphasis upon supervision methods. Inmate adjustment and the various segments of the society are studied. The course includes the study of homosexuality, female inmates, deception and manipulation by inmates, and institutional criminalities. Objectives are addressed as specified by the Criminal Justice Standards and Training Commission.
CJD 1741*
Correctional Emergency Preparedness, 2 semester hours, 30 lec. (Offered as needed)
Skills needed for riot and disturbance control and firefighting are studied and practiced. Lecture includes methods of riot prevention, handling of unusual occurrences, what to do if taken hostage, and emergency procedures. Objectives are addressed as specified by the Criminal Justice Standards and Training Commission.

CJD 1742*
Correctional Operations, 4 semester hours, 60 lec. (Offered as needed)
The operation of correctional facilities is studied – including the intake of new inmates, all aspects of their daily care, institutional procedures, and techniques utilized by officers to do daily tasks. Objectives are addressed as specified by the Criminal Justice Standards and Training Commission.

CJD 1746*
Independent Study – Interpersonal Skills II, 1 semester hour (Offered as needed)
This course allows for the bridging between noncredit and credit Interpersonal Skills. An independent study focusing on interpersonal skills needed by officers to understand the incarcerated society are explored, with emphasis upon supervision methods. Objectives are addressed as specified by the Criminal Justice Standards and Training Commission.

CJD 1748*
Independent Study – Correctional Operations, 1 semester hour (Offered as needed)
This course allows for the bridging between noncredit and credit. An independent study focusing on the operation of correctional facilities – including the intake of new inmates, all aspects of their daily care, institutional procedures, and techniques utilized by officers to do daily tasks. Objectives are addressed as specified by the Criminal Justice Standards and Training Commission.

CJD 1930
Human Diversity Workshop, 2 semester hours, 30 lec. (Offered as needed)
This course is designed to enhance the participant’s awareness of their own cultural rules and predispositions and how these cultural influences come into play in common interactions with others. This awareness is used to develop the participants understanding of issues related to human diversity: gender, race, ethnicity, etc. The program also presents basic skills and knowledge related to interacting with diverse individuals and groups.

CJD 2254*
First Responder for Law Enforcement, 3 semester hours, 45 lec. (Offered as needed)
This course is designed primarily to qualify in-service law enforcement and correctional officers in the area of first responder to medical emergencies to include: introduction to first responder training, overview of the human body, diagnostic signs of patient examination, airway care & pulmonary resuscitation, cardiopulmonary resuscitation, shock, bleeding, primary patient care and injuries.

CJD 2310*
Criminal Justice Supervision, 5 semester hours, 80 lec. (Offered as needed)
A career development course for full time police officers designed to train the line supervisor.

CJD 2320*
Criminal Justice Management, 5 credits, 80 lec. (Offered as needed)
An advanced course designed to train criminal justice supervisors in the techniques and procedures necessary for middle managers.

CJD 2330*
Behavioral Climate for Criminal Justice, 3 semester hours, 45 lec. (Offered as needed)
This is an advanced course in the Florida Criminal Justice Standards and Training Commission program. It is designed for law enforcement, corrections, and correctional probation and parole officers and includes instructions in the factors that affect the behavioral climate of organizations, various periods of management philosophy, definitions of the job role and theory of cognitive dissonance, and techniques of motivation, communication and discipline.

CJD 2461*
Advanced Correctional Operations, 3 semester hours, 45 lec. (Offered as needed)
An advanced course in correctional operations for in-service Florida Correctional Officers designed to increase skills in correctional agency organization and mission, records and reports, legal applications to correctional operations, correctional facility security, intake/classification/release procedures, fire safety and discipline procedures, introduction to supervision and release and bonding procedures. This is course number 59 in the series approved by the Florida Criminal Justice Standards and Training Commission Advanced Courses.

CJD 2467
Counseling and Communications Skills, 3 semester hours, 45 lec. (Offered as needed)
Designed to give the participant an understanding of the fundamentals of counseling and communication skills needed by state correctional officers.

CJD 2470*
Emergency Preparedness for Correctional, 3 semester hours, 45 lec. (Offered as needed)
This course is designed to qualify in-service correctional officers and correctional support personnel in the area of emergency preparedness, to include: emergency plans, specifics on disturbances and disorder planning, hostage plans and situations, factors affecting emergency planning and management and leadership.

*Occupational course that may not be applied toward the A.A. Degree.
CJD 2603*
Sex Crimes, 3 semester hours, 45 lec. (Offered as needed)
This course is designed to provide the student with the knowledge and expertise to effectively deal with various sex offenders. It deals with the magnitude of the problem, investigation and physical evidence. It also addresses victim considerations and legal aspects through court presentation. Prerequisite: Certified Law Enforcement or Corrections Officer.

CJD 2605
Traffic Homicide Investigation, 3 semester hours, 45 lec. (Offered as needed)
Course content covers traffic homicide investigation skills to include reconstruction, meets Florida Justice Standards and training certification requirements for career development.

CJD 2626*
Hostage Negotiations for Criminal Justice, 3 semester hours, 45 lec. (Offered as needed)
This course is designed to qualify in-service law enforcement and correctional officers and support personnel in the area of hostage negotiations, to include; introduction to the problem, types of hostage negotiations principles, communications principles, intelligence gathering, abnormal behavior and participant performance exercises.

CJD 2630*
Firearms Instructor, 2 semester hours, 15 lec./30 lab (Offered as needed)
This course is designed to provide the student with knowledge and expertise to instruct untrained students in the proper use of firearms, range safety, and weapon maintenance. The student shall also be instructed in legal aspects and range management. Prerequisite: CJD 1501 Instructor Techniques or equivalent.

CJD 2632*
Field Training Officer Techniques, 3 semester hours, 45 lec. (Offered as needed)
Designed to introduce the criminal justice student (law enforcement and corrections) to all aspects of field training and evaluation programs to include adult learning and instruction, evaluation, role responsibilities, and characteristics of the Field Training Officer (F.T.O.) communications techniques, counseling techniques, legal and ethical issues and human motivation. This is course number 51 in the series approved by the Florida Criminal Justice Standards and Training Commission Advanced Courses.

CJD 2670*
Confidential Informants, 3 semester hours, 45 lec. (Offered as needed)
This course is designed for in-service law enforcement, correctional officers and support personnel to qualify them in the area of development of confidential informants and other sources of information, to include; definition and management of an informant program, legal aspects of dealing with informants, and the development of other sources of investigative information.

CJD 2681*
Court Case Preparation and Court Presentation, 3 semester hours, 45 lec. (Offered as needed)
Fundamentals of criminal case preparation and court presentation for the law enforcement and/or correctional officer to include case files, pre-trial discovery, depositions, plea bargaining, court testimony, moot court, post adjudication responsibilities, case studies and a practical exercise. This is course number 20 in the series approved by the Florida Criminal Justice Standards and Training Commission Advanced Courses.

CJD 2691*
Stress Awareness and Resolution, 3 semester hours, 45 lec. (Offered as needed)
A course designed to provide the student with an overview and awareness of stress and its resolution, to include: identification of various types of stress, the results of stress, psychological methods of controlling stress, case study analysis, and spouse awareness and involvement. This is course number 50 in the series approved by the Florida Criminal Justice Standards and Training Commission Advanced Courses.

