This class will teach you the fundamentals of volleyball. Learn to serve, spike, and score! No previous experience needed! Just wear shorts and tennis shoes each day and be ready to play volleyball on our sand courts.

Stretch & Strengthen!

Afternoons Only

Want to go on a Harry Potter adventure? Maybe be a part of the Star Wars resistance? What about going on a bear hunt? This class is designed to promote flexibility, strength, balance and coordination in a fun themed atmosphere!! Wear comfortable clothes and no shoes. A yoga mat is all you need to participate.

ART

NEW - Cool Crafts

Afternoons Only

This crafty class will offer students the opportunities to make some cool crafts for themselves or gifts for others. We will make glowing jars, artistic lightbulbs, creative picture frames, among other fun crafty items. This class will be using hot glue guns, paint, glitter and messy art items, so please make sure to wear a smock or just bring an oversized t-shirt to put over their clothes.

Gifts from the Gulf

This class will transform any beach lover into a marine artist. Ocean artisans will create various 2D and 3D projects using multiple art mediums including watercolors, plaster, chalk, foam, acrylics and paper. These unique creations will be inspired by the sun, sand, saltwater, shells, and sea life of our local waters.

NEW - Everyday Art

Bet you didn't know you could make all kinds of art with everyday items. Even a clipboard becomes a piece of artwork. Come discover art and bring your imagination with you.

NEW - Intro to Handmade Books

Mornings Only

Come explore the exciting art of simple sewn and folded books. Create mini-books, journals, sketchpads, folders—the possibilities for your creativity are truly endless with this art. We'll use many kinds of materials to personalize each book project, including recycled and "found" materials. Each book will be as unique as the person making it!

NEW - Beginning Drawing Techniques

Mornings Only

This class will begin with simple drawing styles using drawing pencils and sketch paper. The beginning steps start with shapes, which will then turn into objects. We will discuss the differences of contour lining and gestural lines plus shadowing techniques. This class will help educate but mostly teach students that drawing is fun. Throughout the class, we will have fun activities where they will use color pencils, and markers to create some colorful abstract art. Hopefully this class will allow the timid artist to become more confident and the more skilled drawers to challenge themselves.

Jewelry Making

Do you enjoy making your own jewelry? If so—do we have a class for you! You will have the chance to design and create original works of art you can wear or share.

NEW - Let's Get S.m.Art

You've heard of STEM, but what about STEAM?! Come explore how the visual arts intersect with science, technology, engineering, and math. Imagine getting S.m.Art - learning SCIENCE while making ART! Students will make works of art to keep and engage in science laboratory activities at the same time. Can't wait to create with you!

ACADEMICS

Mad Scientist

Explore the world of science in this fun and innovating class, Mad Scientist. Learn academic concepts like density, buoyancy, and mixtures all while creating and completing experiments. Exploration of ship and rocket design to the creation of your very own solar oven! Come learn about the wonderful world of science in Mad Scientist!

NEW - From Head to Toe

"Calling all future doctors, fitness enthusiasts or anyone who just has a passion for science. Every day your body works hard to keep you thinking, moving and most importantly, ALIVE. In this class, we will explore human anatomy and physiology through, crafts, experiments and constructive movement. Join us in learning about the most important subject in and out of school- YOURSELF!"

Exploring Florida's Aquatic Ecosystems

3rd - 5th Grades, Session 2, Mornings Only

Join Mattie M. Kelly Environmental Institute (MKEI) on a journey of Florida's diverse aquatic ecosystems. If you want to learn about water, animals, plants and how everything is connected, this journey is for you! We will take virtual trips to ecosystems like the springs, coral reefs, and the Everglades. Become a scientist through interactive, hands-on activities and experiments. Each participant is recognized as a MKEI young scientist upon completion of the class!

Creative Writing

Grade Specific, Afternoons Only

Have you ever imagined yourself traveling through time? Or do you like to rhyme? Try writing your ideas down on paper sometime, so you can look back at your adventures from the summertime. In this class students will expand on their imaginations and writing skills to create short stories and poems. At the end of the session, each student will submit one piece of writing to create a book for students and parents to share.

