\*PTA Program Plan of Study will be added to the College Catalog pending approval by the Board of Trustees March 2020.

### **PROGRAM LENGTH CHANGE FOR CHARTER CLASS ONLY**

The program is designed for students to graduate in August however initial accreditation decisions are not acted upon until the next regularly scheduled fall meeting of the Commission following an on-site visit, which must occur during the penultimate term when the charter class is enrolled. This would mean that students would complete their coursework in August and have their graduation delayed until after CAPTE's fall meeting.

In order to accommodate this delay, the program has received CAPTE authorization to split the summer coursework and extend into the fall semester in order for the charter class to finish after the accreditation decision has been made in October. This means the charter class will graduate in December 2022. If granted accreditation, students will graduate with an Associate of Science in Physical Therapist Assistant from an accredited program, and be able to sit for the Federation of State Boards of Physical Therapy (FSBPT) licensure exam in January.