CJD 2720*
Law Enforcement Legal III, 3 semester hours, 45 lec. (Offered as needed)
Various criminal laws and their elements are studied. Emphasis is placed upon those laws specific to police application. Traffic and driver's license laws are studied. Legal considerations of officer vehicle operation are addressed as specified by the Criminal Justice Standards and Training Commission.

CJT 1120
Crime Scene Procedures, 3 semester hours, 45 lec. (Offered as needed)
Course emphasizes preliminary investigation techniques, crime scene protection, recording, processing, collection and preservation of evidence, fingerprint technology and legal aspects of evidence.

CJT 1230*
Chemical Tests for Intoxication, 3 semester hours, 45 lec. (Offered as needed)
Background and history of alcohol on motor coordination; operation and maintenance of breathalizer equipment; court testimony; legal aspects of laws governing DUI. Required course for state certification.

CJT 1310
Basic Firearms, 1 semester hour, 30 lab. (Offered as needed)
A basic orientation course in the use of firearms. Range and weapons safety and legal provisions on use of weapons will be taught. Students will fire for record on standard 25 yard Bullseye course. Restricted to students enrolled in Criminal Justice degree programs.

*Occupational course that may not be applied toward the A.A. Degree.
CJT 2100
Criminal Investigation, 3 semester hours, 45 lec. (Offered as needed)
Fundamentals of investigation; duties and responsibilities of the detective's interrogation techniques; search and techniques of protecting the crime scene; collection and preservation of evidence; modus operandi systems; scientific aids and other sources of information; court preparation and case followup.

CJT 2140
Introduction to Criminalistics, 3 semester hours, 45 lec. (Fall, Spring)
The scientific aspects of investigation and crime scene technology, crime laboratory functions, ballistics, dactyloscopy and latent print development, scientific methods of criminal identification.

CJT 2220*
Law Enforcement Photography, 3 semester hours, 45 lec. (Offered as needed)
A basic course in police photography techniques to include photographic principles, illumination, composition, identification, fingerprint, crime scene, traffic accident, courtroom technician darkroom and film processing, enlarging, printing and field application. By permission of instructor. Prerequisite: CJT 2100 or XXX 6851 or CJT 2340.

CJT 2340
Police Operations, 3 semester hours, 45 lec. (Fall, Spring)
Responsibilities, powers, and duties of the uniformed patrolman; patrol techniques and procedures; field interrogation and note-taking; mechanics of arrest and search; handling of the mentally ill; transportation of prisoners; elements of property protection; fundamentals of community relations; mob and riot control, traffic enforcement programs and techniques.

CJT 2350*
Writing and Reviewing Reports, 3 semester hours, 45 lec. (Offered as needed)
Designed to give students a broad understanding of writing and reviewing criminal justice reports. Specifically designed for correctional and law enforcement officers.

CJT 2410
Traffic, 3 semester hours, 45 lec. (Offered as needed)
A basic course in traffic fundamentals to include enforcement of the State of Florida Uniform Traffic Law, accident investigation techniques and control and regulation of traffic. Safe driving techniques will also be covered.

CJT 2430
Traffic Accident Investigation, 3 semester hours, 45 lec. (Offered as needed)
Traffic law and arrest procedures, traffic accident reports, accident reconstruction, traffic accident investigation, homicide and hit-and-run investigation, interviews and interrogation.

FFP 1000*
Introduction to Fire Science, 3 semester hours, 45 lec. (Offered as needed)
A study of the phenomena and incidents of fire; the principles of fire prevention, suppression, and protection; a review of municipal fire protection ratings and components; survey of professional fire protection career opportunities.

FFP 1100*
Fire Protection, Organization and Administration, 3 semester hours, 45 lec. (Fall, Summer)
Principles of organization and administration in fire protection service; the structure and function of battalion and company as components of municipal organizations; duties and responsibilities of the company officer; a study of company personnel management and training, budgeting, records, reports, and public relations.

FFP 2200*
Fundamentals of Fire Prevention, 3 semester hours, 45 lec. (Fall, Spring)
Fire prevention organization; techniques of fire prevention interpretation and application of fire code; recognition and elimination of fire hazards, fundamentals of public relations for fire services.

FFP 2240*
Arson Detection and Investigation, 3 semester hours, 45 lec. (Offered as needed)
An introduction to arson laws and types of incendiary fires. Students learn methods of determining fire cause, recognizing and preserving evidence, etc. Prerequisite: Sophomore standing in Fire Science Technology or employed Firefighter, or equivalent.

FFP 2300*
Fire Codes and Building Construction, 3 semester hours, 45 lec. (Spring, Summer)
A study of fire codes and standards used in building and transportation; role of the State Fire Marshall; fixed fire protection devices; survey of research and standards development. Prerequisite: Introduction to Fire Science.

FFP 2410*
Fire Fighting Tactics and Strategy I, 3 semester hours, 45 lec. (Fall, Spring)
A study of the basic concepts involved in fire fighting; including fire behavior; fire fighting fundamentals; principles of extinguishment; the proper role for utilization of various fire companies; preplanning fire problems. Prerequisite: Introduction to Fire Science.

FFP 2420*
Fire Fighting Tactics and Strategy II, 3 semester hours (Spring, Summer)
A study of the principles utilized on fire ground for maximum manpower and equipment utilization; fire ground administration starting with a small fire, on up through major conflagrations, emphasis will be on developing thinking skills in relation to crisis. Prerequisite: FFP 2410.

FFP 2500*
Explosives and Hazardous Material I, 3 semester hours, 45 lec. (Offered as needed)
Storage, handling laws, standards, and fire fighting practices pertaining to hazardous solids, liquids, gases, and commercial explosives.

*Occupational course that may not be applied toward the A.A. Degree.
FFP 2501*
Explosives and Hazardous Material II, 3 semester hours, 45 lec. (Offered as needed)
Prepares student to deal with explosive hazardous materials to include; identification, storage, handling, laws, standards and fire fighting practices relating to hazardous solids, liquids, gases, and commercial explosives; hazardous team operations, safety practices, incident command at chemical incidents; scene operations and control techniques.

FFP 2500*
Fire Apparatus, 3 semester hours, 45 lec. (Fall, Spring) (Offered as needed)
Principles and operation of ladder trucks, pumping engines, and other specialized equipment. Includes study of basic hydraulics.

FFP 2520*
Automatic Alarm and Extinguishing Systems, 3 semester hours, 45 lec. (Spring, Summer)
A study of the types of fixed extinguishing systems, standard and special fire alarm and fire detection systems. Includes their operation, installation requirements, testing, inspection, maintenance.

FFP 2540*
Fire Service Hydraulics, 3 semester hours, 30 lec., 30 lab. (Offered as needed)
A study of the physical laws relating to hydrostatics (fluids at rest) and hydrokinetics (fluids in motion). This course also provides practical experience in performing fire flow tests, pump performance tests and in calculating friction loss in various size hose. Prerequisite: FFP 1100.

PUBLIC SAFETY

Noncredit Courses (C.E.U.)

For information on Continuing Education Units, see page 70.

CJD 0621
Traffic Homicide Investigation, 40 class hours, 30 lec., 10 lab., 4 c.e.u.'s (Offered as needed)
This course meets Florida Criminal Justice Standards and Training Certification requirements for career development. Course content covers traffic homicide investigation skills to include reconstruction, forensic science, law and arrest procedures, homicide report writing.

