Students traveling for College-approved activities will not be penalized academically but will be responsible for missed work.

Attendance Confirmation

Active participation and academic engagement are expectations of enrollment in this course. Faculty confirm each student's attendance in class after the schedule adjustment period ends. Grading Scheme and Procedures

Grade Scale (based on 1000 total points possible)

A = 900-1000

B = 800-899

C = 700-799

D = 600-699

F = 0-599

Start Here/Orientation (15 points)

After you have carefully proceeded through the first three steps of the Start Here items, do the Orientation Quiz (five points) and the Introductory Discussion (10 points).

Module Work

There are 14 Modules. Work through each module doing the readings, watching the videos, and doing the assignments in the order they appear on Canvas.

Chapter Quizzes (140 points)

There are 14 chapter quizzes in this course; they are not cumulative. Each quiz will have 10 questions. The format for each quiz is "open book" and each quiz has a time limit of 30 minutes. Make sure you study!!!

Each student will have two attempts per quiz. The higher grade will be recorded. If you do not finish an attempt, it may count as a zero. The quiz questions are pulled from a larger group of questions; therefore, no two attempts will have the exact same questions. By design, there is not enough time to look up each and every question, so study prior to taking the quiz. The quizzes are automated; they are generated from dozens of questions. The grade will post immediately after submission.

If you are taking a quiz on a wireless connection, make sure it is stable one. It is also suggested that you keep an Internet radio station active without volume during the quiz to ensure your connection stays active during the examination. On rare occasions, there may be an issue with the quiz questions. Please let me know if that is the case. I always appreciate help in catching errors in the quizzes. Always feel free to check the answers against the book – if you have a question about an answer marked wrong, just email me with the question and your evidence (a pic) from the online text or book.

Unforeseen glitches during a quiz attempt can occur from time to time. There are several steps you can take to ensure you do not have a problem during an attempt. Go ahead and contact me if you have any problems with the quiz, if it is a tech support problem, I'll refer you to them.

Written Assignments (500 points)

There are 14 written assignments that are worth varying amounts of points. Make sure you carefully read the instructions for the assignment and do all the requirements before turning in the assignment in Canvas.

Discussions Forums (220 points)

Each module discussion forum is worth 15 points (the concluding discussion is worth 10). To get the full points, you must write a 250-300-word response to the given prompt (use your software to count the number of words and include that at the end of your post). Your response should carefully address all parts of the question in a coherent, organized, and professional manner. You must also respond to someone else's post with a 100-word response (use word count again).

Your responses should be your own words. Do not cut and paste - this is plagiarism. If you do quote the textbook or other sources, be sure to use quotation marks and parenthetical citations for proper attribution. If you cut and paste and do not use your own words without quotations marks and parenthetical citations, you may be cited for plagiarism, given a 0 on the assignment, and an F in the course. You may also face possible disciplinary action by the College.

You will primarily be graded on the completeness of your posts. Make sure you read the comments made on your posts. If I ask a follow up question, make sure you answer to receive more points for your post.

Final Exam

The Final Exam covers all material in Chapters 1-14.

Facebook Group (25 points)

There is a Facebook group assigned to your class. See details on Canvas.

Incomplete Grades

At the discretion of the instructor, an incomplete grade ("I") may be awarded when the student is unable to finish the required work because of unforeseen extenuating circumstances such as illness or TDY assignment. To receive an "I" grade, the student must have successfully completed a significant portion of the required coursework and be able to finish the remaining work without attending class. An "I" grade will automatically convert to a grade of "F" if the student does not complete the remainder of the coursework by the established deadline.

Late Work

Late work may or may not be given half credit or no credit at the sole discretion of the instructor.

Please note: All assignments submitted in this course are analyzed for plagiarism and originality.

Student Dispute Resolution

NWFSC aims to deliver high-quality instructional experiences. In the event of a concern regarding a class, students should first attempt to resolve the matter with the instructor. If a resolution cannot be reached following a reasonable effort to resolve the dispute informally, students may seek out additional counsel in Academic Leadership through a formal process by submitting a Formal Grievance/Appeal form. Students seeking to file a Final Grade Grievance must do so within 30 days of the final grade being posted.