ACADEMICS...continued

Sign Language

Did you know there are many other ways to communicate with your friends other than talking? Take this class and learn to talk with your hands! From the alphabet, to full sentences and more!

NEW - Japanese Conversation

Do you like Japanese Anime or Manga? Do you want to learn the Japanese language to communicate with Japanese people? If you do, this class is for you! Come learn Japanese greetings, basic conversation skills, useful phrases/expressions and more. Learn to write your name in Japanese letters.

NEW - Math in Action

Grade Specific

Math is everywhere in everyday life! Wonder where and when you will use the math you have learned? Come join us to learn how to have fun with math. Students will do hands on activities with project-based Math learning projects that are exciting and will help students understand just how all the math they know is used in the real world.

3D Print

6th - 8th Grades, Afternoons Only

What the mind can imagine, a 3D Printer can make! Digital creations come to life as the layers are laid down. Visualize the design. Create the design using 3D modeling CAD program and bring it to life with the 3D printer. Come and Join the class. Don't forget to bring your imagination with you.

Intro to Robotics

4th - 5th Grades, Session 2, Mornings Only

Learning computer programming with robots is fun and easy! Come learn to program a Mindstorms® EV3 robot that uses sensors and motors to pick up objects, follow lines, and stop before crashing into a wall. Perfect for students thinking about joining a FIRST® LEGO® League Robotics team!

2-hour class.

My Robot

6th - 8th Grades Only

Step into the future and learn to build and program robots. You will learn how to program a set of directions for a robot you build. Program your robot to go through an obstacle course and see if you have the right stuff to get your robot through the course.

2-hour class.

Intro to Computers & Web Design

3rd - 4th Grades Only

Falling behind in the computer age? With technology constantly evolving in the world it's hard to get ahead without basic knowledge of computers and some of the applications. This fun and exciting class will help you understand not only computer fundamentals but also, all Microsoft/Internet basics and introduce you to the work behind designing your own website. If you don't want to be left behind Computers 101 is the place to be!

Web Design

5th - 8th Grades Only

Ever wonder about all those cool websites you see while surfing the Internet? Want to create your own website? Learn the basics of creating a website and become a webmaster. We start with the basics of web design and then you build your own website, including pictures and links. By the end of class, you'll have a website on whatever subject you choose that you created!

Mind Bogglers

Grade Specific

Have you ever been told to think "outside the box?" Here is your chance to do just that. This class will help you think differently and to understand that there is more than one way to solve a problem. Teamwork is the key when trying to solve one of these problems...

DANCE, MUSIC & THEATRE

NEW - Lights, iPhone, Action!

5th - 8th Grades Only

Got a smartphone or tablet? Want to know how to shoot amazing videos with a device you already have? This is the class you need! Technology is all over the world around us. We will learn to use the tech we have to create small videos that even Hollywood would want. Students must provide their own device (iPhone, iPad or any Smartphone or tablet with a camera). No camcorders or digital cameras, please.

Guitar

Want to pluck your way into the music world? Here's a great way to get started. Students will start with chords and work their way up to a wonderful performance the last day of class. Students must provide their own guitar. The guitar **MUST** be labeled with the student's name. No electric guitars, please.

Juggling

Afternoon Only

Can't hold on to three things at once? This is the class for you! Learn the basics of Juggling. Amaze your family and friends.

Irish Dance

Session 1, Mornings Only

No dance experience required! If you can skip or gallop, you can Irish dance. This heart pumping dance class is for you if you are interested in learning the basic beginning steps of Irish dancing as well as a fast-paced choreographed dance set to modern Irish music made popular by the shows "Lord of the Dance" and "Riverdance."

Hip Hop Hooray!

Let's get movin'! This is a chance to let loose. Although hip hop is still just as demanding as ballet, it is more relaxed and free to Interpretation. Come join us and learn the latest hip hop moves! No dance experience required. Make sure to wear comfortable clothes and dance shoes or socks.

Jammin' Jazz Class

This dance style is super fun and upbeat. You will learn the basics of jazz dance including leaps, turns and kicks. This is a very lively style of dance. Come join us for a great time! No dance experience required. Make sure to wear comfortable clothes and dance or tennis shoes.