CJD 0693
Police Intervention, 45 class hours, 4.5 c.e.u.'s (Offered as needed)
A study of the nature and causes of human stress in crisis situations involving criminal justice practitioners to include law enforcement, judicial and corrections personnel; definitions, recognition and assessment, general calming techniques, intervention; safety, abnormal behavior and suicide, role playing, causes of psychological and physiological stress agents inherent in the duties of criminal justice practitioners, and countermeasures to anxiety and stress reduction.

CJD 0700
Criminal Justice Legal I, noncredit, 45 lec. (Offered as needed)
Criminal Justice Legal I provides an introductory overview of the Criminal Justice System and a history of law. The foundation and basic components of law are studied with specific focus upon officer application. Court procedure and testimony are examined. Objectives are addressed as specified by the Criminal Justice Standards Training Commission.

CJD 0701
Criminal Justice Legal II, noncredit, 45 lec. (Offered as needed)
Constitutional Law and its application to the public and officers are examined. Law – including evidence procedures, arrest laws, search and seizure, and various statutory laws that are common to Police and Correctional officers – are studied. Emphasis is given to elements of various crimes. Various civil law applications are covered. Civil and criminal liability of officers is studied. Objectives are addressed as specified by the Criminal Justice Standards and Training Commission.

CJD 0702
Criminal Justice Communications, noncredit, 45 lec. (Offered as needed)
The report-writing process – from the interview, statement taking, and note-taking, through the final report product – is covered with practical exercises included. The differences between interviewing and interrogation are explored. Interpersonal skills in communication are covered along with radio and telephone procedures. Objectives are addressed as specified by the Criminal Justice Standards and Training Commission.

CJD 0703
Criminal Justice Interpersonal Skills I, noncredit, 45 lec. hours (Offered as needed)
Community relations techniques and courtesy are addressed with emphasis given to crime prevention. The needs of various groups within society are addressed including: juveniles, the elderly, ethnic and cultural groups, the mentally ill and retarded, the physically handicapped, and substance abusers. Intervention techniques for various situations including: suicide, domestic violence, and other crises are studied, with practical exercises. Stress recognition and reduction are included. Objectives are addressed as specified by the Criminal Justice Standards and Training Commission.

CJD 0704
Criminal Justice Defensive Tactics, noncredit, 75 lec. hours (Offered as needed)
Instruction includes the techniques used for an officer's personal safety and those necessary to subdue, search, and then transport resisting individuals. The use of restraining devices, impact weapons, and pressure points are covered. Objectives are addressed as specified by the Criminal Justice Standards and Training Commission.

*Occupational course that may not be applied toward the A.A. Degree.
CJD 0705
Criminal Justice Weapons, noncredit, 45 lec. hours
(Offered as needed)
Criminal Justice Weapons includes instruction in the use of officer firearms including handguns and shotguns. Safety procedures and ammunition use are covered in lecture. Instruction includes the use of chemical agents, with practical exercises included. Objectives are addressed as specified by the Criminal Justice Standards and Training Commission.

CJD 0720
Law Enforcement Legal III, noncredit, 45 lec. hours
(Offered as needed)
Various criminal laws and their elements are studied. Emphasis is placed upon those laws specific to police application. Traffic and driver's license laws are studied. Legal considerations of officer vehicle operation are addressed as specified by the Criminal Justice Standards and Training Commission.

CJD 0721
Law Enforcement Patrol, noncredit, 45 lec. hours
(Offered as needed)
Law Enforcement Patrol addresses the skills and techniques that are needed by officers daily to do patrol tactics and respond to various types of calls. Methods of approach to various high-risk situations are explored, with practical exercises included. Unusual occurrence events, including fire-fighting and crowd control are addressed. Objectives are addressed as specified by the Criminal Justice Standards and Training Commission.

CJD 0722
Law Enforcement Traffic, noncredit, 5 lec. hours
(Offered as needed)
Law Enforcement Traffic studies traffic enforcement and control, with the inclusion of DUI offenses and enforcement. Traffic accident investigation, scene management, and reporting procedures are studied. Objectives are addressed as specified by the Criminal Justice Standards and Training Commission.

CJD 0723
Law Enforcement Vehicle Operation, noncredit, 30 lec., 15 lab. (Offered as needed)
The components of the police driving environment are explored, and practical exercises on the driving range are conducted. Objectives are addressed as specified by the Criminal Justice Standards and Training Commission.

CJD 0724
Law Enforcement Investigations, noncredit, 60 lec. hours (Offered as needed)
Law Enforcement Investigations addresses investigation of various crimes, including property crimes, persons crimes, narcotics offenses, vice, organized crime, terrorist activity, bombing incidents, and death investigations. Techniques are developed from the initial observation methods through the processing of the crime scene and case preparation. Florida's computer network is studied as an information source. Objectives are addressed as specified by the Criminal Justice Standards and Training Commission.

CJD 0740
Criminal Justice Interpersonal Skills II, noncredit, 45 lec. hours (Offered as needed)
The interpersonal skills needed by officers to understand the incarcerated society are explored, with emphasis upon supervision methods. Inmate adjustment and the various segments of the society are studied. The course includes the study of homosexuality, female inmates, deception and manipulation by inmates, and institutional criminalities. Objectives are addressed as specified by the Criminal Justice Standards and Training Commission.

CJD 0741
Correctional Emergency Preparedness, noncredit, 30 lec. hours (Offered as needed)
Skills needed for riot and disturbance control and fire-fighting are studied and practiced. Lecture includes methods of riot prevention, handling of unusual occurrences, what to do if taken hostage, and emergency procedures. Objectives are addressed as specified by the Criminal Justice Standards and Training Commission.

CJD 0742
Correctional Operations, noncredit, 60 lec. hours (Offered as needed)
The operation of correctional facilities is studied - including the intake of new inmates, all aspects of their daily care, institutional procedures, and techniques utilized by officers to do daily tasks. Objectives are addressed as specified by the Criminal Justice Standards and Training Commission.

EVS 0635
Environmental Health and Safety, noncredit, 40 lec. 5 lab. (Offered as needed)
The OSHA Environmental Health and Safety Course is required before entering or working on a hazardous waste site. This course offers an overview of accepted technologies for health and safety issues associated with hazardous materials handling. The emphasis of the course is on personal safety and includes topics such as site hazards, toxicology, personal protective equipment, emergency response operations, and field exercises.

XXX 6700
Chemical Tests for Intoxication, 40 class hours, 4 c.e.u.'s (Offered as needed)
Background and history of alcoholic; effects on motor coordination; operation and maintenance of breathalyzer equipment; court testifying; metric systems; and legal aspects of consent law.

XXX 6702
Criminal Identification, 16 class hours. (Offered as needed)
Criminal identification techniques utilizing the Identikit in building facial composites of wanted and missing persons. Development of identification - Modus Operandi file system.

XXX 6704
Police Officer Auxiliary Recruit Course, 97 class hours. (Offered as needed)
A course designed to meet Florida Police Auxiliary officer minimum standards for certification.
XXX 6705A
Chemical Test for Intoxication-Annual Requalification Course, 8 class hours, .8 c.e.u.'s (Offered as needed)
Course meets Florida Department of Education annual recertification of chemical tests for intoxication permits.

XXX 6709
Auto-intoximeter Course, 8 class hours, .8 c.e.u.'s
(Offered as needed)
Auto-intoximeter operators course to include instrument familiarity and checkout. Required by State Department of Health for Intoximeter Operations. Prerequisites: State Certified Chemical Tests for Intoxication Operators.

