

NWF State College Instructor User Guide For Course/Instructor Evaluation Surveys

Students will be given an opportunity to evaluate their instructors and courses through surveys utilizing the software CoursEval via their RaiderNet or Canvas LMS. Surveys can be completed only during the survey window period. Students will receive an email notifying them surveys are available and will be prompted to log into RaiderNet/Canvas to complete the available surveys. Surveys can be completed as soon as the student logs in or at another time.

The surveys are anonymous and instructors cannot view results until after grades are posted. Instructors are able to monitor the progress of open surveys but are unable to monitor individual student progress. Evaluations are **not** mandatory.

Instructors will receive an email notifying them when the evaluation surveys are open and ready to be completed by students in their classes. Faculty may access the survey progress and results two different ways, either by RaiderNet or Canvas.

RaiderNet Login Path

1. Navigate to RaiderNet via: (https://www.nwfsc.edu/)

2. Login to RaiderNet by entering your Username and Password:

Secure Acces	s Login		
lser Name:			~
assword:			Tf W
			56
orgot password -			
LOGIN		CLEAR	

3. Select the Faculty tab at top of the page. Click on the CoursEval button located within the Faculty Resources area of the page.

How can students send proof of survey submission?

When a student submits their survey, they can then click on the "Completed" tab and "Send Proof". The instructor is then notified that the survey has been completed but does not show the content of the survey until a week after the course has been closed.

Retake the Survey:

If a student decides to change answers, they can retake the survey. After "submitted" and **before** the 'Survey Close Day Time' students can "Take now" again.