Theater Production

5th - 8th Grades, Mornings Only

Focus on the more technical aspects of theater. Sound and music production, lighting effects and visual effects. Design and create a program and tickets, as well as contribute design and model ideas to the technical theater class.

Technical Theater

Mornings Only

Focus on building and making backgrounds, set pieces and costumes. You will be creating a full set based off designs from the Theater Production class. You will also learn how to make and create costumes for the entire cast as well as props to be used in the Musical Theater production.

DANCE, MUSIC & THEATRE...cont.

KOC Theatre

Grade Specific

Let the show begin! This musical theatre class is looking for musical and energetic students to bring this summer's selection to life. This class is designed for students to meet new friends, get on stage and perform, and simply have fun! Learn elementary music skills, as well as basic choreography movements to fit the song selections. The chosen musical will be fit for all ages, but most importantly is guaranteed to entertain! We hope to see many smiling faces ready to dance and sing; so as they say in show business, "that's all folks!"
2-hour class.

The Next Great Idol

4th - 8th Grades Only

Are you the next Ariana Grande, Alessia Cara, Kelsea Ballerini, or how about Bruno Mars, or Zayn Malik? Do you love to sing? Then let's make a CD! The Next Great Idol class includes vocal lessons and voice training in preparation for recording a CD that will be produced and recorded at the end of week 2. Students get to design and create their own CD covers as well as include their classmates' song on their CD if they want to. If time permits we will also record a "class song" together where all of the class selects one song to sing together and record. The Next Great Idol classes are very upbeat, with an emphasis on having fun, as well as being informative. Students will learn some of the fundamentals of vocal performance, and vocal technique. This is an excellent class for current school or church choir members, or anyone that just loves to sing or perform regardless.

LIFE SKILLS

NEW - Backyard Bonanza

Do you like being outside? Have you ever wondered what the world was like before video games? IF SO.....join us this summer for an exciting, outdoor, game themed camp, BACKYARD BONANZA! This competitive, yet creative class provides campers an opportunity to explore classic backyard games with a crazy twist! This class focuses on team building activities that will engage students both physically and mentally, all the while ensuring that campers are having fun! Days will be packed with activities ranging from Giant Jenga, Life sized Angry Birds, human Foosball, Zorb Soccer and a giant slip and slides, to name a few. Sound like fun? If so, come have the best summer with Coach Cooper and Coach M!

Babysitting

Thinking about becoming a babysitter? This class will provide you with all the tools you need! Create a babysitting bag full of fun activities, easy experiments, and tons of games. We are also going to make and care for flour BABIES! Don't miss out on all of the babysitting fun!

NEW - Let's Eat Smart

School is officially out for summer! It is hot outside and you are standing in front of the fridge looking for a snack in-between Fortnite and playing outside with the neighbors. What are you supposed to make?! Look no further than "Let's Eat Smart", where we will build a collection of fun recipes that are equally delicious and healthy. After we plan our recipes, we will have the opportunity to enjoy them! Students with any food allergies should not enroll in this class.

ACCEPTABLE BEHAVIOR STANDARD AGREEMENT:

In an effort to guarantee an atmosphere that is enjoyable and conducive to learning, Kids on Campus has adopted the "Acceptable Behavior Standard" Agreement for all students in the program. Students are expected to treat fellow students, teachers and KOC staff with respect and consideration and to follow the rules of good behavior established by parents and teachers. Come to class on time, be prepared to take part in classroom activities, have fun and work hard while learning. Please refer to the KOC Handbook for more details. Students, who have a disciplinary problem in class, with an instructor or in any way with the KOC Program, will be given a verbal warning and the KOC Staff notified. If the problem persists, the student will meet with the KOC staff and their parents/guardian contacted. The appropriate measures will be taken by the KOC staff and parents/guardian to ensure that the disruptive behavior is not repeated. If the behavior continues, the parent/guardian will be notified again and the student dismissed from Kids on Campus without a refund. Please read and have both you and your child sign this agreement.