XXX 6710
Police Radar Operator, 40 class hours, 4 c.e.u.'s
(Offered as needed)
This course is sanctioned by the Florida Police Standards and Training Commission and meets requirements of Chapter 943.14(10)(a), Florida Statutes. It is designed to equip law enforcement officers with basic knowledge and skills needed for proper operation of radar speed measurement devices.

XXX 6806
Police Skills, 45 class hours, 4.5 c.e.u.'s (Offered as needed)
A skills development course designed to upgrade the auxiliary and/or inservice police officer in the areas of driver improvement, arrest techniques, stress reduction, medical emergencies and use of firearms. A Florida Police Standards Salary incentive course.

XXX 6851
Criminal Justice Basic Training, 327 class hours, 32.7 c.e.u.'s (Offered as needed)
Meets the Florida Standards for Law Enforcement or Corrections certification. Student must complete 160 hours of common core courses as follows: H. Introduction to Criminal Justice (45 hours), I. Criminal Law (45 hours), G. Advanced Firearms (39 hours), P. Basic Skills (31 hours). Police candidates must complete: J. Criminal Investigation (45 hours), K. Police Operations (45 hours), L. Traffic (45 hours), S. Enforcement Skills (32 hours). Corrections candidates must complete: Q. Correctional Skills (70 hours), M. Correctional Law (45 hours), and N. Correctional Operations (45 hours).

SCIENCES – Biological

Credit Courses

BOT 1010C
Botany, 4 semester hours, 45 lec., 45 lab. (Spring)
A course designed to introduce the student to the biological principles of the plant kingdom with emphasis on the flowering plants.

BSC 1001
Review of Biology Fundamentals, 3 semester hours
(Offered as needed)

BSC 1005
General Biology, 4 semester hours, 60 lec. (Fall, Spring, Summer)
The principles of biology are included. Human Biology is emphasized. Man's effect on the environment is considered wherever appropriate. (NO LABORATORY — Not for majors in Biology).

BSC 1005L
Biology Lab, 1 semester hour, 30 lab. (Offered as needed)
Laboratory for general biology. Experimental method and technique. Not recommended for biology majors. Pre- or corequisite: BSC 1005 or equivalent.

BSC 1030C
Man and Environment, 4 semester hours, 60 lec.
(Summer)
A study of the physical and biological environment and man's ecology with emphasis on contemporary biological problems.

BSC 1085C
Anatomy & Physiology I, 4 semester hours, 45 lec.,
30 lab. (Fall, Spring, Summer)
A study of the human organism to include cells, tissues, skeletal, muscular system, nervous system and gastrointestinal system.

BSC 1086C
Anatomy & Physiology II, 4 semester hours, 45 lec.,
30 lab. (Fall, Spring, Summer)
A study of the human organism to include the cardiovascular system, the fluid electrolyte balance, and the respiratory, excretory, endocrine and reproductive systems. Prerequisite: BSC 1085C.

BSC 1254C
Introductory Tropical Biology, 4 semester hours, 45 lec., 30 lab. (Offered as needed)
An introduction to the Estuarine and Marine biota of tropical regions to include saltmarsh, mangrove, sandy, and coral shorelines. Emphasis will be placed on energy transfer and zonation.

BSC 1905
Independent Study – Biology, 1 semester hour (Fall, Spring, Summer)
A course designed to (1) allow a student to complete part of a course taken elsewhere and thereby complete general education requirements, (2) to go deeper into special areas of interest. This course may be taken up to four (4) times for credit.

HUN 2201
Nutrition, 3 semester hours, 45 lec. (Fall, Spring, Summer)
The role of nutrients in maintenance of physiological well-being. Application of nutrition principles to the individual and family as well as to some selected problems.
MCB 1000C
Microbiology, Allied Health, 4 semester hours, 45 lec., 30 lab. (Fall, Spring, Summer)
This course is designed for students entering programs in the numerous health fields, but primarily for pre-nursing students. The material presented covers the fundamentals of microbiology needed to understand the biology of infectious diseases and the agents that cause them. Not accepted as satisfying requirements for majors in biology, premed, prevet, and predentistry.

MCB 2013C
Microbiology, 4 semester hours, 30 lec., 60 lab. (Offered as needed)
A fundamental course in microbiology designed to fulfill the needs of pre-med., nursing and pharmacy students as well as science majors. A general survey of microbiology, the cultivation and observation of microorganisms and their chemical and biological relationships to water, food, industrial processes and disease. Prerequisites: BOT 1010C, ZOO 1010C, and CHM 1045C (May be taken concurrently).

PCB 2011C
Cell Biology, 4 semester hours, 45 lec., 45 lab. (Fall, Spring, Summer)
A study of the cell as the basic unit of organic structure and function with the emphasis on understanding the complexity and versatility of the cell and its activities. Prerequisite: One year of high school chemistry or CHM 1020.

ZOO 1010C
Zoology, 4 semester hours, 45 lec., 45 lab. (Fall, Spring, Summer)
The concepts of animal life. An introduction to the tissues in higher animals, embryology and relationships of major animal phyla to each other and to man.

SCIENCES – Physical

Credit Courses

AST 1002
Astronomy, 4 semester hours, 60 lec. (Spring)
Lectures and demonstrations designed to partially meet the general education requirements in physical sciences for non-science majors. Recommended for students who need a preparatory course prior to taking physics and as a scientific elective in related scientific fields.

CHM 1020
Chemical Science, 4 semester hours, 60 lec. (Fall, Spring, Summer)
Fundamental principles and theories of the dual nature of physical existence, matter and energy; atomic theory; periodicity of elements; dependence of properties on structure; kinetic molecular theory; the nature of chemical bonding. Meets graduation requirements for programs other than science and mathematics.

CHM 1045C
College Chemistry I, 4 semester hours, 45 lec., 45 lab. (Fall, Spring, Summer)
Quantitative approach to modern theoretical and physical chemistry, with appropriate development of laboratory techniques. Logical treatment of experimental data leading to understanding of (1) particulate, electrical nature of matter and bonding, (2) periodicity of properties of the elements, and (3) relationships of properties to structure. For science majors, premedical, pre-engineering students and others who have acceptable backgrounds in chemistry and math. Prerequisite: MAC 1102.

CHM 1046C
College Chemistry II, 4 semester hours, 45 lec., 45 lab. (Fall, Spring, Summer)
Continuation of CHM 1045C: Solutions, chemical equilibrium and qualitative analysis. Electrochemistry, radiation chemistry and hydrocarbons.

CHM 2210C
Organic Chemistry I, 4 semester hours, 45 lec., 45 lab (Offered as needed)
Hydrocarbons, stereochemistry, molecular structure, and reaction mechanisms. Prerequisite: CHM 1045C and 1046C or equivalent.

CHM 2211C
Organic Chemistry, 4 semester hours, 30 lec., 30 lab. (Offered as needed)
In continuation of Organic Chemistry I (CHM 2210) the relationships between functional groups and properties of organic compounds will be discussed. Infrared, NMR, and mass spectroscopy will be used for identification of organic compounds and for structure analysis. The transition state theory is applied to interpret the nucleophilic addition reactions the carbonium condensation reactions, the interconversions of carbonyl compounds and the nucleophilic acyl substitution of carboxylic acids and their derivatives. Biochemical topics, i.e. lipids, carbohydrates, amino acids and proteins are included. Prerequisite: CHM 2210C

SCIENCES – Biological

Noncredit Courses

For information on Continuing Education Units, see page 70.

XXX 8609
Green Thumb, 20 class hours, 2 c.e.u.'s (Offered as needed)
"Green Thumb" is designed to make each student cognizant of the main principles of plant selection and care. (Self-Supporting course.)
GLY 1001
Earth Science, 4 semester hours, 60 lec. (Fall, Spring, Summer)
Survey of processes, materials and structure of the solid earth, oceanography, meteorology, and the relation of the earth to other planets. Intended for physical science general education requirement. Practical exercises in mineral and rock identification.

GLY 1001L
Earth Science Lab, 1 semester hour, 30 lab. (Fall, Spring, Summer)
Laboratory experiences pertaining to the physical environment: observation, measurement, data analysis, mapping, map interpretation, properties of earth materials. This is an optional course serving students who transfer to universities which require a laboratory course to satisfy the General Education requirement in Physical Science. Pre- or corequisite: GLY 1001 or equivalent.

GLY 1010C
Physical Geology, 4 semester hours, 45 lec., 30 lab. (Offered as needed)
A study of the materials, surface feature, structure and processes of the solid earth. Labs in identification of rocks and minerals. Landforms will be analyzed from topographic and geologic maps. Actual landforms and processes will be studied on field trips and exercises.

GLY 1100C
Historical Geology, 4 semester hours, 45 lec., 30 lab. (Offered as needed)
A study of the history of the earth, including the origin of continents, mountains and ocean basins as recorded in rocks and fossils. A survey of the fossil record and changes in animal and plant life throughout geological time will also be studied. Prerequisite: GLY 1001 or equivalent (a physical geology course).

MET 1010
Introduction to Meteorology, 4 semester hours, 60 lec. (Fall, Spring)
Structure of the atmosphere, weather processes, systems and phenomena; climate and climatic change, economic impact of weather.

OCE 1005
Introduction to Oceanography, 4 semester hours, 60 lec. (Fall, Spring)
A survey of the geography, chemistry, physics, and geology of the oceans. Lectures, demonstrations, and laboratory-type exercises to acquaint the students with oceanographic operations and data. No prerequisite.

PHY 1020
Physical Science, 4 semester hours, 60 lec. (Fall, Spring, Summer)
A one semester course of lectures and demonstrations designed (1) to meet the general education requirement in physical science for nonscience majors and (2) for students who need a preparatory course prior to taking physics. The course presents the fundamental classic and modern concepts of physics in the areas of mechanics, energy, wave motion, electromagnetism, and atomic structure.

PHY 1053C
Physics I, 4 semester hours, 45 lec., 45 lab. (Offered as needed)
The first half of a two semester sequence of noncalculus physics designed for the nonphysical science major. Physics I covers the areas of mechanics, mechanical energy, temperature and heat. The entering student is assumed to have a working knowledge of basic algebra and trigonometric functions.

PHY 1054C
Physics II, 4 semester hours, 45 lec., 45 lab. (Offered as needed)
The second half of a two semester sequence of noncalculus physics designed for the nonphysical science major. Physics II covers the areas of electricity, magnetism, light, quantum theory, atomic and nuclear structure, and elementary nuclear processes. Prerequisite: PHY 1053C or equivalent.

PHY 2021
Modern Physics, 3 semester hours, 45 lec. (Summer)
This course will study topics in the physics of the twentieth century. The student will be introduced to basic quantum mechanics, including Bohr Theory of the atom, the Schroedinger Equation, molecular structure, radiation, and x-ray spectra. Also, the student will be introduced to solid state physics and electronics, statistical mechanics and atomic and nuclear physics. Intended for science and engineering students and physics majors. Prerequisite: PHY 2048C.
PHY 2048C
College Physics I, 4 semester hours, 45 lec., 45 lab. (Offered as needed)
The first half of a two semester sequence designed for majors in engineering, math and the physical sciences. Physics I covers the areas of mechanics, mechanical energy, heat, thermodynamics, and mechanical waves. Calculus is used when feasible. Prerequisite: MAC 2311.

PHY 2049C
College Physics II, 4 semester hours, 45 lec., 45 lab. (Spring, or as needed)
The second semester of a two semester sequence designed for majors in engineering, math and the physical sciences. Physics II covers the areas of electricity, magnetism and optics. Calculus is used when feasible. Prerequisite: PHY 2048C or equivalent.

PHZ 1152
Applied Physical Science, 3 semester hours, 45 lec. (Offered as needed)
The course is designed to update science practitioners and teachers in modern methods of physical science using computers in the classroom and laboratory.

PSC 2905
Independent Study - Physical Science, 1 semester hour, 45 hours. (Fall, Spring, Summer)
Directed study and individual projects designed to meet the needs of students interested in a specialized area of the physical sciences for which present course availability is limited. This course may be taken up to four (4) times for credit.

AMH 2020
American History II, 3 semester hours, 45 lec. (Fall, Spring, Summer)
American History from 1865, concentrating on industrial growth, the rise of corporate business, big labor, and government organization. Modification of basic American character and ideas as a continual historical process.

AMH 2071
Survey of Early History of Florida, 3 semester hours, 45 lec. (Offered as needed)
A survey of Florida history from pre-Columbian populations through the Territorial Period.

ANT 2000
Introduction to Anthropology, 3 semester hours, 45 lec. (Offered as needed)
Introduction to the fundamental principles, concepts, methods and theories in Anthropology. Includes a brief introduction to the subdisciplines of Anthropology: Cultural Anthropology, Physical Anthropology, Archaeology, and Linguistics. A cross-cultural perspective will be paramount in the study of Anthropology.

ANT 2100
Introduction to Archaeology, 3 semester hours, 45 lec. (Offered as needed)
Introduction to the fundamental principles, methods, and theories in Archaeology. Includes a history of the development of Archaeology, and examination of the nature of Archaeological data and research, an introduction to archaeological data and analysis, and an examination of approaches to synthesis and interpretation. North and South American archeology is studied, but nonwestern examples are also studied to enhance an understanding of the development of the discipline in Europe and the Americas.

ANT 2310
Introduction to North American Indians, 3 semester hours, 45 lec. (Offered as needed)
Historical survey of Native American cultures north of Mexico. Includes study of prehistoric and contemporary culture areas; present day Native American cultures; and political and economic issues relating to Native Americans.

ANT 2930
Special Topics in Anthro/Archeology, 3 semester hours, 45 lec. (Offered as needed)
Introduction to special topics in anthropology and archaeology. Example: Survey and introduction to prehistoric and early historic Native American cultures in Florida and the Southeast U.S.

CLP 1002
Personal Adjustment, 3 semester hours, 45 lec. (Fall, Spring, Summer)
Psychology of adjustment, application of psychological therapy for problem solving and better mental health. An examination of psychological defense mechanisms and adaptive behavior.
CLP 2140
Abnormal Psychology, 3 semester hours, 45 lec. (Offered as needed)
A study of the different problems in psychopathology, including anxiety, depression, social deviance, psychosis, schizophrenia, both child and adult, mental retardation and general brain dysfunction, with emphasis on descriptive etiology, known causes, and treatments.

DEP 2004
Human Growth and Development, 3 semester hours, 45 lec. (Fall, Spring, Summer)
A research oriented course in human development, covering the life span of the human being from conception to death. Special emphasis placed upon the interrelationships of the stages of development of the normal person.

EDF 1005
Introduction to Education, 3 semester hours, 45 lec. (Fall, Spring, Summer)
A study of the history, philosophy and social context of education. The course will help the student think critically about the process of education and his/her role as an educator. Student will observe and participate in the educational settings of local schools.

EDF 2905
Independent Study – Education, 1 semester hour. (Offered as needed)
Directed experience in specific areas of education. Entry coordinated through department chair. This course may be taken up to four (4) times for credit.

EDG 2701
Teaching Diverse Populations, 3 semester hours, 45 lec. (Fall, Spring, Summer)
This course will provide the student with the opportunity to explore personal values and attitudes toward cultural diversity. Designed for the prospective educator, the theoretical component will examine the issues of teaching in culturally diverse classrooms. Attention will be given to teaching all children about ethnicity in a pluralistic society. Field experience and examination of educational materials will enhance the student's understanding of multiculturalism. (Plus 30 hours field experience)

EDP 2002
Educational Psychology, 3 semester hours, 45 lec. (Fall, Spring, Summer)
Significant aspects of the growth and development of children and youth, including physical, social, and intellectual developments as they affect behavior patterns. Psychology as applied in improving the learning process.

EEX 2010
Introduction to Exceptional Children, 3 semester hours, 45 lec. (Offered as needed)
Study of incidence, nature, etiology and services available in connection with exceptional children including: hearing and speech problems; learning disabilities, mental retardation, blind, physically handicapped, gifted, emotional conflicts, also parents of exceptional children. Prerequisites: PSY 2012 or equivalent.

GEO 1000
World Regional Geography, 3 semester hours, 45 lec. (Offered as needed)
The course introduces the student to geographic regional studies. It will combine the concepts of physical geography and cultural or human geography as it applies to the differing regions of the world. It will show the relationship between the following: (1) regional environment and the peoples who live there and (2) settlement patterns, economic and cultural patterns within each region. Using current events, the course will show the impact of other phenomena upon those regions and their peoples.

INR 1065
War and Civilization, 3 semester hours, 45 lec. (Offered as needed)
An analytical and historical study of warfare from its earliest beginnings to the present day stressing the impact of war on the social, economic, and political structure of civilization.

INR 2002
Current World Problems, 3 semester hours, 45 lec. (Summer)
Critical world issues and immediate troubled areas against a historical, political, economic, and social background as an introduction to international relations. The individual student develops a special area of interest to explore in-depth the principles of international relations after their instruction.

INR 2270
Study Abroad – Introduction to International Studies, 3 semester hours, 30 lec., 45 lab. (Offered as needed)
A variable content course designed to allow students first-hand learning experiences around the world. Initial classroom hours on campus will give students general background information on the country(ies) to be visited. Foreign countries become, in effect, laboratories. Students will gain a broader vision of world societies through exposure to foreign culture, political, economic systems. Provides a broad overview of major nations and how they relates to each other as well as their impact on the international balance of power.

ISS 1905
Independent Study – Social Science, 1 semester hour, 45 hours (Offered as needed)
Directed study and individual projects designed to meet the needs of students interested in a specialized area of the social sciences for which present course availability is limited. This course may be taken up to four (4) times for credit.

ISS 2905
Directed Work Study – Social Science, 1 semester hour, 45 hours (Offered as needed)
Enter by permission of department chair only. This course may be taken up to four (4) times for credit.
ISS 2943
Tutorial-Social Studies, 1 semester hour, 30 hours
(Fall, Spring, Summer)
An experience in individual depth study in which one
student prepares for and engages in tutoring another
for two class periods per week. Prerequisite: Departmental permission.

POS 1041
American Government, 3 semester hours, 45 lec.
(Fall, Spring, Summer)
Examines government, political ideals, and institu-
tions. Strong emphasis is placed on political thought,
the origin of the American federal system, and the
distribution of powers between state and national
governments.

POT 1002
History and Ideas of Political Science, 3 semester
hours, 45 lec. (Offered as needed)
This course reviews classical ideas, political theory
and institutions from a historical and comparative
viewpoint. It examines the rise of the State, its organi-
zation, economic systems, the use of force, and
persuasion.

PSY 2012
Psychology, 3 semester hours, 45 lec. (Fall, Spring,
Summer)
Surveys of the various fields of psychology. Under-
standing human behavior by studying the adaptation
of the individual to the physical and social environ-
ment.

SOP 2740
Psychology of Women, 3 semester hours, 45 lec.
(Offered as needed)
An in-depth survey of the various areas of study in the
psychology of the female experience.

SYG 2000
Sociology, 3 semester hours, 45 lec. (Fall, Spring,
Summer)
Concentrates on the description of individual and
group behavior. Basic concepts are related to the
family and the city, individual, industrial, and politi-
cal problem areas.

SYG 2010
Social problems, 3 semester hours, 45 lec. (Offered
as needed)
Introduction to the sociological study of the nature of
social problems to insure understanding of their
impact on the individual, the group and social
institutions in societal and cultural settings.

SYG 2430
The Family and Society, 3 semester hours, 45 lec.
(Offered as needed)
An examination of the problems which arise out of
participation in marriage, family and community situa-
tions. Designed to provide students with a basic
understanding of the dynamics of family interaction,
the effects upon the children, and the family's
relationship to and participation in the community.

WOH 1012
World Civilization I, 3 semester hours, 45 lec. (Fall,
Spring, Summer)
A study of world history from 4000 BC to 1650 AD as
it relates to the development of western civilization.
History is analyzed in terms of social, religious,
philosophical, political, and economic concepts rather
than chronological facts.

WOH 1022
World Civilization II, 3 semester hours, 45 lec. (Fall,
Spring, Summer)
A study of history from 1650 AD to the present as it
relates to the development of the modern world. His-
tory is analyzed in terms of social, religious, philo-
sophical, political, and economic concepts rather than
chronological facts.

WOH 2040
Twentieth Century, 3 semester hours, 45 lec.
(Summer)
International political and historical affairs in the twen-
tieth century through the institutions and organiza-
tions of the Western State System. Attention is on
international cooperation, decision making, force,
world resources, and world political geography by the
selection of a specific problem.

The library at the joint cam-
pus of OWCC and the Uni-
versity of West Florida in
Fort Walton Beach offers
students the latest in infor-
mation resources, as does
the Niceville campus library.
PERSONNEL LISTING

District Board of Trustees

Larry Y. Anchors, 1998
Janet B. Campbell, 1998, Vice Chairman
Elise B. Carter, 1999, Chairman
Walter B. (Mike) Hill, 1997
James E. King, 1998
C. Jeffrey McInnis, 1999
Sally R. Merrifield, 1997
Elena M. Roser, 1997
Joseph D. Lorenz, Attorney for the Board
James R. Richburg, Corporate Secretary

Office of the President

James R. Richburg, President
   A.A. – Columbus College
   B.S., M.A., Ed.D. – University of Georgia
Carolyne Laux, Executive Secretary to the President
   Certificate – OWCC
Edna Washington, Secretary III
   James P. Chitwood, Director, Institutional Resource Development
      A.A. – Okaloosa-Walton Community College
      B.A. – Saint Leo College
      M.P.A. – University of West Florida
Sylvia P. Bryan – Coordinator of Media & Public Relations
   B.S. – Florida State University
Becky Tislow, Secretary II
      A.A. – Okaloosa-Walton Community College
      B.A. – University of West Florida

Office of Instructional Services

James A. Durham, Vice President for Instruction
   B.S., M.S. – University of Tennessee
   Ed.D. – University of Southern Mississippi
Patricia Belote, Secretary III
   A.A. – Okaloosa-Walton Community College
Charlotte McDonald-Williams, Administrative Assistant
   A.S. – Okaloosa-Walton Community College
C.F. Reynolds, Dual Enrollment Coordinator
   B.S. – University of Alabama
   M.A. – Louisiana State University

Division of Humanities, Fine and Performing Arts

Clifford Herron, Division Director/Instructor in Humanities
   A.A. – Lake Michigan College
   B.S., M.A. – Western Michigan University
   Ph.D. – Florida State University
Mary Lou Baker, Secretary II
   Henry "Bernie" Bell, Instructor, Music Theory, Jazz Band, Art
   B.F.A. – University of Georgia

Department of Communications

Myrtle B. Beavers, Chair/Instructor, English
   A.A. – Okaloosa-Walton Community College
   B.A., M.A., – University of West Florida
   Ph.D. – Florida State University
Margaret Peterson, Secretary II (Communications and Social Science)
Diana Chipps, Office Worker
Jon Brooks, Instructor, English
   B.A., M.A. – University of South Dakota
   Ph.D. – University of Alabama
Jack Gill, Instructor, English
   B.A. – Berea College
   M.A. – Eastern Kentucky University
Beverly Holmes, Instructor, English
   B.S. – Bowling Green State University
   M.S.E. – University of Central Arkansas
   M.A. – University of Denver
Dianna F. Kostelnik, Instructor, Reading
   B.S. – Bob Jones University
   M.Ed. – University of Cincinnati
Julie Nichols, Instructor, English
   B.A., M.A., – University of West Florida
Sarah Paulk, Instructor, English and Humanities
   A.A. – Okaloosa-Walton Community College
   B.A., M.A., Ph.D., – Florida State University

Armand C. Coutu, Jr., Instructor, Theatre
   B.F.A. – University of Southern Mississippi
Dirk Dunbar, Philosophy Instructor
   B.A. – Eckerd College
   B.S. – Central Michigan University
   M.A. – University of West Florida
   Ph.D. – Florida State University
Diane V. Edginton, Instructor, Applied Music-Voice
   B.M.E. – Drake University
   M.M.E., Ph.D. – University of Colorado
Arnold Hart, Instructor, Humanities and Studio Art
   B.F.A., M.Ed. – University of Florida
Guy Heath, Instructor
   B.A. – Southern California College
   M.A. – University of West Florida
John C. Kendall, Instructor, Applied Music/Music Theory
   A.A. – Okaloosa-Walton Community College
   B.M. – Berklee College of Music
   M.S. – Troy State University
R. Lee Kitchen, Art Curator
   B.S., M.A. – University of Alabama

D. Ann Waters, Instructor
   A.A. – Chipola Junior College
   B.A. – University of West Florida
   M.A. – University of South Alabama
Department of Communications, continued

Lucia W. Robinson, Instructor, English
B.A. – Butler University
M.A. – Duke University

Anne Hay Southard, Instructor, English
B.A., M.A. – University of West Florida

James Suderman, Instructor, English/Coordinator, Academic Success Center
B.A. – Earlham College
M.A. – South Dakota State University

Lulu S. Watson, Instructor, Reading
B.A. – University of West Florida

Joy P. Yarnall, Instructor, English
B.S. – University of Alabama
M.A. – University of West Florida

Department of Mathematics

Mary L. Henderson, Department Chair/Instructor, Mathematics
B.A., M.A.T. – University of West Florida

Karen Baker, Instructor, Mathematics
A.A. – Chipola Junior College
B.A. – University of West Florida

Douglas Dunbar, Instructor, Mathematics
B.S. – Auburn University
M.A. – California State University

Peter Falzone, Instructor, Mathematics
A.A. – Pensacola Junior College
B.S., M.S.T. – University of Florida

Shirley Howard, Instructor, Mathematics
B.S., M.S. Texas Technological University

Guangyu Liu, Instructor, Mathematics
M.S. – Nanjing University, China
Ph.D. – University of Connecticut

Victoria Martinez, Instructor, Mathematics
B.S. – University of Florida
M.S. – Florida State University

Robin Charles Olmstead, Instructor, Mathematics
B.S., M.S.T. – Georgia Southern College

Deepankar Pal, Instructor, Mathematics
B.A. – Huntingtondon College
M.S., M.Ed., Ed.S. – Alabama State University

Julia K. Polk, Instructor, Mathematics
B.S. – Southeastern Louisiana University
M.S. – Clemson University

David Vaughan, Instructor, Mathematics
B.S., M.S. – University of Wyoming

Department of Sciences

Ross E. Hamilton, Chairman/Instructor, Biology
B.S. – William Carey College
M.S. – Northeast Louisiana State University

Roger Adams, Instructor, Biology
B.S., M.S., Ph.D. – Florida State University

Jonathan R. Bryan, Instructor, Earth Science/Geology
B.S. – Florida State University
M.S. – University of Florida
Ph.D. – University of Tennessee

Darryl Ritter, Instructor, Biology
B.S. – University of Illinois
M.S., Ph.D. – Southern Illinois University

Anthony Russo, Instructor, Physical Science, Physics
B.A. – Miami-Dade Community College
B.S., M.S. – Florida Atlantic University

Kurt A. Teets, Instructor, Chemistry
B.S. – Perdue University
Ph.D. – University of Southern California

Roswitha Zimmer, Instructor, Physical Science, Chemistry
B.S. – University Regensburg, West Germany
M.S., Ph.D. – Technical University, Munich, West Germany

Department of Social Science

Joyce Goldstein, Department Chair/Instructor
B.A. – University of South Florida
M.A. – Our Lady of the Lake University
Ph.D. – St. Louis University

Margaret Peterson, Secretary II (Communications and Social Science)

Theodore A. Barker, Instructor, Psychology
B.S., M.S., Ph.D., Florida State University

Wendell Griffith, Instructor, Social Science
B.A. – Louisiana Tech University
M.A. – University of West Florida

Phyllis Black, Secretary II
Beverly Sandlin, Coordinator/Instructor, Child Development
B.S. – Eastern New Mexico University
M.S. – Northwestern State University
Ed.S. – Florida State University
Division of Continuing Education & Human Development, continued

Pamela Walters, Technical Specialist
Displaced Homemakers Program
B.S. – University of West Florida

Janet Moomaw, Child Care Assistant
Certificate in Child Care – Western Oklahoma State University
A.A.S. – Okaloosa-Walton Community College

Literacy Center and Adult Basic Education

Barbara M. Jones, Director
B.S. – Tennessee Technological University
M.A. – University of West Florida

Penny Cox, Grant Coordinator
B.A. – Coker College

Nancy DiBattista, Staff Assistant/Volunteer Coordinator
B.A. – Wright State University
M.S. – Troy State University

Doris L. Johnson, Instructor, Adult Basic Education
B.S., M.Ed. – Florida A&M University

Carol Karlson, Educational Advising
B.A. – Emory University

Dianne F. Kostelnky, Coordinator - ABE,
Instructor, Communications
B.S. – Bob Jones University
M.Ed. – University of Cincinnati

Sue P. Pitts, Grant Coordinator
A.A. – Itawamba Junior College
B.A.E. – University of Mississippi
M.Ed. – Mississippi State
Ed.D. – Florida State University

Office of Student Services

AnnaBelle D. James, Dean of Student Services/Registrar
A.A. – Okaloosa-Walton Community College
B.A., M.A. – University of West Florida

Kim Gibson, Secretary III

Dianne Faith Avillion, Counselor/International Students,
Aids and Drug Abuse Education
B.A. – Mansfield State College
M.Ed., Ed.S. – University of Florida

Barbara Bishop, Advising Specialist
A.A. – Okaloosa-Walton Community College

Sue T. Bridges, Counselor/Coordinator of Testing
B.S. – Eastern New Mexico University
M.Ed. – Trinity University

Gaius Bruce, Instructor, Coordinator of Student Activities
B.S., M.S. – Memphis State University

Lorraine Davis, Secretary I

Josette Home, Secretary I (Testing)
A.S. – Okaloosa-Walton Community College

Faye Golding, Secretary I, Student Activities
A.A. – Midland Technical College

Judy M. Kendall
A.A. – Okaloosa-Walton Community College
B.S., M.S. – Florida State University

Jody Swenson, Counselor/Coordinator of Services to Students with Special Needs
B.S. – Florida International University
M.S. – Troy State University

Office of Financial Aid

Christine C. Bishop, Director of Financial Aid
A.A. – Alpena Community College
B.S. – Troy State University
M.S. – Central Michigan University

Johanna Adkins, Financial Aid Specialist
B.S. – Mississippi State University
M.A. – University of Georgia

Joan Baldwin, Financial Aid Specialist
A.A. – Okaloosa-Walton Community College
B.A. – University of West Florida
M.P.A. – Troy State University

Janet Pal, Financial Aid Specialist
A.S., B.S. – Troy State University
Melinda Walker, Financial Aid Specialist
A.A. – Okaloosa-Walton Community College

Office of Admissions and Registration

AnnaBelle D. James, Dean, Student Services/Registrar
A.A. – Okaloosa-Walton Community College
B.A., M.A. – University of West Florida

Amy Rudolph Junger, Secretary II

Aileen Huntington, Office Specialist – Transcripts
A.S. – Okaloosa-Walton Community College

Carla Martin – Office Specialist – Admissions
A.A. – Okaloosa-Walton Community College
B.S. – University of West Florida

Ethel Phelps, Office Manager
Bobbie G. Pride, Office Worker

Doug Savage, Registration Coordinator
A.A. – Okaloosa-Walton Community College
B.S. – Florida State University
M.P.A. – Troy State University
Ed.S. – University of West Florida

Learning Resources Center

Glenn Tripplett, Director
B.A., M.S. – Florida State University
M.S. – Barry University

Judy Holzschuh, Secretary II

Owen Adams, Reference Librarian
A.A. – Gulf Coast Community College
B.A. – Our Lady of the Lake University
M.S.L.S. – Florida State University
M.B.A. – University of West Florida

Cathy Envin, Library Technician III
Certificate – Okaloosa-Walton Community College
Steve Fielding, Library Technician I
A.A. – Okaloosa-Walton Community College

Janice W. Henderson, Cataloging/Circulation Librarian
B.S. – Spring Hill College

Donald L. Truitt, Printer (Graphic Services)
Tammy Van Dyke, Office Worker (College Store)

Physical Plant

Warren C. Smith, Director, Physical Plant
  A.A. – Okaloosa-Walton Community College
  B.S. – University of West Florida
Carl Younger, Assistant Physical Plant Director
  A.A.S. – Community College of the Air Force
  B.S. – University of Maryland
  M.S. – Troy State University
  M.P.A. – Troy State University
Brenda J. Patten, Secretary II
  A.A. – Okaloosa-Walton Community College
  B.A. – St. Leo College
Johnny Bell, Custodial Worker
William J. Brown, Trades Specialist
Eric Buhrap, Groundskeeper
Billy H. Butler, Safety Inspector
Gary Cassell, Custodial Worker
  A.A. – Okaloosa-Walton Community College
Colandus Chatman, Jr., Custodial Worker
Ron Currington, Custodial Worker
Martie Edwards, Groundskeeper
Heinz Fark, Groundskeeper
Robert Freeman, Custodial Worker
  A.A.S. – Community College of the Air Force
  A.A.S. – Okaloosa-Walton Community College
Elbert Gore, Trades Specialist
Don Grace, Senior Groundskeeper
Michael J. Hancock, Groundskeeping Supervisor
Willis Henderson, Custodial Worker
Glenn Hutchinson, Custodial Worker
Physical Plant, continued

John Joplin, Custodial Supervisor
Jimmy E. Land, Trades Specialist
Jimmy Lawson, Groundskeeper
Roy McGriff, Custodial Worker
Abraham Monet, Custodial Worker
Chubby Moore, Custodial Worker
Kevin Moore, Custodial Worker
Tom Morgan, Jr., Custodial Worker
  A.A. – Tallahassee Community College
  A.S. – Okaloosa-Walton Community College
Douglas Norman, Trades Specialist
John Rickard, HVAC Supervisor
  A.A. – Okaloosa-Walton Community College
John R. Roberts, Skilled Craftsman
  A.A.S. – Okaloosa-Walton Community College
Richard Robley, Bus Driver/Vehicle Maintenance
Lee Roy Thomas, Custodial Worker
Dewey Wells, Groundskeeper
Clay Wester, Custodial Worker
  A.A. – Okaloosa-Walton Community College
Timothy Williams, Custodial Worker
Forrest Wilson, Groundskeeper
Raymond Wood, Custodial Worker

Retired Faculty and Professional Staff

James Edward McCracken, Ph.D., 1964-1988, President Emeritus
Vera Craig Auerbach, M.A., 1968-1987
Harold Boone, 1972-1987
Roy Bundy, Ph.D., 1968-1989
Louise Campbell, M.A., 1967-1970
Herbert J. Cash, M.S., 1968-1989
George Castle, M.A., 1972-1985
Leigh Chapman, 1969-1979
Grady Clark, 1973-1983
Jack Culwell, M.S., 1967-1987
  * Fanny-Fern Davis, Ph.D., 1965-1968
  Reate Davis, B.G.S., M.S., 1984-1994
Dorothy Fernstrom, Ed.D., 1971-1986
  John Glasgow, M.S., 1964-1987
  * Earl Gulledge, Ph.D., 1971-1984
  * Dorothy P. Harris, M.A., 1970-1991
  Ronald A. Head, B.S., M.A., Ph.D., 1965-1996
  Lewis Heckroth, B.A., M.S., 1984-1992
  Tom Hester, B.S., 1967-1985
  Rosa N. Hilton, M.A., 1965-1986
Elizabeth Jones Hoefflin, M.S.L.S., 1968-1978
Chilton Jensen, M.S., 1968-1976
Cecil Johnson, M.S., 1965-1985
Donald Kampwerth, B.S., M.S., 1980-1993
Victoria Keller, 1964-1994
Sybil King, 1980-1990
  * James LaRoche, M.A., 1968-1983
R. D. Lawson, M.S., 1970-1985
Lionel O. Leon, Jr., B.S., M.S., Ed.D., 1965-1993
Elizabeth Martin, M.A., 1965-1987
Maurice Mettee, 1968-1982
George Muhlbach, M.A., 1969-1984
  * Alfred S. Pell, B.S., 1977-1987
Riley Perdue, 1973-1986
  * James Rhoades, M.S., 1967-1990
